HERALD of PENMANSHIP.

GOOD NEWS FOR BAD WRITERS!

For Young men going into Business—Ladies, Children and Scholars.

YOU can now obtain, for the first time in the world, a practical Handwriting, adapted to business or correspondence, with as much certainty as a child learns to walk; and without, nearly as well as with the aid of a master.

MACLAURIN'S CURRENTE CALAMO (Rapid Pen) System puts this necessary in the power of all, without mistake.

By A series of MANUAL GYMNASTIC, entirely new in their design, it takes the chain off the hand, arm and fingers, makes the hand perfectly at home on paper, and combines the element of Rapidity with Beauty of Execution. It begins a *Revolution in the Art of Writing*; such as has never before taken place, and will qualify thousands of young men for good position as bookkeepers, accountants, and *copyists, who have failed to learn to write well* under every other system. It is equally adapted to teaching a rapid and elegant ladies' hand,

I. SELF-INSTRUCTION SERIES of WORKS. The essential course of this series consists of MACLAURIN'S SYSTEM OF MANUAL GYMNASTIC EXERCISES.—In Five Numbers, accompanied by a Book of Instruction, six books in all, together with six of the MacLaurin Pens and holders put up in one package, and sent to any part of the United States by mail, with the postage paid, at one dollar.

The larger Course is the same as the preceding, augmented by the series of Six Round and Fine-hand Copy Books and a blank Exercise Ruled Book for additional practice, making thirteen books in all, with Pens and Instruction Book, at two dollars.

The Book, containing a full exposition of the system, with directions, will be sent separate to any one ordering it and including a postage stamp and twelve and a half cents. This will give a full knowledge of the immense advantages of the system over all others, and enable the buyer to proceed understandingly, if not already aware of the nature of the plan; which is, the art of writing rapidly from the first, and at the same time well—an art never before taught either in the schools or by writing masters.

EXTRA—1. Primary Book of Big Exercises for hand and arm, introductory to the course, adapted to children from four years old upward, and useful to all. 18¾ cents.

2 Book of Mammoth Capital Letters, for extra Gymnastic Exercises during the whole course. 18¾ cents These two books also indispensable in schools.

Attest, A. J. SOFIELD, Clerk. Feb. 8,-4t.

To the Women of Tioga County.

GREETING: The undersigned, citizens of Wellsboro', Tioga county, Pa., having become the proprietors of one of the greatest Labor-Saving Machines of the Age, would respectfully inform the "Lady public" that they are prepared to show the falsity of the old song—

"Scold, scold, fret, fret,
Scold, scold away
There is one luck about the house
Upon a washing day."

For their new Machine, combining cheapness and economy of room with ease and effectiveness of operation, renders the washing for a large family only a pleasant recreation. This Machine is different from any ever before offered to the public, requiring little labor to work it, and doing a large washing in one-third of the time that it can be done in the old way, and *equally as well.*

The work is performed by the friction of wooden balls floating in the water in which the clothes are worked by a lever. This machine does its work without injury to clothes, and so perfectly, that a dress may be washed without taking out the stays.

Call and examine them at Sturrock's Cabinet Shop where they are manufactured and sold by

LANDIS, STURROCK & FORSYTH.

Important, Very.

ALL PERSONS knowing themselves indebted, for subscriptions to the "Wellsborough Advertiser," or otherwise, either by Note or Book Account, are requested to make immediate payment, or their accounts will be placed in the hands of proper officers for collection! Jan. 20, 1855. W. D. BAILEY.

STARTLING, BUT TRUE!

WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health.

THE BLOOMING BRIDE,

But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often

"UNTO THE THIRD AND FOURTH GENERATION,"

Transmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and worse Diseases, as a

DREADFUL INHERITANCE FROM THE PARENTS.

"And must this continue? Must this be? Is there no remedy? No relief? No hope?"

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them. These are pointed out in

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION,

BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition, (500,000), 18mo., pp. 250.

[ON FINE PAPER, EXTRA BINDING, $1.00.]

A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES

have been sold, of which there were upwards of

ONE HUNDRED THOUSAND SENT BY MAIL,

attesting the high estimation in which it is held as a reliable popular Medical

BOOK FOR EVERY FEMALE

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from *prolapsus uteri* (falling of the womb), or from *fluor albus* (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage.

Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore, to

CAUTION THE PUBLIC

to buy no book unless the words "Dr. A. M. MAURICEAU, 129 Liberty Street, N. Y.," is on (and the entry in the Clerk's Office on the back of) the title page; and buy only of respectable and honorable dealers, or send by mail, and address to Dr. A. M. Mauriceau.

☞ Upon receipt of One Dollar "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" is sent (*mailed free*) to any part of the United States, the Canadas and British Provinces. All letters must be post-paid, and addressed to Dr. A. M. MAURICEAU, box 1226, New-York City.

THE NEW YORK TRIBUNE.

DAILY, $6; *SEMI-WEEKLY*, $3; *WEEKLY*, $2. *ALWAYS IN ADVANCE.*

THE WEEKLY TRIBUNE commences its XIVth annual volume with the month of September—commences it with a circulation (115,000) larger than was ever before accorded to any general newspaper whatever. This circulation has been gradually and laboriously attained by concentrating upon THE TRIBUNE the best efforts of many editors and correspondents, and by a greater liberality of outlay in each department than was probably ever before risked on any journal. It has been attained, not by sailing smoothly in the current of Opinion before the wind and basking in the smiles of majorities, but by an earnest, fearless devotion to *TRUTH* and *PROGRESS* as above all partisan exigencies, all temporary interests, all momentary illusions of popularity and success. ITS THOROUGH ADVOCACY OF TEMPERANCE AND LIQUOR PROHIBITION, OF JUSTICE TO THE DESPISED AND DOWN-TRODDEN, AND OF THE EQUAL AND INALIENABLE RIGHTS OF THE HUMAN RACE, IRRESPECTIVE OF SEX OR COLOR, have from time to time repelled many sunshine friends, whose prejudices or seeming interests were thereby contravened, but have combined to form a character which it will endeavor to maintain, and assign it a position among journals which we feel that it will be henceforth a success not to impair.

The leading ideas to which THE TRIBUNE is devoted may be briefly set forth as follows:

1. *FREEDOM*, to do whatever is essentially right—not alone for which Americans, or Anglo Saxons, or Caucasians even—but for one Race to determine whether they will or will not hold another Race in abject bondage—but for every Race and Nation, and every adult rational human being.—This Freedom is rightfully absolute in the broad domain of Opinion, and involves the equal and imperative right to Political Franchises;

2. *ORDER*, or the necessary right of the legally indicated majority to interdict in the sphere of action all practices which it deems demoralizing, therefore prejudicial to the common weal;

3. *BENEFICENCE*, or the wisdom and policy of employing the resources and credit of the community to accomplish works of general and unquestioned utility to which individual means are inadequate, or which, though eminently conductive to the public good, do not promise to reimburse, to their direct or indirect income the outlay required by their construction;

4. INDUSTRIAL DEVELOPMENT, as the corner stone of a true and benignant National Policy, counting the naturalization of a new and valuable art or produce of the soil as more important than the acquisition of a fresh province or island, and equality within the legitimate sphere of National concern and National effort;

5. PEACE, as a vital condition of true Progress to be cherished by the most anxious, assiduous study to proffer as readily as we are prone to require redress for every wrong, and never to be surrendered except at the call of endangered Liberty. Such are the chief landmarks by which THE TRIBUNE directs its course.

But a small portion of THE TRIBUNE is allotted to what is currently distinguished as light reading; but reviews of New Books of decided interest, with choice extracts illustrating their quality are *freely given*, while the great body of our paper is devoted to a lucid and careful digest of the NEWS OF THE DAY, with Editorial comments thereon. *We have reliable Correspondents in each quarter of* the globe, and in nearly all the principal cities of Europe and America, and their letters will aid our readers to a clearer understanding of the causes which are now gradually converting the Old World into one gigantic arena for the death-struggle of rival interests, passions and ambitions.

THE TRIBUNE contains reliable reports of the Markets. Our Cattle Market reports alone are worth more than the price of the paper to those who are engaged in raising and selling Cattle.

No paper involving so great an expense as our Weekly and Semi-Weekly could be afforded at the price of these sheets except in connection with a Daily, nor could our Daily be sustained at its price without the aid of our Country Editors. Large as our circulation is, it would produce ruinous loss but for the receipts of Advertising. We believe that in THE TRIBUNE is realized the largest variety and extension of solid information concerning the events of the day which has been or can be combined with extreme cheapness; and in that faith we commend it to the favorable regard of the reading public. We offer no premiums for subscribers, tempt none to take it by gambling prospects of winning *farms or mansions in a lottery* in which tickets are furnished to its patrons, employ no traveling agents to importune people into taking it, and was *none of our room in dunning our subscribers for* pay.
