MORE GOLD AND SILVER GONE.

On Saturday $900,000 in gold and silver was sent to Europe by steamers from New York, and on Tuesday the Hammonia took out $558,000 more. At this rate of exportation, the resumption of specie payments cannot be expected soon. Work on, toiling tax-payers; your bondholding masters in Europe want more gold and silver, and they will have it! The people, by their ballots, presented it to them last November, when they voted for Grant and Colfax, the candidates of the bondholders' party. So toil on, and pay your taxes and double prices for the necessaries of life; for your masters want more gold to spend in Europe. 'Rah for Grant!

"LINCOLN avenue" has been created in Washington, by changing the name of the thoroughfare heretofore know as "Four-and-a-half street.—*Phila. Ledger.*

This "Lincoln" nonsense is disgusting to all sensible people. Had Lincoln been a great man this flattery would be bad enough, but as he was only the weak tool of cowardly and cruel tyrants, the sooner his silly and wicked deeds are forgotten the better for the credit of the American people.

THE Paraguayans still hold Angostura, and are apparently far from being subdued. Though badly beaten at Villeta, they are still active and resolute in their defence of their native land. May success crown their heroic efforts!

THE ARMY BILL, reported in Congress yesterday, appropriates $43,195,500, being $10,118,407 more than the appropriation last year. White men, pay your taxes! "Let us have peace!"

ANOTHER BUBBLE BURSTED.—The Merchants' National Bank, at Little Rock, Arkansas, has failed. Can the *Dispatch* explain how the depositors can obtain their money?

H. BROBST, Esq., of the House of Representatives at Harrisburg, has our thanks for copies of the Legislative Record for the present session.

PAPER MONEY.—Adam Smith, the great authority on matters of political economy, laid down many years ago the following propositions on the subject of an irredeemable paper currency:—The commerce and industry of a country, however, it must be acknowledged, though they may be somewhat augmented, cannot be altogether so secure, when they are thus, as it were, suspended upon the Dædalian wings of paper money, as when they travel about upon the solid grounds of gold and silver.

The Cuban Revolution.

The body of Samuel Cobner, the American photographer who was killed by a red volunteer in Havana, was demanded of the American Consul, and given up by Gen. Dulce. The Consul also wished to be informed whether the Government was able to protect American citizens, and told the Captain General that if it was not, the United States would be compelled to protect them. Dulce answered politely, regretting the recent bloodshed, and expressing a hope that no further trouble would occur. He also requested the Consul to send a list of Americans to the Government authorities.

Many Cuban families, who have been generally very prominent revolutionists, are preparing to emigrate, fearing a renewal of bloodshed.

The remains of Cobner, the American photographer, were buried quietly on Tuesday afternoon. A protest of Americans against the late outrage is being extensively signed at the United States Consulate.

The revolutionists have withdrawn from the burned town of Yara. A portion of Valmeseda's forces are expected at Manzanilla on the 19th, and the cholera has entirely disappeared from Manzanilla.

On Sunday evening last, a man was discovered pertinaciously attempting to enter the apartments of Dulce. His extraordinary conduct excited the suspicions of the authorities, and he was arrested; and on being searched, a concealed dagger was found on his person, and he was sent to prison. The public belief is, that an assassination of Dulce was contemplated.

Later despatches give the following particulars:

HAVANA, Jan. 27.—The Diario reports, on authority of official despatches, that Palma, Sariano, Cobre and other towns are full of fugitive insurgents and their families, and that three thousand of them have presented themselves to the authorities and received amnesty. At Baracoa, several chiefs gave themselves up and were pardoned. Other accounts from the interior, received through Spanish channels, represent that the insurgents are surrendering at many points to receive the benefits of Gen Dulce's proclamation, but in the vicinity of Santiago the rebels continue very active. They carry off slaves, and harass the troops, and it is reported that they have destroyed by fire half a dozen large plantations near the town.

HAVANA, Jan. 25, via Key West Jan. 27.—A reign of terror has commenced in this city, caused by open hostility between the Cuban and Spanish factions, whose hatred for each other cannot be described. There is little security outside the city walls. The Cubans from their housetops fire upon the volunteers and soldiers passing through the streets. The military enter the houses from which the shots are fired and massacre the inmates. The attack made by the volunteers upon the Louvere Coffee House is denounced as brutal and unprovoked. On the same night the volunteers shouted "Kill Dulce," because he was known to be taking measures to put a stop to their excesses. The volunteers by their behavior provoke resistance of the people, and then fire into them indiscriminately. The officers and men of the regular force are opposed to giving such discretionary powers to the volunteers. The older volunteers behave well, having become somewhat accustomed to discipline.

The conduct of the first battalion during the Louvere affair and afterwards is especially praised, but the newly recruited volunteers are unrestrainable. Many private persons, citizens, strangers and foreigners, have been fired upon in different parts of the city. The Government is taking measures to put a stop to the disorder. The houses of suspected persons are being registered by the police, and the Government will also make special, and it is hoped, effectual efforts to protect American citizens.

NEW YORK, Jan. 27.—The Herald's special from Havana via Key West, 27, says reports have been received from rebel sources, that Gen. Quesada captured Puerto Principe on the 16th instant.

The Working People.

The coopers of Albany are on a partial strike in consequence of the effort of an employer in that city to reduce the price of making beer hogsheads from $2 to $1 87½. The Union to which the strikers belong will allow $10 per week to married men and $6 to the single men. At a convention of working men held in Chicago on Jan. 19th, a report was adopted, submitting to the Legislature an apprentice law requiring that all persons indentured shall be taught reading and writing and the groundwork of arithmetic; a lien law giving every workman a lien upon any building or grounds upon which he may be employed, such lien, however, not to exceed the value of the owner's right or title; and an act prohibiting the contract system in the prisons. In reference to the employment of convicts in the prisons of the State, the law contains the following provisions:

"That no convict, who has not learned a trade, sentenced for a period not less than ten years, shall be placed at mechanical labor. That no convict who has learned a trade previous to his incarceration, shall be taught another trade at the expense of the State, except where such profession is not followed at said penitentiary, then, and in such case, the labor of such convict shall be equitably distributed among said professions. This rule also to apply to those who have learned no professions. That the products of said convict shall be disposed of at market rates only, or at public auction, of which due notice shall be given."

The sailors in New York have been on a strike for $30 a month instead of $16. They have been marching about with banners, and have been addressed by several persons. The strike commenced on Monday. The strike may be considered at an end, ship owners having substantially agreed to the demands of the men, as follows:

"To all ports of Europe and east of the Bay of Biscay, $30 a month and $30 advance; to any port in the West Indies, Spanish Main, east coast of South America or west coast of Africa, $25 a month and $25 in advance; to any port around the Cape of Good Hope or Cape Horn, $20 a month and $40 in advance; coastwise, $20 a month and $15 in advance; foreign vessels, $35 a month and $35 in advance."

The book and job printers in New York have been on a strike since Monday [illegible] per 1000 ems. The strikers [illegible] ber about 200. The advance [illegible] an increase of $2 a week. They also demand 5 cents per hour for extra work, and half pay on Sunday. The strike is supported by the Printers' Union.

In New Haven, Conn., there is a strike of twenty of the hands of a firm in that city, in consequence of their refusal to instruct a young man from Boston in the method of using a heel-making machine. The young man was not a journeyman shoemaker, and hence the objection to work with him.

The New York Workingmen's Assembly has been in session at Albany since Jan. 26th, and various matters of interest to workingmen have been discussed.

PENNSYLVANIA LEGISLATURE.

HARRISBURG, Jan. 28.

In the Senate, Mr. White offered the following resolution, which was twice read:

Resolved, That the thirty-second rule of the Senate be hereby repealed, and the following be substituted in its stead, to be called the thirty-second rule of the Senate:

"When, upon a call, which may be demanded by not less than four Senators, it is found that less than a quorum is present, it shall be the duty of the Speaker to order the doors of the Senate to be closed, to direct the Clerk to call the roll of the Senators, and to note the absentees, after which the names of the absentees shall be again called, and those for whose absence no excuse, or an insufficient excuse, is made, may, by order of a majority of the Senators present, be sent for and taken in custody by the Sergeant-at-arms, or his assistants, appointed for the purpose, and brought before the bar of the Senate, where, unless excused by a majority of the Senators present, they shall be reproved by the Speaker for neglect of duty."

A warm discussion was elicited, participated in by the legal members of the Senate.

Mr. Davis moved to amend by referring the matter to the Attorney General to give his views as to the constitutionality of the proposition.

The yeas and nays were called and resulted—yeas 18, nays 16.

The resolution then passed—yeas 16, nays 18.

The Senate then adjourned to Friday at 10½ a. m.

The former goes to Sing Sing, and the latter to Albany, and McLaren, who was a tool of the parties, and who was also convicted, but recommended to mercy, was sentenced to three months' imprisonment.

The victory had relieved the settlers in that quarter of the colony.

An official report shows that the Portuguese troops lost in their fight against the natives of Mozambique, on the Eastern coast of Africa, twelve rifled guns, 70,000 cartridges, 200 barrels of powder, and the flag of the 1st Infantry regiment. HOOFLAND'S GERMAN BITTERS AND HOOFLAND'S GERMAN TONIC.

The Great Remedies for all Diseases of the

LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medicinally termed, Extracts) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely free from alcoholic admixture of any kind.

HOOFLAND'S GERMAN TONIC,

Is a combination of all the ingredients of the Bitters, with the purest quality of Santa Cruz Rum, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Depression of Spirits.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true medical merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *Dr. C. M. JACKSON,*

PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposure, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health, or to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but a few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa.,

PHILADELPHIA, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system."

Yours, truly,
GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

"I consider 'Hoofland's German Bitters' a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to testify my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all such cases declined; but with a clear proof in my own family of the various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates Street.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philadelphia

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from disease arising from derangement of the liver.

Yours, truly,
E. D. FENDALL.
