**Lecture.**

N. S. Frazier, Esq., of Towanda, will deliver a Temperance Lecture at the M. E. Church, in Tunkhannock, on Friday evening, Sept. 18. All are invited to attend.

**Not so Dry as it might have been.**

A rainy, disagreeable forenoon, and two or three free fights among the "trooly loil," made the Republican mass meeting, at this place, quite a *juicy* affair.

**Campaign Song.**

We have received, for publication, from the pen of a lady correspondent, an excellent Campaign Song, and regret that it came to hand too late for this issue. It shall appear in our next.

**Dedication.**

The new Presbyterian Church in Tunkhannock will be dedicated to the service of God, Thursday, Oct. 1, 1868. The Sermon will be preached by the Rev. Dr. Craven, of Newark, N. J. The services will commence at 10 1-2 o'clock, A. M. All are invited to attend.

**Death of Judge Jessup.**

Hon. Wm. Jessup, of Montrose, died at that place, on Friday last, aged 71 years. The deceased was for many years one of the most prominent lawyers in his county; and previously to the law making the judges elective was President Judge in a district composed of the counties of Luzerne, Susquehanna and Wyoming. A few years ago he was the victim of a parylitic stroke, from which he never after wholly recovered.

**Aged Persons.**

ERRORS CORRECTED.—In the list of aged persons given by us last week, the age of Mrs. Eleanor Wilsey, of Tunkhannock township, was given 78 years and the place of birth as Connecticut. We have since learned that Mrs. Wilsey is 79 years of age, and was born in Falls township, this county, making her, probably, the oldest native resident of the county.

A correspondent writes us, in reference to Mrs. Morley, of Braintrim, that she was 99 years of age on the 24th of April last, making her, from April to July, the oldest person in the county—that she was born in Connecticut—removed to this State in 1801—now lives with her daughter, Mrs. L. D. Sturdevant, at Skinner's Eddy.

Another correspondent furnishes the name, age, &c., of an aged person not mentioned in our last, to wit: Timothy Bedford, of Eaton, aged 84 years in December next—born in Springfield, Essex Co., N. J.

**Wyoming Sabbath School Convention.**

The second meeting of the Wyoming Sabbath School Convention will be held at Tunkhannock, in the M. E. Church, on Tuesday evening, Sept. 29th and Wednesday, 30th.—Eminent speakers from abroad are expected.

PROGRAMME.—Tuesday evening, Addresses; Wednesday, 9 1-2 A. M., Prayer and Praise; reading Reports of Vice Presidents, Addresses and general discussions of Sunday School topics. Wednesday, 2 o'clock, P. M., Children's meeting, with Sunday School exercises, and brief addresses. Wednesday evening, Addresses, closing with general business of the Convention.

The Vice Presidents will see that each School appoints their delegates, and they will also please forward their reports (before the meeting of the Convention) to the Secretary. The delegates, upon their arrival, will please report to A. B. Mott, in order that places may be assigned to them. All friends of the Sabbath School cause are most cordially invited to attend. G. E. PALEN, *Sec'y.*

Tunkhannock, Sept. 16, 1868.

**Improvements.**

A former resident of Tunkhannock, who has been absent from the place for some three or four years, and who is at present visiting amongst us, remarking upon the spirit of improvement at present prevailing in our borough, said it was like the waking of Rip Van Winkle, after his twenty years' slumber among the hills bordering upon Sleepy Hollow. Tunkhannock, from being one of the dullest, most self satisfied towns imaginable, seems at last to have caught the spirit of the age and is reaching out in all directions where facilities can be met with to increase its business, population and prosperity.

Success in one enterprise induces another. Thus, whether the railroad facilities with which we are soon to be favored, induced the Messrs. Palen to erect their extensive tannery here and engage in various other enterprises, all calculated to add to the business, industry and healthy growth of the place, or whether the railroad is being built as a sequence to the spirit with which they commenced and have carried on their operations, is of little moment. To illustrate our position, it is sufficient to know that the one work followed the other and that other enterprises have followed them. For instance, until a comparatively recent date, the manufacture of Boots and Shoes was in a very primitive state in this region of country. The labor saving machinery, and the disposition of work and material by an advantageous system, were unknown. Makers were dependent entirely upon hand labor, and dealers upon distant cities for their stock in trade, both disadvantages adding to the cost to be paid by the wearer. Now, however, these disadvantages have been obviated by the enterprise of Eastman, who has invested considerable capital in the necessary machinery, and is manufacturing largely, both for the trade and customers work. He advertises that he will retail at wholesale prices, thus giving customers all the advantages of his manufacturing facilities. We look upon this as an enterprise deserving encouragement and success, and we trust that he will receive an encouraging and sustaining patronage.

We might speak at length of the other improvements in and about town—of the new bridges and the new buildings now in course of erection, but forbear for the present, as it is well to have a topic in reserve against a scarcity of news or other matters of interest.

**Republican Senatorial Nomination.**

The Republican Senatorial Conferees, after spending three days at Camptown, last week, in an unsuccessful attempt to agree upon a candidate, adjourned to meet at this place, on Tuesday evening, which they accordingly did, and adjourned until *Wednesday* morning. After considerable "sparring," and some sharp practice among the Conferees, P. M. Osterhout, Esq., of this place, was nominated. Messrs. Landon and Osterhout then briefly addressed the assemblage outside the hotel, and were followed by Mr. Jessup, the defeated candidate from Susquehanna. We did not gather the purport of their remarks, but presume that the hatchet was buried, and that from henceforth there will be a happy and harmonious mingling of the ebon-hued spirits so lately pitted in battle array.

**Large Vegetables.**

Our friend, Mr. James Shiffer, has again and again placed us under obligations, during the past week, for a luscious musk-melon, weighing nineteen pounds (who can beat it?) and a mammoth radish. One of our compositors desires to also acknowledge '*the corn*, as well as the gift of a very fine melon. 'Jim' complains that the season was not favorable to the growth of vegetables—with how much cause we leave for those engaged in the business to determine. But if the specimens with which he has favored us are the productions of an unfavorable season, we really wonder to what monstrous proportions they would have grown had the season been all that could have been desired.

**HOOFLAND'S GERMAN BITTERS,**

*and*

**HOOFLAND'S GERMAN TONIC,**

*PREPARED BY DR. C. M. JACKSON,*
PHILADELPHIA, PA.

*The greatest known remedies for*

**Liver Complaint,**
**DYSPEPSIA,**
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS of the SKIN,

**and all Diseases arising from a Disordered Liver, Stomach, or**

*IMPURITY OF THE BLOOD.*

*Read the following symptoms, and if you find that your system is affected by any of them, you may rest assured that disease has commenced its attack on the most important organs of your body, and unless soon checked by the use of powerful remedies, a miserable life, soon terminating in death, will be the result.*

Constipation, Flatulence, Inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

*All these indicate disease of the Liver or Digestive Organs, combined with impure blood.*

**Hoofland's German Bitters**

**is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.**

**Hoofland's German Tonic**

*is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.*

**CONSUMPTION.**

**Thousands of cases, when the patient supposed he was afflicted with this terrible disease, have been cured by the use of these remedies. Extreme emaciation, debility, and cough are the usual attendants upon severe cases of dyspepsia or disease of the digestive organs. Even in cases of genuine Consumption, these remedies will be found of the greatest benefit, strengthening and invigorating.**

**DEBILITY.**

*There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.*

**Weak and Delicate Children**

**are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.**

*These Remedies are the best*

**Blood Purifiers**

*ever known, and will cure all diseases resulting from bad blood.*

*Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you.*

**THE COMPLEXION.**

**Ladies who wish a fair skin and good complexion, free from a yellowish tinge and all other disfigurement, should use these remedies occasionally. The Liver in perfect order, and the blood pure, will result in sparkling eyes and blooming cheeks.**

CAUTION.

*Hoofland's German Remedies are counterfeited. The genuine have the signature of* **C. M. Jackson** *on the front of the outside wrapper of each bottle, and the name of the article blown in each bottle. All others are counterfeit.*

**Thousands of letters have been received, testifying to the virtue of these remedies.**

READ THE RECOMMENDATIONS.

FROM HON. GEO. W. WOODWARD,
Chief Justice of the Supreme Court of Pennsylvania.
PHILADELPHIA, MARCH 16th, 1867.

*I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system.* Yours truly,
*GEO. W. WOODWARD.*

FROM HON. JAMES THOMPSON,
Judge of the Supreme Court of Pennsylvania.
PHILADELPHIA, APRIL 28th, 1866.

**I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,**

From REV. JOSEPH H. KENNARD, D.D.,
Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.* Yours, very respectfully,
*J. H. KENNARD,*

WOMAN.—FEMALES, OWING TO THE PEculiar and important relations which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contribute in no small degree to their happiness and welfare, for none can be happy who are ill. Not only so, but no one of these various female complaints can long be suffered to run on without involving the general health of the individual, and ere long producing permanent sickness and premature decline. Nor is it pleasant to consult a physician for the relief of these various delicate affections, and only upon the most urgent necessity will a true woman so far sacrifice her greatest charm as to do this. The sex will then thank us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of those troublesome complaints peculiar to the sex.

HELMBOLD'S EXTRACT OF BUCHU.—Hundreds suffer on in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbirth, it is far oftener caused by direct irritation, applied to the mucous membrane of the vagina itself.

When reviewing the causes of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to the subject to enumerate a few of the many additional causes which so largely affect the life, health and happiness of women in all classes of society, and which, consequently, affect more or less directly, the welfare of the entire human family. The mania that exists for precocious education and marriage, causes the years that nature designed for corporal developements to be wasted and perverted in the restraints of dress, the early confinement of school, and especially in the unhealthy excitement of the ball-room. Thus, with the body half clothed, and the mind unduly excited by pleasure, perverting in midnight revel the hours designed by nature for sleep and rest, the work of destruction is half accomplished.

In consequence of this early strain upon her system, unnecessary effort is required by the delicate votary to retain her situation in school at a later day, thus aggravating the evil. When one excitement is over, another in prospective keeps the mind morbidly sensitive to impression, while the now constant restraint of fashionable dress, absolutely forbidding the exercise indispensable to the attainment and retention of organic health and strength; the exposure to night air; the sudden change of temperature; the complete prostration produced by excessive dancing, must, of necessity, produce their legitimate effect. At last, an early marriage caps the climax of misery, and the unfortunate one, hitherto so utterly regardless of the plain dictates and remonstrances of her delicate nature, becomes an unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of our young women.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, composed of what is called the tissue, which is, in common with the female breast and lips, evidently under the control of mental emotions and associations at an early period of life; and, as we shall subsequently see, these emotions, when excessive, lead, long before puberty, to habits which sap the very life of their victims ere nature has self-completed their development.

For Female Weakness and Debility, Whites or Leucorrhœa, Too Profuse Menstruation, Exhaustion, Too Long Continued Periods, for Prolapsus and Bearing Down, or Prolapsus Uteri, we offer the most perfect specific known: HELMBOLD'S COMPOUND EXTRACT OF BUCHU. Directions for use, diet, and advice, accompany.

Females in every period of life, from infancy to extreme old age, will find it a remedy to aid nature in the discharge of its functions. Strength is the glory of manhood and womanhood. HELMBOLD'S EXTRACT BUCHU is more strengthening than any of the preparations of Bark or Iron, infinitely safer, and more pleasant. HELMBOLD'S EXTRACT BUCHU, having received the indorsement of the most prominent physicians in the United States, is now offered to afflicted humanity as a certain cure for the following diseases and symptoms, from whatever cause originating: General Debility, Mental and Physical Depression, Imbecility, Determination of Blood to the Head, Confused Ideas, Hysteria, General Irritability, Restlessness and Sleeplessness at Night, Absence of Muscular Efficiency, Loss of Appetite, Dyspepsia, Emaciation, Low Spirits, Disorganization or Paralysis of the Organs of Generation, Palpitation of the Heart, and, in fact, all the concomitants of a Nervous and Debilitated state of the system. To insure the genuine, cut this out. Ask for HELMBOLD'S. Take no other. Sold by druggists and Dealers everywhere Price $1.25 per bottle, or six bottles for $6.50. Delivered to any address. Describe symptoms in all communications. Address H. T. HELMBOLD, Drug and Chemical Warehouse, 594 Broadway, N. Y.
