Medical.

DR. JOHNSON

BALTIMORE

LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedies in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

NO MERCURY OR NOXIOUS DRUGS.

A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin. Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible,

YOUNG MEN

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately Cured, and full vigor restored.

This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

OFFICE, NO. 7 SOUTH FREDERICK STREET,

Left hand side going from Baltimore street, a few doors from the corner. Fail not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons MUST, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage: the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame or the dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, filch his pecuniary substance, keep him trifling month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, etc. progressing with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveller returns.

INDORSEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the *Sun*, *Clipper*, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

A POSITIVE AND SPECIFIC REMEDY

For Diseases of the

BLADDER, KIDNEYS, GRAVEL,

AND DROPSICAL SWELLINGS.

This Medicine increases the power of Digestion, and excites the ABSORBENTS into healthy action, by which the WATERY or CALCEROUS depositions, and all UNNATURAL ENLARGEMENTS are reduced, as well as pain and inflammation, and is good for MEN, WOMEN or CHILDREN.

HEMBOLD'S EXTRACT BUCHU

FOR WEAKNESSES

Arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuse.

ATTENDED WITH THE FOLLOWING SYMPTOMS:

Indisposition to Exer- tion,	Dryness of the Skin, Loss of Power,
Loss of Memory,	Difficulty of Breathing,
Weak Nerves,	Trembling,
Horror of Disease,	Wakefulness,
Dimness of Vision,	Pain in the Back,
Universal Lassitude of the Muscular System,	Flushing of the Body, Eruptions on the Face,
Hot Hands,	Pallid Countenance.

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow *IMPOTENCY, FATUITY, EPILEPTIC FITS*, In one of which the patient may expire. Who can say that they are not frequently followed by those "direful diseases,"

INSANITY AND CONSUMPTION.

Many are aware of the cause of their sufferings, but none will confess. The records of the Insane Asylums and the melancholy deaths by Consumption, bear ample witness to the truth of the assertion.

THE CONSTITUTION, ONCE AFFECTED WITH ORGANIC WEAKNESS,

In many affections peculiar to females the Extract Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or suppression of the customary Evacuations, Ulcerated or Schirrous state of the Uterus, Leucorrhea or Whites, Sterility, and for all complaints incident to the sex, whether arising from Indiscretion, Habits of Dissipation or in the

It causes frequent desire, and gives strength to Urinate, thereby removing obstructions, preventing and curing Strictures of the Urethra, allaying pain and inflammation, so frequent in this class of diseases, and expelling Poisonous, Diseased, and Worn out Matter. Thousands upon thousands who have been the victims of quacks, and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "Poison" has by the use of "powerful Astringents," been dried up in the system, to break out in an aggravated form, and perhaps after marriage.

Use HELMBOLD'S EXTRACT BUCHU for all Affections and Diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing. FROM ROSECRANS' ARMY.

Attack on Gen. Thomas' Division

The Rebels Repulsed but on Receiving Reinforcements Regain their Ground.

The Rebels are Subsequently Punished Severely.

Rebels Make an Attack and Break Our Lines.

GEN. THOMAS AND GEN DAVIS AGAIN DRIVE THE REBELS.

A LARGE NUMBER OF MEN WOUNDED.

A Portion of Lee's Army in the Fight.

HEADQUARTERS ARMY OF CUMBERLAND, *Three Miles from Crawfish Springs*, Sept. 19.

An engagement begun this morning at 11 o'clock with a heavy attack on Gen. Thomas, forming the left wing, but at first thought to be merely a feint. The left was composed of M'Cooke's and Crittenden's troops thrown as convenience offered, the main portion of each being on the march at the time. The fight on the left was very desperate. The enemy was repulsed, but, on being reinforced, regained their position, from which they were subsequently driven after a desperate engagement of an hour and a half.

Gen. Thomas charged them for nearly a mile punishing them severely.

About 2 P. M. the rebels made a dash at the centre, composed of Vancleve's and Reynold's divisions. The former was struck on the right flank, and being vigorously pushed, fell back, until the centre was broken and the troops much scattered.

Gen. Thomas on the left and Gen. Davis on the right, threw forward their forces vigorously toward the Gap, and after a hard fight, recovered the lost ground.

The fight on the extreme right has been light.

The enemy apparently preparing to get between us and Chattanooga.

The general engagement ended by four o'clock, P. M. Gen. Palmer who had charged the scattered forces, and Gen. Negley who had been sent from the right flank to feel the rebels, pushed towards and to [illegible] as it had been before, parallel with and along the Chickahominy creek.

The casualties in wounded are heavy, but surprisingly light in killed for so heavy a musketry engagement.

During the fight on the left there was a continued roll of musketry for hours. No general officers were injured. Cols. Hecy and Bradley commanding brigades, wounded.

Col. Jones, 37th Ohio, Cols. May and Carnick, Ohio; Col. Carrol and May Voutaine, 10th Indiana, were wounded.

The fight is not yet over and will probably be renewed to-morrow.

The rebel prisoners taken represent the corps of Gens. Hill, Polk, Johnson and Longstreet.

The men are in the best spirit, and eager to begin anew.

The Evacuation of Richmond Discredited.

REBELS WITHDRAWING THEIR SLAVES.

FROM GEN. MEADE'S ARMY.

LATER FROM CHARLESTON.

REBELS REPAIRING FORT SUMTER.

Gen. Gillmore Issues a Congratulatory Address.

Charleston at the Mercy of Our Artillery.

NEW YORK, Sept. 20.

Special dispatches from Washington state that the reported evacuation of Richmond may probably be accounted for by the rebels withdrawing their slaves from the line of the Tennessee railroad and scattering them south through North Carolina, towards Atlanta.

This is caused by the capture of Eeast Tennessee by Gen. Burnside.

Advices from the Army of the Potomac state that the rebels appear to be in increased forces along the Rapidan, as though determined to resist the crossing of our forces, but showing no disposition to cross themselves.

A small number of prisoners have been brought in including a captain. It is reported that Gen. Lee is in command.

A letter from Morris Island reports the rebels extremely busy repairing Fort Sumter. Steamers are constantly plying there from the city with materials.

Deserters say that after strengthening Sumter and planting more batteries on James Island, Gen. Beauregard intends to assume the offensive, in order, if possible, to gain possession of Morris Island.

Charleston is said to be full of rebel troops.

Gen. Gillmore has issued a congratulatory order to the troops on the capture of Morris Island. He says the city and harbor of Charleston lie at the mercy of our artillery.

The Washington correspondent of the *Herald* says that Gov. Cortes, of Sonora, waited upon Secretary Seward yesterday. The *Union* says that his object was to establish, if possible, an alliance with the United States against Mexico. No action has been taken concerning his application.

The Storm at Washington.

WASHINGTON, Sept. 19.

During the storm yesterday, among other damage done on the Lower Potomac, two schooners were capsized. The rain destroyed the crops, and the swollen stream carried away the railroad bridge at Laurel, last night. In consequence of this, the trains to and from Baltimore were delayed.

FROM WASHINGTON.

WASHINGTON, Sept. 19.

A board composed of Lieut. Col. J. H. Lathop, Capt. C. P. Horton and Assistant Surgeon Lee, United States Army has been organized to inspect the hospitals of Washington and the vicinity, and particularly to ascertain the correctness of the report that soldiers have been retained in the hospitals much longer than necessary.

The Secretary of the Treasury has issued clearance for the steamer Henry Payson, with a cargo of one hundred tons of ice for Morris Island.

Lieutenant Commander James E. Jouett, has been detached from the command of the P. R. Cuyler, and ordered to command the Sebago.

FROM FORTRESS MONROE.

AN IMPORTANT RUMOR.

Rebels Reported to be Evacuating Richmond.

[*Correspondence of the Baltimore American.*]

FORTRESS MONROE, Sept. 18, 1863.

There are many rumors afloat here relative to the rebel movements in and about Richmond. The latest report, which finds some believers, is that the evacuation of Richmond by the rebel government is now progressing. It has heretofore been admitted by the Richmond and North Carolina papers that Lee's army could not be maintained in Virginia if Knoxville and Chattanooga fell into our hands. These events having now both taken place, together with the invasion of Northern Georgia, probably gives rise to the rumor.

FORTRESS MONROE, Sept. 19.—The Baltimore mail steamer Louisiana, Capt. Porter, arrived here this morning at 9 o'clock with several passengers, among whom was the rebel General Kemper, who was wounded and captured at Gettysburg. He is to be exchanged for General Graham, of the U. S. army, held a prisoner at Richmond.
