THE DAILY EAGLE.

READING, PA.

TUESDAY, FEBRUARY 23, 1869.

THE Eagle Book Store, ADLER office, DAILY EAGLE and READING GAZETTE & DEMOCRAT have been removed to 542 Penn street, Schnucker House building, opposite the Keystone House.

THE EAGLE appears to-day in a slightly enlarged form. Several of our contemporaries have our thanks for their complimentary notices of its improved appearance.

OUR WORTHY MAYOR, Hon. Wm. H. Gernand, appears to be known by more names than a Spanish nobleman. The Philadelphia Ledger calls him Hon. Wm. H. Gerhard, several other papers give him the same name; some journals call him Gerhart, while the Phila. Evening Herald calls him John H. Gourand, and his opponent John P. Jones.—"What's in a name?"

"MODERN DEMOCRACY."

The Dispatch of yesterday expends much ink and eloquence in a vain effort to prove that the Democracy lack intelligence and education. Now, while we do not deny that the Republican party is blessed with more of this world's goods than the Democracy, we claim that the Democracy possess the most brains and the most intelligence generally. Radicalism, like all other fanaticism, thrives on ignorance. The present Radical Congress maintains its power only through the influence of the most ignorant and degraded race on earth—the Southern negroes. The heavy Republican majorities in Wisconsin and other Western States are produced by the votes of hundreds of thousands of shockingly ignorant Swedes and Norwegians, who believe the statements of "loyal" fabrifiers, to the effect that they can only retain possession of their lands by being "loyal Republicans."

New York City is quoted as an instance of Democratic ignorance. Every man of sense knows that the population of New York, generally speaking, is composed of anything else but ignorant people. New Yorkers, as a class, are distinguished for general intelligence—and for genuine Democracy, because they have seen and felt the misery of Radical government, and they have sense enough to wish for a change.

An effort is made to ridicule Pomeroy's Democrat, the most successful newspaper ever published in America, because it is supported by Democrats, who have too much sense to be deceived by stale cries of "loyalty," "Southern rebels," and other silly sensation talk, which is the only text of the Radicals.

The Dispatch states that Reading has "a Democratic majority strong enough to control the whole city government." This is a singular statement for a paper which recently claimed that Reading was a Republican city!

The Dispatch also quotes Berks county as an example of Democratic ignorance, and states that Democratic newspapers are not well patronized. We deny both statements. The Democracy of this county are amongst the most intelligent of the people of this country; but because they speak German, the editor of the Dispatch thinks they are ignorant. We can find men in this county who habitually use the German language, who possess a greater store of learning and intelligence than any Radical editor in Pennsylvania.

As regards Democratic newspapers, does any newspaper in the State exceed in prosperity the staunch old *Adler*? Does not the *Gazette and Democrat* rank among the foremost of the weekly newspapers of Pennsylvania? And has not the *Daily Eagle*, in spite of powerful competition, been more successful than any other daily newspaper ever started in Reading? It was made a penny paper for the accommodation of the public, and when the proprietors perceived that the people desired a larger sheet, they not only at once restored it to its original size, but somewhat enlarged it. The *Eagle* is a fixed institution, and we shall not be surprised to see it survive all of its Republican contemporaries.

When the editor of the Dispatch advanced the argument of superior intelligence for his party, he took his stand upon very slippery ground. He must show a better class of fellow-partizans than his present black, white and parti-colored brethren of the Radical party, or his finely-spun argument falls to the ground.

THE CUBAN REVOLUTION.—The Cuban news of the last two days announces the arrival of additional Spanish troops, carrying their numbers to 70,000. The rebels under Cespides were chiefly near Holguin, a town rather more than fifty miles northwest from Santiago, and they had surrounded their opponents. They were also at Trinidad. No victories are reported to have been won by them.

On the other hand, one party of insurgents were captured at Jagua, and a large number near to Cienfuegos, while fresh troops have been sent to other points. General Nulanes has surrendered to Gen. Valmazeda, who felt himself strong enough to risk the dividing his forces. The rebels in Colon are said to have surrendered, and those at Villa Clara to have been defeated so effectually that the revolt is crushed there. The Captain General has extended his amnesty to all save the leaders and criminals. The appearances are now that the Spanish troops can drive the rebels from the field. It remains to be seen whether in the event of defeat they will surrender or betake themselves to irregular war in the interior.

"THE ASSESSORSHIP."

The Dispatch accuses the Eagle of an intention to injure Captain Michael Walter, who is an applicant for the Assessorship of this District, but at the same time it copies our entire article. If the article is likely to injure Capt. Walter, why give it further publicity? We know that it was written with no such intention—but merely for the purpose of doing justice to an honest man who is likely to be sacrificed to the greed of Radical plunderers. As a matter of course we would prefer to see a Democrat retain the Assessorship, if possible, but as that cannot be, we prefer an honest soldier to any political schemer among the baker's dozen of Radicals who are anxious for the position.

But the idea of the Dispatch that we wish to "kill Captain Walter with kindness" for the purpose of having Mr. Close, a Democrat, retained in the position of Assessor, shows that our neighbor is becoming very sick of the Grant bargain. If Grant is "devoutly loth," and a model President in all respects according to Radical ideas, how is it possible that he would retain a Democrat in any position of trust or profit? The impression upon the mind of our neighbor seems to be, that Grant's recently expressed determination to appoint none but good and honest men to office, signifies that he will appoint some Democrats, on account of the impossibility of finding good and honest Radicals. Otherwise, how could the Dispatch for a moment suppose that Grant would continue a Democrat in office?

We repeat, that there is a plot existing to throw Capt. Walter aside and give the position of Assessor to some ferocious stay-at-home Radical, and of the two we would sooner see the office conferred upon an honest, disabled soldier than upon any one who did all his fighting with his tongue.

THE ASSESSORSHIP.

The Daily of this morning brings out Capt. Howard Jacobs as a candidate for Assessor in this district. How do the friends of Mr. Valentine and Captain Walter like this move? Mr. Jacobs has warm friends, and if he knows how to manage his cards will no doubt give his opponents trouble. Mr. Jacobs was born in Berks county, served his country as a militiaman, and is one of the leaders of the Grand Army of the Republic in this county. The Messrs. Eckert have presented the name of Mr. Jacobs for this position, and from their connection with the Republican party in this district, we are led to believe that he will be a formidable candidate.

Capt. Walter, on the other hand, is a wounded soldier, having been crippled in battle in gallantly defending his country. He is backed by the Germans and many Americans, who regard him as a worthy and estimable citizen, well qualified for the duties of the office. We believe he has uniformly voted with the Republicans and worked hard for the success of that party.

Joseph T. Valentine, Esq., has also been named by a few of the most influential and prominent business men in this community. Mr. Valentine is well known to our citizens, having for many years been Principal of our High School. He has also, like Capt. Walter, been a warm and ardent Republican, doing all in his power for the Republican party. If the business interests are to be consulted, and not the politicians, we are of the opinion that Mr. V.'s claims are better than either of his opponents.

Our readers will recollect that General Grant was named for the Presidency by the most wealthy business men in New York City and the General has frequently by his conduct preferred a business man to a politician. If Mr. V. plays his cards skillfully he will euchre his opponents. We are anxiously awaiting intelligence of the moves of these rival aspirants, and as the contest waxes warmer we will give our readers the various moves upon the political chess-board.

THE fall of a meteor of intense brilliancy was observed from the summit of Penn Hill, in Harvard, Mass., Saturday evening, just after moon-set, and about 7:15 P. M., Boston time. It fell from nearly the zenith in the Southern heavens, and was visible about four seconds. The hue of the nucleus was an intense green, and in its flight it left behind a gorgeous corruscating train.

THE editor of the Montgomery (Alabama) *Mail* has been released from jail, after five days' confinement for refusing to perform jury service, when as a practicing attorney, he was exempt by law. In addition to being incarcerated five days, he was fined fifty dollars. Without his knowledge, the fine was paid by the ladies of Montgomery, headed by Mrs. B. S. Bibb and Mrs. Dr. O. Baldwin, through General James H. Clanton. The Clerk and Sheriff, both extreme Radicals from the North, were so heartily ashamed of the conduct of the scalawag judge that they declined to charge for costs.

(From the Harrisburg Patriot.)

Are We Wise?

The democracy of Pennsylvania have never had before them so momentous a contest. In its effect upon the *esprit de corps* of the party it is most important; but in its result in securing the future it is infinitely more so. The dastardly infamies of a Congressional apportionment under which, with a majority of eleven thousand at the polls, the radical gerrymanderers can secure eighteen out of twenty-four members of Congress; and a legislative apportionment under which, with a majority of nine thousand in October, they obtain nearly two-thirds of the Lower House, will again be fastened upon us. This must be prevented, all will concede. To do this our only hope is in the election of a democratic Governor. Are we pursuing the wisest policy to attain the desired end? A party that, within five months, has passed through its most fearful contest and found itself in a minority, now boldly takes the initiative and is selecting its delegates and instructing them for one or the other of three of its strongest men—thus demonstrating to the enemy the necessity for united councils and strong candidates. We may admire this boldness, but does our reason approve it? We believe that our action in this respect has already cost us five thousand votes by driving from the field the weakest candidate of the opposition and compelling them to select a new man upon whom they can concentrate all of their strength. They prove their wisdom in preparing a trap to snatch victory from the jaws of defeat, whilst we persist in our folly in pursuing with tenacity the purpose the *results* of an empty examination. We have never learn that a minority party must assure success *by selecting those who can certainly win, and by sacrificing personal preferences upon the altar of the common good?*

Let us gather wisdom from the conduct of our enemy, and sinking preferences, sinking gain, sinking party devices, sinking everything but principle, let us take the man with whom we can succeed. We have no patience with that policy which, in such a crisis of the party, seeks to nominate favorite candidates by vaunting the numbers of their delegates, by contesting the field for instructions, by making these instructions binding in every event, and by forestalling the Convention regardless of success or of the wishes of the masses of the democracy.

We believe in a fair and open contest, in the selection of the best men of the party as delegates, in the decision of the Convention in the exercise of a *sound discretion, and in taking the man who can win.* Everything for success, nothing for men.

A SPORTSMAN while out hunting in the woods near Kylerstown, Centre county, was attacked by a panther which he had shot at and missed, and was literally torn to pieces. His body was found two or three days after in a terribly mutilated condition, his legs being actually torn from his body.

MORE PROTECTION FOR THE WORKINGMEN.—Those workingmen whose avocations lead them to the use of the saw and other tools of English steel, should be slightly interested in the bill now before the lower house of Congress which proposes an increase of the duty upon that article. Should it pass—and there is no hope that Radicalism will do aught to aid a workingman—it will increase the cost of the tools mentioned from fifty to ninety per cent.

INCENDIARY ARRESTED.—Leonard Choate, an alleged incendiary, has been arrested at St. Paul, Minn., by detectives from Newburyport, Mass. Choate is accused of having burned over fifty buildings, including four churches, and he has been the terror of Newburyport for years.

VELOCIPEDE ACCIDENT.—A young man named Grier, while riding in a velocipede school at Cincinnati on Wednesday night, lost the control of his machine, and it made for a large hatchway in the middle of the room. Going at full speed, it ran against the wooden guard around the opening, crushed through the boarding, and precipitated the rider to the cellar of the building, four stories and a half beneath. His injuries will probably prove fatal.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as closely as it does with the Stomach, then becomes affected, the result of which the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations, when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant imaginings of Evil, and Depression of Spirits.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of those diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *Dr. C. M. JACKSON,*

PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, *and benefited suffering humanity to a greater extent, than any other remedies known to the public.*

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposure, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom or never in the enjoyment of good health, or in other expression, to use their own "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but a few. These, it will be observed, are men of note and of such standing that they must be believed.

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Phila.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail, but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully, J. H. KENNARD, Eighth, below Coates Street.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Phila.

Yours, truly, E. D. FENDALL.
