MEDICAL.

DR. JOHNSON,

BALTIMORE

LOCK HOSPITAL,

HAS discovered the most certain, speedy and effectual remedies in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

NO MERCURY OR NOXIOUS DRUGS.

A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately cured, and full vigor restored.

This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

OFFICE No. 7, SOUTH FREDERICK STREET,

Left hand side going from Baltimore street, a few doors from the corner. Full not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN!

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What! that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons MUST, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or the dread of discovery deters him from applying to those who from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, fill his pecuniary substance, keep him trifling month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, etc., progressing with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveler returns.

INDORSEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the *Sun, Clipper*, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

DR. J. HITE'S
YELLOW WATER POWDER,
FOR HORSES.

DURING a practice of many years in this community, DR. HITE has satisfied himself that this Powder is vastly superior to any other article in use
FOR THE CURE OF
YELLOW WATER,
And is of great service to Horses that have lost their APPETITE AND ARE HIDEBOUND, FOUNDERED, OR DISTEMPERED.
Also, that it will prevent GLANDERS, COLIC AND THE BOTS.
When faithfully used two or three times a week—invigorating and fattening.

For improving the condition of a Horse, he asserts there is no better medicine, as it will strengthen the stomach and assist digestion, cleanse the intestines of offensive matter, and regulate the bowels when costive, purify the blood and promote digestion—thus the skin is kept loose, the pores are opened and a lean, scabby Horse becomes fat and comely.

The Powder can be used for Cattle, Sheep and Hogs with good effect.

THE ADDRESS OF JEFF. DAVIS.

The Coming Spring Campaign

The Threats of What the Rebel Army Will Accomplish.

NEW YORK, Feb. 15.

The *Herald* has a copy of Jeff. Davis' address to the rebel army in full. He remarks upon the adherence of the soldiers to the cause of the confederacy as shown by the reenlistment of those whose term of service has expired, and contrasts it with the halting and reluctant service of the mercenaries who have been purchased by the enemy at the price of higher bounties than hitherto known in war.

He says the brave battle cry of the Southern legions in the coming spring campaigns will ring through the land of the enemy, and silence the vainglorious boasting of their corrupt partizans and pensioned press, and do justice to the calumny by which they seek to persuade deluded people that you are ready to purchase dishonorable safety by degrading submission.

From Fortress Monroe.

ARRIVAL OF TWO ESCAPED UNION OFFICERS FROM RICHMOND.

FORT MONROE, Feb. 13.

Two Union officers, a captain and Lieutenant, arrived to-day on the Yorktown mail boat, having effected their escape from the Libby Prison at Richmond. They report that about thirty others, mostly officers, had escaped from the same prison just before they came away, but as yet none of them have been heard from.

The steamer Spaulding arrived this afternoon from Beaufort, N. C., bringing about fifty rebel prisoners, captured during the recent raid about Newbern.

Interesting from Charleston.

ATTEMPT TO RELIEVE THE GARRISON AT FORT SUMTER.—DESTRUCTION OF AN INFERNAL MACHINE.—DESPERATE STATE OF AFFAIRS IN CHARLESTON.

BOSTON, Feb. 13.

The *Herald's* Folly Island correspondent says, under date of 3d inst.:

The rebels have tried several times lately to reinforce the almost worn-out garrison in the ruins of Fort Sumter, but failed. Most of the men in Sumter are negro slaves, and we know that twenty or thirty are killed daily.

Night before last, it being somewhat hazy, one of the rebel rams, in company with a torpedo boat, cigar-shaped infernal machine left Mount Pleasant, and proceeded down the creek in the rear of Sullivan's Island for the purpose of going out to make an attempt to destroy the gunboats Housatonic and Nepsic, which were doing guard duty that night in the Santee channel, near Beach inlet.

When the ram and infernal machine had got ready to make a dash at the inlet, it was found that the machine was in a sinking condition. She was then turned back into the inlet, where she now lies, *sick*. She went down, carrying with her eight of her crew. This mishap put an end to the attempt to destroy our vessels. This is the third infernal machine the rebels have lost.

A few days ago a squad of ten rebel soldiers, including a sergeant, escaped to our lines.—They say that starvation stares them in the face in Charleston, and that all civil law is at an end; and the military rulers have full sway over the civil authorities, that they are becoming desperate, and that every means in their power is to be resorted to, to force the blockade here. They must have assistance or starve. They report the city badly damaged from the effect of Gen. Gillmore's constant bombardment.

From Washington.

WASHINGTON, Feb. 15.

The rumors as to the intended protest by our Government against the French occupation of Mexico are certainly not well founded. The policy of the Government on this subject is fully explained in the lately published diplomatic correspondence.

From Nicaragua.

NEW YORK, Feb. 15.

Destruction of One Thousand Bales of Cotton at Wilmington, N. C.
