Medical.

DR. JOHNSON
BALTIMORE
LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedy in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

No Mercury or Noxious Drugs.

A CURE WARRANTED, ON NO CHARGE, IN FROM ONE TO TWO DAYS.

Weakness of the Back or Limbs, Strictures, Pains in the Loins, Affections of the Kidneys and Bladder, Organic Weakness, Nervous Debility, Decay of the Physical Powers, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight or Giddiness, Disease of the Stomach, Affections of the Head, Throat, Nose or Skin—those terrible disorders arising from the indiscretion or Solitary Habits of Youth—those dreadful and destructive practises which produce constitutional debility, render marriage impossible, and destroy both body and mind.

YOUNG MEN.

Young men especially who have become the victims of solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talent and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

ORGANIC WEAKNES

Immediately cured and full vigor restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Office No. 7 South Frederick street, Baltimore, Md., on the left hand side going from Baltimore street, 2 doors from the corner. Be particular in observing the name or number, or you will mistake the place. Be particular for *Ignorant, Trifling Quacks*, with false names, or *Paltry Humbug Certificates*, attracted by the reputation of Dr. Johnson, lurk near.

All letters must contain a Postage Stamp, to use on the reply.

DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who having injured themselves by private and improper indulgencies, that secret and solitary habit which ruins both body and mind, unfitting them for either business or society.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.

MENTALLY, the fearful effects on the mind are much to be dreaded:—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, nervous and emaciated, have a singular appearance about the eyes, cough, and symptoms of consumption.

YOUNG MEN

who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school, the effects of which are highly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

effect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DR. JOHNSON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, Weakness of the Organs are speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated who had lost all hope, have been immediately relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous, Trembling, Weakness or Exhaustion of the most fearful kind, speedily cured.

TO STRANGERS.

The many thousands cured at this institution within the last twelve years, and the numerous important Surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, *besides his standing as a gentleman of character and responsibility*, is a sufficient guarantee to the afflicted.

DISEASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, &c., progressing on with frightful rapidity, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that *deadly poison, mercury*, ruin the constitution and make the residue of life miserable.

TO STRANGERS.—The Doctor's Diplomas hang in his office.

Letters must contain a Stamp to us on the reply.

THE ONLY PREPARATION WORTHY OF Universal Confidence & Patronage

FOR STATESMEN, JUDGES, CLERGYMAN,

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th, 1858.

GENTLEMEN: Your note of the 15th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due.—My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.

Very respectfully, BEN. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, New York.

My family are absent from the city, and I am no longer at No. 11 Carrol place.

Siamaston, Ala., July 20th, 1859.

TO PROF. O. J. WOOD: Dear Sir; Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience.—Believe it all! Yours truly, WM. H. KENEDY.

P. S.—You can publish the above if you like. By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the *Mobile Mercury*, a strong Southern paper. W. H. Kenedy.

WOOD'S HAIR RESTORATIVE.

PROF. O. J. WOOD: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure. FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

RESTORATIVE CORDIAL AND BLOOD RENOVATOR.

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined, as to the most powerful tonic, and yet so perfectly adapted SO AS TO ACT IN PERFECT ACCORDANCE WITH THE LAWS OF NATURE, AND HENCE SOOTHE THE WEAKEST STOMACH and tone up the digestive organs, and allay all nervous irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL CALLED FEMALE WEAKNESS, AND IRREGULARITIES.

THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver complaints, Diseases of the Kidney, or any general derangement of the Urinary organs.

It will not only cure the debility following CHILLS and FEVER, but all present attacks arising from Miasmatic influences, and cure the diseases at once, if already attacked.

Travelers should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

Ladies not accustomed to much out-door exercise should always use it.

Mothers should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety.

THERE IS NO MISTAKE ABOUT IT.

THE CORDIAL IS ALL WE CLAIM FOR IT!!!

Mothers Try It!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they too, would travel in the same downward path, until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVO CORDIAL AND BLOOD RENOVATOR as the remedy which should always be on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists. Price One Dollar per Bottle.

LATER FROM WASHINGTON.

MAIL SERVICE IN MISSOURI.

REPORT OF A REBEL PRISONER.

Johnston in Command at Fairfax.

PAYMENT OF THE TROOPS.

WASHINGTON, Sept. 13.

A telegraphic dispatch from the the Postmaster at St. Louis says that no mails have been sent or received over the Hannibal and St. Joseph Railroad. The prospect for a revival of the service on the route is bad.

There is no war news from the other side of the Potomac, up to the time of sending this despatch.

Major Baird, of the United States Army, has been commissioned by Governor Curtin Colonel of the Pennsylvania Cavalry Regiment of the reserve force under Gen. McCall. Owen Jones is Major of the regiment.

Yesterday the Secretary of the Treasury paid to the State of Pennsylvania 40 per cent. of the sum advanced for war expenses, amounting to $600,000.

Capt. Buchanan, who was last spring in command at the Washington Navy Yard, has entered the rebel service and is superintending the erection of batteries on the Potomac.

The Third Infantry Band, after serenading Hon. Joseph Holt, last night, serenaded also Secretary Cameron and Gov. Curtin.

There has been firing of artillery heard in the direction of the Chain Bridge to-day, but it is only to practice the troops. There is no hostile demonstrations reported.

A prisoner captured by our pickets reports that Gen. Johnston is in command of the troops at Fairfax Court House. He does not state where Beauregard is.

The postmaster at Quincy, Mo., reports by telegraph that the overland mail communication to California will soon be resumed.

The Potter Investigation Committee is again at work. They have evidence of their being secessionists still in some of the departments.

The following order has been addressed to Paymaster General Larned, by the War Department:

You will arrange for the payment of volunteers as directed by the provisions of the act of Congress, relative thereto, dated July 24th, and as amended August 6th, 1861, viz:

When organized and accepted by the Governors of the several States, without regard to the date of mustering into the service of the United States, provided that payment has not been made by the respective States, for which the Government will eventually be liable.

Where volunteer regiments have been accepted by the War Department, upon what is termed independent acceptances, you will allow pay from the date of the organization of the company with the minimum number of men satisfactory evidence in each case to be furnished your department before payment is made.

(Signed,) SIMON CAMERON, Secretary of War.

LATER FROM MISSOURI.

REBELS UNDER HARDEE DISPERSING.

Fight Between Missouri and Louisiana Men.

ST. LOUIS, Sept. 13.

Capt. Foster, of Col. Manhen's regiment, of the Franklin County Home Guards, brought in seven prisoners last night who were direct from Hardee's army.

They reported that a fight had occurred in Hardee's camp between the Missourians and Louisianians, in reference to the conduct of the Missourians in the battle near Springfield, the Louisianians charging the Missourians with cowardice, and treating them as cowards in the camp.

The Louisianans charge that while they were fighting, the Missourians actually stole their horses and fled.

Gen. Hardee was falling back on Pocahontas, and the Missourians were dispersing.

These men left Hardee's camp with the intention of returning home under Gov. Gamble's proclamation, and becoming good citizens; but were informed here that the Governor's proclamation was abridged by the declaration of martial law.

W. H. WINDER SENT TO FORT LAFAYETTE

PHILADELPHIA, Sept. 13.

W. H. Winder recently arrested in the armory of the Philadelphia Home Guards for treasonable correspondence was sent to New York for Fort Lafayette this afternoon. The correspondence discovered was with Breckinridge, Davis, Burnett, &c. Both copies of his own and those from correspondents, from which it appears he assured Breckinridge his course in the Senate was approved of by large numbers of the best men in the north who were only awaiting an opportunity to overthrow the rule of mobs, and that many of his Home Guards belonged to that organization only to disarm suspicion.

The Latest From the Rebel States.

News from Richmond, North Carolina, Charleston, the Cherokee Nation and Tennessee.

LOUISVILLE, KY., Sept. 12.

Southern dates to the 10th inst. have come to hand. The army of General Johnston and General Beauregard, lately known under the style of the Army of the Potomac, has been divided into two corps, the first commanded by General Beauregard and the second by General Johnston. General Johnston ranks Beauregard by seniority, and had the right to the supreme command, but waived it, and issues no orders without full consultation and consent of Beauregard.

The Richmond papers are full of doleful descriptions of the ravages of sickness in the Army of the Potomac.

The rebel corps most advanced towards the Union lines are regularly relieved by forces from the centre of the army.

General Beauregard allows no civilians whatever to visit the corps between Manassas and the Potomac.

General Sidney Johnston will be assigned to supreme command of military operations in the Mississippi valley.

Colonel De Villiers, of Ohio, captured some weeks since in Western Virginia, is said to have escaped from Richmond in violation of his parole.

The Union prisoners in Richmond now number fourteen hundred, and are confined in five tobacco warehouses. By recent orders no more visitors are admitted to them. Newspapers are denied them, and the supply of coffee and sugar cut off.

Capt. Gibbs, of Florida, has been appointed Provost Marshal for Richmond.

The panic in North Carolina has considerably subsided, and fugitives from the coast towns are returning to their homes.

Extracts from official reports in Richmond, show that seventy-five guns are mounted at Fort Macon, near Beaufort.

The battery for the defence of Newbern is at a distance of four hundred yards from the channel, and mounted with four long and three short thirty-two pounder navy guns. Gen. R. Anderson, just appointed to command the department of North Carolina, had reached Newbern. Large quantities of arms and ammunition were on the way to the same point.

Charleston papers state that within a month fourteen vessels have entered Charleston, and thirty-three the Wilmington harbor, and that in the same time one hundred and eighty thousand dollars in duties had been paid to collectors.

At New Orleans John Ross, chief of the Cherokee Indians, publishes a statement that at a mass meeting on the 21st ult. his people authorized their authorities to form an alliance with the rebel government, and that a mounted regiment, under Colonel Drew, will be raised for the rebel service.

Five persons were arrested on the 5th inst. at Petersburg, Va., for counterfeiting rebel Treasury notes.

Parson Brownlow was released from arrest on the 7th inst. W. A. G. Reed, formerly a prominent Union man of East Tennessee, took the rebel oath of allegiance on the same day.

Several guns recently in possession of the State Guard (rebel) were taken from this city yesterday, and nearly a hundred more were found under a hay stack in the suburbs of the city.

The steamer Treadwater, Bell, old and of little use, was seized by the federal authorities at Smithfield to day. She had been conveying provisions up the Tennessee river.

The Nashville *Union and American* congratulates the rebel States upon the direction of General Albert Sidney Johnson to the command of the western division of the rebel army.

The Richmond *Examiner* of the 9th says that since the battle at the Cross Lane, Western Virginia, General Floyd has been waiting for supplies. On Saturday there were brought down fifteen prisoners who were taken straggling through the woods since the dispersion of Col. Tyler's command.

General Floyd was at last accounts about one mile and a half beyond Gauley bridge. The enemy was in full force at Gauley bridge and were strongly posted in the vicinity of Gauley road, occupying Hawk's Nest, above the Kanawha. The enemy had been outflanked by Gen. Chapman, who held his position with 2,000 militia.

The same paper says before many days the Potomac will be effectually closed by batteries, The Chief of the Ordnance in Virginia, in responding to the call for all the field artillery, says that ten batteries are now ready for immediate duty, and eight or ten more could be ready soon.

Among the above fifteen prisoners which have arrived in Richmond were W. H. Baynor, of Rhode Island, and Lieut. J. C. Murphy.

The *Examiner* also says that Jeff. Davis has so far recovered from his recent severe illness as to take an airing on Saturday in a carriage.

H. Kelly, claiming to be a Baltimorean, was arrested on Friday on suspicion of being a spy.

The Evansville *Journal* says the steamer Sue Evaz, under the command of the gun squadron from that place, had captured a boat with 1,000 barrels of salt, destined for the rebel States.

The Southern papers say that Captain W. F. Lynch, late of the United States, has been appointed chief of the bureau of Detail and Equipments in the rebel army.

Colonel James, of the Fourth Alabama Regiment, died at the Orange Court House, Va., on the 26th of August, from wounds received at the battle of Bull Run.
