FINANCIAL AND COMMERCIAL

Stocks and Bonds.

NEW YORK, March 19.—The industrials predominated in the stock market today. From the start these stocks were in brisk request, especially sugar and lead, and under comparatively large buying orders scored good gains. In the last hour of business a disposition to accept profits was manifested, resulting in a general decline of ⅛ to 1¼, sugar leading. In the final dealings a part of the reaction noted in the general list was noted and the market left off firm. Total sales were 178,500 shares.

The following complete table showing the day's fluctuations in active stocks is supplied and revised daily by Latlar & Fuller, stock brokers, 121 Wyoming avenue:

GENERAL NEWS OF INDUSTRIES

Facts Concerning the New Welsh Colony That Is to Settle in Schuylkill.

SCRANTON CAPITAL REPRESENTED

Senator Morgan B. Williams Will Develop the Thuron Tract, and Next to That, on the Ronaldson Tract, Reese G. Brooks and Those Associated with Him Will Sink Two Shafts. The Result Will Be an Influx of Welsh Miners—Minor Notes.

If predictions made after careful inquiry by the Pottsville Chronicle count for aught there will be, about one year hence, a thrifty mining settlement at Duncanville, in Schuylkill county. The coal lands which have been bought up there by Scranton capitalists during the past several months will by that time be under development and will be producing large quantities of coal. The principal operation at present is on the Thuron tract, which is owned by Senator Morgan B. Williams, of Wilkes-Barre, and his brother, W. J. P. Williams, who constitute the Williams Coal company. They are operating in the old Spencer slope which was abandoned about forty-six years ago. A little to the south of this tract lies the Ronaldson tract, where Reese G. Brooks, representing Scranton capitalists, will sink shafts, beginning work early in April. W. J. P. Williams, who is superintendent of the operations on the Thuron tract, says: "In about one year from now there will be from 300 to 400 Welsh miners living in the vicinity of the new coal operations. They will come from all parts of the coal region and will form a veritable Welsh colony. They will be found a quiet, law-abiding class of people. They will also help to make Pottsville one of the musical centers of the coal region, as are Scranton and Wilkes-Barre at present."

The following changes are bulletined by the Lehigh Valley: John McGraw has been appointed road foreman of engines for Wyoming division, Lehigh Valley railroad, in effect on Thursday vice Henry Murphy assigned to other duties. After March 15 the office of master mechanic at Weatherly and Delano shops of the Valley road will be abolished. Charles H. DeWitt is appointed general foreman of Weatherly and Delano, reporting to David Clark, master mechanic at Hazleton, whose jurisdiction is extended to cover shops at Weatherly and Delano. Frank Long, the station agent of the Central Railroad of New Jersey of Nanticoke, has accepted the position of assistant agent at the station of that railroad in Wilkes-Barre. Sam Fedder will be Mr. Long's successor in Nanticoke.

The esteemed Allentown Leader very truly says that in putting into service a railway ambulance, for the use of people wounded along its line, the Central Railroad of New Jersey has displayed a sentiment of charity and kindliness rarely met with in a corporation. This hospital car, as it is called, was planned some months ago. It has now been completed and made ready for use. It awaits the first accident on the Central road, when it will immediately be pressed into service. The delay in securing speedy transportation of a railroad victim to his home or the hospital has often caused much inconvenience. The sufferer has sometimes had to lie for hours in a noisy station, or be conveyed in a jolting baggage car, without medical attendance and without even the most ordinary creature comforts. In this car are all the appliances of the most complete surgical office, with all the conveniences of a luxurious sick room. The lot of the unhappy man who may be maimed or hurt on the Central road hereafter will thus be much eased. The car will be stationed at Mauch Chunk and will be prepared for instant, active service.

A novelty in railroad rolling stock is the hospital car of the Central Railroad of New Jersey, which has just been turned out of the shops at Ashley. It is fitted in genuine hospital style. The car was formerly an old baggage car. It still contains its two compartments. One apartment has two first-class cots and three cushioned seats. There is a stove at each end of the car, and one of the stoves has a water connection by which hot water can be kept constantly on hand. There are quite a number of convenient closets for the storing of medicine, linfels and whatever else may be necessary for the convenience and comfort of injured persons. The matter of light also received special care. The interior of the car is painted in a delicate cream color, which give it a very attractive appearance. It is the first car of the kind in railroading, and will, therefore, attract attention. Maimed and injured persons can now have comfort of home, and should death come friends and relatives who may be present will not be exposed to the gaze of the public that is oftentimes attracted out of mere curiosity. It was, says the Wilkes-Barre Times, at the solicitation of Mrs. Dr. Erwin, of Mauch Chunk, that the Central company equipped this car. It is stationed at Mauch Chunk ready for use.

MINOR INDUSTRIAL NOTES:

The Bethlehem Iron company has shipped to San Francisco the torpedo tubes for the Oregon, which is being built there.

The Cambria new rail mill and the Johnson rolling mill, employing 1,200 men, have resumed work.

A slight boom is reported in the plate glass market. An advance in prices is expected shortly.

The Cameron Iron and Steel company will shortly place in operation a tin-plate mill with a capacity of 40 boxes per day.

The repairs recently in progress in the Sligo mill has been completed. The men have been notified that the plant will start up double turn today. The Sligo puddlers have not yet accepted the firm's proposition to run the mill on the co-operative plan, and the plant will be worked by the non-union men at the $1 rate.

A significant indication of an improvement in business is the fact that there has not been an assignment in Allegheny county within the past ten days. There have been three assignments during this month.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results of which these are examples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Matthews Bros., Drug store. Regular size 50c. and $1.
