HARRISBURG, PA.

FRIDAY EVENING, NOVEMBER 11, 1864.

TOWN AND COUNTRY.

SAM WELSER, the clown, is filling an engagement at Canterbury Music Hall, in this city.

WORKMEN have been engaged at repairing the sewer on Chestnut street, for several days past.

THE valuable real estate of Daniel Hain, dec'd, located in Middle Paxton township, will be sold at public sale, on Friday next, 11th inst.

A DISPATCH received from Horace Greely, by one of our citizens, last evening, says that New York State gives Lincoln about five thousand majority.

MANY of our citizens are engaged in putting up an extensive supply of sauer kraut, for winter use. Cabbage is abundant, and of the best quality. "Kraut and speck" will not be a rarity.

THE *Adams Sentinel*, published at Gettysburg, has just entered upon its sixty-fifth volume—during forty-eight years of which time it has been published by its present proprietor, Robert G. Harper, Esq.

ATTENTION, INVINCIBLES!—A meeting of the Republican Invincibles will be held at their Hall, this evening. Every member is requested to attend without fail, to hear the report of the committee appointed at a former meeting, and take action thereon. By order.

ANOTHER NEW PLAY.—The celebrated Revolutionary drama, entitled THE MILLER OF NEW JERSEY, or THE PRISON HULK, will be performed at Rouse's Theatre to-night. This play has never been produced on the boards in this city, and it will no doubt draw a great crowd. Go and see it.

M'CLELLAN FORSAKEN BY HIS FRIENDS.—In another column will be found the returns of the election in Company B, 201st, P. V., recently commanded by Captain J. Wesley Awl. More than three-fourths of the voters cast their ballots for Honest Old Abe! Surely, "the soldiers are all for M'Clellan"—in a horn!

THE QUAKER CITY.—Strangers are "taken in" in the "City of Brotherly Love." Mr. A. McCoy, of Indiana county, went to one of the Philadelphia houses of amusement, the other night, and in company with two ladies and a gentleman, occupied a private box. He afterward discovered that he was minus a pocket-book containing $230.

An individual from Chambersburg went into a house in Lombard street, and came out with $100 less than he had taken there.

TWO BARNS BURNT.—On last Friday evening the barns of J. W. Killinger and Jacob Backman, situate in South Annville township, Lebanon county, were set on fire, and totally consumed, with their contents. Mr. Fasnacht, the tenant on Mr. Killinger's place, lost thirty tons of hay, a large quantity of oats, three horses and twelve head of horned cattle. Mr. Bachman lost twenty head of horned cattle, three horses and a considerable quantity of hay and grain.

RAILROAD ACCIDENT.—On Tuesday, while Mr. Samuel Bowers, of Port Royal, was crossing the railroad near Mr. Riche's where the election was held, he was struck by the noon passenger train, and thrown upon the cow-catcher, with such force as to brake his skull and smash one side of his face. He survived the injury only three hours. The deceased was a member of the "National Union Club," of this place, and quite a handsome sum was subscribed by the club for the use of the afflicted family.—*Middletown Journal.*

A COMMERCIAL COLLEGE TO BE LOCATED IN HARRISBURG.—Yesterday we were favored with a call from Prof. Bannister, one of the principals of Bryant, Stratton & Bannister's celebrated Commercial College, in Philadelphia. Prof. B. informs us that the firm intend locating a college in Harrisburg, to be added to the great chain of institutions established by them in all the principal cities of the Union. They already number twenty-five, and the one to be located here will increase the list to twenty-six. The need of a Commercial College has been seriously felt in our city, and we are pleased to learn that one is about to be placed here. Every facility will be afforded to pupils to receive thorough instruction in all the various branches usually taught in colleges of this description. A building will be fitted up with all the modern improvements, affording ample means for imparting instruction.

AGGREGATE LABOR OF MANKIND.—Along with the compassion that is excited by listening to a tale of want, there is apt to arise, at that time, a feeling of astonishment that such a thing should be in a land like this. Perhaps, however, the true wonder is that want is not universal. One-half of the race die before they have contributed an iota to the world's sustenance or there own. One-half of those who survive the period of childhood are women, who do not, as a general thing, contribute directly to the production of wealth. Of the men, many are sick, many are old, many are lazy, many are idle, many are wasteful, many are parasites. Those who do work, and live to the age of three-score years and ten spend one third of their lives in bed, one-twentieth at the table, one-sixth in recreation. Much of their time is wasted in mistakes. Much of what they succeed in producing is swept away by fire and flood. During half of the year nature sleeps. One harvest in five produces a failure. Only a fraction of the earth's surface is capable of cultivation. A large part of the general labor is absorbed in the production of luxuries, in repairing the damages of war, in preparing for future conflicts, in the transportation of produce, and in journeys. Probably not more than one-tenth of the whole amount of human force is expended in earning the world's daily bread. The standing marvel, therefore, of society is, not that any should suffer want, but that there should be any who do not.

DEATH OF SIX MINERS, AND INJURY OF SEVERAL OTHERS.—A terrible accident happened on Friday of last week at the Red Ash colliery of George H. Potts & Co., near Minersville, which resulted in the death of six miners and injury of several others who attempted to rescue them. It seems that on Wednesday afternoon the miners made a blast in one of the breasts, to cause a fall of coal. The fire by some means communicated to the combustible matter in the mine, driving the miners out of the mine. On Friday six miners named Thos. Richards and David Williams, Welshmen; Jos. Bearman, a German, and Robert Duffy, Michael Finney and Michael Scully, Irishmen, went into the mine to clear away the rubbish. Their prolonged absence created alarm and fear that something had happened to them, and other miners sent in to see what was the matter, were prostrated by the noxious gas that filled the place, and were with difficulty dragged alike from the mine. Finally, on Saturday morning, the dead bodies of the six men named above, were found and taken from the mine. The Coroner held an inquest on Sunday last, and a verdict was rendered that the deceased came to their deaths from suffocation. All of the unfortunate men were steady, industrious miners, and some of them leave families. Scully was the father of twenty-one children by one wife.—*Pottsville Miner's Journal.*

FRENCH COMPOSITION FOR REMOVING INCRUSTATIONS.—M. Dulrue, of France, has brought forward some compositions for preventing and removing incrustations. These compositions consist entirely of vegetable matters, and are prepared by dissolving or infusing in hot water the bark of the oak and pine, as well as the leaves of the sumac-tree ground and reduced to the state of a coarse powder. This infusion is concentrated to a density of about ten degrees Beaume, and to it is added a quantity, say from fifteen to thirty per cent., of cream of tartar and spirits of turpentine. In employing this liquid to prevent incrustation in steam boilers, a quantity of it is introduced from time to time, the quantity required varying according to the capacity of the boiler. Three pints of the liquid are generally sufficient for every thousand pints of water in the boilers for each ten days.

Bannvart's Troches.

For the cure of Hoarseness, Throat Diseases, &c., are specially recommended to ministers, singers and persons whose vocation calls them to speak in public. Manufactured only by C. A. Bannvart & Co., Harrisburg, Pa., to whom all orders should be addressed. Sold by druggists everywhere.

Read the following testimonials from some of our eminent clergymen:

HARRISBURG, Feb. 8th, 1864.

C. A. BANNVART—*Dear Sir:* I have used Brown's Bronchial Troches, Wistar's Lozenges, and other preparations for hoarseness and throat troubles, and, in comparison with them all, can cheerfully commend your own as a most admirable specific for public speakers and singers, in cases of hoarseness, coughs and colds. I have found them serving in time of need, most effectually.

Yours truly, T. H. ROBINSON,
Pastor of N. S. Presbyterian Church.

☞ I agree with Mr. Robinson as to the value of Bannvart's Troches.

W. C. CATTELL,
Late Pastor of O. S. Presbyterian Church.

HARRISBURG, Jan., 1864.

To C. A. BANNVART—*Dear Sir:* In the habit of speaking very frequently, and in places where the vocal organs are very much taxed, I have found the need of some gentle expectorant, and that want has been supplied in your excellent Troches.

I consider them very far superior to any Lozenges that I have ever used, in removing speedily that huskiness of the voice arising from its too frequent use, and impairing the effectiveness of the delivery of public addresses. Yours, &c.,

JNO. WALKER JACKSON,
Pastor of the Locust St. Methodist Church.

To C. A. BANNVART—*Dear Sir:* Having used your Troches, I am free to say they are the best I have ever tried, and take great pleasure in recommending them to all persons afflicted with sore throat or huskiness of voice, arising from public speaking or singing.

Yours, &c., G. G. RAKESTRAW,
Pastor of Ridge Avenue Methodist Church.

DISTRICT ATTORNEY'S OFFICE,
HARRISBURG, Feb. 29, 1864.

To C. A. BANNVART—*Dear Sir:* I have found your Troches to be invaluable in relieving hoarseness and in strengthening the muscles of the throat. They impart clearness to the voice, and are certainly of great benefit to all public speakers. A. J. HERR.

NEW ADVERTISEMENTS.

Renovo and Emporium
TOWN LOTS FOR SALE

THE PHILADELPHIA AND ERIE LAND COMPANY, chartered by an act of the Legislature of Pennsylvania, offers for sale choice lots for dwellings and business purposes in the above new towns on the line of the Philadelphia and Erie Railroad.

RENOVO has been selected as the site for the extensive shops for building and repairing the rolling stock of the Philadelphia and Erie Railroad, of which the Penna. Railroad Company are now lessees. It is 92 miles west of Sunbury, and 196 miles east of Erie. The town is beautifully situated on the margin of the west branch of the Susquehanna river, in the county of Clinton, and is surrounded by romantic and attractive scenery. The Railroad Company are erecting an immense Locomotive Round House, Repair Shops for Cars and Engines, Car Building shop Iron and Brass Furnaces, and Dwellings for the Superintendent and other officers. A splendid Hotel, with which are connected arrangements for feeding passengers on the most extensive scale, has been commenced. All these buildings are of the most permanent and substantial character, of brick and iron, and are in accordance with the immense business anticipated on the completion of this great Railroad, so long anxiously looked for, and now an accomplished fact—the last rail connecting the Susquehanna river with Lake Erie having been laid on Saturday, July 2d, 1864.

A Company has been chartered by the Legislature for supplying the town with gas and water, and the water works are nearly completed. Churches will be erected immediately. The situation of RENOVO is entirely healthy, and as the dimensions of the town are limited by nature, the value of the lots must appreciate greatly in the course of a few years.

EMPORIUM will certainly be the most important commercial point between Lock Haven and Warren, a distance of 158 miles. It is near the centre of the railroad, 47 miles west of Renovo; 139 miles from Sunbury and 149 miles from Erie. It is near the Junction of the Driftwood Branch of the Sinnemahoning, with West Creek, Portage Creek and North Creek, the Valleys of which streams make it the most accessible point on the Philadelphia and Erie railroad to a very extensive district of country. The moment the projected railroad connecting it with the city of Rochester, N. Y., shall be completed, few interior towns in the State will surpass it in business capabilities. An excellent graded road now connects it with Coudersport, the seat of Justice of Potter county. It is also connected with Smethport, the seat of Justice of McKean county. Emporium is the County Seat of Cameron county; it has a handsome Court House, and the Land Company have just completed a large and commodious Hotel, which will immediately be opened to the public. The Railroad Company are about to erect a handsome and permanent Passenger Station at a central point near the Hotel and Court House. The place is healthy, and excellent water is abundant. It is in the midst of one of the finest White Pine regions in Pennsylvania. As a manufacturing town it has great advantages; coal, lumber, stone, bark for tanneries are abundant, and its railroad communications with the great lakes and all points of importance in the seaboard are unsurpassed. This place was selected thirty years ago as a point of importance, and a town laid out with the prophetic name of EMPORIUM, but the difficulty of access has prevented its development so entirely that it is mainly known for the excellence of hunting and trout fishing in the vicinity. The completion of the Philadelphia and Erie railroad must soon make it a place of great importance as a distributing point for goods of all kinds, and it offers great advantages for persons of moderate capital who desire to identify themselves with the early history of a thriving town.

Lithographic Maps of both towns are now ready, and Mr. GIDEON J. BALL, General Superintendent, will furnish all necessary information on the premises, or by letter.

He may be addressed to the care of H. P. RUTTER, Secretary and Treasurer, Philadelphia and Erie Land Company, No. 205½ Walnut street Philadelphia, or at Renovo, Clinton county, Pennsylvania.
