NO CAR'S RUNNING.

Citizens Censure City Authorities for Not Revoking Franchises of Scranton Railway Company.

The striking conductors and motormen of the Carbondale division have opened headquarters in the Academy of Music building, on South Main street. But one car went through this city since the morning the strike was declared. The car was run on Saturday, Master Mechanic Mullen being the motorman. The car had a section gang on, who were taken here to clear the tracks. No obstructions of any kind were found.

A report gained credence last night that two cars would be in waiting for passengers at the corner of Salem avenue and Main street after the show. However, no cars were in evidence when the crowd came from the theater. Prominent men have called at the strike headquarters, advising them to ask the city authorities to revoke the franchises here unless cars are run on stipulated time. A number have stated that the ordinance had a provision in it to the effect that the franchise of the company should be revoked unless the cars were run on the streets daily. Many severely censured the city authorities for not taking some action on the matter.

The Tribune correspondent called upon Mayor Kilpatrick and was advised by him to read the ordinance. The original copy of the ordinance, File No. 26, was seen in City Solicitor Stuart's office. There is no reference in the various stipulations of the ordinance calling for the running of cars, neither daily nor monthly. The ordinance was made out to the Carbondale Traction company, passed select council Feb. 24, 1892; common council, March 7, 1892, and was approved by Mayor C. E. Rettew, on March 8, 1892. During Mayor J. W. Kilpatrick's term, a second ordinance was granted to the Scranton Railway company, but the terms of the first ordinance were repeated. The only changes were in allowing the company to narrow the track.

Pretty Wedding in Presbyterian Church Last Night.

At the Presbyterian mause last night at 9 o'clock Rev. Charles E. Lee said the words which united Charles E. Lee of West Scranton and Miss Pauline Spaeth, a popular clerk in Abe Sahm's store. At the conclusion of the wedding tour the young couple will commence housekeeping at 1123 Lafayette street, Scranton. A coincidence in connection with the ceremony was the names of the officiating minister and the groom being of the same name, though not related in any way. The bride is a sister of Druggist Julius Spaeth of this city.

The Answer to Dr. McLeod's Letter.

Editor of The Tribune.

Dear Sir—In spite of the fact that I may come under Doctor McLeod's loops to be considered by him as one of the "vulgar sympathizers" of the present trolley car strike, I dare to answer him positively in the negative of his tirades he has published in his letter to the Tribune.

If any strike was justifiable, the present one is the very one.

There are involved the highest legal principals of an American citizen, the right of a just and proper trial. If two conductors were discharged on account of criminal conduct in manipulation with transfers, the company was obliged to convict them by law in a legal suit.

They preferred to take the law in their hands. If the big corporations are following suit to this principle, then we near rapidly to anarchy, taking all matters of this kind in their own hands, and court houses would then be only nuisances.

The strike goes against the offenders of laws and the warranted privileges and the rights of civilized nations, the walls and forts of legal protection.

Last Sunday within an hour's time I walked per pedes apostolorum from Delaware and Hudson depot to the Washburn cemetery and wouldn't have used a trolley car if there was one or not, and am running to the four-scores.

"Principils obsta" is surely in this matter, to uphold the authority of law endangered the most by the powerful corporations—every faithful citizen's first duty, not only his privilege, where for also a doctor divine shall prefer to follow up the old rule of their Master:

"Go (not ride) ye into all the world," etc. That means that "per pedes apostolorum." Dixi. F. Ehringer,

Pastor of the Lutheran Church.

NOT COD-LIVER OIL

but Scott's emulsion of cod-liver oil. They are not the same; far from it.

Scott's emulsion is cod-liver oil prepared for the stomach.

Let cod-liver oil alone if you need it. When your physician orders toast, do you breakfast on flour?

Pure cod-liver oil is hard to take and hard to digest. A man that can keep it down, can saw wood. He thinks he is sick; he is lazy.

We'll send you a little to try if you like.
