HOME MATTERS.

Two Babes, a story of Real Life, by T. S. Arthur, author of various moral tales. For sale by W. A. Gildenfenny & Co.

Sworn In.—Thomas Kennedy, Esq., was on Thursday, sworn as Commissioner to take depositions to be read on the trial of causes in the District Court, or upon motions, petitions, and other matters that may be brought before said Court.

Temperance Lecture.—The right reverend Bishop Potter will deliver a lecture this evening at Masonic Hall, on the "drinking usages of society," on which occasion we have no doubt that the oratorical talents of the eloquent Bishop as well as the interest of the subject will assemble together a very large audience. Admittance free.

Grand Concert.—Our readers will remember that Mr. W. Vincent Wallace will give a grand concert on Monday evening, in the Masonic Hall, and make their arrangements accordingly. The inclemency of the weather prevented most of our citizens from attending his first, but on this, the occasion of his second and farewell concert, the room will doubtless be crowded.

Dedication.—The Rev. Bishop Potter will lay the corner stone of Grace Church, Coal Hill, at four o'clock this afternoon

Landlord and Tenant.—All the Aldermen are busied now in various little petty suits, arising out of disputes between landlords and their tenants on the first of April.

Religious Service in the French Language, to-morrow at 3 o'clock, precisely, at the Fifth Presbyterian Church, on Smithfield Street. Dr. R. H. Vidals, whose services have been secured for that solemnity, will preach on the importance of making the Bible, *and not the Pope*, our guide to Heaven. All those who speak the French language or understand it, are respectfully invited to attend. A collection will be taken up.

International Magazine.—We are indebted to Messrs. Reed and Callow for a copy of the International Magazine, published by Messrs. Stringer & Townsend, of New York, and regret to see by a notice which appears in its pages, that with the April number, its existence as a distinct periodical ceases, as it will be hereafter merged in Harper's Magazine. It has been probably the best periodical of the kind ever published in the United States, and the number now before us is inferior to none of its predecessors.

District Court.—Before the Hon Judge Forward.

R. Galbraith et al, heirs of James Galbraith deceased, vs. Henry McCully E. P. Jones and S. W. Black, Esq. for plaintiffs, Andrew Burke, Esq'r. for defendant.

This is an action of ejectment, brought to recover a tract of land containing one hundred and eighty-five acres, situated in McCandless Township. Defendant in possession under a deed made by James Galbraith, son of the decedent. He claims under a will vesting the property in him, made by his father in 1843. The old gentleman died in 1847.

The plaintiffs contend, *inter alia*, that the wife of James Galbraith jr., acted as the interpreter between Aldermen Gibson, who drew up the will, and her father-in-law, he having an impediment in his speech which prevented most persons from understanding him, except those with whom he was well acquainted, and being besides very deaf. Case still on trial.

A motion for a new trial was made in the case of J. McFarland vs. R. W. Poindexter, Albert Culbertson and G. H. Grant.

Before the Honorable Judge Williams.

The trial in the case of James C. Richey vs. Mansfield B. Brown, before reported, was not concluded.

Court of Quarter Sessions.—Before the Hon William B. McClure, President, and William Boggs, Associate Judge.

After hearing the charge by his honor, the jury in the case of the Commonwealth vs. Ellen Sullivan, indictment larceny, before reported, retired, and in a short time returned into Court with a verdict of not guilty. The defendant was then discharged.

John Williams had stolen a pair of boots from Wm. Armstrong, and he acknowledged his guilt and seemed penitent, was only sentenced to an imprisonment of two months in the County Jail.

The Grand Jury returned a true bill against Lewis H. Piaget, charging him with larceny, but he did not appear when called on for trial, his recognizances were forfeited and process awarded.

Thomas M. Longwell, G. Longwell, James Longwell and Esther Coates were called to stand their trial on a charge of forcible entry and detainer, but not appearing, their recognizances were forfeited, and process was awarded to bring them into Court.

John Aughenbaugh not answering when called to stand his trial on a charge of assault and battery, his recognizances were forfeited.

An attachment was awarded against George Farmer, on a charge of keeping a tippling house.

Commonwealth vs. John Johnston. The defendant was charged with having endeavored to break into the broker's office of Mr. King, at the corner of Post Office Alley and Fourth Street. A verdict of not guilty.

Commonwealth vs. Bryan Mayhugh, information, surety of the peace, on oath, of Joanna Pearson. Recognizances of both parties forfeited. The recognizances of Jno Smith, charged with surety of the peace, were forfeited.

Commonwealth vs. James McMean, information surety of the peace, on oath of Ann Phelan. From the evidence it appeared that the prosecutrix had been subjected to a most barbarous series of persecution from the defendant, and he was after a severe r. primand from his honor, Judge McClure, sentenced to pay the costs, and give securities for keeping the peace.

Sentenced.—Ann Amelia Harris, a colored girl, convicted of larceny, committed in stealing a number of articles, the property of Jas. McCaig, of Wylie street, was yesterday sentenced to undergo an imprisonment of one year in the County Prison.

Cuban Prisoner.—A man named John McGinnis, a resident of this city, who was concerned in the Cuba Expedition, has returned home.

Sentenced.—William McCreary, colored, convicted of stealing two accordeons from Mr. McConologue, was yesterday sentenced by his honor, Judge McClure, to undergo an imprisonment of one year in the Western Penitentiary.

For California.—Sixty persons from different parts of this and the adjoining counties left Pittsburgh on the Federal Arch, yesterday, in order to take the overland route to the land of gold. Among them were Messrs. Isaac Myers, Henry Planet and H. J. Grenet, of Manchester. Every boat which leaves our city for St. Louis now, contains a large number of persons on their way to California.

Committed.—Alderman Buckmaster yesterday committed Mary Gallagher to prison, charged, on oath of Charles Gitblin, her landlord, with committing an assault and battery upon him.

His Honor Judge McClure, yesterday sentenced William B. Graham, convicted of assault and battery, "to six months" confinement in the County Jail. The assault was committed with a fork, with which he stabbed his opponent in the side.

Go where you will, talk about what you may, and you will either see or hear of the great Arabian preparation, known to the people of the United States as Spavin's Celebrated Arabian Liniment. It has made some of the most remarkable cures of paralysis, rheumatism, nervous affections, spinal complaints, &c., on record, and, indeed, as an external remedy, is applicable to nearly all cases which could possibly be benefited by a medicine of that kind. BY TELEGRAPH.

RECEIVED BY THE O'REILLY TELEGRAPH LINE, AND REPORTED FOR THE PITTSBURGH GAZETTE.

CONGRESSIONAL

WASHINGTON, April 3

Senate—Mr. Underwood reported a bill granting land to Indiana and Illinois for the construction of a railroad from opposite Louisville to opposite St. Louis.

Mr. Bertrand moved to take up the resolution calling upon the President to communicate the object of the naval expedition to Japan.

Mr. Webster moved to postpone all other matters, and take up the bill granting pre-emption rights to certain settlers of land purchased from the Menomine Indians. Agreed to, and bill passed.

The private calendar was then taken up

The Senate, after considering a private bill, adjourned until Monday

House—The Speaker laid before the House a communication from the Secretary of the Interior, in response to the resolution calling for information relative to fees and costs in the Circuit and District Courts. Referred to the Judiciary Committee

The further consideration of the Senate bill for the promotion of discipline and good conduct in the Navy, was postponed until Tuesday next.

The House resumed the consideration of the bill reported yesterday from the Committee on Public Lands, granting a right of way and donation of land to Iowa, for the construction of a railroad from Council Bluff to Davenport, and from Keokuck to Dubuque

Mr. Henn, of Iowa, resumed his speech of yesterday, and said that there was a disposition on the part of the Eastern members to overrule the West, by placing their own in advance. He then analyzed the votes of Eastern members on the motion to refer the Missouri Railroad bill, showing that the majority of them in this respect were opposed to the West

Mr Chandler said that the feeling in the East was in favor of those bills, but they must be voted on at a proper time and under proper circumstances.

Mr Johnson, of Arkansas, said the forcing of Eastern measures ahead of Western measures, and putting the latter on the Calender, was but another name for death

Mr Henn resumed speaking for the West, and explained the bill and its peculiar merits

The bill was committed to a Committee of the Whole on the State of the Union, by a vote of 115 to 50

Mr Dean moved that the rule be reconsidered, which was laid on the table

The House then took up the Private Calendar.

The House then passed a large number of private bills, and then adjourned until Monday

The Court was crowded, and considerable excitement existed

THE LEHMAN MURDER CASE.

PHILADELPHIA, April 2

A motion was made before the Court of Oyer and Terminer this morning, for a new trial in the case of the brothers Skupinskin. An argument was had, but Judge Allison told the prisoners that he was about to pronounce sentence of death against them. Mathias then said that he was led to the commission of the crime by a man that Justice his not got got. Blair said he would be punished for the crime of his brother, and declared his innocence. Mathias confirmed his brother's statement. He asked to be spared until the third man should be caught. Sentence was then pronounced and translated

MEDICAL.

The best Remedy ever known to Man.

Coughs, Asthma, Colds, Croup, Bronchitis, Influenza, Bleeding of the Lungs, Difficulty of Breathing, Liver Complaint, Pain in the Side or Back, Fever Chills, Consumption &c.

In short, this Balsam is positively adapted to every disease of the Lungs and Liver, which is produced in our ever varying climate.

WILD CHERRY HAS LONG BEEN known to possess important medicinal properties. The fact is familiar to every mother in our land, and physicians often prescribe it in a variety of forms for different complaints. Yet, also has been equally noted for its virtues, and to the physician, who see human life fading to the country, have gone so far as to declare that even CONSUMPTION could be cured by that alone. In other hands, again, it was usually valueless, owing no doubt, to their ignorance in preparing and administering it, a difficulty, now entirely obviated by patient experiment and long experience.

The extraordinary medicinal qualities of these two substances are now, for the first time, combined and introduced in Dr. Wistar's Balsam of Wild Cherry. By a new chemical process, everything deleterious or useless is rejected, so that what remains is the most extraordinary and truly efficacious remedy for all kind of pulmonary and liver diseases ever known to man. Its curatives are so universally acknowledged, I now refer to testimony that cannot be questioned.

Extract of a letter from Mr. Jacob Harper, Baltimore, Md., dated Feb. 2, 1852.

Dear Sir—Immediately on receipt of your CHERRY PECTORAL, I carried a bottle to an acquaintance of mine who was thought to be near his end with quick consumption. He was then unable to rise from his bed, and was extremely feeble. His friends believed he must soon die, unless relief could be obtained for his cough, and I induced them to give your excellent medicine a trial. I immediately sent him to Baltimore, and I am happy to say to your surprise on my return, to meet him in the street on my way home from the cars and find he had suddenly recovered. Your week from the day he took your medicine, he was at work at his arduous trade of a blacksmith.

There are other cases within my knowledge, where the CHERRY PECTORAL has been equally beneficial to those so marked as this. Very truly, yours,

G. W. UNDERWOOD

Dr J. C. Ayer, Lowell—Dear Sir—Feeling under obligations to you for the restoration of my health, I send you a report of my case, that you may publish for the benefit of others. Last winter I took a bad cold, accompanied by a severe cough, and made use of many medicines, without obtaining relief. I was obliged to give up business, frequently raised blood, and could get no sleep at night. A friend gave me a bottle of your CHERRY PECTORAL, the use of which I immediately commenced, according to directions. I have just purchased the fifth bottle, and am nearly recovered. I now can sleep well, my cough has ceased, and all by the use of your valuable medicine. J. F. STONE, M.

Dear Sir: I wish I could tell all that I suffer with a cough, what your CHERRY PECTORAL has done for me. It does seem they might be benefitted by the information. I had a lung fever, which left my lungs weak and inflamed. Being very feeble and unable to gain strength at all, we thought I had seen sink in consumption. I had no appetite, and a dreadful cough was fast wearing me away. I began to take your beautiful medicine, on the advice of a clergyman, who had seen its effects before. It eased my cough at first, and gave me rest at night. In less than a fortnight I could feel well, and my cough has ceased to be troublesome, my appetite returned, and my food nourished me, which never happened my strength. Now, after five weeks, I am well and strong, with no cough to help them, your Cherry Pectoral. Yours with respect, JULIA DEAN.

I hereby certify that the above statement of my wife is in conformity with my own views of her case, and her cure is my and her strongest testimony. J. DEAN.

The above named Joseph Dean, and Julia, his wife, are personally known to me, and implicit confidence may be placed in their statements.
