"RESIST a Temptation till You Conquer it,"—particularly if the temptation is to spend your money as fast as received,—and by doing as Franklin recommended you will conquer it; for he said "Moderate your appetite and your pleasures so that with little you may be content," for "if youth knew what age would crave it would both get and save;" and deposit such savings in the Franklin Saving Fund, No. 136 South Fourth street, below Chestnut, Philadelphia, where deposits are received and payments made promptly, with five per cent. interest, between the hours of 9 and 3 o'clock, daily, and on Wednesdays and Saturdays from 9, A. A NOVELTY IN THE ART WORLD!
Photography Upon Porcelain.
Secured by letters patent in the United States, England, France, and Belgium
The American Photographic Porcelain Company, No. 781 Broadway, N. Y.
having secured their novel and ingenious invention by American and European patents, are fully prepared to execute all orders for Miniature Likenesses of Persons on China, presenting all the attractive and advantageous features of ordinary photographs, the brilliancy and finish of a water-color drawing, and a hitherto unattained quality of durability, by being rendered as imperishable as the natural properties of the articles upon which they are transferred.
As the patented process of the Company enables the reproduction of Photographs, not only on plain surfaces, but upon such as are round or of any degree of irregularity—portraits can be reproduced with faultless accuracy, and delicacy of delineation, upon Porcelain vases of any description and dimension used as articles of luxury or of household utility, such as Urns, Vases, Breakfast Cups, Toilet Ware, &c.; thereby securing faithful portraits and furnishing a unique and exclusive style of ornamentation of articles in domestic use.
In order to furnish facilities for the gratification of the popular taste, and to meet the wants of those patrons of the Fine Arts desirous of having Portraits on Porcelain, the Company have imported from Europe a collection of superior porcelain goods, manufactured to their own order, which they sell at cost freely.
As the American Company are owners of the patent right, and consequently the only persons authorized to use the process, they have determined, in order to afford People in every section of the Union an opportunity to possess Portraits on China, to make the following proposition to residents in the Country, who are unable to visit personally the Atelier and Gallories in New York.
Persons sending a photograph, ambrotype, or daguerreotype to the office of the Company in New York, accompanied by Five Dollars, will receive in return by express, free of other charge, a richly ornamented Breakfast Cup and Saucer, with the portrait transferred thereon.
By transmitting a daguerreotype and Ten Dollars, they will secure in like manner, a handsome French Vase or Toilet article, with the portrait reproduced by the patented process.
By sending a pair of daguerreotypes and Fifteen Dollars, they will receive in return a pair of rich Sèvres Vases, with the portraits executed equal to miniature paintings; and, in like manner, portraits can be reproduced on porcelain Water or Vases of every quality of finish, ranging in price from Twenty to One Hundred Dollars the pair.
N. B.—Be particular in writing the address, town, county and State distinctly. All letters to be address to

MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ardly Realized.
Hi 'ad 'a 'orrible 'eadache this afternoon, hand I stepped into the hapothecaries hand says hi to the man, "can you lease me of an 'eadache?" "Does it hache 'ard," says 'e. Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand you 'ear me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

☞ HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of diseases which might otherwise escape attention, till too late to be remedied; and disinclination should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases among which are Apoplexy, Gout, Rheumatism and all Febrile diseases. In its nervous form it is symptomatic of diseases of the stomach constituting *sick Headache*, of hepatic disease constituting *Bilious Headache*, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies and in other instances it comes on slowly, heralded by depression of spirits or accuracy of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named *Neuralgia*.
For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its cathartic power eradicating the diseases of which headache is the warning index.

BEWARE.—Mama wants you to send her a box of Cephalic Pills, you know, both of Prepared Pills.—But I'm thinking that's not just it neither; but perhaps you'll be either knowing what it is. You see she's quite dead and gone with the Sick Headache, and wants some more of that same as relieved her before.
Druggist.—You must mean Spalding's Cephalic Pills.
Bridget.—Och! sure now and you've said it, here's the quarter and give me the Pills and double all day about it either.

A Real Blessing.
Physician.—Well Mrs. Jones how is that headache?
Mrs. Jones. Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes and I wish you would send more so that I can have them handy.
Physician.—You can get them at any Druggists. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache.
Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends for they are a *real blessing*.

TWENTY MILLIONS OF DOLLARS SAVED—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

☞ OVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

☞ DID you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires.

FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.
