HOME MATTERS.

BISHOP O'CONNOR'S LECTURE.—Our readers will remember that the Right Reverend Bishop O'Connor intends to deliver a Lecture in reply to those of Professors McGill and Jacobus, at the Masonic Hall, this evening, the proceeds of which will be devoted to the Mercy Hospital. The interesting nature of the subject, and the charitable object which the distinguished lecturer has in view, will doubtless ensure a crowded house. We advise all who wish to obtain a comfortable seat, to go at an early hour.

THE FUNERAL of the late T. L. McMillan, Esq., will move from the residence of the family, on Federal street, second door above the North Common, at 10 o'clock this morning.

CONCERT LAST NIGHT.—The failure of the gas last night, prevents us from giving to-day such a notice of Miss Hayes' Concert as we had intended. At present we must content ourselves by saying that the "Lament of the Irish Emigrant," three verses of which she gave, was sung more sweetly, and with a greater degree of pathos, than any ballad to which we have ever listened. In grace and feeling, in our estimation at least, Miss Hayes by far excels all the other artistes who have visited the city of Pittsburgh.

JURORS DISCHARGED.—The panel of jurors in the District Court have been discharged from further attendance, as owing to the flood, a sufficient number could not be assembled for the transaction of business.

ARGUMENT LIST.—The argument list was taken up yesterday in the District Court, and will probably occupy their attention during this and the next week.

NARROW ESCAPE.—On Monday, as Alderman Major and Mr. Scott of the Common Council, were passing along Stevenson street, a large beam of wood fell from a [illegible] house, and they narrowly escaped being crushed under it.

SURETY OF THE PEACE.—Alderman Major, on Monday, committed William West to prison, charged, on oath of Amelia West, with surety of the peace.

THE PUBLIC HEALTH.—According to the report of the physician to the Board of Health, eleven persons died in Pittsburgh during the week ending the 12th. Two of these were adults, and nine children.

RESIGNED.—Mr. John Snee, late high constable of Allegheny city, has resigned.

NOT PUBLISHED.—The publication office of the Allegheny Daily Enterprise is surrounded by water, and no regular paper was issued yesterday in consequence.

ASSAULT AND BATTERY.—Philip Walkil of the Fifth Ward, yesterday laid a complaint before Alderman Parkinson against a man with whom he had had a regular "rough and tumble" fight the result of which was, that the prosecutor's face was badly disfigured. A warrant was issued for his opponents arrest.

ASSAULT WITH INTENT TO KILL.—His honor, Mayor Fleming, of Allegheny, yesterday committed Gregory M'Intosh to prison, on a charge of assault and battery with intent to kill, preferred against him by Abraham Dickinson, one of the hands in Bissel & Semple's iron works. It appeared in evidence, that on Monday afternoon, Dickinson, while entering a drinking house, opposite the Post Office, was assaulted by defendant and knocked senseless. He was then conveyed, in a state of insensibility, to his residence, near the Rev. Dr. Swift's Church, where he still lies in a very precarious state.—His jaws have been fractured and his face horribly mutilated. The prisoner is said to have borne an old grudge against the wounded man, arising out of some dispute at a ball.

ROBBERY.—James Maitland, a printer who boards opposite our office, was on Sunday night robbed of twenty-eight dollars, by some thief who had entered the house. Another boarder also lost a small sum.

ASSAULT WITH INTENT TO KILL.—A man named Edward Smith was on Sunday night arrested by some of the watchmen for firing a pistol at David C Kinney, fortunately without injuring him. He was held to bail in the sum of $500 for his appearance.

MAGIC.—Our readers will remember that Monsieur Adrien, an old favorite with the Pittsburgh public, gives an exhibition to-night at Lafayette Hall. He is one of the best performers in all tricks of sleight of hand we have ever seen.

COTTON MARKET.—Brown & Shepley's Circular says that cotton has been very dull since the America sailed. The sales for the past four days have been 18,000 bales, at prices rather favorable to buyers.

There has been rather more doing in the Corn market, but no quotable change.

Provisions, &c—McHenry's Circular says considerable speculative transactions have taken place. Flour has been selling at 19s. 6d. Wheat has further declined from 2d. to 3d., with free sales. Corn dull at 28s. 6d. to 29s. for yellow, and at 30s. to 31s. for white. Bacon is in good inquiry without stock. Some new Beef has arrived, but is not yet landed. French Pork is offered at a decline of 2s. For Lard there is more inquiry, at steady prices.

Bark—No transactions; Clover seed difficult to sell at lower rates; Rice dull, but not lower; in Tallow and Oils there is nothing doing. The Arctic brings 47 passengers.

HOUSE.—The motion to reconsider the vote by which the House on Friday re-committed with instructions the report of the Committee on Public Printing, came up, and prevailed, thus thus opening the whole subject again. The resolution to re-commit was rejected. Mr. Venable offered a resolution that the Committee on Printing contract with the lowest responsible bidder for such work as the present contractor has failed, or may fail to execute according to contract. On motion of Mr. Gorman, the resolution was so amended as simply to refer it to the Committee, and it was then agreed to.

ZINC PAINTS.

MANUFACTURED BY THE NEW JERSEY ZINC PAINT PACKING AND MINING COMPANY, Newark, N. J.

This Company is prepared to furnish a supply of these valuable

ZINC PAINTS,

Which have been tried after several years' trial, both in Europe and the United States, to be the most durable and beautiful of all other properties superior to any other paint whatever. Their

WHITE ZINC PAINT

is purely an oxide of Zinc, and is warranted free from all adulteration and impurity whatever, is durable, white as well as beautiful, and is entirely free from the poisonous properties of most other white paints, so dangerous to the health of persons and their families.

IT WILL NOT CHANGE COLOR IN YELLOW.

When exposed to sulphurous or metallic exhalations, or to be turned to a dark color in a short time. As an outside paint, it withstands a southern climate and the alternate heat and cold of our climate, and being liable to turn chalky or to crumble and rub off.

BLACK AND COLORED ZINC PAINTS.

These are furnished at a low price, and are undoubtedly the cheapest and most durable paint for outside work, fencing, outhouses, steamboats, or any exposed surface of wood, brick, or stone.

WEATHER AND FIRE PROOF.

For iron surfaces they are particularly valuable, as they form a durable coat, which will not blister or scale from heat, nor dry quickly, and having a pure metallic base, are free from the color fault of other zinc, and can easily paint a new surface.

Dealers supplied on liberal terms by the agents of the company.
