Agriculture.

HILLING CORN.

The Rural Register has an article from one of its correspondents on the culture of corn, from which we make the following extract:

One day while hoeing in our garder corn field of a quarter of an acre, we sat down a half hour and studied diligently the character of the rootlets everywhere about us radiating from the corn stalks, from one to three inches above the surface of the ground. It occurred to us that nature designed them for something else than mere ornaments; and that if the requisite material for their full development were supplied, they might become roots and add something to the vigor of the stalk. So, in order to make our experiment a fair test, we set to work with our hoe, and to each alternate hill we drew up the earth, covering the shoots to an average depth of eight inches. After an interval of two weeks, we found upon examination, that we had a set of vigorous top roots giving extra support to the stalk and imparting an extraordinary degree of vigor to its growth. Nearly every stalk thus "hilled up," afford an extra ear, grow one fifth taller than those not hilled, and the grain ripened several days earlier. Hence we have ever since argued that it is good economy to 'hill up" corn; but we would remind the farmer that it is a dangerous practice to run the plough or cultivator so near the stalks as to disturb the regular roots. A very simple and efficient cross bar cultivator can be arranged, so that with a light dip on either side, the two outer shares will throw sufficient earth to the stalks, wi hout disturbing the roots.

SLUGS IN STRAWBERRY BEDS.

It sometimes happens that strawberry patches, mulched with saw dust or tanners' bark, become infested with worms—though in our experience, this seldom happens in the use of bark. But when this occurs, if the bed is an old one, we should advise breaking it up as soon as possible, killing the slugs which come to light, and working into the soil a good dressing of ashes or lime. If the worms are not very numerous, watch where they bury, and then give a good soaking of tobacco water.—Make the decoction at the rate of one pound of tobacco stems to three gallons of water; let it soak half a day, stirring it occasionally, and then apply with a watering pot. We have known this to exterminate such 'Varmints' pretty effectually.—When tobacco stems are not on hand, try salt and water, at the rate of half a pint of salt and two gallons of water. The strawberry will endure salt about as well as asparagras. Sprinkle the brine on the infected districts at evening.

HEAVES.

The "Farmer and Gardener" gives the following as a cure for the heaves in horses: "Take smart weed, steep it in boiling water till the strength is all out; give one quart every day, mix with bran or shorts, for eight or ten days. Give green or cut up feed, wet with water, during the operation, and it will cure."

HAY-MAKING.

As the season for making hay is approaching, we will give a few words of caution in advance. Don't try to dry your hay too much. Hay may be dried till it is as worthless as straw. As a good coffee-maker would say, "Don't burn your coffee, but brown it;" so we say, don't dry your hay, but cure it. Our good old mothers who relied upon herb tea instead of "potecary medicine," gathered their herbs when in blossom and cured them in the shade. This is the philosophy of making good hay. Cut in the blossom, and cure in the shade. The sugar of the plant when it is in bloom, is in the stalk, ready to form the seeds. If the plant is cut earlier the sugar is not there; if later the sugar has become converted to woody matter.

Hay should be well wilted in the sun, but cured in the cock. Better to be a little to green than too dry. If, on putting it into the barn, there is danger of "heating on the mow," put on some salt. Cattle will like it none the less.

Heat, light, and dry winds, will soon take the starch and sugar, which constitute the goodness of hay, out of it; and with the addition of a shower, render it almost worthless. Grass cured with the least exposure to the drying winds and searching sunshine, is more nutritious than if longer exposed, however good the weather may be. If ever cured, it contains more woody fibre and less nutritive matter.

The true art of hay-making, then, consists in cutting the grass when the starch and sugar are most fully developed, and before they are converted into seed and woody fibre; and curing it up to the point when it will answer to put it into the barn without heating, and no more.

MOSES KAUFMAN

Bloomsburg, June 23, 1860—tf.

BETTER Sugars at 10cts. per lb. than has been sold at 12cts. for the past year at

BOERHAVE'S

HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND,

FEVER AND ACUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Barhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. *It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.*

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

READ CAREFULLY!

The Genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at One Dollar per bottle, or six bottles for Five Dollars. The great demand for this truly celebrated Medicine has induced many imitations, which the public should guard against purchasing.

☞ Beware of Imposition. See that our name is on the label of every bottle you buy.

Sold by Druggists generally. It can be forwarded by Express to most points.

SOLE PROPRIETORS,

For Sale by G. M. Hagenbuch, Druggist, Bloomsburg Pa Oct. 27 1860.

EVANS & WATSON—SALAMANDER SAFES, REMOVED to 501 *Chestnut Street, above third Philadelphia,* have on and a large assortment of Fire Proof Salamander Safes, iron doors, for banks and stores, iron shutters iron sash, all makes of locks equal to any made in the United States.

Fire Safes in use 3 yrs. All cases not right, with contents in good condition.

The Salamander Safes of Philadelphia against the world.

EVANS & WATSON,

have had the surest demonstration in the following certificate that their manufacture of Salamander Safes has at length fully warranted the representations which have been made of them as rendering an undoubted security against the terrific element.

Messrs. Evans & Watson: Philadelphia April 12, 1856.

Gentlemen—It affords me the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchase of you some five month since we saved a large portion of jewelry, and all our books, &c., exposed to the extraordinary fire in Rittenhouse place on the morning of the 18th inst.

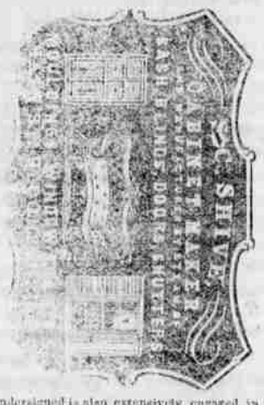
When we reflect that these safes were located in the fourth story of the building we occupied and that they fell subsequently into a heap of burning ruins, where the great concentration of the heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your safes.

We shall take great pleasure in recommending them to men of business as a sure reliance against fire.

GEORGE W. SIMMONS & BRO., *Jewellers.*

☞ They have since purchased six large Safes.

August 29, 1859.



THE undersigned is also extensively engaged in the *Undertaking Business,* and keeps constantly on hand and for sale at his Warerooms, a large assortment of

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR THE DOLOROREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY

DR. J. C. AYER & CO.

LOWELL, MASS.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

All our Remedies are for sale by

E. P. Lutz, J. E. Meyer, G. M. Hagenbuch, Bloomsburg A. Miller, Berwick, and by one store in every town in Pennsylvania.

BAGAINS! BARGAINS!.

NEW FALL AND WINTER GOODS.

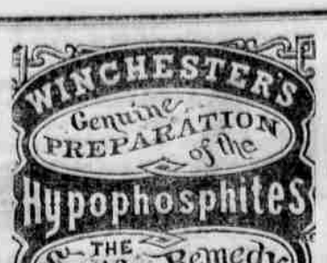
Agent for Col. [illegible]



AND FOR THE SPEEDY CURE OF

Nervous Prostration, General Debility, Asthma, Dyspepsia, Scrofula, Marasmus, Paralysis, Chronic Bronchitis, Anemia, Chlorosis, and all Disorders of the Blood System.

DO YOU KNOW IT?

CONSUMPTION IS THE MOST FATAL SCOURGE OF MANKIND. It has been truly regarded as AN INCURABLE MALADY—few ever surviving its attack. "*One sixth of the whole human race,*" says Dr. Cheavasse, "and MORE THAN ONE HALF OF ALL THE ADULT POPULATION of moderate climates consume a PERISHABLE TISSUE." What a sad commentary on the boasted efficacy of the Healing Art!

The brilliant Discovery of Dr. Churchill, made to the Imperial Academy of Medicine, of Paris, has proved an *inestimable* boon to the world. By the use of this new and powerful remedial agent, known to Chemistry as

THE HYPOPHOSPHITES,

"The CURE of CONSUMPTION, even in the Second and Third Stages (at a period, therefore, when there can be no doubt as to the nature of the Disease) is the RULE, while DEATH IS THE EXCEPTION." * * * "I KNOW," says Dr. C., "that they will prove not only as SURE A REMEDY in CONSUMPTION as Quinine is in Intermittent Fever, but also as effectual a PRESUMPTIVE as Vaccination in Small Pox."

Let no sufferer, who values health and life, delay an hour to try this remedy. Remember that "prevention is better than cure." Beware of self-deception, or the soothing assurance of friends that "*It is only a little cold!*" Fatal error to myriads who now fill premature graves! Give, I entreat you, prompt attention to the

EARLIEST SIGNS OF CONSUMPTION.

"AND THESE SIGNS SHALL FOLLOW THEM."—*Mark.* "The *earliest* symptom of tubercular disease is wasting. It *precedes the cough,* and it is earlier, in point of time, than the fever. It is first manifested in the *face and hands.* The muscular tissues waste; hence memory: there is a sense of something wrong—a *feeling* that the VITAL POWERS ARE FLAGGING. The waste of the living machine is more active than its *repair.*"—*Dr. Pulleck.*

"If, *without any apparent cause,* or under the influence of causes which induce WEARINESS and EXHAUSTION (such as *heat, grief, overwork, excess, low diet, sedentariness, watching, rapid growth,* or *slow recovery from disease,*) a person begins to lose his flesh, strength, color, or appetite; if he suffers from *paleness of cheek,* or *languor and depression,* THERE IS REASON TO FEAR that he is *already predisposed to the complaint.* If to these symptoms be added *cough,* however slight, particularly if it has come on slowly, or during the late season, THE PROBABILITY IS GREATER STILL."—*Churchill.*

EFFECT OF THE REMEDY.

"If, on the earliest appearance of these signs of Consumption, the patient takes daily about ten grains of the HYPOPHOSPHITES, he will usually see them all disappear in a period varying from a few weeks to a few months; and by continuing the occasional use of the Remedy, HE WILL SPEEDILY FIND HIMSELF IN THE ENJOYMENT OF SUCH HEALTH AS HE, PERHAPS, HAD NEVER KNOWN IN HIS LIFE BEFORE."

"Winchester's Genuine Preparation"

IS THE ONLY RELIABLE

Form of Dr. Churchill's Remedy. [Made from the original Formula.] The action of the Hypophosphites is two-fold and specific: *converting the principle* which CONSTITUTES NEROUS TISSUE, and they are the most POWERFUL BLOOD-GENERATING AGENTS KNOWN. The effect upon the tubercular condition is IMMEDIATE, all the GENERAL SYMPTOMS DISAPPEARING WITH A RAPIDITY which IS REALLY MARVELOUS. They *relieve* the cough, *diminish* expectoration, *improve* the appetite, *arrest* diarrhœa; the night *sweats, chills,* and *fever* cease; the bowels *become regular,* and THE PATIENT CALM AND PROFOUND.

A FAIR TRIAL IS A CERTAIN CURE!

☞ BEWARE of *Bogus Remedies* advertised as Dr. Churchill's, and all other SWINDLING DEVICES to rob sufferers of their means, *lose precious time,* and hasten a FATAL RESULT. Write to me for CIRCULARS, and for

Dr. Churchill's Treatise on Consumption,

which contains the *only authentic information* in regard to this NEW TREATMENT. Sent free to all inquirers.

PRICE: In 7 and 16oz. Bottles, $1 and $2 each.—Three large, or six small for $5. My fac-simile is on both the Label and Outside Wrapper.

NO OTHER IS GENUINE.

☞ Do not confound this Remedy with the so-called "Chemical Food;" and particularly avoid all preparations containing iron, which is DANGEROUS, and *Cod-liver Oil,* which has SO CURATIVE EFFICACY WHATEVER.

Sold by the most respectable Druggists throughout the United States and British Provinces, and Wholesale and Retail at the General Depot in the United States, by

J. WINCHESTER, 36 John Street, N. Y.

March 9, 1861.

Light ! Light ! Light !

PARAGON

COAL OIL BURNERS AND LAMPS FOR *BURNING*

COAL, KEROSENE, OR CARBON OILS.

THE best, most brilliant, and cheapest portable light now in use. No danger of any accident and cheaper than tallow, lard oil, fish oil or camphene.

☞ EQUAL TO GAS. ☜

Without the expense of gas fixtures. The above Lamps (with all its fairy trimmings) can be seen and bought at the old established Drug and chemical Store of the undersigned. He flatters himself that from his long experience in the Drug trade, he knows how and where to buy, and is determined not to be undersold by any one in Bloomsburg, or surrounding country. Call and see his new and well selected stock, consisting in part of

YANKEE NOTIONS,

ever brought to this place, all of which please call and see and you must believe.

Having learned by experience that "long credits will not keep things moving," I have determined to

REDUCE PRICES,

to cash buyers, to make it an object to them as well as the seller, to deal on the cash principle, either money or ready trade.

Having served a regular apprenticeship at the Drug and Apothecary business, besides having carried it on for the last eighteen years, on my own book, I flatter myself that I can and will do justice to all giving me a trial. Thankful to the public for past favors, I would ask a trial on the new principle, and will guarantee to all that it will make long friends, and pay best in the end to pay cash and buy at reduced prices.

PHYSICIANS PRESCRIPTIONS

carefully compounded, and all orders correctly answered. Medicines guaranteed as recommended. Store Room on Main Street, near Market, next door to the Post Office, Bloomsburg, Columbia county, Pa.

EPHRAIM P. LUTZ.

August 4, 1860.

"A little, but often fills the purse."

SAVING FUNDS.

FRANKLIN SAVING FUND—No. 136 South Fourth Street, between Chestnut and Walnut Philadelphia, pays all deposits on demand.

Depositors' money secured by Government State and City Loans, Ground Rents, Mortgages, &c.

This Company offers more safety better than large profits, consequently will run no risk with depositors' money, but have it at all times ready to return with 5 per cent. interest to the owner, as they have always done. This company never suspended.

Females, married or single, and Minors, can deposit in their own right, and such deposits can be withdrawn only by their consent.

Charter perpetual. Incorporated by the State of Pennsylvania, with authority to receive money from trustees and Executors.

LARGE AND SMALL SUMS RECEIVED.

Office open daily from 9 to 3 o'clock, and on Wednesday evening until 8 o'clock.

WINE AND LIQUORS.

WHOLESALE AND RETAIL.

THE undersigned, having opened a New Store, on Main Street, a few doors South of Iron Street, Bloomsburg, and stocked it with the best Brands of all kinds of *Imported Liquors,* will be happy to supply the trade on the most accommodating terms and at unusually low prices.

☞ Public Custom is respectfully invited.

D. W. ROBBINS.

Bloomsburg, July 7, 1858.

Those Laboring Under

sickness can at once relieve themselves from the thousand maladies that flesh is heir to, if they will only follow the counsels of nature, and take the medicine which best assists her in her operations. That medicine is the Vegetable Life Medicines of Dr. MOFFAT, known as

MOFFAT'S LIFE PILLS

and

PHŒNIX BITTERS.

These Medicines have now been before the public for a period of 30 years, and during that time have maintained a high character in almost every part of the globe for the extraordinary curative properties which they possess.

Moffat's Life Pills.

Moffat's Life Pills are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and endowing them with renewed tone and vigor; and to the undoubted fact that at a very early part in their history, they had rescued sufferers from the very verge of an untimely grave, perfectly securing to them that uniform enjoyment of health, without which life itself is but a partial blessing. So great indeed has their efficacy invariably proved, that it was scarcely less than miraculous to those who were unacquainted with the beautiful philosophical principles upon which they were compounded, and upon which they consequently act.

MOFFAT'S PHŒNIX BITTERS.

Moffat's Phœnix Bitters are so called, because they possess the power of restoring the expiring embers of health to a glowing vigor throughout the constitution, as the Phœnix is said to be restored to life from the ashes of its own decease.

Mercurial Diseases.—There is probably no one article given as a medicine, the injurious use of which has caused such wide spread and terrible mischief to the human system as mercury. Its poison sinks
