As the President has commissioned Gen. BLAIR to take an important command, after BLAIR had made such terrible charges against the honesty of Secretary CHASE, it is very clear what President LINCOLN thinks of Chase.

All the companies of heavy artillery in the State have been ordered to Washington. A sufficient number of Massachusetts militia will take their places in the forts.

Great Central Fair,

FOR THE

SANITARY COMMISSION.

OFFICE OF THE COMMITTEE ON LAB R, INCOMES AND REVENUES. No. 118 South Seventh Street, Philadelphia, April 4th, 1864.

The Committee on "Labor, Incomes and Revenues," in co-operation with them in the particular work for which they have been appointed. As no portion of the people are more patriotic than the working men and women of the country, it is but just and proper that that they should alike have an opportunity to contribute to the objects of the Fair. The most equitable plan for accomplishing this, and at the same time the easiest one, is to ask for the contribution of a single day's labor from all classes in the community. Many will contribute a day of their labor willingly, who would not subscribe their money. To reach every department of industry and art will be a work of great labor, but, attained, will be productive of immense results.

The success of the plan will depend upon the hearty co-operation of every element of influence within our limits, and we invite all the guardians of the industrial interests, and all others, to lend aid with us in furthering this great work of patriotism and humanity.

The Committee is charged with the following duty, to wit:

FIRST—To obtain the contribution of "one day's labor," or earnings, from every artisan and laborer, foreman, operative and employee; president cashier, teller and clerk of every unincorporated company, railroad and express company, employing firm, bank manufactory, iron works, oil works, mill, mine and pub lic office; from every private banker and broker, importer auctioneer and merchant; clerk, agent and salesman; designer, painter and artist; publisher, printer and mechanic; from every government officer, contractor and employee; grocer, butcher, baker and dealer; farmer, horticulturist and producer; from every manufacturer, milliner and female operative; every individual engaged in turning the soil, tending the loom, or in any way earning a livelihood, or building a fortune within the States of Pennsylvania, New Jersey and Delaware.

SECOND—To obtain the contribution of one day's "Revenue," from all the great employing establishment firms, corporations, companies, railroads and works.

THIRD—To obtain the contribution of one day's income from every retired person of fortune, male and female, living upon their means, and from all clergymen, lawyers, physicians, dentists, editors, authors and professors; all other persons engaged in the learned or other professions.

Much of this work must be performed by the personal influence and efforts of ladies and gentlemen associated or to be associated with the Committee in carrying out this plan.

The Committee feel the responsibility of the work they have undertaken, which, to be successful, will require a very great distribution of their plan, and they therefore call upon all earnest people, to assemble themselves together in every town, township, and county, and form organizations of ladies and gentlemen to co-operate with them in this great work and labor of love. In the manufacturing counties, the coal and oil regions, and in the agricultural districts, step easily let there be organizations in the large towns, so that the young people may have an opportunity this to render assistance to their relatives and friends fighting the battles of their country in the armies of the nation.

The work of the Committee may be prosecuted where no other effort can be made for the Fairs as in the names of the coal regions. A day's earnings of the miners, and a day's product of the mines, could be obtained, where no portable article could be procured for transportation. Indeed there is no part or section of these states where the day's may not be obtained, if organization can be formed to reach it on.

The committee cannot close without urging upon all Proprietors of Establishments the duty of taking prompt and energetic action to secure the benefit of the day of labor from all within their control.

The Committee deem it unnecessary to do more than this to be said the subject to the people of the three States named. In the coming campaign of our armies the labors of the "Sanitary Commission" will be greatly augmented. By the first of June 500,000 men—one of the largest armies of modern times—will operating in the field. So large a force scattered over regions to which the means are unsaturated, must necessarily carry along with it a large amount of sickness, suffering and death, to say nothing of the gathered horrors of the battle-field.

These sufferings, it is our bounden duty, as men and Christians, to relieve. A great and enlightened people, enjoying the blessings of a government of their own making, cannot refuse assistance to those suffering to maintain its authority, and we will not believe that the "Great Central Fair" drawing its products from the three States of Pennsylvania, New Jersey and Delaware, so affluent in all other agricultural and industrial wealth, shall fall behind any similar effort which has yet been made for the relief of the Nation's children.

As it is desirable not to multiply circulars; no further authority than this circular will be necessary for any employing firm or company, or any responsible committee of ladies and gentlemen, to proceed at once to the work of this committee, and we hope that under it organizations will spring up in all the towns and busy regions of the States of Pennsylvania, New Jersey and Delaware.

Subscriptions will be thankfully acknowledge in the newspapers of Philadelphia, and it is very desirable that the work commence soon, as much depends on assignment with attainable effort in obtaining facilities.

All subscriptions should be addressed JOHN W. CLAGHORN, Treasurer, office of the "Committee on Labor Incomes and Revenues," No. 118 South Seventh Street, Philadelphia.

COMMITTEE FOR A DAY'S LABOR.

GREAT CENTRAL SANITARY FAIR.

Committee on "Labor, Incomes and Reuenues." Office No. 118 S. Seventh St.

JOHN W. CLAGHORN, Treasurer.

This committee has a special work, to wit: to obtain a day's "labor," a day's "income," and a day's "revenue," from every citizen of the three States of Pennsylvania, New Jersey and Delaware, for the benefit of our sick and wounded soldiers.

The Committee is now fully organized at the above address and calls for the cooperation of all classes in the community.

We want to show what the industrial classes can do for their soldiers!

What the people can do in their separate trades!
What Pennsylvania can do!
What New Jersey can do!
What Delaware can do!
What each county can do!
What each city and town can do!
What each profession can do!
What each trade can do!
What each occupation can do!
What each manufactory can do!
What each bank, insurance company and railroad can do!
What each mine can do!
What each workshop can do!
What each family can do!
What each man can do!
What each woman can do!
What each boy and girl can do!

We want to show to the world what American freemen are ready to dedicate to their soldiers!

This is a great work and the time short.

The way to do so is to ORGANIZE!

Organize in your workshops—in your families.
Let the men organize.
Let the women organize.
Let the trades organize.
Organize everywhere.
Let the workman give with their employers, the employers with their workmen.

It is easy done. If the workmen will authorize their employers to deduct one day from their weekly or monthly earnings, and the employers will add to it a day of their profits, the whole sum will be acknowledged together to the credit of the establishment. We say to all, go to work at once with us to this great work.—Hurry your contributions. Every acknowledgement will stimulate others to follow your example.

Circulars with full instructions will be sent upon application by mail or otherwise, to the undersigned.

To work! to work!

I. MONTGOMERY BOND, Chairman.
Mrs. E. W. HUTTER,
Chairwoman of Ladies' Committee.
M. J. MITCHESON, Secretary.

GERMAN BITTERS

DR. C. M. JACKSON, Philadelphia, Pa.

WILL effectually cure Liver Complaint, Dyspepsia, Jaundice, Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or stomach, such as Constipation, Inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness of weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, constant Imaginings of evil, & depression of spirits.

And will positively prevent Yellow Fever, Bilious Fever, &c. They contain no Alcohol or bad Whiskey.

They will cure the above diseases in ninety-nine cases out of a hundred.

Induced by the extensive sale and universal popularity of Hoofland's German Bitters, (purely vegetable,) hosts of ignorant Quacks and unscrupulous adventurers, have opened upon suffering humanity the flood gates of Nostrums in the shape of poor whiskey, vilely compounded with injurious drugs, and christened Tonics, Bloomchies and Bitters.

Beware of the innumerable array of Alcoholic preparations in plethoric bottles and big bellied kegs, under the modest appellations of Bitters, which instead of curing, only aggravate disease, and leave the disappointed suffer in despair.

HOOFLAND'S GERMAN BITTERS!

Are not a new and untried article, but have stood the test of fifteen years trial by the American public, and their reputation and sale, are not rivalled by any similar preparation.

The proprietors have thousands of letters from the most eminent

CLERGYMEN,
LAWYERS,
PHYSICIANS,
AND
CITIZENS,

Testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

Do you want something to strengthen you?
Do you want a good appetite?
Do you want to build up your Constitution?
Do you want to feel well?
Do you want to get rid of nervousness?
Do you want energy?
Do you want to sleep well?
Do you want a brisk and vigorous feeling?
If you do, use HOOFLAND'S GERMAN BITTERS.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reasons why a man may not testify to the benefit he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, inasmuch as I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and I feel encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN

Philadelphia, June 23, 1862.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put in quart bottles, compounded of the cheapest whiskey or common rum, costing from 20 to 40 cents per gallon, for twice diluted by mixture Coriander seed oil.

This class of Bitters has caused and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of alcoholic stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

For those who desire and will have a Liquor Bitters, we publish the following receipt. Get one bottle of Hoofland's German Bitters and mix with three quarts of good brandy or whiskey, and the result will be a preparation that will for real medicinal virtues and true excellence any of the numerous Liquor Bitters in the market, and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of Liquor, at a much less price than those inferior preparations will cost you.

ATTENTION SOLDIERS!

AND THE FRIENDS OF SOLDIERS.

We call attention to all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the hots, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily relieved. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to the following remarkable and well authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters."

PHILADELPHIA, August 23, 1862.

Messrs. Jones & Evans. Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fellow-sufferers of all the circumstances of my case. I am and have been for the last four years, a member of Sherman's celebrated Battery, and under the immediate command of Capt. R. B. Ayres. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventeen days in the hospital.—I was then removed from the White House, and sent to this city on board the Steamer "Maine of Maine," from which I landed on the 24th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a mouthful down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life did not last under these circumstances; and, accordingly, the physicians who had been working faithfully though unsuccessfully, to rescue me from the grasp of the dread Archer, frankly told me they could do no more for me, and advised me to see a clergyman, and make arrangements of my mortal affairs as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinhorn, of Sixth below Arch Street, advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking it my gloomy shadows of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months, for, gentlemen, I am a loyal Virginian, from the County of Fount Royal. To your valuable Bitters I owe the extremity of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my bosom those who are dearest to me in life.

Very truly yours, ISAAC HALONE.

We fully concur in the truth of the above statement as we had despaired of seeing our comrade, Mr. Malone, restored to health

Through theoretical and practical instruction in all branches pertaining to a finished Business Education.

The Philadelphia College stands first in the State, both in point of reputation and local advantages.—The point aimed at is, to place Commercial Education where it belongs—in the front rank of useful instruction. To this end, a most thorough course of business training is adopted and carefully enforced, under the personal supervision of competent Professors in the various departments. The most perfect system of practical training ever devised has been put in operation, and is successfully carried out, affording to students advantages such as have hitherto been considered possible only in connection with the counting-house.—After becoming proficient in the Science of Accounts, Penmanship, Commercial Calculations and Law, the student is advanced to the Practical Department where he becomes an actual Book-keeper, and Merchant, passes through the different Houses; acts in turn as Teller, Cashier, &c.; learns the duties and responsibilities of each office, and becomes thoroughly informed, not only to the forms which are in universal use, but in managing the affairs of business with system and despatch.

Scholarships issued at one point, are good, for unlimited period, in the eighteen Colleges comprising the "chain."

Diplomas are awarded to those only who fulfill the prescribed course of study, and pass the requisite examination.
