STAR OF THE NORTH.

Bloomsburg, Wednesday, November 7, 1860.

THE STAR contains, to-day, the *Register's Notices, Sheriff's Sales*, and Court advertisements, generally.

GOV. PACKER has appointed Thursday, November 29th, to be observed as a day of Thanksgiving and Prayer in this State.

AGENT.—L. H. Conover, Esq., of Beach Haven, Pa., is authorized to receive subscriptions to the STAR and receipt for the same.

THE Hudson Brothers gave a vocal concert in the Court House on last Monday evening in this place to the general satisfaction of all who heard them.

WE have received a copy of the PRINTER for October. It is an excellent number. The craft cannot do without it—it is one of the indispensibles. Henry & Greason, Publishers, New York city. Terms, $1 a year.

GAME.—The season for game of all kinds has set in, and already the mountains are filled with sportsmen and their dogs, eagerly "seeking whom they may devour." We understand that the season is a prolific one.

THE Prospectus of the New York *Tribune*—Greeley's paper—appears in our columns to-day. Read it, and see what old white coat has to say.

THE Williamsport citizens complain much of the practice of boys in that town tearing hand-bills. This is more or less practiced in our borough, and should any be found in the act and be prosecuted they would have themselves only to blame.

WE ARE informed there is a purse of $30 to be trotted for at Berwick, on Saturday afternoon next. The chances are open for all common trotters. No trained horse allowed to contend for the prize. "That's the way the money goes."

IN another column of the STAR will be found the Prospectus of *The Globe*—the official paper of Congress—published at Washington city, D C.

CASPER MUSMAKER, an old soldier aged 72 years, died at Williamsport on Thursday week. He fought under Bonaparte, and was in the memorable battle of 1812 when Moscow was burnt, and also in the battle of Waterloo—the last of Bonaparte's battles.

THERE will be a trotting match on the Bloomsburg Course, on Thursday next, at 1 o'clock P. M, for a purse of $200, between the horse "Buckskin," of Montour, and the "Gray Mare," of Light Street. Considerable amount of "fun" is anticipated. Turn out and see the "fast nags"!

POULTRY STOLEN.—Not long since the hen house belonging to Thomas Painter, Esq., of this place, was robbed of all its chickens. The thief took every fowl, and fine ones they are said to have been. This is the deed of a most malicious scoundrel. Hanging would not be to severe a punishment for him. Mr. Painter is one of our most venerable and highly esteemed citizens.

THE Republicans of Danville and vicinity, gave a supper at the Montour House in Danville on Friday evening the 26th ult., in honor of the election of *Franklin Bound* to the State Senate from this District. We learn that the supper was participated in by many citizens of that place. The man whom they wished to honor was, quite unexpectedly, deprived the pleasure of enjoying any of the luxuries of this supper, through the interference of professional business.

HALLOW EVE.—Last Wednesday evening was Hallow Eve—the night of projects and bell ringing—the witching night when "golden haired lasses" consult the oracle of fate to learn who their future husbands will be—the night when little urchins steal slyly from under the parental eye, and carry big clubs, knock all their neighbor's doors, and with the war cry "Holler Eve," *shoot* behind a friendly corner, and view with exquisite relish the discomfiture of impatient servant girls who open the doors—the night of fun, frolic, and deviltry generally.

THE Republicans of this vicinity participated in a Pole Raising at Rupert on last Saturday afternoon. The services of the Bloomsburg Cornet Band were engaged for the occasion. The day, as every body knows, was a rainy one, especially the afternoon. In spite of the rain the few Republicans present labored faithfully nearly all the afternoon in raising the pole. At least we are so informed. The number in attendance was not *large, enthusiastic* or *dry*. But they were of the faithful kind. It poured down at times, almost, in streams of torrents, but so determined were the *Colonel* and *Palemon* that the pole *must* go up, and it did go up, after a *long* and tedious struggle. The next thing in order was a speech. Col. P., if we are correct, made a few remarks to the boys, as they always style their crowd, and then *decamped*. The editor of the *Republican* was advertised to speak, and as a matter of course did. And, as the day was so unfavorable for their *proceedings* the Doctor no doubt felt much more like hammering the Democracy, which it is not likely *he* failed to do.

The party particularly engaged in getting up this Pole Raising, we have reason to think, was the loser, as *material aid* was solicited from several Democrats since, for the purpose of defraying expence of Pole, &c. This is as it was reported to us. So much for the Pole Raising at Rupert on last Satur-

RAYMOND'S FAMILY

SEWING MACHINE!

PATENTED MARCH 9, 1858.

PRICE $10 EACH.

MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Cheap Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families. The following are some of the superior advantages this implement possesses, viz:

1. It sews from 400 to 600 tight stitches per minute.

2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.

4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic.—The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so realy useful, doing such a variety of wore for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT.

8. The operator can shape his seam just as he pleases, waves, leaves and flowers, etc., can be represented or imitated.

9. It is particularly adapted to all kinds of stitching—such as gentlemen's shirts, bosoms, ristbands, collars, etc.,—and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine is rather too light of construction.

10. But we all admit, that the advantage to health, and principally to the vision or eyesight, induced by the use of Sewing Machines, surpasses infinitely all other advantages.

11. This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

For sale by the undersigned, at their respective residences, in Bloomsburg, who will put the Machine in operation and give all necessary instruction.

MARK THESE FACTS!

THE TESTIMONY OF THE WORLD.

HOLLOWAY'S OINTMENT.

BAD LEGS, BAD BREATS, SORES AND ULCERS.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflamation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner of the disease named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

INDISCRETIONS OF YOUTH;—SORES AND ULCERS.

Blotches, as also swellings, neo, with certainty, be radically cured if the Ointment be used freely, and Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure

DROPSICAL SWELLINGS, PARALYSIS AND STIFF JOINTS.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Agne,	Drpsy,
Asthma,	Dysentery,
Billious Complaints,	Erysipelas,
Blotches on the Skin,	Female Irregularities,
Bowel Complaints,	Fevers of all kinds,
Colics,	Fits,
Constipation of the Bowels,	Gout,
Consumption,	Head-ache,
Debility,	Indigestion,
Inflammtion,	Sore Throats,
Jaundice	Stone and Gravel,
Liver Complaints,	Secondary symptoms,
Lumbago,	Tic-Douloureux,
Piles,	Tumours,
Rheumatism,	Ulcers,
Retention of Urine,	Venereal Affections
Scrofula, or King's Evil,	Worms of all kinds
	Weakness from whatever cause, &c, &c.

CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernable as a *Water mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

*** Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world, in pots, at 25c., 62c. and $1 each.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients, in every disorder, are affixed to each box. October 10, 1860.
