HOME MATTERS.

A Missionary Festival.—The ladies of the Methodist Episcopal Church, of this city and vicinity, have made arrangements to give a supper at Lafayette Hall, on next Thursday evening, the proceeds of which will be devoted to the purchase of a lot of ground in the 9th Ward of this city, on which to erect a church. There is great need of a church in that region, and we understand that Mrs. Denny has agreed to sell a lot at a very low rate for the purpose, and the lady members of the Methodist Churches of the two cities have instituted this plan to raise means to secure the lot for the benefit of those who live in that Ward. Bishop Simpson, and other clergymen, will be present and address the audience. Supper will be served up at 7, and at 8, and at 9 o'clock. We hope these ladies will be encouraged by the public generally. Tickets $1, to be had of Committees, and at the Book store of J. L. Read, 4th street.

Open Meeting.—An open meeting of the Pittsburgh Division, No. 42, of the Sons of Temperance, will be held on Thursday evening at the Hall on the corner of Wood and Third streets. The public are respectfully invited to attend.

Board of Health.—At a meeting of the Board of Health, at their office, No. 115 Fourth street, the following officers were elected for the ensuing year:—President, Dr. J. J. Myers. Treasurer, Allen Cordell. Secretary, M. W. Lewis. Health officer, George Fortune. Physician, Dr. C. F. Williams.

The Democratic Convention.—Pursuant to notice, the delegates elected at the primary meetings of the democratic party held on Saturday last, in the various wards, boroughs, and townships of the county, assembled in convention, in the Supreme Court room, at 11 o'clock, yesterday.

As soon as the doors were opened a motion was made nominating Gen. Morehead Chairman of the Convention, which was objected to, on the ground that it was not yet eleven o'clock, and the Convention could not organize until that hour.

No attention was paid to the remonstrance, and on a vote being taken, Gen. Morehead was elected by a large majority.

On motion, Col. Henry McCullough, Gen. J. M. Davis, Gen. Jas. H. Watson and John M. Burgess, were appointed Vice Presidents.

The following gentlemen were elected Secretaries: David R. Williams, C. Kent, Jno. Coyle, Jas. Gibson and Campbell Stuart.

Gen. Morehead stated that the object of the Convention was to elect seven delegates to the Harrisburgh Convention, to nominate candidates of the Democratic party for the offices of Canal Commissioner, Surveyor General, and Auditor General.

The Secretaries then read off the wards, boroughs, and townships, to which the respective delegates answered and presented their credentials.

On motion it was resolved that no person would be admitted to represent districts where no primary meetings had been held.

The Chairman announced that there were two contested districts which must be attended to first, by the Convention.

In the First Ward, Allegheny, Mr. M. C. Stewart, withdrew in favor of Mr. Burgess, the contestant.

From Reserve township there were two sets of delegates. Mr. Lynch, who was one of the contestants, moved that one of each set should be allowed five minutes to explain the difficulty which was carried.

Mr. Lynch presented the minutes of the primary meeting, and the tally list, and a certificate from the officers that he had nothing to do with organizing, stocking, or adjourning the meeting. Mr. Thomas Moffitt had told Mr. Bennett, who told him, that he intended to stretch the speaker out, and for that purpose had hired an omnibus, and procured thirteen persons from the city, who would scratch for Sawyer. But they did not get there in time. Mr. Moffitt was not there to meet him face to face and settle the question. The meeting was held at the usual hour.

Mr. Sawyer stated that the meeting was not held at the right hour, between 3 and 5 o'clock. That the meeting at which he was nominated assembled within the hours named above. That the omnibus contained citizens from the lower end of the township, and not from the city.

After a great deal of confusion, making motions and amendments, it was finally agreed that Messrs. Sawyer and Lynch should be considered the delegates, and that Messrs. Gherst and Zoller should be stricken off.

On motion, the Convention proceeded to the election of delegates for the State Convention—which resulted as follows:

1st. District—Charles Kent, John C. Dunn. 2d. District—M. I. Stewart. 3d. District—Gen. Morehead, by acclamation. 4th. District—D. Lynch. 5th District—Thos. Blackmore, by acclamation. 6th. Ward—John S. Hamilton.

A number of resolutions, expressive of the regard of the Convention for a number of democrats, who are candidates for various offices, and commending them to Gen. Pierce, were passed, when the convention adjourned.

At a meeting of the Police Committee at the Mayor's office on Tuesday afternoon, the following appointments were made:

Samuel Kennedy, Second Lieutenant vice Henry Wilson, resigned.

James Boyle, watchman, vice Samuel Kennedy, promoted.

George D. Boyd, watchman, vice Kyle, resigned.

Adam McKeever, substitute, vice Kerr, resigned.

Thomas Hill, Thomas M. Collingwood, and Edmund Karnes, substitutes, to fill vacancies occasioned by failure of a like number to send in bonds.

The appointments do not take effect until the first of March.

Appropriation.—The sum of two hundred and fifty dollars has been appropriated by Councils for furnishing the chambers in the New Market House.

Mr. Howard, of the Select Council, submitted the following resolution:

Resolved, That the Committee on Ordinances be instructed to report an Ordinance relative to the speed of the locomotive on the Pennsylvania Railroad within the city of Pittsburgh, and supplementary to the Ordinance passed June 15th, 1848. Read and referred to Committee on Ordinances.

Action of ejectment, for 33 acres of land in the town of Port Perry. Plaintiff contends she has the original patents of the land to Col. Perry. In defence it is contended that some of the defendants had been in possession of the property for 30 years, during which time nothing was said about the claims. On trial.

Common Pleas.—Samuel Cupps, vs. Alvin and George Gorray, No. 75 December term 1852; Mellon and Palmer for plaintiff, Penney and Sterret for defendant. Action to recover for the hire of a horse and wagon. Verdict $52,50 for plaintiff.

Theatre.—The beautiful spectacle of the Naiad Queen was produced last night in a style of greater magnificence, as regards scenery, dresses and decorations, than ever before at our Theatre. It was superb. It will be repeated to-night, together with the fine nautical drama entitled the 'Red Rover,' dramatised from Cooper's novel of that name. The attraction is a great one and the house will be crowded.

There were only two cases of vagrancy before the Mayor yesterday.

Tippling House.—Mrs. Mitchell, placed under bonds several days ago by Alderman Parkinson to answer the charge of keeping a tippling house was surrendered by her bail, yesterday. She was committed to jail.

The State Democratic Convention will assemble on the first of March, at Harrisburg.

A Drayman was fined five dollars and costs by Mayor Riddle, yesterday, for walking his horse and dray on the pavement, on Wood street.

Fritz Miller was committed to jail on two charges of disorderly conduct, yesterday, by the Mayor, and for surety of the peace by a process of Court.

Alderman Buckmaster committed Daniel Snyder to jail for assault and battery, yesterday. A process of Court for surety of the peace was also served on him.

False Pretences.—A man named Peter Boughman, laid a complaint against George Taylor, before Alderman Parkinson, for obtaining board under false pretences. Taylor, hearing that a warrant was issued, compromised the matter with the prosecutor.

Released.—Joseph Jones, committed to jail on Tuesday, on a charge of riot, in default of bail, was released yesterday, having succeeded in obtaining the amount required.

BY TELEGRAPH.

CONGRESSIONAL.

Washington City, Feb. 16.

House.—Yesterday, the House did nothing but debate in regard to the causes which delayed the business of the session.

Mr. Venable contended that the delay was the fault of the rules, and advocated their repeal. Others said the delay was owing to their not being strictly observed.

Mr. Stephens said the fault was in the character of the members. When statesmen and legislators should be sent instead of demagogues, the difficulty would be obviated.

The House adjourned.

House.—The Post Office Appropriation Bill was taken up and passed.

The Canadian Reciprocity Bill was postponed until to-morrow for examination.

The House then went into Committee, Mr. Bailey took the floor and spoke in reference to the obstruction of business. After wasting some time in this way, the House adjourned.

Senate.—The Chair laid before the Senate the Report of the Board of Officers appointed to survey for a Canal around the Falls of Ohio.

The Deficiency Bill was then taken up, and a long debate occurred on a proposal to strike out the provision to pay $3000 salary to the Kentucky Clerk of the Census Bureau, instead of $2500, a bitter onslaught was made upon him by Messrs. Walker and Davis relative to the cost of the Census, which was over $200,000, and more is now asked for.

The Pacific Railroad bill was moved to be taken up, and rejected. The debate was resumed, and the motion was carried, yeas 36, nays not counted.

An amendment was adopted requiring more appropriation for the Capitol extension, which should not be paid until the 1st of April, so that the Committee for the investigation of frauds might conclude their labors.

The first Deficiency bill was then passed, and the resolutions relative to the right of way across Tehuantepec was taken up.

Mr. Brooke spoke in favor of the resolutions.

Mr. Gwinn moved that the resolutions be laid upon the table, pending which, the Senate adjourned.

THE attention of capitalists is called to that VALUABLE PROPERTY in Allegheny City, commencing at the corner of Lacock street and extending 200 feet along Federal street towards Robinson street, by 100 feet in depth to a 10 feet alley. This Property will be sold altogether or be divided into Lots of 20 feet front, to suit purchasers. It is handsomely situated on the main thoroughfare between the two cities, and in the immediate vicinity of the Depot of the Ohio and Pennsylvania Railroad Company. It would be a most desirable location for a Hotel, a Public Hall, or for business houses with dwellings attached, as this Property assuredly will advance in value, and pay a handsome revenue on the improvements which might be made. It is worthy of attention. Persons who wish to purchase, are requested to inquire of W. H. PUSEY, or N. HOLMES & SONS.

Coal Lands For Sale.

138 ACRES OF LAND, situated on the Muskingum river, five miles north of the city of Zanesville; 80 to 100 acres of which is underlaid with a vein of Bituminous Coal, about 3½ feet thick and there is on it a valuable quarry of Free Stone, easy of access. There is about 80 acres of this tract under cultivation, and the balance in timber—the whole entirely adapted to cultivation, and to the growth of all kinds of grain. The Coal Mine is open and in successful operation, with a double-track railroad from the mines to the river, 150 feet, with a full supply of "Lingery" cars, as well as rate to load boats, with all necessary appurtenances and fixtures for loading boats at any stage of Water. On the premises is a Blacksmith Shop and tools; also a large Boat for hauling coal or stone to the city. There are also a number of Tenements for hands, as well as for tenants on the farm.

This Property is desirably located, watered by living Springs of pure Water, and it affords some very superior Sites for Manufactories, such as glass works, &c., and has many advantages that will be seen on view.

To a person, or a Company who are anxious to engage in such business as Mining, I incline to the opinion that such opportunities as this are rare, as any quantity of Coal can be contracted for to be delivered at our Railroad, or at distant points.

Two of the owners of this land are in delicate health and unable to any extent to attend to the business as it requires.—hence their desire to sell. It is now, for the first time, offered for sale at a fair price, and reasonable terms. Inquire of J. KEEN,
fe9:1m Land Agent, Zanesville.

MEDICAL.

AYER'S CHERRY PECTORAL

TO CURE A COLD, WITH HEADACHE AND SORENESS OF THE BODY, take the CHERRY PECTORAL on going to bed, and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble, when they find it can be so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find, by taking the Cherry Pectoral on going to bed, they may be sure of sound, unbroken sleep, and consequently refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effect in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

From two eminent physicians in Fayetteville, Tenn., April 16th, 1851.

SIR: We have given your Cherry Pectoral an extensive trial in our practice, and find it to surpass every other remedy we have for curing affections of the respiratory organs. DRS. DIEMER & HAMPTON.

TO SINGERS AND PUBLIC SPEAKERS, this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them, if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon relieved.

Rev. Doctor LANSING, of Brooklyn, New York, states: "I have seen the Cherry Pectoral cure such cases of Asthma and Bronchitis, as leads me to believe it can rarely fail to cure those diseases."

FOR CROUP, Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral until it subdues the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured by the use of Cherry Pectoral.

THE INFLUENZA is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors, without the Cherry Pectoral, were suffering from the disease.

Salem, Ohio, June 13th, 1851.

Dr. J. C. Ayer—I write to inform you of the truly remarkable effects of your Cherry Pectoral, in this place, and in my own family. One of my daughters was completely cured in three days of a dreadful Whooping Cough, by taking it. Dr. Means, one of our very best physicians, freely states that he considers it the best remedy we have for pulmonary diseases, and that he has cured more cases of Croup with it, than any other medicine he ever administered.

Our clergyman, of the Baptist Church, says that during the run of Influenza here this season, he has seen cures from your medicine he could scarcely have believed without seeing. Yours respectfully,
J. D. SINCLAIR, Deputy Post Master.

From the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.

"I have found the Cherry Pectoral, as its ingredients show, a powerful remedy for colds, and coughs, and pulmonary diseases." PARKER CLEVELAND, M. D.
Brunswick, Maine, February 5, 1847.

DR. VALENTINE MOTT, the widely celebrated Professor of Surgery in the Medical College, New York City, says:

"It gives me pleasure to certify the value and efficacy of "Ayer's Cherry Pectoral," which I consider peculiarly adapted to cure diseases of the throat and lungs."

Cures of severe diseases upon the lungs have been effected by Cherry Pectoral in such extreme cases as warrant the belief that a remedy has at length been found that can be depended on to cure the Coughs, Colds and Consumptions, which carry from our midst thousands every year. It is indeed a medicine to which the afflicted can look with confidence for relief, and they should not fail to avail themselves of it.

Prepared and sold by JAMES C. AYER, Druggist and Chemist, Lowell, Massachusetts.

Sold in Pittsburgh by B. A. FAHNESTOCK & CO.; in Allegheny by H. P. Schwartz, and by Druggists and Dealers in Medicines everywhere.

Dr Guysott's Improved Extract of YELLOW DOCK AND SARSAPARILLA
THE ORIGINAL AND ONLY GENUINE PREPARATION FOR THE PERMANENT CURE OF CONSUMPTION AND DISEASES OF THE LUNGS WHEN THEY ARE SUPPOSED TO BE AFFECTED BY THE HARD USE OF MERCURY, IRON, QUININE, &c.

Let all who wish to purge the blood from impurities, and prepare the system to resist epidemics, resort to Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, which is proving itself an antidote for many of the most malignant diseases that flesh is heir to, and with vigor from this purely vegetable remedy, however broken down in health and spirits—however loathsome to himself and others—let no one despair of recovery; let the patient only experiment that his hope of physical redemption lies only in Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, and persuade him, for his life's sake, to try it, and all doubt and hesitation in predicting his speedy restoration to health.

READ THE CERTIFICATE.

The following case of Benjamin Hughes, is one of the most astonishing on record. After forty years' suffering, two years' excruciating torture, the amputation of his leg, and the body and limbs almost a mass of rotting corruption, his starving ulcers, is cured by eight bottles of Guysott's Compound of Yellow Dock and Sarsaparilla.

Tallapoosa Co., Ala., Jan. 6, 1852.

Dr. Guysott—Dear Sir—I send you this to certify to you that your Extract of Yellow Dock and Sarsaparilla has performed one of the most wonderful cures on me that has ever been effected on man.

I have been afflicted for thirty years with ulcerations in my legs and feet; in 1849 they got so bad that I had to go on crutches, and in 1849 I had my leg amputated above the knee. In about 6 months after my other leg broke out in large eating and running sores from my knee to my foot, and discharged a great deal of offensive matter. My groin also broke out in large blisters, which discharged much offensive matter, and at the same time my left hand broke out in large running sores nearly to my elbow.

The misery that I have suffered for the last two years I can not describe to you. I was in such agony that I never rested day or night. I was given up to die, and by the help of God I had made preparation for death, and had potted out to my family the place where to bury my remains.

In October last my son brought me one of your 24 in 1 wrappers, I read it, and found record of some very similar cures performed by your Extract of Yellow Dock and Sarsaparilla. I sent and got two bottles of it, and after I had taken it. In two weeks, to my great astonishment, my sores all became easy, and I could sleep all night, a thing I had not done for two years. When I had taken six bottles my sores had nearly all healed—my sores got well as if by enchantment. I have now used in all eight bottles of your Extract of Yellow Dock and Sarsaparilla, and I now consider myself well. I can by no means express the feelings of gratitude in which it is worth of this medicine, or to express my gratitude for what it has done for me. I must call it the balm of life.

I entreat all of the afflicted to try this medicine, for I believe it will cure any known disease in the world. Lay aside all prejudice and just try it, and persevere and great worth to suffering mankind, and entreat them to take it, for it will cure them.

My case is well known in a large portion of South Carolina, Georgia and Alabama, and if any one should doubt the above cure, I invite them to call on me, and I will show them the scars. I can be found in Tallapoosa Co., Alabama, one mile from Stow's Ferry.
nov27 BENAJAH HUGHES.

Scrofula, Syphilis, Mercurial complaints, Cancer, Gangrene, Rheumatism, and a vast variety of other disgreeable and dangerous diseases are speedily and perfectly cured by the use of this medicine.

Danville, Ala., May 21, 1852.

Messrs. Scoville & Mead—This is to certify that about the first of February last, I was afflicted with three or four painful sores on and about the face, one of them as large as a quarter of a dollar; they assumed the appearance of Cancers, and I was fearful they would terminate in Cancers.

About three weeks since I commenced taking "Doctor Guysott's Extract of Yellow Dock and Sarsaparilla," and found immediate relief from its use. I have now taken quite two bottles, and the sores on my face are healed up and those on my neck are nearly so, and I truly believe they will be entirely well in a few days.

I cheerfully recommend "Dr. Guysott's Extract of Yellow Dock and Sarsaparilla" to persons afflicted with any kind of eruptions or cancerous sores. My general health is much improved by the use of the medicine.
Respectfully, RICHARD B. BURR.

A Cure of Irregularity in the Periods of Menstruation.

Read this statement of the case of Mary Moore, who was given up by her physicians as being utterly incurable, as herein certified to by Dr. A. A. Warder, one of her consulting physicians.

Brandenburg, Va., August 21, 1852.

I certify that Mary Moore, a young lady of 18 or 19 years of age, has been serving in my family for several years. She became diseased some two or three years since by irregularity in her monthly periods and a severe cold, which threatened to take her life. About the first of last April, your agent here, Mr. Dr. Guysott's, furnished her with a bottle of Dr. Guysott's Yellow Dock and Sarsaparilla, on the 10th, and in less than a week signs of recovery were apparent. She continued using the medicine until she had used five bottles of it, and she pronounced herself well, although she was discharged from further attendance, the attending physicians pronounced her case hopeless. She was pronounced for a long time before. DAVID SPEER.

Please read Dr. Warder's statement of the above case of Mary Moore:

Brandenburg, Va., Aug. 22, 1852.

This is to certify that I was called in to see the above named Mary Moore, during the absence of her regular attending physician, some two or three years since, in a very dangerous condition, and as I thought, beyond all hope of recovery. After this I was called in consultation with her regular attending physician. Our opinion was, that her case was hopeless. I learned that her disease was caused more than two years ago, from irregularity in her periods of menstruation, attended with a severe cold. I did not see her again, but was surprised at this, and on inquiry as to what could have wrought this change, was informed by Mr. Wm. Rittenour that she had been taking Dr. Guysott's Extract of Yellow Dock and Sarsaparilla. I had never heard of its great cures in other cases in this vicinity, I have no inducement to make this statement, other than it may induce others afflicted as was the subject of this statement, to try the Yellow Dock and Sarsaparilla, as I do believe it is entitled to a great deal of medicinal qualities, and adapted to many diseases incident to the human family. A. A. WARDER, M. D.
