PITTSBURGH GAZETTE.

WEDNESDAY MORNING, MARCH 16, 1853.

THE POPE'S MEN AT WORK.—The following we take from the *American and Foreign Christian Union*, the organ of the valuable society whose name it bears, which we commend to the especial attention of our readers:—On the evening of the 12th of January last, near the corner of Eighth and Fitzwater streets, in Philadelphia, Mr. Charles Sullivan was assaulted by some half-a-dozen men, who had stationed themselves there to wait for his arrival, as he was expected to pass that way to visit Mr. Carroll, a Missionary of the Society in that city. By conference with the Missionary, and reading the Scriptures, Mr. Sullivan had been convinced of the errors of the Roman Catholic religion, in which he had been educated. He had expressed his purpose to leave the Roman Catholic communion, and had placed his children in the Sabbath School which was taught by the missionary. This had brought upon him much persecution from the advocates of the Papacy. Hard words and vile names were unsparingly addressed to him, and occasionally threats of punishment were held out, if he continued his connection with Protestants. He remained firm. He continued to search the Scriptures, and to send his children to the Missionary Sabbath School and to attend Protestant worship.

When met by his assailants, at the time above named, they demanded whether he was going to the house of that d—d turncoat and heretic, Carroll—and also whether he was going to sell his children to the devil, as he had sold himself? He replied mildly that Mr. Carroll did not wish any one to go to the devil, and was going on to reason with them, when suddenly they fell upon him, knocked him down, and brutally beat him. Had he not been rescued by chance who came to his assistance, he would doubtless have been more seriously injured than he was—if not killed. He was taken to the house of a friend, where he was confined for several weeks, by reason of the injury he received. Through a merciful Providence he is now able to attend to his business again. We record this as a significant indication of the spirit of Romanism, and as another call to Protestants, to enquire what is their duty in respect to a hostile religion whose professors and advocates are multiplying rapidly among us, and assailing openly and violently our free institutions, and at least, in some instances, such persons as desire to enjoy liberty of conscience in the matter of religion."—*Phil. MEDICAL.

DR. MORSE'S INVIGORATING CORDIAL.

A PHENOMENON IN MEDICINE.

PROFESSOR MORSE'S INVIGORATING ELIXIR OR CORDIAL.
THE EIGHTH WONDER OF THE BOTANIC WORLD.

The Invigorating Elixir and Cordial introduced into medical practice by the great chemist, physician and traveller, Dr. M. Morse, has for its basis an Oriental Herb, first brought from the stony deserts of Arabia Petræa, by that eminent philosopher. The natives of that region are remarkable for their longevity, exemption from sickness, and power of sustaining fatigue, all of which they attribute in a great degree to the use of the herb or plant referred to, which they universally chew, and sometimes smoke. On his return to Europe, after a long residence in the East, Professor Morse commenced experimenting with this wonderful natural production, and the result of his labors is the Invigorating Elixir, which has been endorsed by the medical colleges of all the great cities of Europe, as the best preparation extant for the

CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate and almost miraculous changes which it occasions in the disease. Debilitated and shattered nervous systems, prostrate with fever, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once restored, invigorated, and built up. The mental and physical symptoms of nervous disease, vanish together under its influence. The sleeping, trembling invalid, the whole man, feel a new and delicious sensation, which shall be kept upon tenter hooks of expectation until it shall have been duly tested. Suffice it to say, that the whole system is invigorated, and the mind, and the entire organization, in cases of hysterics, headache, fear or apprehension, depression, dyspepsia, general prostration, little pulsation, sleeplessness, inability to sleep, liver complaint, piles, and all diseases of a nervous character, accompanying sight nausea—Hot and Cold water in Bath Rooms, Wash Rooms and Kitchens, and all the comforts and conveniences, consultation, &c. &c., free from whatever cause arising, it is, if there be any reliance to be placed on human testimony, absolutely infallible.

It is the only infallible remedy yet discovered for nervous head ache, and mind ache, mind complaints; it is the mental physic, long sought for, and never before found, the only natural antidote to melancholy, and all mental disorders. In cases of neuralgia, headache, fear or apprehension, on the part of the patient, it has in many violent and desperate cases, (some of which I have attended,) afforded the most decided, and their condition pronounced hopeless by medical practitioners to be perfectly unexampled.

My office having been in a store where this Cordial was kept for sale for over three years, and my representations of its effects entirely in accordance, the variety increasing demand, and that without a single only complaint, I feel for itself, I have seen a case of nervous fever, which had resisted all treatment for over five years, both in the Hospitals and in Philadelphia, and the patient a fair candidate for suicide, (and, alas, cases with one dozen bottles, he had tried to destroy himself,) cured by one bottle. He had spent hundreds of dollars worth of Dr. Morse's Cordial. A. ENDALL, M. D.

DR. MORSE—SIR: Some time since you requested my opinion of the virtues of your invigorating Cordial—I am now prepared to give it. I have had it in my practice and prescribed it for the last few months, and must give it my decided preference over anything of the kind with which I am acquainted, both as to its medicinal virtues, and reasonable price at which you offer it. In cases of nervous debility, from the effects of medicine, indiscretion, committed in youth, or the excessive indulgence of the passions, or from mental or physical prostration, hysterics, want of ambition, fainting sensations, incapacity for business, dislike of society, &c., I am much pleased with the effects, and can with confidence recommend it to the patronage of the profession as a valuable article for removing disease in some of the most troublesome forms, and to all, as a safe and valuable medicine.

BENJAMIN WEEKS, M. D.

Brooklyn, N. Y., Nov. 21, 1849.

Prepared by M. MORSE, M.D., and for sale by CHAS. H. RINGO, General Agent, No. 192 Broadway, New York, to whom all orders must be addressed.

General Agents, in Pittsburgh—George H. Keyser, corner of Wood Street and Virgin Alley and J. Kidd & Co. corner of Wood and Fourth streets.

☞ It is put up highly concentrated, in Pint Bottles, with the same power in the Glass.

And sold for $1 per bottle; 6 for $12; $24 the dozen.

Entered according to Act of Congress, in the year 1847, by Metcalfe Morse, in the Clerk's Office of the District Court for the Southern District of the State of New York.

A Conceded Point.

THE following testimony of the efficacy of B A Fahnestock's Vermifuge, from a regular practitioner, cannot fail to convince.

FROM DR. J. J. STIRMAN,

Messrs. B A Fahnestock & Co—your Vermifuge continues to be called for, and in every instance in which it is used it gives a cure. In my practice it is a conceded point, that B A Fahnestock's is the best Vermifuge now in use.

The Abdominal and Pressure Supporters made by Mrs. Betts, of this city, I can recommend to the medical profession, and to others, after several years experience of their superior merits. These instruments are adapted to remedy the inconvenience depending on a sinking down of the uterus, or falling state of the organ, exercise is attended with so much pain and other suffering, as to be difficult or impossible.

Mrs. Betts is a lady of intelligence, education, probity and manners—the greatest confidence can be placed in her. SAMUEL JACKSON, M. D.,
Professor of the Institute of Medicine in the University of Pennsylvania.

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.—Dr. JACOB ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inhaling the Lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of disease, and the application of remedies thereto.

Through the use of his inhaling tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled eminence in curing those dreadful and fatal maladies Tubercular Consumption, Cancers Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, to which humanity is heir—not by the use of one compound cure, for that is incompatible with Physiological law, but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver Pill, inasmuch as they leave the bowels perfectly free from costiveness, as also his Golden Pills are adapted, by the faculty, to possess peculiar properties, adapted to female diseases, but being satisfied that a here trial is sufficient to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy, and its application.

THAT beautiful Tract of Land, formerly belonging to the Chadwick Estate, adjoining the residence of the late Hon. Alexander Ewer, on Pennsylvania Avenue, will be subdivided into Acre Lots, and offered for sale so soon as a plot can be made by the Surveyor. For years past no property has been offered in this market, possessing such inducements to persons desirous of making their residences in real estate. Being situated in the midst of one of the most delightful neighborhoods about Pittsburgh, these lots are peculiarly desirable for private residence, when their cheapness and the rapid extension of the City in that direction, should commend them for speculation to persons who may be disposed to subdivide them in small lots.
