ANNEXED will be found the portion of the Act of Assembly of 1840, prohibiting the circulation of notes under $5:

SECT. 48.—That from and after the twenty-first day of August, one thousand eight hundred and fifty, it shall not be lawful for any person or persons, corporation or body corporate, directly or indirectly, to issue, pay out, pass, exchange, put in circulation, transfer, or cause to be issued, paid out, passed, exchanged, circulated or transferred, any bank note, note, bill, certificate, or any acknowledgment of indebtedness whatsoever, purporting to be a bank note, or of the nature, character or appearance of a bank note, or calculated for circulation as a bank note, issued, or purporting to be issued by any bank or incorporated company, or association of persons, not located in Pennsylvania, of a less denomination than five dollars; every violation of the provisions of this section by any corporation or body corporate, shall subject such corporation or body corporate to the payment of five hundred dollars; and any violation of the provisions of this section by any public officer holding any office or appointment of honor or profit under the constitution and laws of this State, shall subject such officer to the payment of one hundred dollars; and any violation of this section by any other person, not being a public officer, shall subject such person to the payment of twenty-five dollars, one-half of which, in each case above mentioned, shall go to the informer, and the other half to the county in which the suit is brought, and may be sued for and recovered as debts of like amount are now by law recoverable in any action of debt, in the name of the Commonwealth of Pennsylvania, as well for the use of the proper county, as for the person suing.

The undersigned, in directing the attention of the reader to the foregoing section of the Act of 1840, would further inform him that he will receive the notes thus prohibited, at PAR VALUE, in exchange for goods, at his *cheap* and *one-price*

LIFE INSURANCE

ANNUITY & TRUST COMPANY.

Charter Perpetual

CAPITAL $250,000—CASH SYSTEM.

THE constant, unsolicited applications for Life Insurance, furnish the most abundant and gratifying proof, that the public mind is deeply impressed with the vast importance of this subject. The great object, however, of Insurance, should be SAFETY; otherwise the whole motive to insure may be disappointed. Too much care cannot be practised in the selection of an office, with which to effect the contract. The choice should be regulated, not by present and constant large inducements, as this is certainly incompatible with future SECURITY. The premiums on life are calculated for the FUTURE. If present and prospective benefits, therefore, are given, the result, *ultimately*, must terminate in *litigation, disappointment and ruin*. The object aimed at by this institution is *stability and perpetuity*. The rates of premium have been carefully prepared with reference to fluctuations.—The cash system of payments has also been adopted. Unpaid premium notes constitute no part of the assets of this Company, and every contingency being fortified with an ample capital, SECURITY stamps the whole system. This feature, paramount to all other considerations, commends the company to public favor.

Explanatory pamphlets, blank application papers, information, and every facility, will be cheerfully furnished by D. MCCONAUGHY Esq., who has been duly appointed agent of this company.

Important to Housekeepers!

THE IMPROVED DOUBLE OVEN LAUBACH'S PATENT

COOKING STOVE

TWO SIZES are now constantly kept for sale in Gettysburg, at ANDREW POLLEY'S Tin Shop, and in Littlestown at JOSEPH BARKER'S Tavern. They are proven to be the best stoves now in use, for *cooking, baking, roasting, and for warming a house*, with less wood than any other stove, and are the heaviest in the casting, for the size, of any now made. They are warranted to bake well in Conoyers. Any person wanting these stoves delivered, by leaving word at either of the above mentioned places, the proprietor will deliver them at a short notice, as he intends doing the peddling principally himself. He is confident that he can give people better satisfaction than their predecessors. There are already upwards of SIX HUNDRED of the Laubach Stoves sold in York, Adams, and Carroll counties, within two years, but not so many of the late improvements. The improvement in the middle flue, by which the lower oven is much easier heated, and the holes are larger on the top, to put on larger pots. They are likewise kept for sale at the Proprietor's Foundry, near Dillsburg, York county, Pa.
