CAPITAL $250,000—CASH SYSTEM.

THE constant, unsolicited applications for Life Insurance, furnish the most abundant and gratifying proof, that the public mind is deeply impressed with the vast importance of this subject. The great object, however, of insurance, should be safety; otherwise the whole motive to insure may be disappointed. Too much care cannot be practiced in the selection of an office, with which to effect the contract. The choice should be regulated, not by present and constant large inducements, as this is certainly incompatible with future benefits. The premiums on life are calculated for the future. If present and prospective benefits, therefore, are given, the result, ultimately, must terminate in litigation, disappointment and ruin. The object aimed at in this institution is stability and perpetuity. The rates of premium have been carefully prepared with reference to fluctuations. The cash system has also been adopted. Unpaid premium notes constitute no part of the assets of this Company, and every contingency being fortified with an ample capital, security stamps the whole system. This feature, paramount to all other considerations, commends the company to public favor.

Explanatory pamphlets, blanks, application papers, information, and every facility, will be cheerfully furnished by D. M'CONAUGHY, Esq., who has been appointed agent of the company.

THE business heretofore carried on in this establishment, will hereafter be conducted as above. The encouragement which has thus far been extended to the enterprise of selling goods in Harrisburg at *City prices*, leads to the indulgence of the hope that it is looked upon favorably by merchants and others in this section of the State. As for the future, it is only necessary to say that the arragement will afford renewed facilities for the success of the undertaking, in the co-operation of a large importing house in Baltimore, which will enable the undersigned to offer the same advantages which could be offered in the city. He therefore cordially invites merchants and others to call and examine a very large stock, and satisfy themselves of his entire ability to sell as he promises.

EXTRACT OF COFFEE.

A NEW ARTICLE.

THIS Extract is composed of the best and healthiest herbs, and affords the following advantages: 1st, its great saving, one pound being equal to ten pounds of store coffee; 2d, the excellent aromatic taste afforded, when mixed with store coffee; 3d, it gives a very fine color, and makes the coffee, without any ingredient, perfectly clear; 4th, coffee, mixed with this ingredient, is more wholesome than without it.

The above article can be had at the Store of WM. W. HAMERSLY, North West Corner of the Diamond, Gettysburg. Price 12½ cents.

Important to Housekeepers!

THE IMPROVED DOUBLE OVEN LAUBACH'S PATENT

COOKING STOVE.

TWO SIZES are now constantly kept for sale in *Gettysburg*, at ANDREW POLLEY'S Tin Shop, and in *Littlestown* at JOSEPH BARKER'S Tavern. They are proven to be the best stoves now in use, for *cooking, baking, roasting*, and for *warming a house*, with less wood than any other stove, and are the heaviest in the casting, for the size, of any now made. They are warranted to bake well in both ovens. Any person wanting these stoves delivered, by leaving word at either of the above mentioned places, the proprietor will deliver them at a short notice, as he intends doing the peddling principally himself. He is confident that he can give people better satisfaction than hired peddlars. There are already upwards of SIX HUNDRED of the Laubach Stoves sold in York, Adams, and Carroll counties, within two years, but not so many of the late improvements. The *improvement* is in the middle flue, by which the lower oven is much easier heated, and the holes are larger on the tops, to put on larger pots. We deem it unnecessary to say more about them, but want people who are judges of cooking stoves to examine thoroughly, and we are confident that they will find that they have advantages over any other stove now in use, and according to the quality and weight, than any that are offered to the public. They are likewise kept for sale at the Proprietor's Foundry, near Dillsburg, York county, Pa.
