LIFE INSURANCE

ANNUITY & TRUST COMPANY.

Charter Perpetual

CAPITAL $250,000—CASH SYSTEM.

THE constant, unsolicited applications for Life Insurance, furnish the most abundant and gratifying proof, that the public mind is deeply impressed with the vast importance of this subject. The great object, however, of insurance, should be safety; otherwise the whole motive to insure may be disappointed. Too much care cannot be practiced in the selection of an office, with which to effect the contract. The choice should be regulated, not by present and constant large inducements, as this is certainly incompatible with future benefits. The premiums on life are calculated for the future. If present and prospective benefits, therefore, are given, the result, ultimately, must terminate in litigation, disappointment and ruin. The object aimed at in this institution is stability and perpetuity. The rates of premium have been carefully prepared with reference to fluctuations. The cash system has also been adopted. Unpaid premium notes constitute no part of the assets of this Company, and every contingency being fortified with an ample capital, security stamps the whole system. This feature, paramount to all other considerations, commends the company to public favor.

Explanatory pamphlets, blanks, application papers, information, and every facility, will be cheerfully furnished by D. M'CONAUGHY, Esq., who has been appointed agent of the company.

BUSWELL'S MINERAL PAINT.

A Superior article of Mineral Paint, warranted equal to any Paint ever before offered to the public for painting on Wood, Brick, Stone, Iron, Tin, or any substance which is exposed to Weather, Water, or the Atmosphere. It is

Proof against Fire, Water, and Weather,

AND UNCHANGEABLE IN ITS COLOR.

It mixes readily with Oil or Composition and is a beautiful dark brown or free-stone color.

This Paint received the Premium at the New York State Fair,

Held at Albany in 1850, in competition with the Ohio Fire-Proof Paint, and several other kinds of Mineral Paint, as being superior to anything of the kind now in use.

CERTIFICATES.

We the undersigned, having seen and used BUSWELL'S Mineral Paint, can safely recommend it to the public as being an article superior to any Mineral Paint ever before offered for use; it is not unpleasant to use, like the SMOKY Ohio Paint which is harped about the country so much, but mixes up with oil like pure white lead. It is sold at half the price of common paint, and we believe where the color is desirable, it is worth twice as much, and as a Fire, Weather, or Water-proof Paint, we think it cannot be surpassed by anything in the Paint line now in use.

Mr. Buswell, Dear Sir: We have used, within the past month, some 2,000 lbs. of your Mineral Paint, in painting cars, car houses, and freight houses upon our road, and we can safely recommend it as a very superior, durable and cheap article of Paint. HEMAN H. PHELPS,

Superintendent of the Syracuse & Utica R. R.

Mr Buswell, Dear Sir: I have used for the Syracuse & Utica R. R. Company, over a ton of your Mineral Paint, and I find upon using it to be far preferable to the Oil Paint, or any other kind now in use. I can also recommend it as being superior to White Lead for any kind of out door painting, as it appears to be impervious to water, and unchangeable in color.

HORACE JOHNSON,
Painter for S. & U. R. R Co.

Albany, Dec. 1, 1850.

Mr. Buswell, Dear Sir: Having used a considerable quantity of your Mineral Paint, in painting brick and wooden houses, the past season, I have taken extra pains to try and test it in various ways, from its trial and composition I can warrant it to be durable both in quality and color; it mixes beautifully with oil—paints very easy—and for ship or boat painting, I think there has no bettter paint ever been introduced. I have used considerable of it with water and glue composition, for coarse, cheap painting, and it exceeds any thing I ever saw. Truly Yours,

THOS. B. JOSIN,
House Painter.
