PITTSBURGH GAZETTE.
WEDNESDAY MORNING, JUNE 8, 1853.

THE GREAT CONFLAGRATION IN CANADA.—The Bytown Gazette, gives some interesting particulars in regard to the fire which laid waste a considerable portion of the Upper Ottawa country, in Canada. The fire commenced on the 13th of May. How long the fire raged we are not informed, but it burnt over a tract of country 70 miles in length by forty miles in breadth, nearly one-half of which has been laid waste. The scene was of the most terrific and appalling nature.

Hundreds of families, embracing persons of all ages and sexes, literally pursued by the flames, had to flee in all directions, with nothing saved excepting the clothes in actual use, which in many instances were scorched and partially consumed on the backs of the fugitives. The scene of the calamity being in the vicinity and on both sides of the Ottawa, many individuals took refuge in the river to protect themselves from the intense heat. A small steamer assisted some of the inhabitants in making their escape. Even they were nearly compelled to abandon her, owing to the excessive heat of the woods, burning on both sides of the river. Only one death has as yet been heard of, that of an aged man named Thrasher, who perished in a vain attempt to save some of his property. The Bytown Gazette says that upwards of *five hundred* families have been reduced from tolerable competence to nearly a destitute condition, in numerous instances without food for present necessities, clothes to cover or houses to shelter themselves.

Ex-President Tyler is said to be suffering from Dyspepsia.—*Lockport Courier.*

His conscience has probably got on his stomach and he can't digest it.—*Clev. Her.*

Punch says, an astronomer being asked what the use of the eclipse was, replied—"O, I don't know. It gives the sun time for reflection."

MISCELLANEOUS.

IMPORTANT TO HOUSEKEEPERS.

SOMETHING better and more economical than Soda, Cream Tartar, or Saleratus, for Cakes and Pastry, is DURKEE'S CHEMICAL YEAST BAKING POWDER, for raising bread, biscuit, tea, griddle and johnny cakes, puddings, Pot-Pies, Corn Bread, Gingerbread, Apple Dumplings, Pastry, &c. &c. This article is one that every Family should have. Hotels, Saloons, Eating Houses, Ships, Steamboats, Vessels, Oysters Boat, &c., will find, upon a trial, that it will be the very best article they ever used for every single day of their existence.

Its most important features are the avoidance of all saleratus, acid, or alkali, in its composition, and 2. it uses the expense of milk, eggs, shortening, spoiled bread, and all other ingredients used in preparing good yeast, water only being necessary.

2. Its use is more healthy than yeast, before baking, consequently bread may be made in the morning and cut and served upon having light, sweet, tender and palatable food, whether the Spur be of the best quality or not.

Bread made by the process is much more nutritious, easier of digestion, better fitted for a weak stomach than yeast, and lighter than any other with which I am acquainted. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable matter used in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, it partially goes to nourish the body, while the acids taken upon Saleratus or Soda and its attendant evils.

This article has been thoroughly tested, and is universally approved. It can be used according to the directions, it is warranted to suit.

Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will be pleased and benefited by its use. Prepared by the proprietors in Water street, New York. Sold by the best grocers and druggists everywhere.

BAXTER & McKEE,
Agents in Pittsburgh.

THOMAS WOODS, mr24 Commercial Broker, No. 64 Water st.

Prescribed by Physicians.—PHYSICIANS everywhere prescribe B. A. FAHNESTOCK'S VERMIFUGE, for the relief of Worms, and the restoration to a healthy state of those who have been afflicted with Worms. The following testimonial from a gentleman here we have known many years:

BEAVER, PA., Sept. 21, 1852.
Beaver, B. A. Fahnestock & Co.—Gentlemen: It gives me pleasure to state that I have been using your Vermifuge for some ten or twelve years, and during that time I have sold a great deal of your Vermifuge, Cathartic, and Pills, and I can conscientiously say that your has uniformly given satisfaction in all cases. I do not hesitate to say that it is the best and most approved preparation for expelling Worms, of any medicine in the town of Beaver, Beaver county, Pa., where I did business prior to my family with entire satisfaction, when other preparations failed, I sold none but that article.
Yours, truly, THOMAS FOX, Jr.

Dr. B. A. Fahnestock's Vermifuge and Cathartic Pills, for sale wholesale and retail by all the principal druggists and country merchants throughout the U. States. [my9

PROFESSOR ALEX. C. BARRY'S TRIPOLITHON, or Medicated Compound, for beautifying, improving and preserving the hair, curing scurf, dandruff, sore nipples, rheumatism, and all irritations of the skin. Its reputation, the sale of which has been upwards of one million of bottles annually, would seem to need no advertisement but to the thousands who purchase, and approve of it having probably no idea of the overwhelming demand of the business. Professor Barry gives herewith a plain statement of the facts derived from his book, and with them tenders his earnest and hearty thanks to his innumerable patrons.

Professor Barry's accounts of sales for the year 1852, show the amount of his preparations sold to be of his Tricophorous were disposed of, and that the cash product of Odd Lots of immense sale was nearly $100,000.

This plain, unvarnished tale is a better commentary on the merits of the article than any testimonial or letter could.

If it were not peerless in its effect upon the hair, it were not invaluable as a household remedy for cuts, bruises, burns, scalds, &c., it would not be of course so universally in demand. The weighty portion of the public testimony is in favor of its Tricophorous, which has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents), at wholesale and retail, at Professor Barry's Depot, 112 Broadway, New York, and by the principal Merchants and Druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c. &c.

R. E. SELLERS,
ap26m&w Pittsburgh.

TESTIMONY FROM TENNESSEE.—In favor of B. A. FAHNESTOCK'S VERMIFUGE. The Nashville Union says: "We call the attention of our readers to the testimonial of Mr. Cummins, of Ky., to B. A. Fahnestock's Vermifuge. The gentleman is well known in this community, and anything he says can be relied on."

Boston, Mass., Fahnestock & Co.—Gentlemen: For the benefit of others, I feel it my duty to testify to the valuable qualities of your Vermifuge. About ten years ago I was almost given up by my physician, and was in one of the wards in Nashville in whose estimation it was the chief article for relieving such as labored under with very satisfactory results. I was induced to try it, and was perfectly cured. Since then, I have had this been very liable and subject to recurrent attacks. The last range expelled a great number of Worms, and the child is now apparently in perfect good health. I have always used it regularly in my family for most of the ailments of children, and it never failed to give relief.

One remarkable case, in the family of a near relation, I will mention in particular. The child was about four years of age, had always been puny and sickly, often attacked with convulsions, and at the age mentioned, nearly lost the use of the lower extremities. I recommended the use of your Vermifuge in the case, and let the half of a vial be taken. I was then called to Louisville, and on my return learned afterwards that the child passed an enormous brood of large Worms—the number of which remained unknown, in a short time, by the use of the Vermifuge, the child recovered, and health began to improve. When I left your the child, and my family, and anything I can do in my power to recommend your Vermifuge in the case, and let the half of a vial be taken. I was then called to Louisville, and on my return learned afterwards that the child passed an enormous brood of large Worms—the number of which remained unknown, in a short time, by the use of the Vermifuge, the child recovered, and health began to improve. When I left your the child, and my family, and anything I can do in my power to recommend your Vermifuge in the case, and let the half of a vial

HOUSES, FARMS, &c.

A Tract of Valuable Iron, Coal, and Timber Land for Sale.

THE subscriber, as attorney for the owners, offers for sale A TRACT OF LAND, of certain, containing 1,400 acres, lying on a river the Allegheny, in Monongalia county, Virginia, about five or six miles south east from Morgantown. The land is thickly grown with the largest of the most valuable species of Timber, such as white, red, and black Oak, Poplar, Chestnut, Cherry, &c., and is believed to be very rich in Iron and Coal. It is sufficiently watered by Dorsey's Creek, (both forks of which it crosses,) and which empties into Decker's Creek, leading to the Monongahela River; for the purpose of Saw-mills and Fire-wood, not from its proximity to the Parkersburg Depot of the Baltimore and Ohio Railroad and the contemplated railroad from Fairmont to Brownsville, Pa., as well as navigation on the Monongahela river to Pittsburgh and intermediate points. It is thought to be most advantageously adapted to the manufacture of Leather and Iron, in great quantities, at the lowest cost. On the Tract is a Medicinal Spring, finely located, of chalybeate and sulphur ingredients, of vast volume of water and never-failing supply, which it is believed can be made profitably improved into a Watering Place of great attraction, both to Eastern and Western patronage. Its locality and proximities from all other watering places will be free it from competition. The attention of capitalists is invited to the various features of the land, which is known at the "Robert Miller Tract."

To the Readers of the Pittsburgh Gazette.

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important discoveries of modern times.

PATENT ROCK OIL.—It is not more than one year ago since this valuable article was brought before the public, for the relief and cure of disease. Its great powers in healing the sick soon became known, and appreciated by the community, and we allege that the long list of testimonials published in the papers, have spread.

It is not the remedy of a day, got up for the sole purpose of raising money, but one which, if effective, will continue to be used when all other nostrums have passed into oblivion. It is a natural Remedy, elaborated in the depths of the earth for a special purpose, that laughs at imitation and defies competition. It is our duty, when we write about a remedy, to be explicit, and not imitate those who say nothing calculated to deceive those who may trust our word. Our remedy is not recommended as a cure-all, but we are very quite certain it possesses the peculiar virtues we claim for it, and that it is slightly wrought to answer the object of guilty conscience, and the public, now, are fully able to judge for themselves. We are anxious only that the truth in relation to our medicine should be set forth, that it may be secure from the opposition for spreading any single article in the materia medica, which has ever been introduced to the notice of the public in our city and neighborhood, bear ample testimony to its efficacy.

Within the past two months, two of our own citizens, whose cases were known to hundreds, have been restored to health. Several cases of bilious fever, in the Diamond, Market street. And, also, the case of a gentleman in Beaver county, whose cases have been known to many persons, and he regretted to by any persons who have doubts on the subject. These cases are mentioned, as they have been absolutely by physicians as hopeless. The Petroleum has been used in the following complaints:—Diarrhoea, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Tetter, Salt Rheum, Pimples on the face, Chronic Sore Eyes, Ringworm, Tetter, Scald Head, Sore Breasts, Sore Throat, Sore Legs, Chronic Sores, Ague, Chronic Coughs, Asthma, Bronchitis, and all the various forms of a chronic nature, tending to produce Consumption.

Also, for diseases of the Bladder and Kidneys, Clapped Hands, Rheumatism, Gravel, Stone in the Bladder, in fact, it is a GREAT UNIVERSAL REMEDY, and has been tried in most of the above diseases, and has proved a most powerful remedy.

Certificates that will astonish strangers to the virtues of this Rock Oil, will be given to those who may trust our word for it.

Persons in the Diamond, Market street, are very quite catch at the Rock Oil, and it is high
