CAUTION! CAUTION!
THOMAS ARMITAGE'S
PATENT ELECTRO-MGANET LIGHTNING RODS.

BEWARE OF IMPOSTERS AND SWINDLERS.

IN order to prevent a repetition of the FRAUDS so extensively carried on during the last two years, by a set of scoundrels who travelled over the country, and represented themselves as my agents, and in many instances exhibited forged certificates of agency, I now give notice that all my agents carry with them printed forms, authorizing them to act as my agents, legally executed and acknowledged before Alderman HENRY SIMPSON, of Philadelphia; they have also my name and place of business on their wagons. I believe them all to be strictly honest, and fully acquainted with the business of putting up Lightning Rods, which they will do at as low a price as they can be obtained at the factory. As many schemes have been resorted to, to defraud myself and the public, purchasers should be on their guard; thousands have been grossly deceived by purchasing useless articles in the shape of Lightning Rods, having pewter, lead, copper, zinc and iron points, either, or all of which are good for nothing. My ELECTRO MAGNET LIGHTNING RODS have been examined by many of the most Scientific men in the world, who have pronounced them to be the only rods, that they have ever seen, which are calculated to save lives and property from destruction by Lightning,—among these are Professors Henry M'Murtrie, James M'Clintock, Walter R. Johnston, of the U. S. Patent office, E. J. Carr, Dr. T. E. Waller and many others who recommend them in the highest terms of approbation.

All orders WHOLESALE AND RETAIL, will meet with prompt attention. Spire Rods and Scrolls made to order.—Cardinal Points, and all kinds of weather Vanes, for sale cheap.
