...BURGH GAZETTE.
...NESDAY MORNING, JUNE 29, 1853.

...AR IRON—IMPORTANT DISCOVERY.—Messrs. ...vis & Co., Cincinnati, have become interested with the owners of Hinton's patent process for making wrought iron directly from the ore, with ...od or mineral coal, at a single heat, and have put the matter to a practical test with the most favorable results. They have put up a Furnace Forge and Rolling Mill in one room, and the first attempt produced iron, though all the hands, with one exception, had never seen such a furnace. The furnace and puddling oven are connected; when the ore is melted it flows into the oven, and by tapping a few inches above the oven hearth, the slag or drop flows out. The iron is boiled and put under the trip hammer, made into blooms and prepared for the rollers; all done with but a small quantity of fuel. Owing to low water in the Ohio, Messrs. Davis & Co. have so far used a very inferior quality of black sandstone ore, yielding only about 16 per cent, and usually refused by foundry men as unprofitable. The ore is pulverized and mixed with 20 per ct. of carbon—common bituminous coal—and then put into air chambers prepared for it, which are also heated by stone coal. In the puddling oven it is also heated by stone coal to a white or gold ing heat, and made ready for balling. No charcoal or anthracite, heretofore considered essential, is used. Nine blooms, of 70 pounds each, averaging one in fifteen minutes, required but three bushels of stone coal to the bloom. They are now turning out about 2½ tons of best quality of blooms every twenty-four hours, at a cost of $12, 50 per ton in Cincinnati.

The iron manufactured by the new process has been subjected to the severest test, such as making into horse shoe nails, nuts, &c., and proves to be of as good quality as the best of blooms brought to the Cincinnati market. The above particulars of this important invention, to the iron interest are obtained from the communication of J. GREER to the Dayton Journal, and CHARLES CLEY to the Cincinnati Enquirer. Both have visited the works and witnessed the process, and Mr. C. says:

The great advantages claimed in this process are the cheapness with which the iron is made, the cost estimated at but $22 to $23, where the coal and ore is near at hand—the use exclusively of the common bituminous coal—the uniform good quality of the iron—and compared with a blast furnace, costing, say $30,000, which usually produces nine tuns pig iron, worth, say $30 per ton, the daily products would be $270. The same iron, with, say $30,000, will build twenty of these furnaces, allowing $15,000 for machinery, houses, &c., which twenty furnaces, at the poorest yield ever yet made, will produce 40 tuns blooms daily, worth, at the least, $60 per tun when pig is worth $30, making $2,400 daily product from a $30,000 investment, against $270 product at a blast furnace, and the comparative cost of labor, nothing, and of fuel, an increased product. The works are all contained in a building 30 by 50 feet, and the estimated room required for twenty furnaces and necessary machinery, is a single shed 140 feet long and 60 feet wide.—*Cin. Gaz.*

MISCELLANEOUS.

IMPORTANT TO HOUSEKEEPERS.

SOMETHING better and more economical than Soda, Cream Tartar, or any other preparation is Eddystone Baking Powder, or Patent YEAST, or BAKING POWDER, for raising Bread, Biscuit, Pastry, Cakes and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cake, Apple Dumplings, Fritters, &c. &c. This article is in that every family, Hotel, Boarding House, Eating Saloon, Saloon, Steamboat, Vessel, Camp Hunt, &c., will find, upon a careful trial, to be the very thing needed every single day of their existence.

Its most important advantages over the old system, are:—1st, saves the expense of the yeast, souring, spoiled bread, and the trouble and expense of procuring good yeast, when it can only be necessary.

2. Enables us to make the bread enough to rise before baking, especially bread may be made in a few minutes.

3. A cook may go to bed and have the bread, biscuit, pastry and palatable bread and biscuit, whether the flour be old or new, dry or moist.

4. Bread made by this process is much more nutritious, more easily digested, better fitted for the stomach, sweeter, whiter and lighter, than when made with yeast.

5. Bread, biscuit, &c., made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid combined in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, a part only goes to nourish the body, while the acids tend to produce dyspepsia and its attendant evils.

This article has been thoroughly tested, and is quite, fairly tried. When used according to directions, it is warranted to rise.

☞ Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Wholesale agents, 162 Water Street, New York. Sold by the best grocers and druggists generally.

Prescribed by Physicians.

PHYSICIANS everywhere prescribe B. A. FAHNESTOCK'S VERMIFUGE, for the reason that they know from implicit confidence in the following statement, from a gentleman whom we have known for years:

BERKSHIRE, Ind., Sept. 21, 1852.

Messrs. B. A. Fahnestock & Co.—Gentlemen: It gives me pleasure to state, that I have been using your Vermifuge for some ten or twelve years, and during that time I have tried almost every Vermifuge in general repute, and I can conscientiously say that you have universally given satisfaction to all who have used it. My family have been used and prescribed by practicing physicians in the town of Washington, Ind., and Cincinnati, where I did business for about 12 years. I have, during the same time, used it in my own family with entire satisfaction, when other preparations failed to effect the desired effect.

Yours, truly, THOMAS FOX, Jr.

☞ Beware of counterfeits and imitations. None is genuine but that bearing the signature of B. A. FAHNESTOCK & CO., Corner Fourth and Smithfield streets, Pittsburgh.

Sold wholesale and retail by all the principal druggists and country merchants throughout the U. States. (m29

GREAT DEMAND for the only true and genuine LIVER PILLS, prepared by R. R. SELLERS, Milwood, Genesee Co., N. Y., March 19, 1852.

Mr. R. R. Sellers: I have purchased occasionally some of your Pills and Vermifuge, for the last five years, and have seen no passing through my place, but as he has not been through since last July, the great demand for your Medicines induces me to solicit an agency. I am agent for one half of the Stock of Pills, for our Liver Pills are certainly the best and most reliable I have ever kept. Your wife inquired, and sends her love.

Yours, respectfully, AMOS KELLY, Postmaster.

Prepared and sold by R. R. SELLERS, 47 Wood street.

Take Particular Notice.—Every indicate or statement given, is the truth, and the truth only, and is made by persons well known in the section of country where they reside, and may be written to by any persons who may doubt the correctness of the statements. We wish every one to know that they are not humbugged by lies and manufactured certificates.

R. R. SELLERS, Pittsburgh.

FRESH TABLE BUTTER.—The subscriber has made arrangements whereby he will receive every Tuesday morning, 400 to 100 pounds FRESH BUTTER, made in Washington county. This Butter will be put up in pans of 25 lbs. each, brought in in the cool of the morning, and kept in refrigerators, and will be perfectly sweet and fresh, suitable for table use.

Orders left during the week, at the corner of Wood and Sixth streets, Pittsburgh, or corner of Federal and Robinson streets, Allegheny, will be filled immediately, on receipt of the Butter. Contracts for a regular supply, at reduced rates during the year, will be made with keepers of Hotels, Eating Houses, and Boarding Houses.

Three hundred pounds received this morning.
A. McCLURG.

BUYING WHOLESALE AT RETAIL PRICES—What folly for Hotel and Boarding House keepers to buy a chest of Tea at a wholesale grocery, or even to send East or cities, when they can purchase for cash, a single pound equally as cheap at a retail store. Those who have thought themselves so, can, by so doing, are solicited to purchase a small quantity at same price, and compare qualities, at MORRIS & PATTON'S,
Head Quarters for Tea, in the Diamond.

JUST received another lot of light COATINGS, Marseilles VESTINGS, fines PANT STUFFS, of the newest styles, suitable for the season, and will be made to order on short notice in the best manner. Gentlemen favoring this establishment with their patronage shall have their orders promptly and satisfactorily attended to at GLENTKER'S, Gothic Hall, 74 Wood street.

SUNDRIES—
10 Hogsheads Molasses;
50 Box s.s. lump Tobacco, assorted brands;
10 do. fine Cotton Yarns;
50 boxes Star Candles;
20 do. do. Tallow;
100 boxes 8 by 10 Window Glass;
20 do. 10 by 12 do.
For sale by [jel] T. LITTLE & CO., 112 Second street.

MONEY TO LOAN—$6,000 to loan on good fair terms, if secured by Bond and Mortgage on productive real estate. For particulars, inquire of
THOMAS WOODS,
jel Commercial Broker, 49 Market street.

HOUSES, FARMS, &c.

Valuable Country Residences For Sale.

THE subscriber having laid out ten acres into TWENTY LOTS, will sell one lot or the whole ten acres. The land is in Reserve township, situated between Saw Mill and Pearl's Runs, adjoining Sharpsburg, Col. Robinson on the north-east, and Jones on the south. It has commanding views of Allegheny and Pittsburgh, and is admirably situated for a residence. The land is in the highest state of cultivation; it is well supplied with Grape Vines, Apple, Peach, and Cherry Trees, Gooseberry, Currant, Strawberry, &c., from 10 to 12 years old. Each lot will have a portion of fruit Trees on it. Terms very easy; for particulars, inquire at the Lumber Yard Office on Sixth street, near Grant, Pittsburgh.
jel6tf JOHN COCHRAN.

For Sale.

THREE ACRES OF LAND on "Grant's Hill," Pitt township, in the City District, above the Pennsylvania Hospital, bounded by Morgan, Bedford, Frances and Ridge street, in said District. This property is a part of land owned by the late Stephen Wiley, deceased, and for country or suburban residences, it is perfectly any in that section. It commands a delightful view of the "Allegheny Valley" and surrounding country, and can now be bought either as a whole, or in lots to suit purchasers. A liberal credit will be given on part of the purchase money. Apply to
ALEX. M. WILSON, Attorney-at-Law,
my21tf 110 Fourth st., Pittsburgh.

Magnificent Country Seat.

THE subscriber offers for sale that beautiful TRACT OF LAND on Coal Hill, formerly occupied by Robert Forster, Esq., and adjoining the residence of A. Kirk Lewis, Esq. It contains twenty acres, part of YOUNG ORCHARD, and is also ornamented with forest trees, shrubs, plants, &c.

This location commandes of the most extensive and beautiful views in Western Pennsylvania, and possesses vantages and attractions unsurpassed by any similar tract of land in the market.

If not sold entire before the first of June, it will then be divided into lots and offered at auction.
my3 WM. WILKINS, No. 71 Fourth street

Valuable Farm For Sale.

SITUATED in Cranberry township, Butler county, consisting of 240 acres, 135 acres of which are under good cultivation, and the remainder timber and wood land. It is well fenced, and on the premises are a two-story log House, good barn and out buildings. It is situated 13 miles from the town of Butler, 20 miles from Pittsburgh, about 1 mile from Evansburgh, and 2¼ miles from the Zelienople and Pittsburgh Plank Road. On it are a large Orchard of apple, peach and cherry trees, and several good Springs of water. Apply to
R. F. WEDDELL,
ap29 Masonic Hall, No. 57 Fifth street.

To be Let.

TWO ROOMS, on the second story, over the State Mutual Fire and Marine Insurance Company—suitable for offices. Inquire of
A. A. CARRIER,
ap18tf Corner Fourth and Smithfield streets

For Rent.

PHILO HALL.—This well known Hall, situated over the Post Office, having a wide, well lighted and very airy hall, has been fitted up in the arrangement for light, &c., is now in all respects very suitable for exhibitions, Panorama, or works of Art generally. It is also well adapted for Assemblies, Balls, Other public meetings of societies, or for Corporation elections, Stockholders meetings, &c. Any number of meetings can be rented on the following moderate terms, viz: $5 per day, or $100 per week, including gas, fuel and services of a janitor.

Gas—the hall would be rented for a term of one or more years at the rate of Four Hundred dollars per annum.

Apply to JAMES BENNEY,
Third story, over Philo Hall,
or to E. D. GAZZAM.

BOGLE'S HYPERION FLUID is the best article for the HAIR in use. The following speaks for itself. A letter from the Rev. Mr. Chapman, Sandwich, Mass., late of the "Olive Branch."

BOSTON, April 6, 1846.

Mr. Bogle—Sir: I consider it a duty I owe you as well as to those who are in need of a remedy for the Hair, to say that your Hyperion Fluid has done for me what no other preparation ever did before, to acknowledge the efficacy of your Hyperion Fluid, I feel it to be due to the public, as much benefit. For twelve years I was troubled with a pain in the head, the skin of which was covered with a thick coat of fine scales, which I could rub off with dandruff, and in the morning my pillow was filled with the scales, and it had left my hair very dry and dead, and at last began to turn white. I was induced to try your Hair Dye, among other articles of the day, (and their name is legion) without any good effect. I had heard of your Hyperion Fluid, and although it was highly praised by those who had used it, yet I was afraid it was but another humbug of the day, but was induced by you to give it a trial upon the system of no cure no pay; and I am glad to say it has entirely succeeded. The pain in the head is now free from rheumatism or dandruff, my hair is daily growing thicker, and it is in a fine healthy state. It is therefore with the utmost confidence I recommend your Hyperion Fluid to be all you represent it.

I am, yours, truly,
SAMUEL CHAPMAN.

THIRTY FEET OF TAPE WORM EXPELLED by using B. A. FAHNESTOCK'S VERMIFUGE.

MT. BOSS, Ind., Sept. 8, 1852.

Messrs. B. A. Fahnestock—Gentlemen: I have had a great sale for your Vermifuge. Besides what you sent me, I bought, with Birdsall & Irwin's stock of drugs, one dozen, nearly the whole of which is sold. It does great execution amongst the worms. A Mr. Jos. Parker gave his son (nine years old) three bottles of your Vermifuge, and it brought away nearly thirty feet of Tape Worm! Daniel Odell gave the Vermifuge to a child four years old, and it passed about one hundred worms nearly a foot long, and many smaller ones came away, and the child is well. As soon as navigation opens I shall order an additional supply.

Respectfully, yours, &c. WM. W. BOOTH.
Prepared and sold by B. A. FAHNESTOCK & CO., Cor. Wood and First streets.

THOMAS WOODS,
(Commercial Broker, 49 Market street.

MISCELLANEOUS.

SAVE YOUR ICE
Burnet's Patent Water Cooler.

WE are now prepared to offer our friends and customers a superior article of WATER COOLERS of entire new styles and at greatly reduced prices. Thinner ice is the result of the application of scientific principles, the purpose intended, viz: to keep water as cool as *possible, as long as possible, and with the least possible quantity of ice.*

The proprietor has long devoted his attention to this particular branch of domestic economy, and feeling from one improvement to another, has at length arrived at the perfection as it is possible to reach. A proof of this is found in the very general use of these Coolers in all parts of the country. A simple statement of facts in regard to these Coolers, will satisfy every one of their superiority. First, they are the *only circle* of the kind ever patented. They are furnished with two distinct non-conducting chambers, by means of which, with two pounds of ice in the main chamber, water is kept at a temperature of 40° above zero, or 8° above freezing (all day). Thus, at a cost of some three cents per day, a family of ordinary size can be constantly supplied with water as cold as ice itself, larger numbers in the same proportion. This has been found by actual experiment to be a saving of at least seventy-five per cent. over the earthen jars formerly used for this purpose.

Again, these Coolers REVERSE; in this way saving much unnecessary waste and trouble.

Below numerous other advantages, which are obvious and handsomely finished in every respect, they make a beautiful ornament for the sideboard, or any other place.

An important improvement has lately been made in the Cooler, viz: a small pail capable of holding from six to eight pounds of butter) inserted directly under the cover. This quantity of butter can be kept perfectly hard all day, without additional ice; a very important addition to the economy and comfort of a family.

If desired, the Cooler can also be furnished at a small expense with a FILTERING APPARATUS, which serves the additional purpose of removing all impurities from the water, rendering it perfectly clear and wholesome.

The Cooler is now in full operation at any time at BURNET'S HOUSE FURNISHING ESTABLISHMENT, No. 34 East Fourth street, CINCINNATI.
