# HOME MATTERS.

RIVER ITEMS.—The river was swelling slowly on Saturday, and the metal mark indicated in the evening 3 feet 2 inches. By this morning the river may expect a stage of 5 feet. The weather during the day was showery and warm. The rise has been occasioned, as we learn, by heavy rains in the mountains.

The *Latrobe* was at the wharf, getting ready to leave for Cincinnati. Besides her, the H. T. Yeatman, the Advance, and the Navigator, were drawn up to the landing, in expectation of car goes to go out to-day or to-morrow.

The *Exchange*, under command of Capt. McCallum, will leave this morning for Wheeling, at 10 o'clock. The Exchange is so well known that she needs no commendation.

DESTRUCTIVE FIRE—THREE BOATS BURNED.—One of those threatening configurations, to which the steamboats at our Levee, and merchants doing business along the same, have been subjected to within the past few years, occurred yesterday morning, between two and three o'clock.—The steamers Bluff City, Dr. Franklin, No. 2, and Highland Mary, lying at the wharf above Washington Avenue, together with a large amount of merchandise, were burnt—the two first named boats totally consumed, the latter but partially.

The fire originated upon the steamer Dr. Franklin, No. 2, and when first discovered, flames were issuing from the chamberimide's ironing room. Where it is conjectured to have originated, but from what cause we have not had any information. The flames spread rapidly, and in a few minutes, the ladies' cabin was completely enveloped, rendering a suppression of the fire, with the small force then present, utterly impossible. The new and beautiful steamer Bluff City, lying immediately above the Dr. Franklin, soon became a prey of the raging fire, and notwithstanding the exertions of her officers and the fire companies, she soon was a sheet of flame. The Highland Mary, lying above the Bluff City, was the next boat fired, but this latter was but partially consumed.

The Dr. Franklin No. 2 was owned by Capt. Levins, her commander; was valued at $8,000, and insured for $6,000, in the Franklin Marine, and Hudson River Fire and Marine Insurance offices—$3,000 in each office. She was rather an old boat yet has been plying in the Upper Mississippi river trade, and had been taking in a cargo for the Upper Mississippi. She had on board at the time about forty tons of freight, consisting principally of some eighty packages of assorted goods and a quantity of salt, destined for one of the Government posts in Minnesota.—The value of her cargo is estimated to be not less than $12,000, upon which there was no insurance, so far as we could ascertain. Several of the crew of this, that were sleeping in the "texas," and so rapid was the progress of the fire that they barely escaped with their lives—one of the cooks being severely burnt before he could retreat from his state-room. The regular gangway from the hurricane roof being enveloped in flames when the sleepers became conscious of their situation, they were compelled to escape by sliding down the forward derricks, in doing which one of the engineers fell and received a slight injury. The hull of the Franklin was burnt to the water's edge, and she sunk in about two hours, moored to the levee by her cable.

The Bluff City, which laid above the 'Franklin,' was a new boat, having been built last spring, and was finished and furnished in a handsome and superior style. She was built for a packet in the St. Louis and Council Bluffs trade, in which she has made but six trips, and cleared for her owners during her short career, about $6,000. She was owned jointly by Mr. Joseph McIntire, Clerk, Mr. A. Reeder, Engineer, and Capt. J. McCloy, now commander. This fine boat was valued at $40,000, and insured for $20,000 in five different companies—$4,000 in each. She had been receiving a cargo of assorted merchandise for Council Bluffs and the Indian Territory, and at the time, had on board, as near as can be ascertained, about one hundred and fifty tons. The entire loss on the cargo is estimated at about $25,000, upon which we could not hear of any insurance. As with the Dr. Franklin, this boat burned to the water's edge, and her hull sunk at the levee, and is supposed to have broken in half.

The Highland Mary was an old boat, owned by Mr. Peter A. Sarpy, of Council Bluffs, and was valued at $5,500; upon which there was an insurance of $4,500, in the Citizens' Insurance Company, which will fully cover the loss he sustained.—*St. Louis Republican, July 27th.*

MORE BOATS FOR THE ILLINOIS RIVER.—Since Saturday two or three more light draught, low water craft have been added to the long line of Illinois river packets. The James Lyon, J. McFadin and Carolina are the most recent candidates for public favor. All three stern-wheelers of the very humblest pretensions, so far as drawing water is concerned. The J. McFadin has been chartered by Captain Peskins for others, and makes her first start for Lasalle to-morrow, at 5 p. m. The Carolina is a new boat, but recently finished at Pittsburgh, and was bought by Captain J. H. Clark for $12,000, expressly for the Lasalle and St. Louis low water trade.—She is one of the lightest draught boats afloat, drawing it is said only twelve inches with wood and water aboard. For so light a steamer her cabin arrangements and accommodations are really fine.—*St. Louis News.*

WITHDRAWN.—The Forest Rose, after one trip to the Illinois river was withdrawn, and is now up for the Ohio. The difficulty in getting around the canal boats blocking up the channel at Hennepin and Spring Creek bars, is the reason assigned for her withdrawal.

DISTRICT COURT.—Before Judge Williams. Alexander Black vs. Schoyer's administrators.—In this case it was decreed that all matters to which said bill relates be referred to J. B. Brady, Esq., as master, to take full account of all matters and dealings between plaintiff and Solomon Schoyer, deceased, and report same to the District Court.

John Brown vs. E. Forest. Rule granted on plaintiff to show cause why money arising from the sale of certain lots under the writ of Fi. fa. issued in April, 1853, should not be paid into Court, and $200 thereof paid to defendant.

Eckel, Raigual & Co., vs. A. L. Wankenheim. Rule granted on plaintiff to show cause why judgment should not be entered for want of a sufficient affidavit of defence.

Osgood & Wilkinson et al. Rule granted as in former case.

Levi Finley vs. John Aiken. In this case, which was fully argued, it was ordered that John Aiken pay Levi Findley the sum of $3,000, being the instalments of purchase money specified in an articles of agreement between them, dated May 10th, 1851, and 1st day of October 1852; and the sum of $314 50 interest on the same; and also $50, being the interest that hath accrued on the residue of the purchase money.

Also that said John Aiken execute and deliver to said Levi Findley the bond of him, the said John Aiken, secured by a mortgage upon the premises, conditioned for the payment to said Levi of the above $3,000, in three instalments of $1,000 each; and on the defendant complying with this decree, the complainant shall execute and deliver to him a deed for the premises according to the terms of agreement.

Also that the defendant pay the costs of the suit as taxed by the Prothonotary, and on failure of said payments being made, with costs, it was ordered that execution be issued therefor against said J. Aiken.

THE BRIGHTON PURCHASE.—Having disagreed as to some minor point the contract between Mr. Finney, of Rochester, and the N. Y. Capitalists, for the purchase of his land, was not completed. The Company, have, however, purchased $20,000 worth of land across the Beaver river opposite Mr. Finney's farm. The deeds are being made out by G. L. B. Fatterman, Esq., of this city, to T. C. Gould, Esq., for the use of the Company.

ARRESTED.—We hotissed some time ago, the institution of a suit for perjury by David Munn of Washington county, against James W. Guthrie of Clarion county. On Wednesday he was arrested by police officer Wigley, of this city, and taken before Alderman Philip Glover of Shippenville, Clarion county, and held to bail in $1600 to appear at the next term of Court, to answer the charge.

VIEW OF AUGUST CELEBRATION.—The colored citizens and friends of freedom celebrate the Anniversary of the Abolition of Slavery in the West India Islands, in Denny's Grove, near the Two Mile Run, on the Lawrenceville Road. A member of the omnibusses of the Excelsior Line have been chartered to run from the corner of Seventh and Smithfield streets to the grounds, commencing at seven o'clock in the morning, and running at regular intervals throughout the day. Fare ten cents each.

FIGHT.—A fight occurred about half-past eight o'clock on Saturday night, at the Court Exchequer, corner Smithfield and 5th streets, in which a man named Kain was knocked down by William Kane. Kain gave information to the police, who proceeded in a body to the place, and arrested Kane, Emanuel Arthurs and John McGann. A fourth, Thomas McDonald, succeeded in making his escape. The three arrested were committed to the tombs for an examination.

EXTENSIVE FOUNDRY.—A company of mechanics of this city have leased the ground formerly occupied by Bissell's Iron Mill, on Duquesne street, First Ward, Allegheny city, for the purpose of building an extensive foundry and Liberty blacksmithing works. A few inventions, a horse shoe machine, will also be erected.

ARRIVE TO RAFFEN.—James M. Bredin, who arrived from California a few weeks ago, will leave to-day on his return trip.

NEW HOSE CARRIAGE.—Benjamin Jeffries, of Philadelphia, is building an elegant hose carriage for the Pennsylvania Company of San Francisco. He has written to a gentleman here for a correct view of Pittsburgh, which will be painted on the front of the carriage.

FROM WESTMORELAND.—Another prisoner was committed from Westmoreland county. His name is Solomon Reed, and is charged with assault and battery, on oath of William McGowan. This makes five already received from that county.

TEMPERANCE PIC NIC.—Alderman Steele, and a number of other prominent temperance men of the city, are making arrangements to have an extensive Temperance Pic Nic within a short time, on the Noblestown Plank Road.

DISORDERLY CONDUCT.—Richard and Samuel Shore were arrested and fined two dollars and costs by Alderman Buckmaster on Saturday, for disorderly conduct at a house of ill fame on Caldwell street.

THIRD CHURCH CLOCK.—The clock of the Third Presbyterian Church, which has been undergoing repairs for some time past, was placed in its old position in the tower of the Church on Saturday.

During the heavy rain on Saturday, the old bridge was filled from one end to the other with drays, carriages, &c. &c., which had been driven there for shelter.

DISORDERLY HOUSE.—A warrant was issued by Mayor Park, on Saturday, for the arrest of Elizabeth Gordon, charged in keeping a disorderly house in the Second Ward, Allegheny, on oath of John McClure.

WATCH HOUSE REPORT.—There were eleven persons in the watch house on Saturday morning, charged with drunkenness and disorderly conduct.

HEAVY BUSINESS.—Alderman Buckmaster received $22 in fines imposed for disorderly conduct and drunkenness on Saturday.

WATCH HOUSE.—During the week just past, there have been forty-five persons in the watch house for drunkenness and disorderly conduct.

SURETY OF THE PEACE.—Paul Young was committed to jail on Saturday, by Alderman Bonoup, of Duquesne Borough, for threatening to kill his wife Elizabeth.

BAIL.—Jane Davis, who was surrendered by her bail on Friday, was discharged on bail on Saturday.

There are present at 85 prisoners in the County Jail, of whom about twenty were committed for vagrancy.

# BY TELEGRAPH.

[The wires being out of order on the Eastern line, in consequence of the storm, the was no evening news from the East.—REP.]

BALTIMORE, July 30.

The New Orleans papers of Sunday are received.

The number of deaths in the Charity Hospital of New Orleans is 190 for the week. The Delta speaks of the epidemic as worse than ever before, though confined principally to the poorer classes.

The Southern papers complain of excessive rains, which are damaging the growing cotton.

NEW ORLEANS, July 29.

The total number of deaths here yesterday was 124, including 100 cases of yellow fever.

The news by the Asia was received by the National line, at 10 o'clock this morning.

Sales of Cotton here to-day 11,000 bales, being mostly since the arrival of the Asia; price for middling 10½; sales during the week 2800 bales; receipts during the week 900 bales; stock on hand 26,000 bales.: Tobacco: sales for the week 1400 hhds. Flour, $7. Corn, 72. Mess pork $14,50. per bbl.

CINCINNATI, July 30.—The river has fallen 7 inches; the weather is cloudy.

Flour in good demand at $4, for fresh in town, with sales new at $4,05. Whiskey 19½@20. Nothing new in Provisions. Cheese scarce, advanced to 7@7¾. Sugar 4½@5¾, steady. Molasses 22@25. Butter 9½@11. Cattle in fair supply at 4½ to 6½, nett.

# STEAM BOATS.

FOR WHEELING.—The fine steamer EXCHANGE, Rhodes, Master, will leave for above and intermediate ports on 29th Day, at the instant, at 10 a. m. For freight or passage apply on board, or to J. D. COLLINGWOOD, Agent.

# COMMERCIAL

PITTSBURGH MARKET.

OFFICE PITTSBURGH GAZETTE
Monday Morning, August 1, 1853.

We were visited on Saturday with heavy showers of rain which increased the prospects of a rise in the river. On Saturday evening, at dusk, the stage of water was 3 feet 1 inch, and rising; a good stage for navigation is anticipated by to-day. Business was confined mostly to the jobbing trade; but in that department we notice more than usual activity.

FLOUR—but little on the wharf: sales of 50 bbls. superfine at $4,37, and other small lots do. at $4.42; sales at Allegheny depot of 500 bbls. superfine and extra, at $4,40 for superfine and $4,50 for extra. These rates have been maintained unchanged during the week.

GRAIN—sales of 150 bus. new Oats at 37, and 60 do. old at 40; the market has a declining tendency. Wheat is offering in but limited quantities, and we quote at 90@91. Corn is nominal at 56.

BACON—the speculative feeling of Friday was not apparent on Saturday; the sales to the retail trade reached only about 10,000 lbs. at 6 6¼ for Shoulders and 9½@9¾ for Hams, and some 1000 lbs loin reported at 6¾ and 8¾; a lot of 3 bbls. shoulders at 6¼. City cured meat can not be had under 6¾ and 9¾ for Shoulders and Hams, and some holders are asking an advance of ¼ on these rates.

GROCERIES—the inquiry for Sugar is small lots is a little better than it was; sales of 9 hhds. fair at 5, equal to cash, and 7 do. fully fair to prime at 5¾@5¾, and smaller lots at 5¾@5¾. COFFEE, sales of 50 bags to the trade at 10, four moe, and 51 do. at 10¾; by the single bag, or in small lots at the usual advance on trade rates. MOLASSES, sales to country of 50 hhds. at 30. RICE 4@5¾.

FISH—we have no change to note; sales of No. 3 Mackarel, to the trade, on arrival, at $10,25, and to the country at $10,50@$10,75. Bait Herring, $6,00@$6,50. Lake Fish: sales at $3,00@$3,00 for Trout.

DRIED APPLES—we are advised of sales of 437 bus. and 65 do. at 62½.

CHEESE—stocks are low; sales of 50 bxs. to go east, at 7; prime, 7¾.

TOBACCO—a sale of 50 bxs. Grant's 5s is reported at 8½.

ROSIN—sales of 50 bbls. at $3,00.

WHISKEY—in demand; sales of 60 bbls. rectified at 25.

HAY—the sales are pretty well supplied, and sales at $8 to $10,50 ⅌ ton.

MONETARY AND COMMERCIAL

St. Louis, July 28.—The market generally is dull. The best brands of superfine flour are selling at $4,50. Corn 46@48c, and the s 37@40c. Sales of Bacon shoulders at 5¾c, and hams at 8@8½c. Receipts of Corn 11,000 bus—by 40 canals. Coal Sales, country retail, sell at 17½c. A sales of 200 bus at 15c. Receipts of Coal 1,000 bus. Sales reported yesterday at $110. Lead $4,35@4,37. Tobacco is active at steady prices.

Freight to New Orleans:—Flour 20c, Pork 25, Pound freight 1c. Hemp 2 ¾ to 3. Tobacco $2,50 ⅌ hhd.

The river is falling.

NEW ORLEANS, July 27.—Flour is scarce and ranges from $4,50 to $4,62½. Corn 60 to 70. Pork 17 to 18. Bacon, Shoulders 6c. Tobacco is quiet but firm. Lard in bbls 9@9½, and in kegs 11@12.

There is a continued demand among the brokers for money. There is also more demand with mercantile men, and rates are somewhat higher. At New York, the demand for money has been greater for commercial purposes on long paper, which commands fully 7 per cent, and call, and for short paper, the change was not material.—Phi. Ledg.

For Sale.

WITH the WATER POWER and with or without the MACHINERY, the commodious and well established Machine Shop, in the Diamond, WOOLEN FACTORY, in Massillon, Ohio. Said building is located near the Station of the Cleveland and Pittsburgh and Ohio and Atlantic Railroads—it is four stories high, the first two stories of Stone, the rest of Brick, and measures it is 40 feet in width by 75 in length, admirably adapted for any manufacturing purpose. It is also well adapted for a lot of 3 bbls. shoulders at 6¼, City cured meat can not be had under 6¾ and 9¾ for Shoulders and Hams, and some holders are asking an advance of ¼ on these rates.

GROCERIES—the inquiry for Sugar is small lots is a little better than it was; sales of 9 hhds. fair at 5, equal to cash, and 7 do. fully fair to prime at 5¾@5¾, and smaller lots at 5¾@5¾. COFFEE, sales of 50 bags to the trade at 10, four moe, and 51 do. at 10¾; by the single bag, or in small lots at the usual advance on trade rates. MOLASSES, sales to country of 50 hhds. at 30. RICE 4@5¾.

FISH—we have no change to note; sales of No. 3 Mackarel, to the trade, on arrival, at $10,25, and to the country at $10,50@$10,75. Bait Herring, $6,00@$6,50. Lake Fish: sales at $3,00@$3,00 for Trout.

DRIED APPLES—we are advised of sales of 437 bus. and 65 do. at 62½.

CHEESE—stocks are low; sales of 50 bxs. to go east, at 7; prime, 7¾.

TOBACCO—a sale of 50 bxs. Grant's 5s is reported at 8½.

ROSIN—sales of 50 bbls. at $3,00.

WHISKEY—in demand; sales of 60 bbls. rectified at 25.

HAY—the sales are pretty well supplied, and sales at $8 to $10,50 ⅌ ton.

MONETARY AND COMMERCIAL

St. Louis, July 28.—The market generally is dull. The best brands of superfine flour are selling at $4,50. Corn 46@48c, and the s 37@40c. Sales of Bacon shoulders at 5¾c, and hams at 8@8½c. Receipts of Corn 11,000 bus—by 40 canals. Coal Sales, country retail, sell at 17½c. A sales of 200 bus at 15c. Receipts of Coal 1,000 bus. Sales reported yesterday at $110. Lead $4,35@4,37. Tobacco is active at steady prices.

Freight to New Orleans:—Flour 20c, Pork 25, Pound freight 1c. Hemp 2 ¾ to 3. Tobacco $2,50 ⅌ hhd.

The river is falling.

NEW ORLEANS, July 27.—Flour is scarce and ranges from $4,50 to $4,62½. Corn 60 to 70. Pork 17 to 18. Bacon, Shoulders 6c. Tobacco is quiet but firm. Lard in bbls 9@9½, and in kegs 11@12.

There is a continued demand among the brokers for money. There is also more demand with mercantile men, and rates are somewhat higher. At New York, the demand for money has been greater for commercial purposes on long paper, which commands fully 7 per cent, and call, and for short paper, the change was not material.—Phi. Ledg.

To the Physicians of Pittsburgh.

WOLFE'S CELEBRATED SCHIEDAM AROMATIC SCHNAPPS—Combining the necessary to running any regular member of the Medical profession of the established medical properties of pure Holland gin in many diseases of tropical tendency, I respectfully invite your examination to a very superior article, manufactured by myself exclusively, at Schiedam, in Holland, by a process peculiar to my own factory. It is flavored and medicated, not by the common Harsh berry, but by the choice botanical variety of the aromatic Italian Juniper Berry, whose mucous vinous extract is distilled and rectified with its spirit of exquisite flavor and aroma, altogether transcendent, in its cordial and medicinal properties, to any Holland Gin heretofore known.

And to the influx of inferior distillations with which the market is now flooded, physicians find no little difficulty in procuring a good and pure Gin, which they can service with confidence in its cerach ial effects. As an importer of twenty year's standing, in the city of New York, and possessing a natural experience in the manufacture of GENUINE GIN, especially, I beg to submit to your attention my AROMATIC SCHIEDAM SCHNAPPS, as one which cannot fail to realize your utmost expectations, and I shall be happy to forward to you a bottle of it, free of charge, in answer to a letter intimating your readiness to accept it.

It is now scarcely one year since I have prepared and distributed my SCHIEDAM GIN exclusively for medicinal purposes, in which time I have received numerous letters, both from physicians and patients, testifying to its really extraordinary efficacy in cases of Irritable Dropsy, and affections of the Kidneys and bladder and gravel, also in Dyspeptic Maladies, when taken in proper quantities as a Diet Drink, and especially as diuretic in some cases of Gravel, and especially as diuretic efficacious in the most obstinate cases, when even the best medical remedies have failed to afford more than temporary relief, and I have no doubt that it would yield similar results with precision and certainty in your own professional experience.

The Aromatic Schiedam Schnapps is put up in strong bottles, pints and quarts, neatly covered and labelled with my name embossed on the bottle; also, a fac simile of my signature on the cork, and my seal on the cork.

Importer, 21 Beaver street, New York.

For sale by FLEMING BROTHERS, 60 Wood street, Pittsburgh; and by all the principal druggists and Grocers in the United States.

Extracts from the New York Medical Gazette and Journal of Health, Dr. Geo. C. M. Roger, M. D., LL.D., 773 Broadway, October 1, 1852:

DR. WOLFE'S GIN AS A MEDICINE.

In our last number, we published a short notice of a circular on this subject, from our fellow citizen, Udolpho Wolfe, Esq., of the Schiedam Schnapps, equivalent of our own views. Since then we have been employing this article in our practice, and have received from many of the people of several communications on the subject from medical men, which we publish below. We find the Aromatic Schiedam Schnapps is very extensively in use, and we also in regard to it present our opinion that the stimulating diuretic, to be eminently useful, should be free from all acrimony, and that it should be light and warm. In one of the cases this article was prescribed, and it proved effectual; a distressing case of gravel, so called, has been entirely relieved by the use of a moderate quantity of considerable size, which was ascribed to the use of only two bottles of the Schiedam Schnapps.

We know not the object of Mr. Wolfe in designating his peculiar product by the obsolete appellation of Schnapps, nor of his designating it in his advertisements the "concentrated Tincture of Juniper" for any of purpose, as it is a fact well known in the Southeast, where the best water of life is made, that it is perhaps distinctly seen in the gross effects upon persons unaccustomed to them. I should think, however, that Mr. Wolfe will not long persist in a commercial error, which must inevitably result in a commercial error of no small magnitude, and that he will be induced to drop the term Schnapps, and to adopt a more appropriate one, such as Schiedam Aromatic Tincture, or Juniper Tincture, or Juniper Cordial, and for short Gin, which is the name by which it is known in the Southeast, where the best water of life is made, and which is perhaps distinctly seen in its pure state, unadulterated by the Gin of commerce, nearly all of which is made in the United States, manufactured and elsewhere from inferior whiskey and cheap rum. The name he has adopted, I fear, will serve the purpose of designating his article as prepared exclusively for medical purposes, and he thus commits to physicians, for whose convenience it is on sale only by the wholesale and retail druggists.

As respects its medicinal and curative effects, we understand that this claim only can be fairly and reliable article of Holland Gin, and as such, worthy of the attention of the medical profession, in those diseases for which they are wont to prescribe it, and which, it is to be regretted, are strained by finding it impracticable to obtain the article in a pure state. We think it will also be a valuable medicinal medicine deprive the afflicted of the benefit of this article, which from time immemorial has held its place among the remedial agencies of the Materia Medica, if it be found worthy of public and profession patronage.

At all events, those who persist in the employment and introduction of other terms than those of Schiedam, Juniper, &c., and especially those who prescribe Gin under any other name than Schiedam, will not be giving the preference to a pure article over the mass of Gin with which the market is flooded. Mr. Wolfe literally supplies physicians with a supply pure and unadulterated, as set forth in his circular, and stakes the reputation of the product of his own distillery upon its superiority over the Holland Gin, when used under medical advice, and pledges his own character to the purchaser that the article will not disappoint any whom it.

From the New York Express, October 26, 1852.

MEDICAL LIQUORS.

In common, I presume, with many others of the profession, I received, some few months since, a circular addressed to the Medical Profession of the United States, by Mr. Udolpho Wolfe, the importer, of Beaver street in relation to a peculiar and chemical combination of a new article of Holland Gin, manufactured by himself, at Schiedam, in Holland. As a medical man, I felt bound to give the medical use, under the somewhat Dutch title of "Schiedam Aromatic Schnapps." The peculiar claims for this article are eminently superior degree of purity, freedom from acrimony, and effects, moreover, a gratifying supply of it to my patients, who have been accustomed to meet these claims in a scientific and professional manner.

I have, in fact, been in the habit of using it as a pure Holland Gin, as a medicine, namely first, that when taken in moderate quantity it is found to be exhausted by our other remedy known to the profession, in many instances, also in Dyspeptic Maladies, when taken in proper quantities as a Diet Drink, and especially as diuretic efficacious in the most obstinate cases, when even the best medical remedies have failed to afford more than temporary relief, and I have no doubt that it would yield similar results with precision and certainty in your own professional experience.

The superior quality of the Little Saw Mill Run Gin, inspires the Company with conf
