Rev Mr. Maffitt will deliver an address before the Temperance Association on Tuesday Evening at 7½ o'clock, in the Rev. Dr. Swift's Church, Beaver street, Allegheny. The alarming increase of crime, induced by the sin of drunkenness, calls loudly on the citizens of all classes to be up and doing what they can towards arresting this monster vice—the parent of most others.

The cure for the evil is found in the passage and enforcement of a prohibitory law, the good effects of which are so clearly seen wherever it has been tried, in the emptying of jails, &c. It is hoped the community will be induced to attend these meetings, and exert their influence on the side of this great moral reform. Murder after murder is committed in our very midst, and almost every one of them the result of indulgence in intoxicating drinks.

ALLEGHENY.

SPECIAL ALLEGIANCE.—A special *allocatur* (writ of error) was issued on Saturday granted by Hon. W. H Lowrie, on the ground of informality in the proceedings, on the application of Messrs. Darrah and Shaler, by which the proceedings in the case of the Commonwealth vs. David Jewell will be revised by the Supreme Court. The writ was made returnable on the first Monday of September, the day on which the Supreme Court meets. The information was conveyed to Jewell on Saturday, who received it with much emotion.

TEMPERANCE MEETING.—A very large Maine Law Meeting was held at the Rev. Mr. Williams' Church, in Wilkins Township, on Friday night. Messrs. Bailey and Kirkpatrick delivered addresses.

There was also another held on the same evening at Mount Washington, at which Col. Holtz and others made speeches.

HEAVIEST TRAIN OF THE SEASON.—The freight train of the O. & P. R. R., which arrived here on Tuesday night, consisted of twenty-five cars, fully loaded, and was drawn by a single locomotive, the "Ashland." (Conductor Torrence.)—This is the heaviest train of the season.

Yesterday morning, a train of eighteen cars, heavily loaded, left the Federal street station.—Eleven of the cars were loaded with Cincinnati goods.

COMET SEEN.—On Saturday night, about dark, a Comet was seen by some of our citizens, on the western horizon, a little north of the region of sunset. It was about the size of a star of the second magnitude. The tail was quite long.—This is supposed to be the Comet which appeared about 800 years ago, whose return was first expected in 1849. As it did not appear then, the calculations of the Astronomers were revised, and its return predicted in 1856.

Our informant thinks it will increase in magnitude, daily, for some time to come. In its appearance 800 years ago it caused the utmost terror; and the effect of its re-appearance has been looked forward to with some apprehension. Our citizens will be on the look-out for it of course.

STEALING FRUIT.—Several boys were arrested on Friday evening and taken before Mayor Park, Allegheny, charged with stealing fruit from the garden of Mrs. Mary Ann Smart, in the First Ward of that city. After a lecture by the Mayor, and the payment of costs, they were discharged.

NEW BRIGHTON.—The accommodation train of the O. & P. Railroad (under the charge of Mr. Samuel McCleary, one of the most gentlemanly and attentive Conductors on the Road) makes its trips with full cars every day. The passengers are mostly business men who reside on the line of the road, and attend to business in the city.

GIVEN UP.—Drs. McCracken and Walters, the physicians in attendance upon Dawson have given up every hope of his recovery, and informed his family of their inability to do anything further for his relief. He has been inasensible since Wednesday night.

FURTHER HEARING.—The further examination of William L. Gould, for shooting Dawson, which was fixed for Saturday at ten o'clock, was postponed until Tuesday at the same hour.

INQUEST.—Mrs. Mary Erich, aged 78 years, died very suddenly on Saturday morning at her residence, in South Fayette township. Coroner Lowry was sent for, and held an inquest upon the body. The jury returned a verdict that the deceased came to her death from a visitation of God.

JENNY LIND.—Jenny Goldschmidt remarked that "we had no poor people in this country; that the Americans all dressed well." Therefore, all persons possessing taste, can well afford to attend the exhibition of Rosbert's Paintings, which are opened for one week more, day and evening, at Gargoe's Hall. This is positively the last week, regardless of success.

HELD TO BAIL.—Jacob Hill was arrested and held to bail on the charge of attempting to fire the Hand street Bridge, on oath of Justice Lynch, the Toll Collector. Mr. Hill is the proprietor of a steam tow-boat, and it appears had stopped several times under the bridge, keeping up heavy fires while there.

FALSE IMPRISONMENT.—A capias was issued on Saturday by Prothonotary Campbell for the arrest of Robert M. Biddle and B. W. Cook, at the suit of W. W. Spiane, for trespass *vi et armis*, and for false imprisonment.

ADMITTED.—John M'Carthy, a student at law of the Hon. P. C. Shannon, was this morning, after a critical examination on the principles and practice of law and equity, admitted to practice in the several Courts of Allegheny County.

CRIMINAL CALENDAR.—There were forty-nine commitments to jail during last week for disorderly conduct and drunkenness. Twenty-five persons were committed for Court offences.

DISORDERLY CONDUCT.—Diana Dangerfield made oath, on Saturday, before Mayor Park, against her son-in-law, Nimrod Maguire, for beating his wife and threatening to kill the complainant. He was arrested and fined.

IRON AND NAILS.—We call the attention of our readers to the advertisement of Brown, Phillips & Co., in another column.

The cholera broke out here on Wednesday, since when fourteen deaths by it have occurred. It is, however, now subsided, and only a few cases are under treatment, which are considered manageable. Imports in American vessels,	
do do foreign goods,	$35,576,822
Exports in American vessels, foreign goods,	14,919,499
