PITTSBURGH GAZETTE.

A SINGULAR INCIDENT occurred on the occasion of the recent collision between the Paris and Bordeaux Railway. The conductor, whose place was in the luggage van, on hearing the noise of the approaching train, opened the sliding door and put his head out to see what was the matter. At that moment the trains came in collision, the sliding door was violently slammed to, and decapitated him as neatly as a guillotine. His head rolled down the embankment, while his body remained in the van.

HEALTH OF NATCHEZ.—The yellow fever is abating at Natchez. The Courier says:

"There are but few indeed left on whom the insatiate monster can seize, and the cessation of its ravages may be attributed almost solely to the scarcity of prey. For the last few days the weather has been cool and almost indicating the approach of light frosts; but we can hope for nothing in the shape of a killing frost until November comes. Until that event takes place it will be as unsafe for those to return who fled from Natchez on the approach of this pestilence as if it still raged in all its vigor.

"The total number of deaths in Natchez since the commencement of the pestilence to six P. M. on the 26th instant is 278, of which 289 are reported as caused by yellow fever; in 21 the diseases are not reported, and in 28 the causes are assigned to other diseases than the epidemic.—During the fortnight ending at six P. M. on the 26th there had been 62 deaths. On the 21st and 22d there were none; 23d, 1; 24th, 2; 25th, 8; 26th, 5."

THE WHIG PARTY AT SYRACUSE.—The Whig Party is not dead—neither doth it longer sleep. True, after an important event which occurred sometime in November last, it found itself in an admirable position for repose. It did take a nap, during which it did not even snore, and consequently, many whose wish was father to the thought, believed its day of life and vigor was over. How completely were they mistaken. To-day it stands up before them, united and *harmonious*. Delegates from all parts of the State gathered at Syracuse. They met in friendship; conducted the business of the Convention with pleasing unanimity; presented a ticket agreeable to all present; and with three cheers for it; three for the cause; and three for Washington they adjourned, and returned rejoicing to those who sent them to there.

The speech of the ex-Governor, on taking the chair; the ticket agreed upon, and the resolutions passed by the convention, we commend for careful perusal to the members of the living and breathing Whig party of the State of New York. *N. Y. Times.*

ACQUITTAL OF SWAN.—The Hagerstown News says that though the acquittal of Swan was gratifying to his personal friends, it has created quite a sensation in the community, not without murmurings from a large class of citizens

Fifteen Dollars Only

FOR A BEAUTIFUL HOMESTEAD, AT the village of ROSEVALE, a delightful and healthy location—EIGHTY FARMS, worth over $13,000, $200 BUILDING LOTS and a Public Park, will be sold to subscribers on the FIRST DAY OF SEPTEMBER, 1853. A large number of these are already taken. Persons who take lots are required to pay for them from 200 to 500 per cent. advance over the price for which these lots are offered to the public, showing the value of a good investment.

Rural estate on all parts of Long Island is rapidly advancing in price, and is constantly being purchased for pleasure and gardening purposes and permanent investments. Within a few days past, a Farm of 70 Acres sold at $400 per acre, and a Farm of 100 Acres for $400, and $60,000 has been offered for twenty-two acres, and refused by the owner. In the last few years, Long Island property has sold for from $600 to $1,500 per acre, according to its adaptedness to gardening purposes. Farms, fruit and garden vegetable for the New York market, increase from five to ten times the original cost.

Each subscriber is entitled to one Building lots 25 by 100 feet, lying together, or a Farm of from 20 to 25 acres, at the option of the Proprietors, at a price not exceeding $5 each. If desired a warrantee deed will be made out immediately after the distribution, and delivered immediately after the Lottery.

The village of Rosevale is where these Lots are located, is only a short distance south of the celebrated Lake Ronkonkoma, the beauty and romantic appearance of which is unrivaled by all who visit it. The Proprietors have the best evidence that can be desired that Rosevale, taken as a whole, is the most healthy, well adapted for rural land, and fortunately situated, being known as the "Garden Spot of the Middle States." It is the nearest point to New York City. From the publisher's table, I select the following, which is a fair specimen of the letters it is shown that Long Island is the most healthy location within the neighborhood of New York, and is preferable to any other place.

The farm from which I am now selling at from $20 to $30 per acre, was one of the same general character as to soil with those now under cultivation, and yielded 12 bushels of wheat to the acre. Long Island on the north and south of this will no better sell naturally, sells for from $200 to $300 per acre.

Apply to CHARLES WOOD, No. 520 Broadway, corner of Pulaski street, New York, or to JOHN PENDILL, Jr., Fulton street, Boston, who will receive remittances for Lots, and give receipts therefor, and forward receipts therefor, and forward rural maps and pamphlets of the property, and cheerfully give such other information as may be desired.
