THIS Infallible Remedy does not, like the poisonous irritating snuffs and strong long been humbugged, simply palliate for a short time, or drive the disease to the lunes as there is danger of doing in the use of such nostrums, but it produces perfect and permanent cures of the wsist cases of Chronic Catarrh, as thousands can testify. Cold in the head is cur ed with a few applications. Catarrhal Head-ache is relieved and cured as if by magic. It removes offensive breath, loss or impairment of the sense of taste, smelling or hearing, water ing or weak eyes, and impaired memory, when caused by the violence of Catarah, as they frequently are. I offer in good faith a standing reward of \$500 for a case of Catarrh that I

cannot cure. For sale by most druggists everywhere. Price only 50 cents.

Ask your druggist for the remedy; but if he has not yet got it on sale, don't put it off by accepting any minerable worse than worthless substitute, but enclose sixty cents to me, and

the remedy will be sent you postpaid. Four packages \$2, or one dozen for \$2. Send a two cent stamp for Dr. Sage's pamphlet on Catarrh. Address the proprietor, R. V. PIERCE, M. D.

ence, acknowledged to be the modern parler magazine of America The engraving, 28x32 inches, is from the original painting, entitled, 'The Pic-Nic on the Fourth of July.'

The painting took a whole year, and is con-sidered the finest of the entire list of numerous populor productions by Lillis M. Spencer. The engraving was the labor of four years, by three eminent artists—John Rodgers, Samuel Halpin, and Samuel Hollyer; The last named having been induced to come from Europe to finish it. The engravers have ably seconded the successful labors of the painter. None but artists can fully appreciate the skill and labor lavished on this engraving The general tect is very fine and impressive, and the deli-rate finish to the heads will bear the most minute inspection. The union of line and stipple is executed with unusual ability, and their skilful combination has greatly contributed to the success of the engravers in this unsurpass-

ed proof of their genius. Theywork on the engraving alone cost over seven thousand dollars, besides the cost of the copyright, and is acknowledged by competent judges the most elaborately finished large work
