PROFIT TAKING FOLLOWS INQUIRY

Leading Issues Carried to Higher Levels; Steel Wavers

New York, Aug. 10. — Transactions of the first hour approximating 250,000 shares, exceeded the entire output of some recent sessions. Declines of the usual character of profit taking were followed by a fresh inquiry which carried leading issues notably Reading, to higher levels. There was another and more moderate reversal in the second hour, with considerable diminution of activity. United States Steel wavered, probably in anticipation of an indifferent July tonnage statement. Towards midday there came a spirited demand for Marines, but quotations elsewhere were slightly irregular. Bonds were steady.
