"NO."

Would you learn the bravest thing
That man can ever do?
Would you be the uncrowned king,
Absolute and true?
Would you seek to emulate
All we learn in story
Of the moral, just, and great,
Rich in real glory?
Would you lose much bitter care
In your lot below?
Bravely speak out, when and where
'Tis RIGHT to utter "No."

You with kindly spirits blessed,
Willing to do right,
You who stand with wavering breast,
Beneath Persuasion's might,
When companions seek to taunt
Judgment into sin—
When the loud laugh fain would daunt
Your better voice within—
Oh, beware! you'll never meet
More insidious foe:
But strike the coward to your feet,
By reason's watchword, "No."

Ah! how many thorns we wreathe
To twine our brows around,
By not knowing when to breathe
This important sound!
Many a heart has rued the day
When it reckoned less
Of fruits upon the moral "Nay,"
Than flowers upon the "Yes;"
Many a sad, repentant thought,
Turns to "long ago,"
When a luckless fate was wrought
By want of saying "No."

Too few have learned to speak this word
When it SHOULD be spoken;
Resolution is deferred,
Vows to virtue broken;
More of courage is required,
This one word to say,
Than to stand where shots are fired
In the battle fray.
Use it fitly, and you'll see
Many a lot below
May be schooled and nobly ruled
With power to utter "No."

Gen. Hooker on the Victory.

[Hooker was in Toledo, Ohio, recently, and the people, surrounding him, extorted a brief speech, from which we quote the following:]

Every thing looks bright for our country. The work which the people accomplished, the day before yesterday, will do more to put down this rebellion than anything done before. It was the greatest victory of the war. The hopes based upon the Peace party of the North, have long been the chief prop of the Rebels. They have been struggling along against defeats and difficulties for a long time, in the hope that the Presidential election of 1864 would bring them relief. They well know that armistice and negotiation mean nothing less than separation and dissolution of the Union, and hence their dependence upon the peace party.

The managers of the Chicago Convention are dangerous men. Ohio sent one who claims to have put into the platform of that Convention the declaration that the war was a "failure." That man claims to be a Democrat. I never was anything else than a Democrat, but I repudiate all such men as him. He never had a drop of Democratic blood in his veins. I am satisfied, from what I heard in Chicago, that one-half of the Convention that nominated M'Clellan might be indicted for treason. The name of Jeff Davis was cheered there oftener than was M'Clellan's.

I do not rejoice in this result because I am so much a friend to the President, as I do for the success of the cause he represents, and I would support any man for the sake of the cause.

A New Candidate.

Before daylight of Election morning, a policeman caught a fellow rolling a barrel of mackeral, along Arch St. near Second. Pat confessed he had stolen it, and Police made him roll it—barrel first, and Pat after, the sweat trickling down his face—to the Station House in Cherry St. where the pitiless Police chucked in Pat with his mackarel, and turned the key.

Morning brought Ald. Welding. Pat descanted most volubly and lugubriously upon the arbitrary Abolition tyrant who compelled him to roll that barrel to the cells—poor, suffering victim! "But," the Magistrate asked Pat, "why did you take the barrel?"

"Why, Joodge, it's more nor a poor mon like meself kin pick up a dacint livin' wid the Linkin shinplasthers, and I *voted* to procure me a barrol of mackerol for my sthumac's sake, yer honor."

"Begorra," said a Union Milesian, who happened to be looking on, "I'm heariu' of min voting for a M'Clillan, and for a M'Pindleton, *but niver wonce did I hear of a mon votin' for M'Erol!*"

There was a roar of laughter, but Pat couldn't see the point of it. Ald. Welding committed him at once. So M'Clellan's vote was one less in Philadelphia, and 1 "Scattering" vote was given "M'Erol!"

POTATOES.—The Lebanon (N.H.) *Free Press* says: "Our farmers are getting enormous crops of potatoes this fall. Some get at the rate of five hundred bushels per acre, and no rotten ones at all, and single potatoes are often found weighing two and a half and three pounds. Such a crop has not been known for thirty years. The price will not be over thirty cents per bushel."

When Algernon Sydney was told that he might save his life by denying his hand-writing, he said: "When God has brought me into a dilemma in which I must assent to a lie or lose my life, He gives me a clear indication of my duty, which is to prefer death to falsehood."

Jeff. Davis says he loves his friends and forgives his enemies. Why, that's the way they all talk on the gallows. Read the last speech and dying confession of the disappointed felon.

DR. WISHART'S
PINE TREE
TAR CORDIAL

IS the vital principle of the Pine Tree—obtained by a peculiar process in the distillation of the Tar by which its highest medicinal properties are retained. It is the medicine that cures when all others fail.

Have you a Cough? Have you Sore Throat? Have you any of the premonitory symptoms of that most fatal disease—*Consumption?*

Those who should be warned by these *symptoms* generally think lightly of them until it is too late. From this fact, perhaps more than any other, arises the sad prevalence and fatality of disease which sweeps to the grave at least one *tenth* of death's victims.

What are its *symptoms?*

It usually begins with a short, dry cough, which soon becomes habitual, but for some time nothing is raised except a *frothy mucus*. The breathing is somewhat *difficult*, and upon slight exercise much *hurried*. A sense of *lightness* and *oppression* at the chest is often felt. As the disease advances, the patient becomes thin in flesh, is afflicted with loss of appetite, great languor, imbolence, and dejection of spirits; may continue in this state for a considerable length of time; and is very readily affected by slight exposure or fatigue. If these occur, the cough becomes more troublesome, and is attended with expectoration, which is most copious and free early in the morning. It is sometimes streaked with blood. At this stage, night sweats usually set in and in some cases a profuse bleeding of the lungs may also occur. Pain in some part of the chest is felt, and often a difficulty of lying upon one or the other side without severe fits of coughing or a sense of fullness or suffocation. The pulse becomes full, hard, and frequent, the hectic flush tinges the cheeks, and the dire malady is fast hastening to its close.

You now ask, *is there a cure?*

Consumption has been and can be cured by the use of my TAR CORDIAL, even in apparently hopeless cases. This assertion I make with the ability to present the most complete evidence of the truth. Space will not admit of my giving the contents of the many thousands of testimonials to its value, which I have been and am receiving from men and women of unquestionable worth and reputation. I have had a number of these certificates printed in circular form which I will send you free on application. Whether you now determine to try the medicine or not, send for the circular. After years of study and experiment, I offer this medicine, believing it to be the best remedy for all *pulmonary and bronchial diseases*. If you can not be benefited by the use of the TAR CORDIAL, I believe you are beyond all earthly aid. Yet if there are better curate agents, I earnestly advise their use. The best remedies, the best care, are needed by those afflicted with this disease. Because I believe this to be the best, I ask you to try it.

Many, not only of the people, but physicians of every school and practice, are daily asking me, What is the principle or cause of your success in the treatment of *Pulmonary Consumption?* My answer is this:

The inorganics of the digestive organs—the *strengthening* of the debilitated system—the *purification* and *enrichment* of the blood, must expel from the system the corruption which scrofula breeds. While this is effected by the powerful alterative (changing from disease to health) properties of the Tar Cordial, its healing and renovating principle is also acting upon the irritated surfaces of the lungs and throat, generating each diseased part, relieving pain, subduing inflamation, and restoring a healthful tendency. Let this two-fold power, the healing and the strengthening, continue to act in conjunction with Nature's constant reparative tendency, and the patient is saved, if he has not too long delayed a resort to the means of cure.

The PINE TREE TAR CORDIAL will cure Coughs, Sore Throat and Breast, Bronchitis, Asthma, Croup, Hooping Cough, Hoarseness, and is also an excellent remedy for disease of the kidneys, and female complaints.

BEWARE OF COUNTERFEITS.

The genuine has the name of the Proprietor and a pine tree blown in the bottle. All others are spurious imitations.

Duckeye Mower & Reaper,
For the Harvest of 1864!
SECURED BY
Thirty-Four distinct Patents!

THE unparalled success of the Buckeye is the strongest proof its superior merits. And its reputation is so well established that since its introduction the manufacturers have been entirely unable to supply the demand.

We will call attention to a few of its points of excellence and the farmer to give it a persoual examination.

The Two Driving-Wheels, &c.

The TWO DRIVING WHEELS—the Pawls and Springs, by which the machine may be thrown out of gear, or be backed without vibrating the knives—the Steel Cutter Bar—the Wrought Iron Guard, with Hardened Steel Face or Cutting Edge—the Double-Hinged Joint, by which the Cutter Bar may be Folded—the long Crank Shaft—the Steel Spring and Wheel, by which the Cutter Bar may be raised and lowered so as to cut as low to the ground as may be desired—the Steel Pitman and Brass Box—its Light Draft—(no Side Draft)—no weight on the horses' necks—backs as easily as a cart—all of which form a combination of advantages which no other machine possesses.

No Gearing on the Driving Wheels.

A team of horses weighing 900 lbs. each, will cut an acre of grass an hour with ease.

The machine is furnished with two Cutter Bars—one for cutting grass, and the other for cutting grain (each expressly adapted to the use intended).

No effort will be wanting to maintain the Buckeye in the enviable position it now occupies, that of being the

Best Machine in the World!

During last harvest hundreds of Farmers, in consequence of our inability to supply the demand were unable to obtain the *Buckeye*, and were forced to purchase an inferior machine. The continued scarcity of laborers and the new calls from the government for troops, will take many more laborers from the country, and the farmer will have to rely entirely upon machinery in gathering his hay and grain crops.

Farmers who would avoid disappointment in procuring a Buckeye can send in their orders now.

We are now prepared to fill orders for the coming Harvest. Address,
SLIFER WALLS, SHRINER & CO.
Manufacturers of Keystone Clover Hullers, &c., Lewisburg, Union Co., Pa.

1070 R. M. COOPER

U. S. 7-30 LOAN

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time, will be allowed a commission of one-quarter of one per cent. which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deduction for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U S. Notes, considers that it is paying in the best circulating medium of the country, and it *can not* pay in anything better, for its own assets are either in Government securities or in notes or bonds payable in Government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks and as collaterals for discounts.

Convertable into Six per cent. 5-20 Gold Bonds

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *ninn per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a Special Act of Congress *exempts all bonds and Treasury notes from local taxation*. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or seperate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the *original* certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

First National Bank of Milton—also of Danville,

and by all National Banks which are depositories of public money, and

ALL RESPECTABLE BANKS AND BANKERS

throughout the country will give further information and

AFFORD EVERY FACILITY TO SUBSCRIBERS. [1060m3]

THE greatest improvement yet in the Sewing Machine art. A curiosity worth seeing.

Please send for circular with sample of sewing.

These Improved Machines save ONE HUNDRED PER CENT. of thread and silk, and make the LOCK STITCH alike on both sides.

They require no instruction to operate perfectly, except the printed directions.

No change in sewing, from one kind of goods to another.

And no taking apart to clean or oil.

Our NEW MANUFACTORY is now complete, with all its machinery and tools entirely new, and is already rapidly turning out Machines which for BEAUTY and PERFECTION OF FINISH are not surpassed by any manufactury in the world.

N. B.—Should any machine prove unsatisfactory, it can be returned and money refunded.

Agents wanted in counties not canvassed by our own agents.

FINKLE & LYON, S. M. CO.

Advantages of the
KNUCKLER WASHING MACHINE.

FOR the purpose of convincing the community that the Knuckler Washing Machine can not be surpassed for ease and rapidity in washing clothes, I take pleasure in referring to Miss Sarah Gibbony, (daughter of John Gibbony of this place,) who is eleven years old, weighs 55 pounds, and does the week's washing for the family in **three hours**, and considers it a very light job, with the assistance of the "Knuckler."

Machines and Browning's celebrated Wringers always on hand.
DANIEL BROWN.
Lewisburg, March 2, 1864.

Ayer's
SARSAPARILLA,
THE WORLD'S GREAT REMEDY FOR
Scrofula and Scrofulous Diseases.

From Lucry Eden, a well known merchant of Portland, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Bold, Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well known and much esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Savin, Houston St., New York.

"DR. AYER. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so foul that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tuckahoe Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed into a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The cure began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and as fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Stoel, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

"Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him."

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well known and widely celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S
CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by
