THE REWARD.

NUMBER XVI.

Take courage, then, to take by way He showed;
With Christ-like patience patiently bearing your cross!
Not partial, but embracing all—to give
Them loving help: for family ties alone shall live!
Each faithful Christian—for all ties where life is not—
The sacred brotherhood, which leads to God!—
Pushing to do such work and service, spending
And being spent, and fearing not to end,
Stand to any of what—they stand alone—contending
For every ray of truth—for every hope, or love,—
That shines pure, in that third art ascending
Out of jail, to go earth—of life in heaven,
Out of the material life, into the spiritual!
Out of this human life, to the divine!

May grace be to those this narrower way has given!
May courage, patience, hope be also thine!
And faith, to grasp the Tem.ter can't deter—in it
With the hand—of the unchilled heart,
Which means no easy, soft is so broad!

O, for that broad and easy-sweeping road,
Of lower indings lead not upward to the summit
Of glorious life—to which the eye of hope
Turns, for it lies Heaven's gate itself set open
To give the soul a foretaste of delight,
Then to be, by such effulgence bright,
Ah crowns with glory that transcendent height
Of life—which!!—not upward to that summit,
Those windings lead—but downward, downward from it!
Turning away, down many a weary slope,
Whose shades, unperceived, but sure, descent
Leads to the distant realms of banishment,
Despair and death—those of the unforgiven—
Prince of spirits, fierce, impenitent,
And fell of pride, so less than deadly hate
Toward God and man—gained when their rage has striven
So long, so impotently!—till their fate,
They cast—hooked, to find—and they are driven
Beyond return to all they scorned so late:
Beyond the trees of earth, beyond the peace of heaven!

RELIGIOUS INTELLIGENCE.

The New York "Herald" contains some interesting statistics of the church accommodations in this great city. It gives the following comparative view of the church accommodations for 1850 and 1860: 1850—Number of churches, 214; number of seats, 219,098; value of church property, $9,098,700. In 1860—Number of churches, 253; number of seats, 258,133; value of church property, $11,818,400. The population in 1850 was 515,547, and in 1860 had grown to 814,254, which makes the ratio of church accommodations in 1850 about forty-one per cent; but in 1860 but thirty-one per cent could be seated. There are now 3,219 people to each church, against 3,409 in 1850.

—According to the annual report of the New York Sunday School Union there are three hundred and seven Sabbath Schools in the different wards of that city. The number of scholars is seventy thousand three hundred, and the number who do not attend any Sabbath Schools is thirty-five thousand five hundred and nineteen. It is supposed the number of neglected children up to sixteen years of age within the bounds of New York is one hundred thousand.

—The German Methodist paper, published at Cincinnati, has a circulation of ten thousand among a membership of twenty thousand German Methodists, making a subscriber for every two members.

—Rev. C. C. Hussey, late of the denomination of Friends, was ordained and installed pastor of the Unitarian Church in North Easton, recently.

—A writer in the "Southern Observer" shows that in 1750 the proportion of members of evangelical churches to the entire population was one to thirteen, and in 1860 one to five and a half. Since 1809 the relative increase has been constant and rapid.

—Says a correspondent of the "Christian Chronicle":

'Why do men jump up and display themselves in the aisle when a woman comes to the pew after they are seated? I have travelled over more than a dozen European countries, and never saw the thing done. Polite Englishmen ridicule us for it. That this practice disturbs the solemnity of worship is clear. That it gives the lady no advantage is also clear."

—The Congregationalists of England are agitating the question of selecting laboring men thoroughly embued with christian principle, to educate them for evangelical work.

—The funeral sermon of the late Rev. Dr. Bryan, pastor of the Cumberland Presbyterian Church, was preached last Sunday by Rev. Dr. Paxton, of the Presbyterian Church.

—Rev. Dr. Parsons, who, after a brief sojourn in the bosom of the Episcopal Church and return to Southern Methodism, has been appointed agent of the American Bible Society for Southern Kentucky.

—The Pittsburgh *Christian Advocate* contains the following:

"At a rough guess," says a writer in Fraser's Magazine, "there may be five thousand hymns in the English language. Watts wrote 600; Doddridge, 375; the Wesleys, 369; Cowper and Newton about 400; Montgomery, 255;" but he doubts "whether there be more than two hundred that can take their place among the classics of our national poetry."

—The death of Rev. Henry Whitley, reported by the Ceylon papers, was occasioned by the accidental fall of a wall in the mission compound.

—The Solicitor General of England, Sir William Atherton, lately laid the foundation of a Primitive Methodist Chapel, with appropriate remarks. He is the son of a Methodist minister.

—The *Western Christian Advocate*, of recent date, contains an editorial on "The Object of Methodism." The influence of Methodism upon other branches of the Church of Christ is thus alluded to:

"There is, perhaps, to-day as much of Methodism in other churches as within the churches of Methodism themselves. A little subdued and somewhat modified in form, it may be, but still Methodism, according to its original idea and type, a living, earnest, zealous, active Christianity. Such a Christianity was hard to find before the 'great revival' under the Wesleys and their co-laborers. We rejoice that it has become common."

—Rev. H. Grattan Guinness is preaching in New England.

—The receipts of the American Bible Society for December were $28,419 26; the issues, 52,718 volumes.

—Rev. Dr. Douglas will deliver a lecture on the Origin and Progress of Sabbath Schools, in the First Reformed Presbyterian Church, on Sabbath, 10th instant.

—The parish of Hermannsburg, in the kingdom of Hanover, Mr. Harms, pastor, have a number of foreign missionaries in their employ, and a missionary society through which they keep up a correspondence with them. The last year they raised 34,000 thalers, nearly $24,000. It is said that the pastor does not ask for gifts, but only gives thanks.

—A copy of Bagster's Polyglot Bible (in eight languages) in folio, is to be presented to Garibaldi. It will be delivered to him at Caprera by two gentlemen, with a suitable address. Memorable are the words of Garibaldi himself: "The Bible is the cannon which will liberate Italy."

—Six Wesleyan missionaries sailed recently to the Fiji Islands to strengthen that mission.

—A correspondent of the *Advocate and Journal*, writes from Boston that the Rev. M. Manning, pastor of the Old South church, in a discourse on the National fast alluded to the causes of our present difficulties in a manner "it brought down the house." He says:—

Applause was often expressed, and at its close one old gentleman arose and proposed three groans for James Buchanan! Something probably must be perpetrated to that old revolutionary spot. For there Warren, and Hancock, and Otis harangued. There too the British made the stable for their horses, and the riding school, in the brief interval between Hancock's expulsion from Boston and their own.

—The first tract ever published in the language of the Red Karens, has been issued by the American Baptist Missionaries.

—The Public Fast on Friday, January 4th, recommended by President Buchanan, was duly observed by the Americans in Florence, Italy, as a day of humiliation and prayer. Divine service was performed by the Rev. Dr. Lyman, late Rector of Trinity Episcopal Church of this city, who is now officiating among our countrymen in Florence.

—Rev. N. Murray, D. D., the well-known "Karen," died at his residence in Elizabeth, New Jersey, on Tuesday last, of a disease of the heart.

—The *Christian Index* says:

"We are free to confess that we are strongly in favor of giving our Sunday school children a thoroughly Baptistic literature, and that as a consequence we do not encourage the formation of Union schools."

—The Pope's Allocution styles the French Emperor and the King of Sardinia as "impious Emperor and the King of Sardinia as "impious men, who proclaim themselves the sons of the Church, for whom we must call the sons of Antichrist."

—The following stray waif contains an illustration of practical Christianity that should prompt every sincere professor of religion to carry out the principles taught:

Some years ago there was a dry-goods firm in New York who made thousands of dollars every year by selling a certain kind of fine cloth, used only for covering billiard tables. After a time one of the firm said to the others, "How do you feel about selling goods for such a purpose?" "I am not satisfied about it, and think we had better give it up." "Agreed," said the other, and from that day not another yard was sold by them.

—The *Banner and Baptist* takes ground against those who think that a presbytery of ministers is absolutely necessary to the constitution of a church, and holds that the presbytery is designed simply to advise, in view of its experience and wisdom.

Mrs. Winslow,

An experienced Nurse and Female Physician, presents to the attention of mothers her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it what we have never been able to say of any other medicine—NEVER HAD IT FAILED IN A SINGLE INSTANCE TO EFFECT CURE when timely used. Never did we meet with such unqualified commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels and Wind Colic,

and overcome convulsions, which, if not speedily relieved, end in death. We believe there is the BEST REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints, DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—we CAN ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the signature of CURTIS & PERKINS, New York, is on the outside wrapper.

BELTING & PACKING.

Our GUM BELTING has strength adapted to its purpose, and scarcely ever requires tightening more than once; it has a perfectly smooth and even surface, and will run straight with a perfect bearing on the pulleys. It is manufactured by a particular process, whereby it is made to withstand heat of 300 degrees Fahrenheit, without being affected, and the severest cold will not diminish its pliability. It is therefore not only valuable for sheltered operations but specially adapted to withstand exposure to the weather, and can constantly be run in wet places, without injury.

Our LEATHER BELTING is extensively known in this community as the best article of the kind in use, to prove which we can give any number of the best references.

Our GUM PACKING is that made by the New York Gum and Gutta Percha Manufacturing Company; manufactured under Goodyear's patent, and is well known to be of superior quality. It is considered by engineers and machinists indispensable wherever steam is used. We think it indispensable wherever steam is used, and we think a trial will satisfy any one of its value, and no other substitutes can be used with the same satisfactory results as the genuine article.

Jobbers are to be made, as no other substitutes can be offered at the prices which allow the usual discounts of trade.

Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual *Alterative* that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, purporting to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Honest, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.
