Hints to Volunteers.

KEEP YOUR SHOES EASY!

[From the Atlantic Monthly for June.]

A soldier needs, besides his soldierly drill,

I. Good feet.

II. A good stomach.

III. And after these, come the good head and the good heart.

But good feet are distinctly the first thing. Without them you cannot get to your duty. If a comrade, or a horse, or a locomotive, takes you on its back to the field, you are useless there. And when the field, is lost you cannot retire, run away, and save your bacon.

Good shoes and plenty of walking make good feet. A man who pretends to belong to an infantry company ought always to keep himself in training, so that any moment he can march twenty or thirty miles without feeling a pang or raising a blister. Was this the case with even a decimation of the army who rushed to defend Washington? Were you so trained, my comrades of the Seventh? A captain of a company who will let his men march with such shoes as I have seen on the feet of some poor fellows in this war, ought to be garroted with shoe-strings, or at least compelled to play Pope and wash the feet of the whole army of the Apostles of Liberty.

If you find a foot soldier lying beat out by roadside, desperate as a sea-sick man, five to one his heels are too high, or his soles too narrow or too thin, or his shoe is not made straight on the inside, so that the great toe can spread into its place as he treads.

I am an old walker over Alps across the water, and over Cordilleras, Sierras, deserts and prairies at home; I have done my near sixty miles a day without discomfort—and speaking from large experience, and with painful recollections of the suffering and death I have known for want of good feet on the march, I say to every volunteer:

Trust in God; *but keep your shoes easy!*

Making History.

Whatever may be the result of our present struggle, the future historian will have to record these facts:

1. That no rebellion was ever before inaugurated wherein the conspirators could not even pretended that one of them had been damaged in person or estate by the Government they sought to overthrow.

2. That there was never before a rebellion whereof the main impulse was devotion to Human Slavery. Men have conspired and rebelled for every kind of liberty but the liberty of enslaving their fellow men.

3. That never before did a strong government allow a rebellion to proceed for months in a career of stealing money, arms, munitions, arsenals, armories, &c., proceeding from investing to bombarding its most important fortresses, and usurping the collection of revenue over one-third of its country, before raising a regiment or firing a gun in defense of its rights.

4. That never before did Twenty Millions of People, so long absorbed in the arts of Peace that they had almost forgotten that of War, spring to arms with so general an alacrity, so hearty an enthusiasm, as did those of our patriot States upon receiving news of the capture of Sumter and the President's proclamation thereupon.

5. That never till now was a government embarrassed, perplexed, by the duty of accepting some and rejecting other of the regiments raised, equipped and tendered for its defense, eager to serve on its own terms till the end of the War.

6. That no administration succeeding to an empty Treasury, an inadequate Revenue, a demoralized Public Service—demoralized through treason and robbery perpetrated by the late Cabinet Ministers—never till now found the People pressing Millions after Millions of Dollars upon it; on its own terms, and insisting that it should take enough and never borrow trouble with regard to its Finances.

—So much at least is secure. Whatever may hap, this cannot be gainsayed. And now, if the Republic is allowed to go down, it will not be the fault of the People.—[N. Y. Trib.

Poison.

Indubitable evidences present themselves as to the spirit in which the Rebels propose to carry on the war. It would be contrary to reason and a libel on humanity to assume that all in the interest of the Seceding States concur in the atrocious policy which has been, in some instances, inaugurated. Yet in the heat and hurry of conflict, our opponents will scarcely be likely to do less to the end of carrying their point than some among them have done before the first collision of the hostile forces. The cutting of the Croton or Cochituate water-pipes, and the firing of cities are venial compared with the deeds which have been attempted by some of the inhuman scoundrels now arrayed against their country. If this is to be a war of extermination, let us make up our minds to it at once. Such it must inevitably become if the provocations which have been offered are persisted in. The people of the North will not spare the miscreants who seek to poison their brave soldiers. It is idle to deny that this has been essayed, and that repeatedly.

There are too many authenticated instances. The usual crimes of the Borgias and Medicis in the middle ages, sink into comparative insignificance when compared with the wholesale slaughter which is threatened by these despicable and hidden murderers. Piracy itself is better than this. Who shall blame the patriots who are marching to the defence of their country, if, in reprisal of such wrongs as these, they free every Slave and apply the torch to every roof? Better to whistle against thunder, than endeavor to repress the men of the East and the West in their overwhelming demand for retribution, when they once understand the means with which they are to be met, and with which their comrades in the van have been met. Not one of these deeds shall go unremembered or unpunished, for if ever forbearance ceases to be a virtue, it must surely be in a case like this.

Proposals for a Loan of $3,000,000 to the Commonwealth of Pennsylvania.

In pursuance of the first section of an Act of the General Assembly, entitled "an Act to create a loan and provide for arming the State," approved May 15th, A. D. 1861, and the sixth section of the Act entitled "an Act to provide for the payment of the members, officers and contingent expenses of the Extra Session of the Legislature," approved May 16th, A. D. 1861, and by the authority of the same,

NOTICE is hereby given that proposals will be received at the office of the Secretary of the Commonwealth, until three o'clock P. M. of Wednesday, the fifth day of June next, for the loaning to the Commonwealth the sum of THREE MILLIONS OF DOLLARS, for the purposes set forth in the before named Acts of Assembly. The said loan to bear an interest of six per cent. per annum, payable semi-annually in Philadelphia, and the loan to be redeemable in ten years from date; and for the payment of the interest and liquidation of the principal thereof, a special tax of one-half mill on the dollar has been directed to be levied on all the property in the Commonwealth taxable for State purposes. The certificates of loan shall not be subject to taxation for any purpose whatever; and all certificates of the denomination of one hundred dollars or less shall have coupons attached; those of a larger denomination will be issued either as inscription or coupon bonds, at the option of the bidder.

The proposals must state explicitly the amount proposed to be taken and the rate to be paid. The State reserves the right to accept the whole or any part of the amount offered to be taken unless the proposer stipulates otherwise. No conditional proposals will be considered.

Upon the acceptance of any proposal at least ten per cent. of the amount must be paid down, the balance, if preferred by the bidder, in thirty and sixty days, when certificates shall issue for the same, bearing interest from the time of the payment.

The proposals must be directed under seal to the Secretary of the Commonwealth, endorsed "Proposals for Loan."

The bids will be opened at 3 o'clock in the afternoon of the day above named in the presence of the Governor, State Treasurer and Auditor General and such other persons as may see proper to be present, when, after examination of the same the Governor will award the loan to the highest bidder or bidders.

By order of the Governor.

ELI SLIFER,
Secretary of the Commonwealth.

HENRY H. COSTAR—All the summer I have been troubled with Rats invading my premises, actually sad some of the house, by the Roaches were every where. I purchased a box of your Exterminator, and tried it, and in one week there was not a Bug or Roach in the house. JOHN R. GIVEN, No. 94 Elm Street.

☞ ANOTHER CURE BY Dr. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Columbiana county, Unity township, Ohio, where I am well known. You may publish this if you wish.

Pittsburgh, August 27, 1860. MARTIN ROSS.

N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

☞ I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Dr. Schenck's "Pulmonic Syrup," but knowing no one personally that it had cured, I had no confidence in it. In April, 1855, I took a severe cold, accompanied with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends who called to see me, spoke in very high praise, as they knew what it had done. My prostrated condition discouraged me considerably, and I made up my mind to waste no more money for doctors or medicine, but would take the chances, live or die, as I had been so long hard, an overabundance of bile causes frequent nausea in the stomach, and often produces very severe attacks of disease, which sometimes end in death.

Miscellaneous.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very JAWS OF AN OVERWHELMING GRAVE, after all the deceptive nostrums of the day have invariably failed. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and sending them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle aperitive, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cordial, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most sanitary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS AND A MOB CAP QUIRK!!!

☞ A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of good health—it stimulates digestion and keeps the intestinal canal free from costiveness. When there is a deficiency of bile, the body is constantly costive. On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often produces very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if PERSEVERED IN strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a trial, and emphatic recommendation. It is well known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years*; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Life Medicines which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced as only improbable, but absolutely impossible, by any human means.

MOFFATS

Life Pills and Phoenix Bitters!!!

CURE DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, LOSS OF APPETITE, HEARTBURN, HEADACHE, RESTLESSNESS, ILL TEMPER, ANXIETY, LASSITUDE, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE LIFE MEDICINES!

For BILIOUS and LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression after Meals, Giddiness, Dizziness, Heartburn, Loss of Appetite*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been preyed upon by the inevitable disease, are daily exhibited as undeniable testimony of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had failed to make a cure.

Acute or Inflammatory Rheumatism!

ARTHRITIS CHRONICA, OR CHRONIC RHEUMATISM!

These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are CURED, *speedily and permanently* cured, by a proper course of the LIFE PILLS and PHOENIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful yet in inquiries, Why are they so universal in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all causes of disease in the system.

Because they act powerfully upon the secretions of the body, and remove impurities at once.

Because they do not reduce the system, but invigorate it—it as requiring no restraint from pleasure or business during their operation.
