PORTABLE THRESHING MACHINES AND SEPARATORS.

WARRANTED to be thoroughly built, and to work well, made and sold by C. W. CARROLL, opposite Shoenberger's Rolling Mill, 58 Penn street, Pittsburgh. The Threshing Machines are beautiful, simple and compact, are easily removed from place to place, and may be used with equal convenience in barn or field. No machine runs lighter, thresches faster, or makes less waste. More than 3,000 of them are now in use in the Western States, and as many East of the Mountains. Many of them have threshed from 50 to 100,000 bushels each, and, on thorough trial, they have been recommended by those who use them, to be as complete, and to work as well as any in the world.

The Separator is Root's Patent, and is attached to the Thresher, and completely separates the straw and chaff from the grain, and has given entire satisfaction wherever tried. my21yr
