Major Winthrop's Last Piece.

Our readers will remember that brilliant article in the June number of the "Atlantic Monthly," describing the march of the New York Seventh Regiment to Washington. Young Winthrop was the author of it, and he purposed continuing his contributions to the "Atlantic" during the war. He accordingly sent a paper for the July number, full of admirable descriptions of "Our Camp at Washington," the closing portions of which have now a heart-saddening interest. We anticipate the publication of the new number of the Magazine by extracting a few paragraphs:

"The time had come for myself and my regiment to leave it by different ways. I should have been glad to stay and see my comrades through to their departure; but there was a Massachusetts man down at Fortress Monroe, Butler, by name—has any one heard of him?—and to this gentleman it chanced that I was to report myself. So I packed my knapsack, got my furlough, shook hands with my fellows, said good bye to Camp Cameron, and was off, two days after our month's service was done.

"Under Providence, Washington owes its safety, 1st to Gen. Butler, whose genius devised the circumvention of Baltimore and its rascal crew, and whose utter bravery executed the plan; he is the Grand Yankee of this little period of the war. 2d. To the other Most Worshipful Grand Yankees of the Massachusetts Regiment who followed their leader, as he knew they would, discovered a forgotten colony called Annapolis, and dashed in there, asking no questions. 3. And while I gladly yield the first places to this general and his men, I put the Seventh in as last, but not least, in saving the Capital. Character always tells. The Seventh, by good, hard, faithful work at drill, had established its fame as the most thorough militia regiment in existence. Its military and moral character were excellent. The mere name of the regiment carried weight. It took the field as if the field was a ball-room. There were myriads eager to march; but they had not made ready before hand. Yes, the Seventh had its important share in the rescue. Without our support, whether our leaders tendered it eagerly or hesitatingly, Gen. Butler's position at Annapolis would have been critical, and his forced march to the Capital a forlorn hope—heroic, but desperate.

"So, honor to whom honor is due.

"Here I must cut short my story. So good bye to the Seventh, and thanks for the fascinating month I have passed in their society. In this pause of the war our camp life has been to me as brilliant as a permanent pic-nic.

"Good bye to company I, and all the fine fellows, rough and smooth, cool old hands and recruits verdant but ardent! Good bye to our Lieutenants, to whom I owe much kindness! Good bye, the Orderly, so peremptory on parade, so indulgent off! Good bye every-body!"—[Boston Transcript.

Some Questions.

1. Does the region bounded by British America on the North, the Atlantic on the East, Mexico on the South, and the Pacific on the West, properly constitute ONE country or thirty-four countries? Are Boston, New York, Philadelphia, New Orleans, Chicago, San Francisco, all cities of the United States, or are they really cities of so many different nations.

2. Is any State at liberty to dissolve our Federal Union at pleasure, for reasons as to her shall seem sufficient, joining any rival and hostile confederacy or constituting herself a perfectly independent nation? If she is, have not all our treaties with foreign powers been negotiated in fraud, and are they not morally invalid?

3. Is the capture by surprise and treachery under State authority of United States forces posted in that State solely for the defense of its people against savage raids and foreign invasion consistent with good faith toward the Union and the engagements under which that State was admitted into the Federal family?

4. May a State which is dissatisfied with the result of a Presidential election justifiably proceed thereupon to seize the Federal arms and munitions stored in the Federal arsenals within her borders, surprise and man the ungarrisoned Federal forts, take possession of the Federal mints and custom-houses, and convert to its own use the Federal treasure deposited therein, and finally bombard and capture such Federal strongholds within her borders as are held by small detachments of Federal troops?

These and like questions, WILL be, MUST be answered SOMEHOW, by a peace that shall put an end to this most atrocious rebellion. Any muddle which enables the traitors to boast plausibly that they gained by rebellion what they could not have secured without will be a direct and powerful incitement to a new revolt after each election, wherein a great sectional interest shall be beaten. What would be the good of such a peace? Give us any device to staunch the flow of patriot blood that does not doom that already shed to have been poured out in vain.—[N. Y. Tribune.

Getting Married Without Knowing How It Was to be Done.

A few days since a rather verdant couple presented themselves at one of the up-town churches just before the service commenced, and requested the minister to tie the mystic knot that should unite two hearts in one. The clergyman was nowise loth, and the smiling and blushing couple were marshaled up to the desk. Just as the minister was about to commence, the bridegroom grasped the sleeve of his coat with one hand whilst with the other he extracted a handful of loose change from his pantaloons pocket, and putting his mouth close to the clergyman's ear, whispered, "How much is to pay, I can't afford a great deal." Quietly intimating that the pay would be received after the work was done, the minister proceeded with his duties, and the twain were soon made one. Waving the happy pair aside the Reverend gentleman mounted the pulpit to proceed with the regular services. The new-made wife understood the wave of the hand to be an intimation for her to follow for some purpose, and after a brief whispered colloquy with the bride-groom, mounted the pulpit, and stood meekly with blushing countenance by the side of the minister. The effect of this apparition upon the nerves of all in the church "may be more easily imagined than described." Before many seconds there was a hasty exit from the church of a couple with downcast heads and red faces, whilst the congregation—imitating the celebrated Leather-stocking—indulged in "silent laughter." The lady afterwards apologised for their mistake by saying that "it was the first time they ever got married, and they didn't know how it was to be done."—[Cleveland Herald.

HENRY R. COSTAR:—All the summer I have been troubled with Roaches and Mice. I was actually ashamed of the house, for the Roaches were everywhere. I purchased a box of your Exterminator and tried it, and in one week there was not a Roach or Mouse in the house. JOHN S. GIVENS, No. 94 Elm Street.

HOUSEKEEPERS—troubled with vermin, need be so no longer, if they use "COSTAR'S" Exterminators. We have used it to our satisfaction, and if a box cost $5, we would have it. We had tried poisons, but they effected nothing; but COSTAR's article knocks the breath out of Rats, Mice and Bedbugs, quicker than we can write it. It is in great demand all over the country.—Medina (O.) Gazette.

HENRY R. COSTAR—Your Exterminator is received, used and produced [illegible] success. We used a box of it, and the way the Rats and Mice around our premises "mized Sed" that night was a caution to sleepers. Since then not a Rat or Mouse has been heard in kitchen or cellar.—[illegible]

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Columbiana county, Unity township, Ohio, where I am well known. You may publish this if you wish. Pittsburgh, August 27, 1860. MARTIN KOCH. N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's "PULMONIC SYRUP," but knowing no one personally that it had cured, I had no confidence in it. In April, 1859, I took a severe cold, accompanied with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months. Several of my friends who called to see me, spoke in very high praise, as they knew what it had done. My protracted condition discouraged me considerably, and I made up my mind to waste no more money for doctors or medicine, but would take the chance, live or die, as I had been so long sick that I felt completely discouraged. However, after reading several advertisements in the "Pittsburgh Dispatch" I felt induced to give Dr. Schenck's medicine a fair trial, and now, nearly two years afterwards, I am in good health, by taking less than ten dollars' worth of Dr. Schenck's medicine. I unhesitatingly state that he has made a perfect cure of me. I am a well man, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy better health to-day, Feb. 4th, 1861, than I have done for twenty years past. If persons knew the value of Dr. Schenck's inestimable remedies, they would not hesitate to call on him in his visits to this place. I feel like advising every person to call on him, as I have the utmost confidence in his medicines. Any person wishing to know the facts as here stated can call on me at my place of business, at Wm. M. Faber's, Machinist, in this city, or at my residence, Ann street, Allegheny city. WILLIAM W. ALEXANDER.

A Card to the Public.

The amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had, for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly tried, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have utterly FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!! Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CARBONIC TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle soporific, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHOENIX BITTERS!!! So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic and more immediately invigorating than the Pills: containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner, generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!! In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most salutary efficacy.

MOFFAT'S PHOENIX BITTERS!!! Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!! A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile, the body is constantly costive. On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!! Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES! As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of thirty-five years; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

MOFFAT'S Life Pills and Phoenix Bitters!!! CURE DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, LOSS OF APPETITE, HEARTBURN, HEADACHE, RESTLESSNESS, ILL TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE LIFE MEDICINES! For BILIOUS AND LIVER COMPLAINTS, with their many well-known attendants, Bilious and Sick Headache, Pain and Oppression after Meals, Giddiness, Dizziness, Heartburn, Loss of Appetite, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES. Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA! The most horrible cases of Scrofula, in which the Face, Bones and Limbs of the victim had been preyed upon by the insatiable disease, are proved by undeniable authority to have been entirely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism! ARTHROSIA CHRONICA, OR CHRONIC RHEUMATISM!! These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are CERTAIN, speedily and permanently cured, by a proper course of the LIFE PILLS and PHOENIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!! But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful; but let no inquire, Why are they so UNIVERSAL in their happy effects? Because they PURIFY THE BLOOD, and thus remove all causes of disease in the system. Because they act powerfully upon the secretions of the body, and remove all impurities at once. Because they do not reduce the system, but invigorate it—thus requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!! Try but a Single Dose of the LIFE PILLS!! TRY THEM! BE SATISFIED!! BE CURED!!!

RICHARDSON'S IRISH LINENS, DAMASKS, DIAPERS, &C. CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm, J. N. RICHARDSON, SONS & OWDEN, as a guarantee of the soundness and durability of the Goods. This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed on with Goods of a worthless character. THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR RESTORING The Bald and Gray.

Many, since the Great Discovery of Prof. WOOD, have attempted not only to imitate his Restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to his triumphant sway. Read the following:

BATH, Maine, April 15th, 1859. PROF. O. J. WOOD & CO: Gentlemen:—The letter I wrote you in 1858, concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are first, is it a fact of my baldness and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably, yes. My hair is even better than in any stage of my life for forty years past, more soft, thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated and been used not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful; I gave it to my friends and thereby induced them to try it; many were skeptical until after trial and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty, as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who inquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours, A. C. RAYMOND.

AARON'S RUN, Ky., Nov. 28, 1858. PROF. O. J. WOOD: Dear Sir—I would certainly be doing you a great injustice not to make known to the world, the wonderful as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restorative extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it. Respectfully yours, REV. S. ALLEN BARCK. P. S. This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited; but if you think it worthy a place among the rest, insert if you wish—if not, destroy, and say nothing. Yours, &c., REV. S. A. B.

The Restorative is put up in bottles of three sizes, viz: large, medium and small; the small holds half a pint and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle. O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market street, St. Louis, Mo.; and sold by all good Druggists and Fancy Goods Dealers. Sold in Pittsburgh by B. L. Fahnestock & Co., J. M. Fulton, Dr. George H. Keyser, R. E. Sellers & Co., B. A. Fahnestock & Co., Joseph Fleming, Simon Johnston, Chas. H. Super.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

PREPARED BY DR. J. C. AYER & CO., LOWELL, MASS. B. A. FAHNESTOCK & CO., Pittsburgh, Agents, and sold by all Druggists and Dealers everywhere.
