[Correspondence of Forney's Press.]

FROM NEAR CENTREVILLE, Aug. 31, 6 p. m.

Last evening, about five o'clock, McDowell's left was turned; it is said, by a body of rebel cavalry supposed to be 5,000 strong. McDowell's corps being on the left of our army at the time, and the rebel cavalry being supported by infantry, his entire corps was almost instantly swept away. The charge was fearful. Old officers say that it exceeded in fierce impetuosity anything they ever saw, or heard, or read of in history.

This morning there was a report, how true we know not, that the ground lost by this charge has been regained. This is improbable. The enemy, according to the reports of prisoners who have been taken, and who seem to be intelligent, has recently been reinforced enormously, and now includes the entire rebel army in the State of Virginia. They say the rebel army of Virginia numbers about 250,000. They occupy the outer extremity of the old Bull Run battle field at present. Their front being at the farthest point of the old field, hold their rifle pits, which were dug on the memorable 21st of July, 1861. They are bold and impudent, and what their intention is cannot be known to any but themselves.

I am gratified to announce that our army was reinforced at noon to-day by at least sixty thousand of the most effective men we have in the field, including Franklin's corps, Sumner's corps, Porter's corps, Richardson's division, Sedgewick's division, Cox's division, of Ohio, from Western Virginia, together with General Sturgis's new division of the following Pennsylvania regiments of the new levies—122d, 123d, 124th, 125th, 126th, 127th, 128th, and 129th. The latter marched from various camp near Washington this morning, where they have been lately located, and whence they can be safely spared.

I hear that pressing hacks, omnibusses, etc., in Washington, for conveyance of the wounded from the battle field, was necessitated by a sad mistake in the Quartermaster's Department of the Army of the Potomac, the Department having failed to bring up the ambulances which were used on the Peninsula, and of which there was a very heavy supply.

During to-day 500 ambulances arrived in Washington.

It was the opinion of leading army officers yesterday on the field, that we shall be very fortunate if we can whip Jackson, Longstreet, Anderson, and other rebel leaders without surrounding them.

Eight hundred prisoners were sent forward from this point, this morning, to Alexandria. This makes 1500 that have been forwarded to Washington. The total number of prisoners captured by us is very heavy.

Taylor, of the New Jersey brigade, has not been in this fight. Several hundred of its men, who were taken, have been paroled. It has not suffered as much as is generally believed.

A very intelligent prisoner, a commissioned officer with whom I conversed, told me that Jackson made an address to his army, day before yesterday, in which he urged his men to stand firm and fight to the last, for if they were beaten there, all hope for the successful establishment of the Southern Confederacy was lost.

This man also reports that in Friday's battle, Jackson made a very narrow escape from capture.

Persons, supposed to be well informed, say that we have taken at least 17,000 prisoners from the enemy, in all the engagements; but many were paroled on the spot and sent back.

Gen. Schenck went to Washington last evening. He is severely wounded in the left arm, and it is feared that he will lose the limb. His division was in Gen. Sigel's corps.

The brigades of Gen. Stahl and Gen. McLane were driven in by Jackson's men, but were rallying when Gen. Schenck left.

Gen. Ernest Von Steinwehr's and General Carl Schurz's divisions drove the enemy back handsomely, upon several occasions, at the point of the bayonet. Schurz's division is badly cut up. Gen. Milroy's independent brigade suffered severely. They fought well, dropping the rebels like ripe fruit.

At least five hundred additional surgeons are needed immediately, and although some three hundred are expected from the city tonight, the services of many more will be acceptable.

Nurses, &c., are also wanted, and it would not be too much if as many as one thousand charitable men and women would go down to the dark and bloody ground and perform their acts of patriotism and charity.

WASHINGTON, Sept. 1.—Dispatches received from Fairfax Court House, about seven miles from Centreville, state that no fighting had been heard from there up to noon to-day.

Gen. Banks' forces were heard from last night. They are in a favorable position for joining Gen. Pope's army.

Brig. Gen. Blenker states in a card that he is not living on his farm, as reported, but is here waiting for orders.

There is concurrent testimony as to the fact that Col. Fletcher Webster, of Massachusetts, was severely if not mortally wounded. He was taken from the field by four of his men, by order of Capt. Harmon, who was himself wounded in the shoulder. The whereabouts of the former is not known. The latter is in the city.

AYER'S CATHARTIC PILLS.—Are you sick, feeble and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors; purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon kindred organs and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again—What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous disorders. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are equally subdued by them surely, cured by the same means. None who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. My mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA HONGERIGG.

AS A FAMILY PHYSIC.

From Dr. E. W. Cartwright, New Orleans.

DEAR SIR: I cannot answer your inquiries complaints I have cured with your Pills better than by to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURGH, Pa., May 1, 1855.

DR. J. C. AYER—Sir: I have been repeatedly cured of the worst headache any body can have, by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours, respectfully, ED. W. PREBLE,
Clerk of Steamer Clarion.

DYSENTERY, IMPURITY OF THE BLOOD.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the bowels, good digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

BILIOUS DISORDERS—LIVER COMPLAINTS.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I know of. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR, } Washington, D. C., 7th Feb. 1858.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

WARSAW, Gentlemen, Ill., Dec. 24, 1853.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the blood.

JOHN G. MEACHAM, M. D.

From Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKI HOUSE, SAVANNAH, Ga., Jan. 5, 1855.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating rheumatism. I was crippled and helpless. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent friend, Mr. Hamilton, of Mackenzie, I tried your Pills. Their effects were blow but sure. By persevering to the use of them, I am now entirely well.

CONSTIPATION, COSTIVENESS, SUPPRESSION RHEUMATISM, GOUT, NEURALGIA, DROPSY PARALYSIS, FITS, ETC.

From Dr. J. P. Pamphin, Montreal, Canada.

Too much cannot be said of your Pills in the cure of costiveness. I believe of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

DYSENTERY, DIARRHŒA, RELAX, WORMS.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when totally or partially suppressed, and also very effectual to *cleanse the stomach* and expel worms. They are so much the best physic we have that I recommend no other to my patients.

SENATE CHAMBER, Baton Rouge, La., Dec. 5, '55.

DR. AYER: I have been entirely cured by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.
