SCHOCH & BRO.,
mh28 Corner Wood and Diamond streets.

SEWING MACHINES.

CARD TO THE PUBLIC.

A FALSEHOOD EXPOSED.

For some time past an advertisement has appeared in the papers here, stating that Five Gold Medals had been awarded "the Howe Sewing Machine" at the late World's Fair in London, "one for the best on exhibition for all purposes, and the others for superior specimens of sewing." Though aware at the time that the statement was wholly devoid of truth and a gross imposition on the public, we forbore noticing it until such time as we could get an official copy of the Report of the Judges in the matter, so that we could give it a positive and authoritive contradiction. That Report, published by authority of the Commissioners of the Exhibition, is now in our possession, and shows how utterly untrue are the statements in the advertisement alluded to.

At the World's Fair the WHEELER & WILSON COMPANY had but a single Machine on exhibition, while of the Howe Machine there were several on hand. In the official copy of the award, which may be seen at our rooms, in FIFTH STREET, it is stated that a Gold Medal was awarded the Howe Sewing Machine Company, not, however, because their Machine was better, or as good as others for all purposes, but because, in the language of the award, they exhibited "the best collection."

The "four medals" alluded to have been awarded for superior specimens of sewing, were never awarded at all, nor did the avowedly "superior sewing" receive even the barren compliment of an "honorable mention" in the Judge's Report. Compare this with the high compliment bestowed on the WHEELER & WILSON MACHINE. Though the Company, avoiding all pretentious display, had but a single machine on exhibition, it was awarded

A GOLD MEDAL ON ITS MERITS AS A FAMILY MACHINE, AND ON ITS MERITS ALONE.

These are the facts of the case, as exhibited by the official report of the Commissioners, and in justice to our readers as well as to expose a palpable and flagrant attempt at imposition, we have felt constrained to lay them before the public. We repeat, therefore, that the WHEELER & WILSON MACHINE is the only machine which received a GOLD MEDAL on its merits at the late World's Fair, and pronounce all statements to the contrary, no matter from what source they emanate, as wholly unworthy of belief.

WM. SUMNER & CO.,
AGENTS OF THE
Wheeler & Wilson Machines,

MISCELLANEOUS.

GENERAL ORDERS No. 105.
WAR DEPARTMENT,
ADJUTANT GENERAL'S OFFICE,
Washington, April 28, 1863.
The organization of an Invalid Corps is hereby authorized.
This Corps shall consist of Companies, and if it shall hereafter be thought best, of Battalions.
The Companies shall be made up from the following sources, viz:
First. By taking those officers and enlisted men of commands now in the field (whether actually present or temporarily absent) who, from wounds received in action or disease contracted in the line of duty, are unfit for field service, but are still capable of effective garrison duty, or such other light duty as may be required of an Invalid Corps. Regimental Commanders shall at once make out, from information received from their Medical and Company Officers, and from their own knowledge, rolls (according to the Form furnished,) of the names of all the officers and enlisted men under their commands who fulfill the following conditions, viz:
1. That they are unfit for active field service on account of wounds or disease contracted in the line of duty; this fact being certified by a Medical Officer in the service, after personal examination.
2. That they are fit for garrison duty; this fact being likewise certified by the Medical Officer, as above, after personal examination.
3. That they are, in the opinion of their Commanding Officers, meritorious and deserving.
These rolls shall be certified by the Examining Surgeon and Regimental Commander, and transmitted, through the regular channels of military correspondence, to Maj. Genl. Provost Marshal General of the United States.
The Regimental Commander shall enter in the column of remarks, opposite each officer's name on the roll, a statement as to the general character of the officer for intelligence, industry, sobriety and attention to duty; and all intermediate Commanders shall endorse thereon such facts as they may possess in the case, or, if they have none, they shall state how far they are willing to endorse the opinion of the officer or officers making the recommendation. The rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions enumerated or the exigencies of the service may render it expedient.
Second. By taking those officers and enlisted men still in service and borne on the rolls, but who are absent from duty, in Hospitals or Convalescent Camps, or are otherwise under the control of Medical Officers. In these cases the Medical Officer in charge shall prepare the rolls according to Form, with the names of officers and men taken from the same regiment on a roll by themselves, and send them, with the certificate of the Surgeon, duly signed, to the proper Regimental Commander, who will forward them, as heretofore specified, subject to the same conditions and requirements. If in any case, the Regimental Commander shall think an officer unfit, in point of character, to continue in the service of the Invalid Corps, though disabled and certified by the Surgeon, he will state his objection in the column of remarks, and note the exception in signing the certificate. If any officer or enlisted man now in the service, but absent and beyond the reach of a Medical Officer in charge of a Hospital or Convalescent Camp, desires to enter the Corps, he will take the course indicated below for those who have been honorably disbanded the service.
Third. By accepting those officers and enlisted men who have been honorably discharged on account of wounds or disease contracted in the line of duty, and who desire to re-enter the service. In the case of an officer, his application for appointment must be made to the Provost Marshal General of the United States through the officer detailed as Acting Assistant Provost Marshal General of the State. No application of this kind will be considered unless the following conditions are completely fulfilled:
1. That the applicant produce the certificate of the Surgeon of the Board of Enrollment for the district in which he resides, that he is unfit for active field duty on account of wounds or disease, and is not liable to draft; but is fit for garrison duty.
2. That he furnish evidence of honorable discharge on account of wounds or disability contracted in the line of duty.
3. That he produce recommendations from the Regimental, Brigade and Division Commanders under whom he formerly served, that he is worthy of being thus provided for and capable of returning adequate service to the Government. In a case it shall be impracticable to get this last evidence, he may, having established the first two points above, satisfy the Board of Enrollment that he is deserving, and present its certificate of the fact. This evidence must all be obtained by the applicant, and must be transmitted with his application for appointment.
If there be no Acting Assistant Provost Marshal General for the State, the application may be forwarded through the Adjutant General of the State, who is desired to forward to the Bureau such facts in the military history of the applicant as he may know, or as are afforded by the records, and forward the same to the Provost Marshal General of the United States.
Enlisted men, honorably discharged on account of disability, desiring to re-enlist in the Corps, will present themselves to the Board of Enrollment in the district in which they reside, for examination by the Surgeon thereof, who shall examine them and report the result to the Board of Enrollment.
The Board shall then consider each case, and if the applicant is found to fulfill the conditions specified below, the Board shall give him a certificate to that effect, viz:
1. That he is unfit for service in the field.
2. That he is fit for garrison duty.
3. That he is meritorious and deserving.
4. That he was honorably discharged from the service.
The Provost Marshal for the District shall then send the application, with the certificate of the Board, to the Acting Assistant Provost Marshal General of the State, who shall procure such evidence of service and character as the records of the Company to which he belonged, on file at the Headquarters of the State, may show, and if satisfied that it is a meritorious case, and that the man is deserving, he will enlist him in accordance with such special rules as the Provost Marshal General may establish.
Medical Inspectors, Surgeons in charge of Hospitals, Military Commanders, and all others having authority to discharge, under existing laws and regulations, are forbidden to grant discharges to any men under their control who may be fit for service in the Invalid Corps.
The Provost Marshal General is charged with the execution of this order, and the troops organized under it will be under the control of his Bureau.
By order of the Secretary of War.
E. D. TOWNSEND,
my18:1tmaps Assistant Adjutant General.

WM. B. BRADBURY'S
PIANO-FORTE ESTABLISHMENT,
No. 427 BROOME STREET, N. Y.
The subscriber respectfully invites the attention of his friends and the public generally to his Piano-Forte Establishment, at No. 427 Broome street, corner of Crosby street.
Having withdrawn his interest, stock and materials from the firm of "Bradbury, Gilchrist & Bradbury," which firm was dissolved on the 31st January ult., and having purchased the entire stock of Piano-Fortes and Piano-Forte materials owned by his brother, Edward G. Bradbury, in the said firm, he is now prepared to supply the increased demand for the celebrated Piano Fortes. Employing the most skillful and experienced workman, with a large stock of the best and most thoroughly seasoned material, and an abundance of capital, he has taken in hand the essential supervision of the whole business of manufacturing his instruments, and is enabled to turn out Piano-Fortes of unequalled tone and excellence.
BRADBURY'S NEW SCALE PIANO-FORTE
is the STRONGEST of our new scale, drawn and prepared with the utmost care expressly for our new instruments, we have added every improvement which can in any way tend to the perfection of the Piano-Forte, and we can confidently assert that for delicacy of touch, volume, purity, brilliancy and sweetness of tone, combined with that strength and solidity of frame necessary to durability, these instruments are unequalled.
"STRENGTH AND BEAUTY" is our motto, and we invite the closest criticism of the best cabinet judges in the land.
Every instrument warranted for five years.
WM. B. BRADBURY,
ap8:3m 427 Broome st., cor. of Crosby, N. Y.

REAL ESTATE
SAVINGS INSTITUTION,
Incorporated by the Legislature of Pennsylvania.

" "	month	38.
" "	week	10.
" " single copies		2.
WEEKLY EDITION, single copies, per year		2 00.
" " clubs of 5 to 10,	"	1 50.
" " clubs of 10 or more	"	1 25.

—and one extra to the party sending club. For a club of fifteen, we will send the EVENING GAZETTE daily. For a club of twenty, we will send the MORNING GAZETTE daily. Single copies, 5 cents.
All subscriptions strictly in advance, and papers always stopped when the time expires.

The Primary Meetings.

The loyal citizens of this county, in favor of "supporting the Government in the vigorous prosecution of the War for the Union," are called upon to meet in their respective election districts, on Saturday next, May 30th, for the purpose of selecting two delegates to represent them in the Union County Convention, which will assemble in the Court House, on Tuesday, June 2d, to nominate candidates for the several county offices, including President Judge of the District Court, a very important nomination, to continue in office for ten years. Also, five members of the House of Representatives; and five Representatives and two Senatorial delegates to the State Union Convention, which will assemble in Pittsburgh on the 1st day of July.

Our people cannot attach too much importance to these primary meetings. Every voter should attend the polls on Saturday. It is the high privilege of every American citizen, no less than a duty which he is bound to faithfully discharge. The best and most discreet and loyal should be selected as the people's delegates, and none others. If the people desire to have a ticket placed in nomination which will meet their hearty approbation, let them aid in forming that ticket, by sending as their delegates to the nominating convention their best citizens—men who can not be influenced by the small arts of the demagogue or the place seeker. Never was there a time when it would seem as proper to give the closest attention to our local elections as now.

The duty devolving upon our delegates to the State Convention will be a most important one. In addition to the nomination of candidates for the important offices of Governor of the Commonwealth, and Judge of the Supreme Court of the State, the resolutions of that Convention will form the platform upon which the loyal and Union-loving people of Pennsylvania will meet the enemy in the State canvass this fall.

It is of the highest importance, then, that the people—all the loyal people, and not a few ward or township politicians—should attend the primary meetings on Saturday, and see to it that only the best and wisest citizens are elected as their representatives to the County Convention which meets on Tuesday next.

Operations at Vicksburg.

The peculiar conformation of the country gives Vicksburg great natural strength against assault from the front. A continuous range of hills runs from the rear of the city nearly northward, some eight miles, to Haines' Bluff on the Yazoo. In front is a few and extensive peninsula, cut into sections by bayous lagoons, bounded on two sides by the Mississippi, (which is very crooked here) and on one side by the Yazoo, which forms its western boundary. A dispatch from Cairo mentions the probable capture of the Walnut Hills battery at Vicksburg by General Grant. The Walnut Hills are about two and a half miles from the city, rising to an elevation of five hundred feet above the river, or three hundred feet above the city, which is mainly built on a bluff two hundred feet high. If, as was believed, our troops captured this battery on Friday, a very important step toward the completion of their work was attained. This, it will be observed, was said to have been done on Friday (22d) which agrees with other statements of the same date.

Indications of New Movements.

We have the announcement in a letter published in this afternoon's GAZETTE, that *few transports, with Hunter's troops, are at New Orleans, and that others are coming.* If this be true, we think it indicates a wise determination to begin at the Mississippi, where the most effectual breach had been made into the rebellion, and drive it eastward until it shall be swept from the continent. As the armies move, on, the work of reconstruction will go on in the rear, holding fast all we gain. We can now see "the beginning of the end."

Hunter's fine army is too small to carry on efficient offensive operations where it was; but combined as part of it will now be with those of Banks, Grant and Rosecrans, it can render good service. Of course a sufficient force will be left at Hilton Head and Beaufort to hold securely that most important acquisition on the coast of South Carolina; for to abandon it altogether would be both unwise and barbarous.

The Army of the Cumberland.

Parson Brownlow, in a letter to the Philadelphia *Press*, writes from Nashville:

The indications are, though not very strong, that the rebels will either attack the grand army of the Cumberland, or seek to get in our rear. It is certain that, three days ago, two divisions of the rebel army moved forward several miles. A military gentleman gives it as his opinion that these divisions were only advancing to give room for reinforcements coming in. So this is it may, the fortifications of Murfreesboro and Nashville are complete, and can't be taken. The Army of the Cumberland is in fine condition, and has supplies of all kinds, here and at Murfreesboro, for eight months to come, or until the first of April next.

UNIONISM in Nashville has increased since the President's emancipation proclamation. The Nashville *Union* instances the Union Club of that city. Previous to the proclamation the applications for membership averaged about twenty-two per week for four weeks; since that time the applications have numbered forty per week. Slaveholders, who have never been suspected of disloyalty, are thought adieus to the "divine institution," have come forward and avowed their firm conviction that the system was an unmitigated curse, and incompatible with the Government.

NEWTON BLACKMAR, one of the most incendiary speakers at the New York Valleandigham meeting, who threatened the President with assassination, is explained. He was "a member of Sidney Mills, a famous courtesan, who died several years ago and left him her entire savings."
