PITTSBURGH GAZETTE

EXPLOSION OF A GASOMETER.—The gasometer of one of the Manhattan Gas Company's buildings, which was partially destroyed by fire, at the corner of Tenth avenue and Eighteenth street, on Tuesday night, exploded on Wednesday evening, and occasioned some damages.—Several workmen who were at the time employed on the ruins, removing the rubbish, narrowly escaped with their lives. Samuel Gordon, one of the party, had both his legs broken and sustained other injuries, from which he will scarcely recover. The police had him conveyed to the New York Hospital. All that part of the building not destroyed by the fire on Tuesday night, was blown into fragments. A large amount of rubbish was thrown across the street, filling up the passage-way to the packing-house of Messrs. Van Brunt & Watrous, and doing some damage to the stock. The police were at the ruins immediately after the explosion occurred, and rendered the necessary assistance.—*New York Courier and Enquirer.*

BOOKS, MUSIC, &C.

Fresh Stock of Bunns & Clark's Pianos.

H. KLEBER respectfully informs the public that he has just returned from the Eastern cities with the largest and most complete stock of PIANOS ever brought to this city. They are from the celebrated factory of Bunns & Clark, N. Y., and are warranted perfect in every respect. N. A. C.'s Pianos have received the first class prize medals, both in this country and Europe, and they are considered by the musical profession and judges in general, as altogether surmounted and unequaled. The prices will invariably be the same as charged at the factory, without addition. They range from $250 to $1,000. Also, a large lot of DUNHAM'S well known and highly popular Pianos. Dunham's Pianos were among the first used in this city, and they have kept up a most enviable reputation to this day for superiority of tone, touch and durability.

The above lot comprises all styles and prices; and as every instrument offered for sale by the subscriber is carefully and thoroughly examined by him, he can, in all cases, guarantee to purchasers with a good, substantial and reliable Piano, and at factory prices. Persons in want of a good Piano will find it to their interest to call and examine before buying elsewhere. HENRY KLEBER, 3 Sole Agent for Bunns & Clark's Pianos.
Also—Sole Agent for Dunham's Pianos,

AMONG the numerous discoveries Science has made in this generation to relieve the pain of life—increase the enjoyment, and even prolonging the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing art. A very extensive trial of this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary diseases that have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a remedy has at last been found, which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any portion of the cures effected by its use, but we would present the following, from the Northern country, to American Almanac, which the agent below named, will always be pleased to furnish free, where in are full particulars, and indisputable proof of these statements.

OFFICE OF TRANSPORTATION,
LAURENS R. R., S. CAROLINA, Aug. 1, 1854.
J. C. Ayer—Dear Sir—My little son, 4 years old, has just recovered from a very severe attack of Bronchial Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having your Cherry Pectoral in California in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing to feel change for the better, and after three days's use, he was able to eat or drink without pain.

Its use in the above named disease will save more children from a premature grave, than any variety of medicine in the world. For all affections of the throat and lungs, I believe it the best medicine extant. You have the deepest gratitude, prompts me in addressing you these lines, and for your important discovery, my little boy would now have been in another world.

I am yours, truly and respectfully,
J. D. POWELL, Sup. Trans. L. R. R.

ROCK HILL, (Somerset Co.,) N. J., July 21, 1854.
Dr. J. C. Ayer—Your pectoral medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in the highest terms of praise, by those who have used it, and I know of some cases where it has done the best good. I take pleasure in stating much for the good it has done. I have no interest in publishing it, because I know that I am giving the public the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect,
P. S. Almost any number of certificates can be sent you if you wish it.
WENNER, G. W., June 26, 1853.

☞ *J. C. Ayer*—Sir: This may certify that I have used your Cherry Pectoral for upwards of two years, and to the sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a deep seated cough of the Lungs, and I do not over-state my convictions when I tell you it is a priceless remedy.
Yours, very respectfully,
D. A. MCCULLIN, Attorney at Law.

WHITEHALL, Washington Co., Pa., Dec. 28, 1853.
Dr. J. C. Ayer—My dear Sir: Your medicine is much approved of by those who have used it here, and for myself it is such as to justify and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians.
I am your friend,
CHAS. STREATER, M. D.

Their nature and effect are known and approved of by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were on under his tuition, in the College of Philadelphia, Castle ton, Pittsfield, and elsewhere.
