Binghamton, N. Y., the suit of Daniel Lyons against the Erie Railroad for \$50,000 for injuries received at the Carr's Rock disaster in 1868, terminated on Monday night in a verdict for \$20,000. Lyons received injuries which will permanently disable him, and may shorten his life.

Over \$120 were rooted up a few days ago in a pig pen, near Sparta, Buchanan county, Mo., which proved to be the property of Samuel Gann, who buried it during the war. He thus invested about \$2200 in gold, and is still out about \$700, of which he has forgotten the location.

The inhabitants of the townships on the line of the New Jersey West Line Railroad are greatly excited at the rumor that the directors of that road have mortgaged the franchises and property for \$3,000,000. As the citizens bound themselves to a considerable extent for the purpose of raising money to aid in the construction of the road, they claim that the townships' subscriptions were in the nature of a first lien on the road.

THE Right Reverend Dr. Kerfoot, Bishop of Pittsburg, proposes attending the meeting of the Clergy of the Erie Convocation to be held at Emporium on Wednesday and Thursday, July 20th, and 21st. The Erie Convocation embraces the following counties: Erie, Venango, Crawford, Warren, Cameron, Elk, Forest, Clarion, Jefferson, McKean and Mercer.

SOLDIERS' BOUNTIES.—The House, on the 17th inst., upon motion of Mr. Cobb, of Wisconsin, brought up and passed a bill equalizing the bounties of soldiers who served during the rebellion.

The bill provides for a bounty of \$8 33 1/3 per month for each month of service rendered, deducting all bounties previously received under former acts of Congress.

ON Saturday of last week the bodies of two little girls were found in a race or sluiceway, near white's river, Illinois, who it was supposed at the time were accidentally drowned. Further developments by the coroner's jury reveal the horrible fact that the elder of the two had been outraged and murdered, and the youngest was murdered to prevent her giving information. There was only eighteen inches of water over them when foued. No arrests have yet been made, but the police think they are on the track of the guilty parties.

"LIFE IN UTAH; or the Mysteries and Crimes of Mormonism; being an expose of their secret rites and ceremonies, with a full and authentic history of Polygamy and the mormon sect, from its origin to the present time;" by J. H. Beadle, editor of the Salt Lake Reporter, is the title of a valuable work just issued by the National Publishing Co., Philadelphia, Pa.

For more than thirty years the world has been horrified, startled and perplexed by the audacity and success of a sect calling themselves Mormons. Though founded in fraud, this sect has succeeded in spite of all opposition, until it is to-day the standing reproach of our country.

The Author's long residence in Utah and his position as Editor of the leading journal of that Territory, peculiarly qualified him to write this work. Mormonism has been productive of so many dark and strange mysteries—so many terrible crimes that few can comprehend, without an intimate knowledge of it, how much wickedness it has to answer for, and what a standing menace to order and society it is.

The work shows how Joe Smith and Brigham Young have been enabled to deceive and cheat their followers; how by leading them on from crime to crime, and enticing them with licentious baits, they have succeeded in maintaining their influence over them; and treats of the Mormon religion, its infamous and heathenish character, its multitude of gods, its abominable doctrines and practices, revealing many strange and outrageous ceremonies. Of the Endowment or initiation ceremonies, showing how obscene and disgusting they are; how female modesty is outraged in them, and how licentiousness is taught as a part of their religious creed.

It is important that the public should know what manner of people are growing up in our very midst. This work gives a full and authentic account of their degraded social condition, their blasphemous rites and ceremonies, their sacrilegious doctrines and practices, and is the most thrilling and startling account of licentiousness and crime ever published. It is calculated to do great good by giving to the public a candid and impartial statement of a question which bids fair to cause no little trouble. The book is sold only by subscription, and agents are wanted in every county.

At a meeting of the Workingmen's Union, New York, one night last week, the introduction of Chinese labor into the country was forcibly denounced as a continuance of slavery, and Massachusetts men were declared slavers, deserving the punishment of death. The president of the meeting explained the evils resulting from cheap labor, and all were unanimous in demanding from Congress such measures as would put a stop to the importation of Chinese. Resolutions to this effect were adopted, and several speakers urged that if this fail, recourse should be had to arms. A mass meeting of workingmen to protest against the importation and employment of Chinese, was to be held this week.

The corner-stone of the Rhode Island Soldiers' and Sailors' Monument at Providence, R. I., was laid on June 24, by the Freemasons, in pursuance of the invitation of the General Assembly. The entire Masonic body of the State was in line, with numerous bands of music, and made a grand appearance. At the site of the monument a eulogy on Masonry was pronounced by Rev. H. W. Ruggs, and an oration delivered by General Vanzant.

DR. Sage's Catarrh Remedy produces perfect cures of the worst cases of Catarrh, "Cold in the Head," Coriza and Catarrh Headache, as hundreds of testimonials from well known citizens and eminent physicians who have used it in their practice abundantly testify. It is mild, pleasant and unirritating. The proprietor offers \$500 for a case of Catarrh that he cannot cure. This Remedy sent to any address by mail on receipt of sixty cents. Address R. V. A few days since a drunken man living in Collinsville, Conn., attempted to walk over the high trestle-work by the railroad bridge, with his little child, three years old, in his arms. The father staggered and fell on the track, letting go of his child, which fell through between the ties, but instinctively clung to the father's coat, suspended sixteen feet from the ground. Some men near by hastened to the rescue and saved the child from a fearful fall, and took it home to the mother.

THE new shops of the Pennsylvania Railroad now in the course of construction at Altoona, it is stated cover an area of twenty acres, and comprise an iron machine shop and a three-quarter round brick building for the repair of freight cars, eighty of which can be rebuilt at the same time. The capacity of the new shops is four times that of the old, and the buildings can be enlarged when required. These improvements were commenced last summer, and will be completed in the spring of 1871.
