PITTSBURGH GAZETTE

Slaves are represented as a very contented, happy set of fellows, by their—masters. There are some exceptions, as is evident from the fact that one committed suicide in New Orleans a few days ago, upon being threatened with punishment; and another, because an agent with whom he had entrusted money to purchase his freedom, proved recreant to his trust.

CENTRAL OHIO RAILROAD.—The Wheeling Intelligencer says that at a meeting held at Zanesville on the 14th, of the directors of the Central Ohio Railroad, it was decided to *discharge* the committee which had been appointed to confer with the Wheeling committee as to forming railroad connections at Wheeling.

MEDICAL.

—TO THE PUBLIC.—

MOST IMPORTANT ANNOUNCEMENT;

RETIREMENT OF PROF. JAMES McCLINTOCK, M. D

From the Philadelphia Medical College.

A NEW ERA IN THE HISTORY OF MEDICINE

Popular Medicine for the first time sanctioned by the

HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK M. D., of Philadelphia, known for more than a quarter of century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a *cheap* and *popular* form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations *ever known* for the cure of disease. They are the fruits of the most profound investigation, the wide est research, and the utmost unequaled experience of one the first physicians of the age. Each remedy is especial adapted to some *particular form of disease*, in accordance with the *highest principle of modern medical science*. Each of these medicines has been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. The extraordinary success and efficacy of these preparations, when used by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were on under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

READ THE FOLLOWING CERTIFICATE.

This is to certify that I have received from the hands of Messrs. Armstrong & Cushman of New York the recipes of my "Family Medicine," with my full authority to prepare and offer them for popular use. I do this with the more freedom, from the fact of recommending and prescribing for many years, and their composition is well known to hundreds of regular physicians, who have been my students, and who are many of them now practising with distinguished success in all parts of the country. My testimonials for this step are numerous; one of the most urgent is, that the demand for my remedies has become so large, through private report of their success, as to make their preparation too great a draft upon my time; another is, the repeated solicitations of my friends and patients, in the belief that the general introduction of my remedies would be in many respects a public benefit, and finally, in securing the co-operation of Mr. Alexander Cushman, who is a thoroughly educated Chemist and practical Apothecary of much experience, whereby I am enabled to assure the public that they will be prepared in the best, purest and most perfect form, regardless of expense.

JAMES McCLINTOCK, M. D., Late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Acting Professor of Midwifery, one of the Consulting Physicians of the Philadelphia Hospital, Blockley, late member of the Medical Board, and late member of the Philadelphia Medical Society, member of the Medico-Chirurgical College of Philadelphia, formerly President and Professor of Anatomy and Surgery in Castleton Medical College, Vermont, and also, late Professor of Anatomy and Physiology in the Pittsfield Medical Institution, Pittsfield, Mass., &c. &c. &c.

We need scarcely remind the intelligent public of the *great necessity* which exists for the introduction of a class of good and *reliable popular medicines* which may be confidently adopted in family use and *depended on at all times* in the absence of a physician, as being the legitimate productions of *Science, Study and Experience*. Nothing more is needed to prove the superiority of such a class of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of the lives and health of their fellow beings. We trust confidence will induce the public of the community to support us in his effort to extirpate the great public evil of *Quackery* by giving a careful perusal to the following list, which embrace the first twelve remedies of the series, and which comprise some of the most valuable medicines ever discovered for the several complaints enumerated. If you or any of your friends are sufferers, one no time in procuring the aid of the *first medical authority of the day*, by obtaining and giving a trial to each of these medicines as are adapted to the case. We call especial attention to the first on the list as being most generally demanded, at this season namely, the

I.....PECTORAL SYRUP

This invaluable Syrup, composed of vegetable in its composition, has been employed with wonderful success for many years in the cure of diseases of the Air Passages and Lungs. The most common diseases of these organs are, *Irritation and Inflammation of* the Mucous Membrane, which lines the air passages of the Throat and Lungs. For any of these forms of disease, whether showing themselves as *Cough, Tickling of the Throat, Croup, Tightness in the Throat, Spitting of Blood, Difficulty of Breathing, Hoarseness or Loss of Voice, and Hectic Fever*, its use will be attended with the happiest results. It is recommended as one of the best and safest medicines for all forms of *Bronchitis and Consumption*.

No Laudanum or preparation of Opium, in any shape, is in this Syrup. PRICE, in Pint Bottles 50 cts.

II.....COLD AND COUGH MIXTURE.

For recent coughs, colds and irritation of the throat or lungs. It is especially valuable for children in a family. In our changeable climate, should be without this efficient remedy, which, if taken on the first appearance of a cold, would prevent many an attack of bronchitis, and a fatal issue in Consumption.

No Laudanum or preparation of Opium, in any shape, is this Mixture. PRICE, per bottle, 25 cents.

III.....ASTHMA AND WHOOPING COUGH REMEDY.

This remedy and the following diseases are relieved to an unparalleled degree by this purely vegetable medicine, which has been brought to perfection during the last year of many years' observation. Trial is all that is needed to prove its efficacy to those who have never employed it. PRICE, per bottle, 50 cents.

IV.....DIARRHŒA CORDIAL, AND CHOLERA PREVENTIVE.

A certain cure for Diarrhœa, and, *if used in time*, for Dysentery, Cholera Morbus and Bilious Cholic. This medicine has never failed to cure Diarrhœa; and in Dysentery it is equally successful. In the early stages of Dysentery and Cholera Infantum it is a sovereign remedy. Full directions for its use accompany each bottle. Price, 25 and 50 cents.

V.....TONIC ALTERATIVE SYRUP.

For the cure, 1. Of *Cutaneous or Skin Diseases*, viz: Tetter, Scurvy, Salt Rheum, Itch, Ringworm, Erysipelas, Pimples, Blotches, Boils, Tumors, White Swelling, Goitre or Swelled Neck, Tumors, Slow Ulcers, &c. 2. *Rheumatic Disease*: Chronic Rheumatism, Gout, &c. 3. *Mercurial or Syphilitic Diseases* of all classes, Primary, Secondary or Tertiary. These diseases all arise from a taint in the system rendering an alteration of the conditions and a general purification of the blood. For this purpose the Tonic Alterative syrup has been prepared, and is offered to the public as a valuable remedy suited to the diseased state of the system, will be found wonderfully efficacious. PRICE, per bottle, $1.

VI.....DYSPEPTIC ELIXIR.

DYSPEPSIA, or Liver Complaint, should be called the National Disease of America. Its symptoms are headache, giddiness, nervousness, low spirits, dimness of sight, costiveness, palpitation of the heart, pain in the side, back, limbs, &c., sometimes a distressing cough, followed in the last stages by Consumption. Its victims, who have been by many years of suffering, Fever and Ague, Pain in the Side and Limbs, &c. In truth, all these are but the consequence of diseased action in the liver. As an Aperient, Tonic, Diaphoretic and sure relief in Costiveness, Bilious Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with a fever, and all affections of the Throat and Lungs, Blood: in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Female Weakness, Erysipelas and Tetter, Pains in the Back, Stomach and Side. They should be freely taken in the spring of the year, to purify the blood and prevent the fevers, fluxes, &c., consequent on the sudden and frequent change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite and vigor. They purify the blood, and, by their timulant action on the circulatory system, renovate the strength of the body, and relieve the system of diseased energies of the whole organism. Hence an occasional dose when there is no disease to be cured, or no disease actually exists; but unnecessary doeing should never be carried too far, as every purgative medicine reduces the strength in proportion to its action. For those cases in which a physic is required cannot be enummerated here, but they suggest themselves to the intelligent purchaser, and it is confidently believed this pill will answer a better purpose than any thing now in use, for the benefit of diseased humanking. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.

Prepared by JAMES C. AYER, Assayer and Practical Chemist, Lowell, Mass. Price 25 cts. per box, or five boxes for $1. Sold by Druggists and Dealers in Medicine throughout this section. feb-tndaw3

IT HAS POWER TO CURE—"I had not used it twice before I felt its beneficial effects."

Mr. H. E. Sellers—Sir:—Suffering from a cold and cough, for which I tried many remedies without obtaining relief, I was presented with a bottle of "H. E. Sellers' Cough Mixture." I think it is duty which I owe both you and the public in general, to positively assert that I had not used it twice before I felt its beneficial effects, and (under the Divine blessing) had no occasion to finish the bottle. I testify also, as to having witnessed its magic properties on friends of mine; one in particular, who had a fringing attack on her lungs, accompanied with a distressing cough, or Verily the only true Remedy in the world for colds (which the sufferer) has descended amongst us.—H. M. *M. FITZGERALD.*
