PITTSBURGH GAZETTE

THE MANUFACTURE OF PAPER IN THE UNITED STATES.—There are in the United States 750 paper mills in actual operation, having 8000 engines, and producing in the year 270,000,000 pounds of paper, which is worth, at 10 cents per pound, $27,000,000. To produce this quantity of paper 405,000,000 pounds of rags is required, 1½ pound of rags being necessary to make one pound of paper. The value of these rags, at 4 cents per pound, is $16,200,000. The cost of labor is 1½ cents upon each pound of paper manufactured, and is therefore $3,375,000. The cost of labor and rags united is $19,575,000 a year. The cost of manufacturing, aside from labor and rags, is $4,050,000, which makes the total cost $23,625,000 of manufacturing paper worth $27,000,000. We import rags for this manufacture from twenty six different countries, and the amount in 1858 was 22,766,000 pounds, worth $982,837. Italy is the greatest source of supply, being more than one-fifth of the whole amount, but the supply has been gradually falling off every year. From England we imported 2,605,000 pounds in 1853. The cost of imported rags has been as follows: —1850, 3.61 cents; 1851, 3.46 cents; 1852, 3.42 cents; 1853, 3.46 cents. The consumption of paper in the United States is equal to that of France and Prussia together.—*Hunt's Merc. Mag.*

AYER'S CATHARTIC PILLS.

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They have no equal for the cure of Liver Complaint, Dyspepsia, Dysentery, Costiveness, Piles, Headache, Heartburn, Nausea, Pain in the Side, Dropsy, Fever, Inflammation, and all other disorders arising from a disordered stomach or bowels. As a universal rule, they are the mildest and most agreeable cathartic yet known, and may be taken by any person with perfect safety. Their sugar coating preserves their virtues for any reasonable time, and they are perfectly free from any injurious ingredient. Their character is established by the testimony of multitudes. Their certificates are published in my American Almanac, which I send free to all who call for them. Dose, from one to four pills, according to the magnitude of the disease they are to remove.

Invented, as we give, Dandelion, Jalap, Rhubarb, and other complaints which they have been found to cure.

Ask for Ayer's Pills, and take no other. Pills are such quantity to be easily move the bowels. Costiveness is frequently the aggravating cause of disease, and should be avoided by persons in the habit of taking cathartic pills, as it is the cause of much of the suffering they are intended to remove. Purgatives should be used only in the aggravating form of disease, and then only in such quantities as will produce a single stool daily. Nature should be, as it is, left to act in her regular vocation, independently of any stimulant.

For Dyspepsia, which is sometimes the cause of Costiveness, and which is invariably aggravated by the use of Aloes, Mercury, Rhubarb, and other ingredients, which are to scar—to eliminate the stomach, and irritate into healthy action the various glands of the liver, a supplement is required in cases of dyspepsia with rapidly disappear. When it has gone, don't regret what caused you.

Ask your druggist for Ayer's Cathartic Pills, and take no other. Pills which produce general depression of the spirits and bad feelings, should be left off as soon as the system is purged of its impurities, lest from prostration, the patient be left down afterwards, until activity and strength is restored by the action of food.

For Nervousness, Sick Headache, Nausea, Pain in the Stomach, Back or Side, take from two to four pills, as the case may be. Take them for the purpose effectually, take more the next day until they do. These complaints will be prevented by the use of a pill or two occasionally, when dyspepsia becomes from stomach is foul.

For Dysentery, Dyspepsia, and all Diseases of the Skin, take the Pills freely and frequently, to keep the bowels open. The operation will generally soon begin to show favorable results, and a prompt cure follow. Cases have been healed up by the purging and purifying effect of these pills, when all other means failed. Persons who are in the habit of using them may be assured that they are not taking poison, but a medicine which will do well to examine the ingredients.

sep20-ly EDWARD FARER.
