MEDICAL.

TO THE PROFESSORS AND MEMBERS OF THE MEDICAL SOCIETIES, AND TO EVERY

Mother, Wife and Daughter

IN THE UNITED STATES.—The subscriber respectfully calls your attention to Dr Barrett's Guardian, expressly intended for the preservation of the health of both sexes—whether it arises from Incipient Phthisis, or early consumption, Debility of the Lungs, Bronchial Affections, Asthma, Pleurisy, Deranged and Disordered state of the Liver, Spleen, or Kidneys, Diseased Spine, Cholic, Dyspepsia, Palpitation of the Heart, Loss of Muscular or Nervous Power, &c. &c

DR. C. B. BARRETT'S GUARDIAN comes to the immediate relief of Females suffering from Irregularities, and all other Uterine difficulties and diseases incidental to woman, whether occasioned by cold, wet feet, or any similar injudicious exposure, and all this without the use of medicine; as the most delicate and sensitive lady can at any moment apply it to herself without the possibility of incurring any risk or danger, or any unpleasant results arising from it, and with the certainty of obtaining immediate relief.

Dr Barrett's Guardian is no catch-penny, or one of the many humbugs of the day; but it is an instrument made upon strictly scientific principles, in accordance with the laws of Electricity and Galvanism; and for neatness, durability and efficacy, infinitely surpasses everything of the kind ever before offered to the public for the relief of disease and, in the language of one of the most enlightened men of the day, is pronounced to be "the greatest discovery of the age."

A period of no less than four years has been occupied by Dr. Barrett in bringing the Guardian to its present state of perfection—during which time it has been in the hands of some of the most eminent physicians of the North and South, as well as in the dwellings of numerous families, who have used it for all of the above purposes, with the most perfect success, and who have cheerfully given their unqualified approbation of its efficacy and value, as can be seen by referring to the Manual of Instructions accompanying it.

Dr. C. B. Barrett's Guardian is secured from innovations by a patent from the United States Patent Office, and be had either with or without his Medico-Electro Galvanometer.

The Medico-Electro Galvanometer, in point of beauty, workmanship, durability and power, cannot be surpassed or even equalled and the subscriber feels that he hazards nothing in the assertion that it will be found to possess more power and efficacy in the treatment and removal of diseases, by Galvanism and Electricity, than any other instrument, either in the United States or Europe. The Medico-Electro Galvanometer is warranted in every respect, and with common ordinary care will last a lifetime, and is by far the cheapest, because the best, instrument ever offered to the public. A manual accompanies them, giving the most ample instructions, of practical experience, so that it is readily intelligible to the mind of every one, while the extreme ease of arrangement is such that a child may be operator with it.

Any information gratuitously given, and all communications cheerfully answered per mail, either in relation to the Electro-Galvanometer or Guardian.

Medical men are invited to call and examine Dr Barrett's Guardian, and test its efficacy.

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

In Pulmonary Consumption, Chronic Bronchitis and Sore Throat, Asthma, Chronic Catarrh, Spitting of Blood, Pain in the Side and Breast, Difficulty of Breathing, Whooping Cough, Croup, Weak Nerves, and Nervous Tremors, Palpitation of the Heart; also, Liver Complaint and Affection of the Kidneys.

This medicine, the invention of a man who gave the subject of Pulmonary, Bronchial and Pectoral diseases the most rigid examination, has now been before the public near four years. During this period it has performed some of the most remarkable cures on record of Pulmonary Consumption—secured the recommendation and use of physicians in their practice, and the warmest approval of thousands of persons in ordinary and severe Colds, Coughs, in Hoarseness, Spitting of Blood, &c.

ASTONISHING CURES.

About four years since I was attacked with Typhus Fever, which left me in a miserable state of health, in extreme debility with a general prostration of the system, with violent pains in the breast and loss of appetite, in consequence of which I was unable to attend to my usual business, or perform any kind of work. I applied to several physicians and used various remedies, but without any benefit, and had despaired of ever obtaining a recovery of my former health. But some time last June I was advised to try Thomson's Compound Syrup of Tar and Wood Naptha, and incredible as it may appear, by the time I had taken three bottles the debility, pain and every cause of suffering were completely removed, and I was able to attend with renewed health to my usual avocations.

SALTER'S GINSENG PANACEA!

TO THOSE SUFFERING WITH DISEASED LUNGS.—The unprecedented success which has attended the use of the

in all the various forms which irritation of the lungs assumes, has induced the proprietor again to call attention to this

WONDERFUL PREPARATION

The changable weather which marks our fall and winter months, is always a fruitful source of

COLDS AND COUGHS.

These, if neglected, are but the precursors of that fell destroyer,

COSUMPTION.

The question, then, how shall we nip the destroyer in the bud? how shall we get clear of our coughs and colds? is of vital importance to the public

THE GREAT AND ONLY REMEDY

will be found in the Ginseng Panacea. In proof of this we have from time to time published the certificates of dozens of our best known citizens, who have experienced its curative powers. These, with a mass of testimony from all parts of the country, from

MEDICAL MEN OF THE FIRST STANDING,

Ministers of the Gospel, &c., together with copious evidences from the

we have embodied in pamphlet form, and may be had gratis of any of our agents throughout the country.

throughout the United States and Canada, are on hand to testify to the wonderful efficacy of the

in which, when taken according to directions and before the lungs had become fatally disorganized, it has ever failed to

EFFECT A PERFECT CURE.

Why, then, need the afflicted hesitate? why resort to the miserable nostrums, gotten up by some individual as a cloak for the assumed name of some celebrated physician, and puffed into notoriety by certificates of persons unknown? Whilst a medicine of

UNPARALLELED EFFICACY

is to be had, whose vouchers are at home—our neighbors—many of whom it has

In order that this invaluable medicine may be placed within the reach of the poor as well the rich, we have put the price at

just one half the usual cost of cough medicines. It is for sale by our agents in nearly every town and village over the west, who are prepared to give full information relative to it. T. SALTER, Proprietor,
Broadway, Cincinnati, Ohio.

A MERCHANT OF THIS CITY, who had been afflicted with the asthma for our years, had taken almost every thing. His physicians constantly attended him, and he had expended over two thousand dollars. He never believed in advertised medicines, but considered them all humbugs. At last he tried Dr. Taylor's Balsam of Liverwort, from 73 Beekman street, New York, and in six weeks was entirely cured, having taken only three bottles. This is only one of many cases where imaginary objections to a patent medicine have prevented persons from using this medicine, who have expended hundreds of dollars to their physicians in vain—and in the end owe their recovery to the infallible efficacy of this purely vegetable preparation. There is no mistake, that this medicine is superior to any remedy prescribed by medical advisers. This medicine has taken 20 years to mature, and is the surest remedy for diseases ever introduced to the public.

RHEUMATIC PAINS, COLDS, AND SHORTNESS OF BREATH CURED.—Suffering for a long time with these complaints, I had given up all hope of being cured. I had consulted the botanic and homeopathic doctors in vain. I had used many articles advertised, but found no relief. In despair I had given up the use of all medicines. Hearing of the great virtues of Dr Taylor's Balsam of Liverwort, and the great cures it had performed, induced me to try it, and to my great joy and astonishment, I was better daily. I continued its use, also his Sugar-Coated Pills, until I am entirely cured. Dr Taylor's Balsam of Liverwort is the best medicine in the world for these complaints, and will cure every one afflicted.

SETH LAWRENCE,
Captain of the Nancy, of New York.

ASTHMA CURED.—I have suffered from the Asthma a very long time, and have used every medicine I could obtain for its cure in vain, until I tried Dr Taylor's Balsam of Liverwort. This medicine has afforded me most manifest benefit, and is, in my opinion, a cure for this distressing disease, more especially, as I know of many cases among my friends where it has been highly successful. MORGAN'S COUGH SYRUP.—It proved to be the great Panacea in curing my child's distressing cough.

From the Temperance Banner, Nov 11-47.

COUGH SYRUP.—We are not in the habit of puffing much less taking patent medicines, but we feel disposed to recommend Morgan's Syrup to those who are afflicted with a cough. After having tried the usual remedies to remove a constant and distressing cough, that had for several days afflicted one of our children, without success, we were induced to try Morgan's cough syrup, and by it relief was obtained in a few hours. It proved to be the panacea in this case at least.

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is super or to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their frailties ten years ago still prefer it to all other remedies of the kind; and where any have been induced to try other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high praises bestowed by the proprietors, and have returned to the use of JAYNE'S EXPECTORANT, as a remedy that has never failed to relieve them and which probably never had its equal in arresting pulmonary diseases.

MORGAN'S WORM KILLER is far superior to all other remedies for Worms. June 14th, 1848.

This may certify that I gave to two of my children, three and five years old, two teaspoonfuls of Morgan's Worm Killer, to each of them. The youngest passed 26 large worms, the smallest could not have measured less than seven inches. The elder passed an equal number that we could not begin to count them. 10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, threatening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. SPITTING BLOOD.

New York, April 22, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the depression of the spirits—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and languide, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the prime cause of Barrenness. It will not be expected of us in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be *delayed for several years by using this medicine*. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is unforgettable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Piles, Cramps, Sickness of the Five Dependencies, Heartburn, Vomiting Pain in the Back and Loins, False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is it is always safe, and the most delicate are almost successfully, very few cases require any other medicine, to some a little Castor Oil, or Magnesia, is useful. Exercise in the open air, and light food with this medicine will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, were applied to the face very soon spoil it of its beauty. They close the pores of the skin, and stop the circulation, when nature is not there yet. No lotion or powder or the skin inflamed by the use of improper soaps, beautifies its own production to the "human face Divine," as well as in the garden of flowers and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the nourishing of the pure, rich blood to the extremities, is what paints the countenance in the most enchanting beauty. It is that which imparts the indescribable tints and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature, not of *powder or soap*. If there is not a free and healthy circulation, there is no beauty. If the lady is cold as driven snow if she paints, and use cosmetics, if the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies are so much admired. Ladies in the north do take but little exercise, or are confined in close rooms or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and a beautiful complexion, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it are more than satisfied; are delighted. Ladies of every rank, should use it.

Notice to the Ladies.

Those that imitate Dr Townsend's Sarsaparilla, have certainly called their stuff a *great Remedy for Diseases &c &c*, and have copied our bills and circulars which relates to the complaints of women, we know of no other man who put up medicine, have made the great cures of Dr Townsend's Sarsaparilla of complaints called by females, recommended them, although positively they did not. A number of these Manufacturers, Pills are injurious to females, as they aggravate disease, and undermine the constitution. Dr. Townsend's is the safest and best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate females, in any case, or in times expecting to become mothers, with the greatest advantages, as it prepares the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in one house is unprecedented.

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores, have taken only four bottles; it took them away, for which I feel my self under great obligation.
