PITTSBURGH GAZETTE

AGRICULTURAL DIVISION OF PATENT OFFICE.—Excitial BACON.—Americans visiting England are often struck with the superiority of English bacon over our own, particularly of that from Wilts and Berkshire. It is believed that the difference is owing solely to the mode of preparation. We publish the following recipe as furnished by Mr. Browne. It is worthy of the attention of our agricultural readers:

"As soon as the bacon comes from the butcher's hands it should have a covering of salt, dried and rolled to a fine powder, well rubbed in with the hand to every part, using the finger to all every hole and joint, as it is most important that the meat should take the salt when quite fresh. In twelve hours all the brine and damp salt not absorbed should be scraped off the bacon and removed from the vessel and dry salt added again, as much as needed to cover it, as before, and well rubbed in. This process should be repeated every twelve hours for three days, when saltpetre should be added, getting off previously all the damp salt and brine as before, and applying the saltpetre as the common salt, adding a handful of the latter. A quarter of a pound of saltpetre to a side of bacon weighing seventy pounds is sufficient; then six one pound of coarse brown sugar and one pound of treacle or molasses; and pour over the saltpetre on the bacon, adding a little more common salt daily for three days, which serves to make the pickle keep well, and the whole liquor should be ladled with a teacup over the bacon as often as convenient. Four times a day for the first two weeks after it was first put to the bacon, and then never less than twice a day for the remainder of the time needed for its picking, which is four weeks, or longer if large bacon, and then it should be sent to the drying-house and smoked over a wood fire."—*Union.*

NUNNS & CLARK'S PIANOS.

FRESH STOCK.

H. KLEBER & BRO., have now on the way, and partly received, a complete and fine assortment of PIANOS from the Factory of NUNNS & CLARK. They are provided with all the late and important improvements which distinguish Nunns & Clark's Piano above all others, viz: The *Overstrings, Full-covered Hammers, French Action, &c.* Every Piano is fully warranted, with the privilege to the purchaser of returning the same if it proves in any way defective.

Testimonial from M. STRAKOSCH, the unrivalled Pianist:

CINCINNATI, NOV. 19th, 1854.

Messrs. H. Kleber & Bro., Pittsburgh:—GENTLEMEN—Permit me to thank you most sincerely for the magnificent Grand Piano of Messrs. Nunns & Clark's manufactory, which you have been so kind as to loan me for Mlle Teresa Parodi's Concerts in your city. This superb instrument is one of the very best ever made in America, and, for sweetness and power of tone, as well as solidity of construction, leaves nothing to be desired. I really congratulate its future owner, who shall be so happy as to possess one of the handsomest of American industry. With hearty wishes for your success, I remain,

Your obt. servant, M. STRAKOSCH.

AYER'S CATHARTIC PILLS.

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver and other organs of the body, and, by restoring their healthy action to health, cures wherever they exist, such derangements as are the first cause of disease. An extensive trial of their virtues by Professors, Physicians and Patients, have shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to defy the suspicion of imposition or untruth. Their certificates are published in my American Almanac, which they distribute gratis, and whose pages are filled with the cures of these pills.

Annexed we give *Directions* for their use in the complaints which they have been found to cure:

FOR COSTIVENESS—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the only or prevailing cause of Piles, and the cure is effected by this alone. For a mild cure of costiveness, Dr. Ayer's Cathartic Pills are the best we know of.

FOR DYSPEPSIA, or *Morbid Inaction of the Bowels*, which produces Costiveness, Indigestion, Dullness, Loss of Appetite, Jaundice, and a train of the ills which follow in their wake, these pills are found invaluable. Being purgative, they cleanse the stomach, when a dose or two will generally restore the system to health. When these effects follow, it is not to be feared, it setting both as a *Cure and Preventative* of any of the above ailments.

HELMBOLD'S

Compound Fluid Extract Sarsaparilla,

For purifying the Blood, removing all diseases arising from an impure state of the blood, or whatever cause it may be produced, such as Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings in the joints, Pimples on the face, and all fleshy Eruptions of the skin.

It is gratifying to the proprietor of these medicines to be able to state that for a period of more than twelve years he has never first introduced, which time has elapsed, they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been proved; whether in the family, country, hospital, or private practice, they have invariably given the most decided and universal satisfaction, and produced the most salutary and beneficial effects. Numerous certificates have been received from the most distinguished physicians in the country, testifying to their superior excellence, recommending in the highest terms the values of medicines so well adapted to family use, and the peculiar properties for such complaints as the proprietor has specified. Hundreds of thousands of Sarsaparilla and Buchu and various modes of preparing have been tried, the result of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstruums to preserve separation to take up the extractive matters, and not unfrequently much impaired, if not destroyed, by the action of the menstruum. Experience and medical management of those accustomed with pharmacy, and the proper menstruum, is, therefore, of the highest consideration and importance to the public and to the family that should be supplied with a standard preparation of a uniform strength and character, to secure the best advantages. To effect this and to meet the wants of the public, I have made a number of experiments to produce a more perfect and efficient mode of extracting the virtues of the Sarsaparilla and Buchu, and to discover a menstruum which would form a preparation which could be relied on as a family preparation. The experiments have been crowned with success, and I have to offer to the public and the family my Compound Fluid Extract of Sarsaparilla, which I feel confident on a fair trial will commend itself to the public as a family medicine of the first order, and give it a place in every family where the blood, liver, or any other organ of the system requires a purgative or alterative medicine.

Fluid Extract Buchu, $1 per bottle, or 6 for $5.

DR. L. B. WRIGHT'S SCROFULOUS ANTIDOTE

For the cure of Scrofula, all diseases of the Blood, and Impurities of the System.

THIS valuable preparation and certain remedy for that most dreaded of all complaints, Scrofula, has obtained a reputation in private practice, and wholesale and retail, of

WHOLLY UNPARALLELED,

by any other medicine known.

It is not designed in this place to make a testimonial, to give a long list of cures of tubercular diseases, as that is now ready for personal use to be had of all our agents, gratuitously.

I will merely say that it has

CURED CONSUMPTION,

when all other remedies have failed.

Although I have no doubt but that this medicine has made the most remarkable cures are the following:

Consumption,

Tetter, Erysipelas,

and all diseases of the chest

and blood, such as Pain in the Side,

never failing remedy, Cancer of the

mouth, Ulcerated Sore Throat, Piles of

bus, and all other diseases of the Urinary, Nervous,

or Venereal, and all cutaneous diseases, Dyspepsia, in fact, the cure is in the Sarsaparilla, Stillingia, Pipsissewa, Prickly Ash, Poke, Spitting of a Tumblin of Blood, Pilles, Whooping Cough, Hooping Cough, Hysteria, Jaundice, and all diseases of the Liver, Impetigo, Incontinence of Urine, Ulcers, Gravel, or Stone in the Bladder, Gonorrhoea, Gleet, Leucorrhoea, Menstruation, Palpitation of the Heart, Tumors and Affections of the Bones, Debility and Nervous Affections, Scald Head, Ulcers, Sore Throat, Rheumatism, Neuralgia, Palpitation of the Heart, Tumors and Affections of the Bones, Debility, Disease of the Spleen and Liver, Pain in the Side, Back and Chest, Weakness of the Limbs, Shortness of the Breath, Fistulous, Sick Headache, Dyspepsia, Headache, Costiveness, Summer Complaints, Diseases of Boys generally, & all tumors, Humors of the blood from whatever cause.

HOW IT CAME TO BE KNOWN.

When I first commenced practice in New York some 20 years ago, my attention was almost immediately called to Scrofula, which seemed in many cases of Scrofulous complaints, and for which no certain remedy was adopted, I began to make myself familiar with it in all its many virulent forms, and, after some 20 years of almost unremitting labor, I prepared and began to apply the Scrofulous Antidote, which I found to be the most

REMARKABLE SUCCESS! It became been known in my practice ever since, and to great that the demand became so great that I was compelled to put it in newspapers, and in the mouth, that I might reach the suffering throughout the country, the result of its wonderful curative powers, and I feel it my duty to give it fully and disclose to try it, that it is perfectly wholesome, and a

Purely Vegetable Preparation.

And has made more permanent cures than all other medicine put together. I have now lying in my desk over
