Jaynes' Expectorant.
SALEM, Columbiana co., O., Apr. 24, 1841
DR. D. JAYNES: Dear Sir—I feel bound to you and the afflicted public, to avail myself of this opportunity of giving publicity to the extraordinary effects of your Expectorant on myself. Having been afflicted for several years with a severe cough, hectic fever and its concomitant diseases, and seemed only doomed to linger out a short but miserable existence, until the fall of 1839, when, being more severely attacked, and having resorted to all my former remedies, and the prescriptions of two of the most respectable physicians in the neighborhood without deriving any benefit, or the consolation of surviving but a few days or weeks at farthest—when the last gleam of hope was about to vanish, I had recommended to me your Expectorant—and blessed by that Being who does all things in the use of the means—and contrary to the expectations of my physicians and friends, I was in a few days raised from my bed, and was enabled by the use of a bottle, to attend to my business, enjoying since better health than I had for ten years previous.
Respectfully yours, &c., JAS. W. ESTILL.

A Fine Set of Teeth for 25 Cents.
WHITE TEETH, FOUL BREATH, HEALTHY GUMS.—Yellow and unhealthy teeth, after being once or twice cleaned with Jones' Amber Tooth Paste, have the appearance of the most beautiful ivory, and at the same time it is so perfectly innocent and exquisitely fine, that its constant daily use is highly advantageous, even to those teeth that are in a good condition, giving them a beautiful polish, and preventing a premature decay. Those already decayed it prevents from becoming worse—it also fastens such as are becoming loose, and by perseverance it will render the foulest teeth delicately white, and make the breath deliciously sweet. Sold by WM. JACKSON, 89 Liberty street. mar29

B. A. FAHNESTOCK'S VERMIFUGE.
A FEW weeks since, one of my children, aged about five years, was unwell for several days, and the illness increased so alarmingly that I feared death would be the result. Having heard of the good effects of Fahnestock's Vermifuge when administered to the children of my neighbors, and thinking my child might have worms, from some of the symptoms, I gave it one and a half teaspoonfuls of the Vermifuge, and to my great astonishment it almost immediately discharged between 150 and 200 large worms. Its health was soon restored, and it is now remarkably well. Previous to taking the Vermifuge, the worms would occasionally rise in its throat, and I often feared it would die from strangulation. This is to certify that my little daughter was afflicted with worms, and that I tried several remedies, so called, without any apparent effect. Being informed by the agent in this place of the success of Sellers' Vermifuge, I was induced to give it a trial. After giving a few doses, according to directions, my daughter was relieved. I have no hesitation in giving it as my opinion, that Sellers' Vermifuge is the best extant.

MANUFACTURERS of Phœnix fire proof safes, south side, second street, between Wood and Smithfield, Pittsburgh. J. S Strickler having deceased and the surviving partner Mr. Wm C Barr, having associated himself with Mr. Jos Lippencott, the business will hereafter be conducted under the style of Lippencott & Barr.
Trial of a safe in Cincinnati, O.—We, the undersigned were present at the testing of one of J S Strickler & Co's improved Phœnix fire-proof safes. The safe was placed in a furnace on the public landing, and subjected to the intense heat of a stone coal fire for more than three hours. In one hour and a half the safe came to a bright red heat; the door of the furnace was then closed, which caused an increased and steady heat for the balance of the time, until the cast iron wheels were partially melted off; the furnace was then thrown down and the safe cooled and opened. The money, papers and books which it contained were as perfect as when placed there, the binding only of the books being injured by the water in cooling the safe. We have no hesitation in recommending it to the public as a safe superior to any we have ever seen tested, and believe that it will stand any heat which might be produced, except a heat which would melt it to a solid mass.

LADIES ARE CAUTIONED AGAINST USING COMMON PREPARED CHALK.
THEY are not aware how frightfully injurious it is to the skin—how coarse, how rough, how sallow, yellow and unhealthy the skin appears after using prepared chalk! Besides it is injurious, containing a large quantity of lead!
We have prepared a beautiful vegetable article, which we call JONES' SPANISH LILY WHITE. It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.
Dr. James Anderson, Practical Chemist of Massachusetts, says: "After analyzing Jones' Spanish Lily White, I find it possesses the most beautiful and natural, and at the same time innocent white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying." Price, 25 cents a box. Sold by WM. JACKSON, 89 Liberty st. mar29
