MEDICAL.

TO THE PROFESSORS AND MEMBERS OF THE MEDICAL SOCIETIES,
AND TO EVERY
Mother, Wife and Daughter
IN THE UNITED STATES.—The subscriber respectfully calls your attention to Dr Townsend's Guardian, expressly intended for the preservation of the health of both sexes—whether it arises from Incipient Phthisis, or really consumption, Debility of the Lungs, Bronchial Affections, Asthma, Pleurisy, Deranged and Disordered state of the Liver, Spleen, or Kidneys, Diseased Spine, Cholic, Dyspepsia, Palpitation of the Heart, Loss of Muscular or Nervous Power, &c. &c.

DR. C. B. BARRETT'S GUARDIAN comes to the immediate relief of Females suffering from irregularities, and all other Uterine difficulties and diseases incidental to woman, whether occasioned by cold, wet feet, or any similar injudicious exposure, and all this without the use of medicine; as the most delicate and sensitive lady can at any moment apply it to herself without the possibility of incurring any risk or danger, or any unpleasant results arising from it, and with the certainty of obtaining immediate relief.

Dr Barrett's Guardian is no catch-penny, or one of the many humbugs of the day; but it is an instrument made upon strictly scientific principles, in accordance with the laws of Electricity and Galvanism, and for neatness, durability and efficacy, infinitely surpasses everything of the kind ever before offered to the public for the relief of disease, and, in the language of one of the most enlightened men of the day, is pronounced to be "the greatest discovery of the age."

A period of no less than four years has been occupied by Dr. Barrett in bringing the Guardian to its present state of perfection—during which time it has been in the hands of some of the most eminent physicians of the North and South, as well as in the dwellings of numerous families, who have used it for all of the above purposes, with the most perfect success, and who have cheerfully given their unqualified approbation of its efficacy and value, as can be seen by referring to the Manual of Instructions accompanying it.

Dr. C. B. Barrett's Guardian is secured from imitations by a patent from the United States Patent Office, and be had either with or without his Medico-Electro Galvanometer.

The Medico-Electro Galvanometer, in point of beauty, workmanship, durability and power, cannot be surpassed or even equalled, and the subscriber feels that he hazards nothing in the assertion that it will be found to possess more power and efficacy in the treatment and removal of diseases, by Galvanism and Electricity, than any other instrument, either in the United States or Europe. The Medico-Electro Galvanometer is warranted in every respect, and with common ordinary care will last a life-time, and is by far the cheapest, because the best, instrument now offered to the public. A manual accompanies them, giving the most simple instructions, of practical experience, so that it is readily intelligible to the mind of every one, while the new style of arrangement is such that a child may manipulate with it.

Any information gratuitously given, and all communications cheerfully answered per mail, either in relation to the Electro-Galvanometer or Guardian.

Medical men are invited to call and examine Dr Barrett's Guardian, and test its efficacy.

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA,
In Pulmonary Consumption, Chronic Bronchitis and Sore Throat, Asthma, Chronic Coughs, Spitting of Blood, Pain in the Side and Breast, Difficulty of Breathing, Whooping Cough, Croup, Weak Nerves and Nervous Tremors, Palpitation of the Heart, Alas, Loss of Muscular or Nervous Power, &c. &c.

This medicine, the invention of a man who gave the subject of Pulmonary, Bronchial and Pectoral diseases the most rigid examination, has now been before the public near four years. During this period it has performed some of the most remarkable cures on record of Pulmonary Consumption—cases which were given up and cast off by physicians in their practice, and the warmest approval of thousands of persons in ordinary and severe Colds, Coughs, in Hoarseness, Spitting of Blood, &c.

ASTONISHING CURES.

About four years since I was attacked with Typhus Fever, which, left me in a miserable state of health, in extreme debility with a general prostration of the system, with violent pains in the breast and loss of appetite, in consequence of which I was unable to attend to my usual business, or perform any kind of work. I applied to several physicians and used various remedies, but without any benefit, and had despaired of ever obtaining a recovery of my former health. But some time last June I was advised to try Thomson's Compound Syrup of Tar and Wood Naphtha, and incredible as it may appear, by the time I had taken three bottles the debility, pains and every sense of suffering were completely removed, and I was able to attend with restored health to my usual avocations.

VALUABLE TESTIMONY.

"This may certify that in the spring of 1846 my health was very feeble; I was afflicted with pain in the side, with other alarming symptoms, and suffered much from great debility. At that time I purchased from Moses Dunn two bottles of Thomson's Compound Syrup of Tar and Wood Naphtha, from which I experienced great benefit, my health being now good, and I cheerfully recommend the article to all persons who may be suffering with general debility, with symptoms of a decline. GINSENG PANACEA!

TO THOSE SUFFERING WITH DISEASED LUNGS.—The unprecedented success which has attended the use of the GINSENG PANACEA in all the various forms which irritation of the lungs and consumes, has induced the proprietor again to call attention to this

WONDERFUL PREPARATION.

The changable weather which marks our fall and winter months, is always a fruitful source of

COLDS AND COUGHS.

These, if neglected, are but the precursors of that fell destroyer,

COSUMPTION.

The question, then, how shall we nip the destroyer in the bud? how shall we get clear of our coughs and colds? is of vital importance to the public.

THE GREAT AND ONLY REMEDY

will be found in the Ginseng Panacea. In proof of this we have from time to time published the certificates of dozens of our best known citizens, who have experienced its curative powers; but the mass of testimony from all parts of the country—from MEDICAL MEN OF THE FIRST STANDING, Ministers of the Gospel, &c. together with copious notices from the

Why, then, need the afflicted hesitate? why resort to the miserable nostrums, gotten up by men not individuals or for the assumed name of some old physician, and puffed into notoriety by certificates of persons equally unknown? While a medicine of

T. WALTER, Proprietor,
Broadway, Cincinnati, Ohio

A MERCHANT OF THIS CITY, who had been afflicted with the asthma for four years, had taken almost every thing. His physicians constantly attended him, and he had expended over two hundred dollars. He never believed in advertised medicines, but considered them all humbugs. At last he tried Dr. Taylor's Balsam of Liverwort, from 73 Bleecker street, New York, and in six weeks was entirely cured, having taken only three bottles. This is only one of many cases where imaginary objections to a patent medicine have prevented persons from trying this medicine, who have expended hundreds of dollars to their physicians in vain—and in the end owe their recovery to the infallible efficacy of this purely vegetable preparation. There is no mistake, that this medicine is superior to any remedy prescribed by medical advisers. This medicine has taken 20 years to mature, and is the sure remedy for diseases ever introduced to the public.

RESPIRATORY PAINS, COUGH, AND SHORTNESS OF BREATH CURED.—Suffering for a long time with these complaints, I had given up all hope of being cured. I had tried all the botanic and homeopathic doctors in vain. I had used many articles advertised, but found no relief. In despair I had given up the use of all medicines. Hearing of the great virtues of Dr. Taylor's Balsam of Liverwort, and the great cures it had performed, induced me to try it, and to my great joy and astonishment, I was better daily. I persisted in its use, and in a few weeks Cough, Pain, and Difficulty of Breathing, which had so long afflicted me, left me entirely cured. Dr. Taylor's Balsam of Liverwort is the best medicine in the world for these complaints, and will cure the most inveterate cases. SETH LAWRENCE,
Captain of the Nancy, of New York.

ASTHMA CURED.—I have suffered from the Asthma a very long time, and have used every medicine I could obtain for its cure in vain, until I tried Dr. Taylor's Balsam of Liverwort. This medicine has afforded me most manifest benefit, and is, in my opinion, a cure for this distressing disease, more especially, as I know of many cases among my friends, where it has been highly successful. Persons interested are invited to call at my residence for further information.

MORGAN'S COUGH SYRUP—It proved to be the great Panacea in curing my child's distressing cough.

From the Temperance Banner, Nov 3 1847.

COUGH SYRUP.—We are not in the habit of publishing much less talking patent medicines, but we feel disposed to recommend Morgan's Syrup to those who are afflicted with a cough. After having tried the usual remedies to remove a constant and distressing cough, that had for several days afflicted one of our children, without success, we were induced to try Morgan's cough syrup, and by it relief was obtained in a few hours. It proved to be the panacea in this case at least.

PEACE! PEACE!!
JUST IN NEXICO,
BUT IN EVERY MOTHER'S HOMESTEAD.

THE undersigned has long been convinced of the necessity for some medicine adapted to the use of Children and Infants to supersede the use of all those medicines which contain opium, and has at length succeeded in preparing and offering to the public a medicine fully answering every purpose for all diseases of the bowels, without the use of that deleterious drug, or any other calculated to injure it, the east. The Infant Panacea has been fully tested and tried, the last twelve months, by numerous persons, and found to possess all the extraordinary virtues, and to produce all the astonishing effects as set forth on the bill of directions. Diarrhea, Vomiting, Cholic, Griping, Pains, Sickness and Diseases arising from teething, acting immediately without disturbing any of the functions of the body, producing the happiest and most pleasant transition from violent pain to a tranquil and joyous state of feeling in the little sufferer.

To be had wholesale and retail, of the Proprietor, Dr. JOHN SARGANT, Druggist and Apothecary; John Mitchell, Elliott & Beckham, and most other Druggists a Allegheny and Pittsburgh. dec13

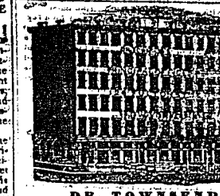
MEDICAL.



DR. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.
Wonder and Blessing of the Age.
The most extraordinary Medicine in the World! This Extract is put up in Quart Bottles: it is ten times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla, over all other medicines is that while it eradicates the disease, it invigorates the body. It is one of the very best blood purifiers and tonics known.

SPRING AND SUMMER MEDICINES

Ever known; these only purify the whole system, and strengthens the person, but it *creates new, pure and rich blood*, a power, possessed by no other medicine. And in this little grand secret lies its wonderful effects. It has performed within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy, by the effects of medicine or indiscretion committed in youth, or by excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hitherto towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Diseases and Strengthen. Consumption can be cured. Breathing, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Severeness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pains in the Side, &c, have been and can be cured.

SPITTING BLOOD.

New York, April 23, 1847.

Dr. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night Sweats and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. Who can well imagine that I am thankful for these results.

Your obedient servant,
WM RUSSELL, 53 Catherine st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or cause, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy and life instead of languid and lifeless; it counteracts the nervousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life" should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period *may be dangerous for several years by using this medicine.* Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth ever discovered. It invigorates both the mother and child, prevents pain and disease, increases and enriches the food the child and mother, and I think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, were few cases require any other medicine. In some a little Castor Oil, or Magnesia, is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They clore the pores of the skin, and thus obstruct the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human divinity," as well as in the garden in rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids, or the courses of the pulse, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of *powder or soap*. If there is not a free and healthy circulation, there is no beauty. If the lady is as drawn snow, if the paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to repair elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. "Ladies of every station, crowd our office daily."

Notice to the Ladies.

Those last imitate Dr. Townsend's Sarsaparilla, have unjustly called their stuff a *great Remedy for, Females, &c.*, and have copied our bills and circulars which relates to the complaints of women, or for *women* alone, who put up medicines, have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it rarely if ever fails of effecting a permanent cure. It can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the greatest advantage, as it purges the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in one house is unprecedented.

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Boils; have taken only four bottles; it took them away. For which I feel myself under great obligation.

Yours, respectfully,
ISAAC W. CRAIN, 195 Wooster st.

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly sub agents, have formed and making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottle, and some of them have stolen and copied our advertisements—they are only worthless imitations, and should be avoided.

RELIANCE PORTABLE BOAT LINE,
1848.
FOR TRANSPORTATION OF MERCHANDIZE
BETWEEN PITTSBURGH AND PHILADELPHIA.

THE Proprietors of this old established and first Portable Boat Line, having removed their depot in Philadelphia, to a much larger Warehouse on Market st., than they formerly occupied, and also increased their room for storage at Pittsburgh, are now prepared to offer much greater facilities to their friends and patrons.

Goods carried by this line are not transhipped between Pittsburgh and Philadelphia, being carried entirely in Portable Section Boats. To shippers of flour and other goods requiring careful handling, this is of importance. No charge made for receiving or shipping goods, or advancing charges. All goods forwarded promptly, and upon as reasonable terms as by any other line.
