MEDICAL.

TO THE PROFESSORS AND MEMBERS OF THE MEDICAL SOCIETIES, AND TO EVERY

Mother, Wife and Daughter

IN THE UNITED STATES.—The subscriber respectfully calls your attention to DR. BARRETT'S GRANDIAN, expressly intended for the preservation of the health of both sexes—whether it arises from Incipient Phthisis, or early consumption, Debility of the Lungs, Bronchial Affections, Asthma, Pleurisy, Deranged and Disordered state of the Liver, Spleen, or Kidneys, Diseased state of Spine, Cholic, Dyspepsia, Palpitation of the Heart, Hysteria, Nervous Power, &c. &c.

DR. C. B. BARRETT'S GUARDIAN comes to the immediate relief of Females suffering from Irregularities, and all other Uterine difficulties and diseases incident to woman, whether occasioned by cold, wet, fatigue, or other injudicious exposure, and all this at a certainty of obtaining immediate relief.

Dr. Barrett's Guardian is no cake-penny, or one of the many humbugs of the day; but it is an instrument made upon strictly scientific principles, in accordance with the laws of Electricity and Galvanism; and for neatness, durability and efficacy, infinitely surpasses everything of the kind ever before offered to the public in the hands of some of the most eminent physicians of the North and South, as well as in the dwellings of numerous families, who have used it for all of the above purposes, with the most perfect success, and who have cheerfully given their unqualified approbation of its powers, as can be seen by referring to the efficacy and value, as can be seen by referring to the Manual of Instructions accompanying it.

Dr. C. B. Barrett's Guardian is secured from innovations by a patent from the United States Patent Office, and be had either with or without his Medico-Electro Galvanometer.

The Medico-Electro Galvanometer, in point of beauty, workmanship, durability and power, cannot be surpassed or even equalled, and the subscriber feels that he hazards nothing in the assertion that it will be found to possess more power and efficacy in the treatment and removal of disease, by Galvanism and Electricity, than any other instrument, either in the United States or Europe. The Medico-Electro Galvanometer is warranted in every respect, and with common ordinary care will last a life-time, and is by far the cheapest, because the best, instrument ever offered to the public. A manual accompanies them, giving the most simple instructions, of practical experience, so that it is readily intelligible to the mind of every one, while the *every* thing of arrangement is such that a child may *operate* with it.

Information gratuitously given, and all communications cheerfully answered per mail, either in relation to the Electro-Galvanometer or Guardian.

Medical men are invited to call and examine Dr Barrett's Guardian, and test its efficacy.

THOMPSONS COMPOUND SYRUP OF TAR AND WOOD NAPHTHA,

In Pulmonary Consumption, Chronic Bronchitis and Sore Throat, Asthma, Chronic Catarrh, Spitting of Blood, Pain in the Side and Breast, Difficulty of Breathing, Whooping Cough, Croup, Weak Nerves and Nervous Tremors, Palpitation of the Heart; also, Liver Complaint and Affections of the Kidneys.

This medicine, the invention of a man who gave the subject of Pulmonary, Bronchial and Pectoral Diseases the most rigid examination, has now been before the public four years. During this period it has performed some of the most remarkable cures on record of Pulmonary Consumption—secured the recommendation and use of physicians in their practice, and the warmest approval of thousands of persons in ordinary and severe Colds, Coughs, in Hoarseness, Spitting of Blood, &c.

ASTONISHING CURES.

About four years since I was attacked with Typhus Fever, which left me in a miserable state of health. In the autumn following with a general prostration of the system, with violent pains in the breast and loss of appetite, in consequence of which I was unable to attend to my usual business, or perform any kind of work. I applied to several physicians and used various remedies, but without any benefit, and had despaired of ever obtaining a recovery of my former vigorous health. But some time last June I was advised to try Thomson's Compound Syrup of Tar and Wood Naphta, and incredible as it may appear, by the time I had taken three bottles the debility, pain and anxiety and very sense of suffering were completely removed, and I was able to attend with restored health to my usual avocations.

VALUABLE TESTIMONY.

"This may certify that in the spring of 1845, my health was very feeble; I was afflicted with pain in the side, with other alarming symptoms, and suffered much from great debility. At that time I purchased from Moses Dunne two bottles of Thomson's Compound Syrup of Tar and Wood Naptha, from which I experienced great benefit, my health being now good; and I cheerfully recommend the medicine to all persons who may be suffering with general debility, with symptoms of a pulmonary nature.

SALTER'S GINSENG PANACEA!

TO THOSE SUFFERING WITH DISEASED LUNGS.—The unprecedented success which has attended the use of the GINSENG PANACEA in all the various forms which irritation of the lungs assumes, has induced the proprietor again to call attention to this WONDERFUL PREPARATION.

The changeable weather which marks our fall and winter months, is always a fruitful source of COLDS AND COUGHS.

These, if neglected, are but the precursors of that fell destroyer,

COSUMPTION.

The question, then, how shall we nip the destroyer in the bud? how shall we get clear of our coughs and colds? is of vital importance to the public.

THE GREAT AND ONLY REMEDY

Is the Ginseng Panacea. In proof of this we will be found in the Ginseng Panacea. The certificates of cures have from time to time published the certificates of hundreds of our best known citizens, which, with a mass of testimony from all parts of the country—from ministers of the Gospel, &c., together with copious notices from the

JOURNALS OF THE DAY,

we have embodied in pamphlet form, and may be had gratis of any of our agents throughout the country.

HUNDREDS OF BOTTLES

have been used in this city,

THOUSANDS AND TENS OF THOUSANDS

throughout the United States and Canada, and we challenge any man to point out a

SINGLE INSTANCE

in which, when taken according to directions, and before the lungs had become fatally disorganized, it has ever failed to

EFFECT A PERFECT CURE.

Why, then, need the afflicted hesitate? Why resort to the miserable nostrums, gotten up by men own individuals let the assumed name of some dead physician be affixed into notoriety by certificates of persons, and puffed into notoriety by advertisements equally unknown? While a medicine of

UNPARALLELED EFFICACY

is to be had, whose wonderful cures are at home—our neighbors—among whom it has

SNATCHED FROM THE GRAVE.

In order that this invaluable medicine may be placed within the reach of the poor as well the rich, we have put the price at

ONLY FIFTY CENTS,

just one half the usual cost of cough medicines. It is for sale by our agents in nearly every town and village for sale by our agents in nearly every town and village for miles around, and will be prepared to give information relative to it.

B. SALTER, Proprietor,

Broadway, Cincinnati, Ohio

A MERCHANT OF THIS CITY, who had been afflicted with the asthma for four years, had taken almost every thing. His physicians constantly attended him, and he had expended over two thousand dollars, and he had expended in advertised medicines, but he never believed in advertised medicines, but he considered them all humbugs. At last he tried Dr. Taylor's Balsam of Liverwort, from Beckman street, New York, and in six weeks was entirely cured, having taken only three bottles. This is only one of many instances of the most inveterate cases where imaginary objections to a patent medicine have prevented persons from using this medicine, who have expended hundreds of dollars to their physicians in vain—and in the end owe their recovery to this invaluable efficacy of this purely vegetable preparation. There is no doubt but that this medicine is superior to any remedy prescribed by medical advisers. This medicine has taken 50 years to mature, and is the medicine has taken 50 years to mature, and is the medicine ever introduced to the public. Dr. Taylor's Balsam of Liverwort is the best medicine in the world for these complaints, and will cure every one afflicted.

SETH LAWRENCE,

Captain of the Nancy, of New York.

AUTHA CURZE.—I have suffered from Asthma a very long time, and have used every medicine I could obtain for its cure in vain, until I tried Dr. Taylor's Balsam of Liverwort. This medicine has afforded me most manifest benefit, and is, in my opinion, a cure for this distressing disease; more especially, as I know of this distressing disease among my friends, where it has been highly beneficial. Persons are interested and invited to call and ascertain.

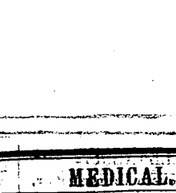
MEDICAL.



DR. TOWNSEND'S COMPOUND EXTRACT OF

SARSAPARILLA

Wonder and Blessing of the Age.

The most extraordinary Medicine in the World! *This Extract is put up in Quart Bottles: it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.*

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES

River known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure and rich blood*: a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than 100,000 cures, of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is *far* superior to any

Invigorating Cordial,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Glandes and Strumpets. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds. Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 28, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL, 65 Catherine st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for faithful Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—so matter whether the result of the worst cause or cause produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons of weakness and debilitude, from taking it, soon become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness. It will not be imagined of in cases of a delicate nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us, in the worst of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be *delayed for several years by using this medicine.* Nor is it less valuable for those who are approaching to womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so the stimulating as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth.—In Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine, in some a little Castor Oil may be found useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the use of improper food, gives the skin its beauties its own production in the "human face Divine," as well as in the garden of rich and delicately tinted and variegated flowers, a free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most enchanting shades and fashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is pale or drives snow, if she paint, and use cosmetics, fair as the lily, cold and impure, she is not beautiful. If she be tipsey or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to recall the elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than grateful, are delighted. Ladies of every station, crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a *great Remedy for Females, &c., &c.*, and have copied our bills and circulars which relates to the complaints of women, *not for their* —other were put up medicine, here, since the great success of Dr. Townsend's Sarsaparilla is complained of by delicate females, recommended their friends, although they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution. Dr. Townsend's is the only and the best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate female, in any case, or by those expecting to become mothers, with the greatest advantages, as it prepares the system and prevents pain or danger, and strengthens both women and child. Be careful to get the genuine.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla is a perfect control over the most obstinate disease of the Blood. Three persons cured in one house is unprecedented.

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores; have taken only four bottles; it took them away, for which I feel myself under great obligation.

Yours, respectfully,

ISAAC W. CRAIN, 108 Wooster st.

FOR TRANSPORTATION OF MERCHANDIZE BETWEEN PITTSBURGH AND PHILADELPHIA.

THE Proprietors of this old established and first Portable Boat Line, having removed their depot in Philadelphia, to a much larger Warehouse on Market st., than they formerly occupied, and also increased their room for storage at Pittsburgh, are now prepared to offer much greater facilities to their friends and patrons.

Goods carried by this line are not transhipped between Pittsburgh and Philadelphia, being carried entirely in portable Section Boats. To shippers of flour and other goods requiring careful handling, this is of importance. No charge made for receiving or shipping goods, or advancing charges.
