The Greatest Medical Discovery OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of your common pasture weeds a remedy that cures *every kind of humor, from the worst scrofula to a common pimple.*
He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a winding sore mouth.
One to three bottles will cure the worst kind of pimples of the face.
Two to three bottles will scour the system of boils.
Two bottles are warranted to cure the worst canker in the mouth and stomach.
Three to five bottles are warranted to cure the worst case of erysipelas.
Six to ten bottles are warranted to cure all humor of the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruption of the skin.
Two to three bottles are warranted to cure the most desperate case of rheumatism.
Two to three bottles are warranted to cure the worst case of ringworm.
Three to four bottles are warranted to cure salt rheum.
Five to six bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
Nothing looks so impleasable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pasture, and adding old mens health, should cure every humor in the system; yet it is now a fixed fact. If you have a humor this hot weather you are no more safe, but may be about sitting some vase another room. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old, to old people of sixty. I have seen pour, puny, worm rocking children in a few days run and frolick, by, restored to a perfect state of health by one bottle.
To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and deafness. Some who have been deaf for years, have taken enough to be cured. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very disagreeable pains, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is over you will feel perfectly easy, and free from pain. The cures were extraordinary, sensations of it that man ever listened to. No change of diet is ever necessary. Persons need not fear sick stomach, or anything else, which, when mentioned in great ill, discourages tendious swelling of the head and under the ears. Price 10 cents. Prepared by the Medical Discovery $1 per bottle.
Directions for Child—Adult, one table spoonful per day. Children over eight years, teaspoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.
Mr. KENNEDY gives personal attendance in bad cases of scrofula.
Sold, Wholesale and Retail, at Dr. KEYSER'S, 145 Wood street, corner of Virgin alley, and J. P. FLEMING, Allegheny. mh30;1ydaw

The Very Valuable Farm

ADJOINING the borough of Butler, Pennsylvania, formerly owned by Archibald M'Call, is offered for sale. It contains
Three Hundred and Fifteen Acres,
About two thirds are under cultivation and the residue in timber. The beautiful situation and costly improvements make it one of the most desirable farms in Pennsylvania. It may be divided into three farms.
The buildings, consisting of a large mansion house, out-buildings, garden grounds, etc., all suitable for, and well adapted, as a country seat. The mansion is 50 feet square, built in the most complete and substantial manner. The outbuildings are a large stable and carriage house, spacious barns for grain, etc. All the buildings are of brick. The garden is large, and well stored with choice fruit trees.
Butler is forty to one hundred and twenty acres, nearly all under cultivation, with brick farm house, frame barns and stabling, with shade, etc. A very excellent farm by itself.
Forty-five Hundred and fifteen to one hundred and forty-five acres. Upon this tract is a large FLOURISHING VILLAGE, three brick story dwelling houses and stores, etc. The mill is a good merchant mill with steam power, and is doing a profitable business. This tract lies upon Connoquenessing Creek, and contains over 50 acres of extensive meadow land.
The property lies contiguous to the line of the North Western Railroad, the depot grounds adjoining the railroad is in successful progress and will soon bring Butler within two hours ride of Pittsburgh, by a connection with the Allegheny Valley Railroad at Freeport.
Undoubtedly the farm is a vein of Coal of superior quality. It is opened within a few rods of the depot grounds, and may be mined and sent by railroad to Pittsburgh at a price which will afford a handsome profit. The coal vein is from 4 to 6 feet thick, and is of a quality that the cost of the improvements will be repaid by the sale of the coal.

GREATEST IMPROVEMENT YET!
NEW SCALE.
H. KLEBER & BRO.,
Have Received a small lot of
NUNNS & CLARKS' PIANOS
PROVIDED WITH THEIR NEW SCALE.
THIS IS THEIR LATEST and undoubtedly the most necessary improvement as yet made in the PIANO FORTE. The results of this improvement are almost DOUBLED thereby, and in point of volume, sweetness and brilliancy of tone, they surpass anything as yet produced in the shape of a Piano. They possess all the advantages of the GRAND PIANOS without any of its disadvantages. We now challenge competition with the instruments of any other maker in this country, confident that every unbiased judge of the subject will at once admit their superiority. The public is respectfully invited to call and examine these super instruments.

THREE DAYS LATER FROM EUROPE.

Arrival of the Cambria.

HALIFAX, April 14.

The Royal Mail Steamship Cambria, Captain Douglass, from Liverpool on Saturday the 29th ultimo, arrived at this port, *en route* for Boston, this forenoon.

She will be due at Boston on Tuesday night, so that her mails will probably reach New York on the following afternoon.

The news is three days later than that received by the Washington, but presents no feature of decided importance.

The difficulties alleged to have presented themselves in the Paris Conference just prior to the Washington's departure are understood to have been removed, and it was confidently expected that the treaty of peace would be signed within a few days.

COMMERCIAL.

The Liverpool Cotton market was quiet and about the same quotations as were advised by the Asia, although for the ordinary qualities an easier tone prevailed. The sales during the week, comprising only five business days, amounted to forty-two thousand bales of which some twelve thousand were taken by exporters and speculators.

In Breadstuffs there had been a general decline from the prices of the previous Friday, more particularly upon the lower descriptions, the falling off in Flour being equal to about 1s per barrel, and in wheat to 3d. per bushel. For fine wheat a slight advance had been established. Corn was dull at the decline advised by the Washington.

The provision market was essentially unchanged. For Lard there was an improved demand at former rates.

The London money market was more stringent. The closing quotation for Consols on Friday evening was 92¼@92¾.

CONGRESSIONAL.

WASHINGTON, April 14.

SENATE.—Mr. Harlan presented an affidavit from Col. Lane in reference to the Kansas memorial, presented last week by Mr. Cass, and which the Senate refused to receive.

Mr. Harlan said that respect for the Senate called upon him to explain why he should present for the second time the memorial of the members of the Provisional Legislature of Kansas.

He alluded to the charge made on Thursday, that the paper, with all the signatures, was in the same handwriting, which was the reason given for its being called an impudent forgery. To his mind, it was the same thing if his name was attached to a paper by his authority, in the handwriting of another, as if he had written it himself.

Again, if the paper was a copy of the origal memorial, the establishment of that fact would be a proof of its authority. He thought it would be a little strange to argue against the authority of the Bible, because we were unable to lay our hands on the original parchments as they came from the hands of the patriarchs, prophets and apostles, although these parchments had been copied millions of times and been translated into various languages, there were but few who doubted the genuineness of the Bible on that account.

Mr. Harlan proceeded to tell who Col. Jos. H. Lane is. The first fact about him was that he was a Democrat, not by conversion, for he seemed to have been conceived and brought forth a Democrat. His father, Amos Lane, was twice the Speaker of the Indiana House of Representatives on the Democratic side, and a member of Congress.

He was the wheel-horse of Gen. Jackson's administration. Mr. Harlan traced the career of Col. Lane from his appointment as Postmaster under Van Buren down to the present time, stated his services during the Mexican war, and alluded to the fact of his having been a Democratic elector for Pierce and King.

HOUSE.—The Committee on Elections was discharged from the further consideration of the memorial of Mr. Faber, contesting the seat of Mr. Eustis, of Louisiana.

Mr. Cobb, of Georgia, asked leave to submit a re-solution closing the present session July 14th.

Mr. Washburn, of Maine, said this was intended to prevent further investigation.

The House refused to suspend the rules to receive the resolution—yeas 85, nays 57—not two-thirds.

WASHINGTON CITY, April 15.

SENATE.—Mr. Russell from the P. O. Committee to which was referred the memorial of Vanderbilt & Livingston, reported a Bill to encourage the new Steam Navigation Lines, and to provide for the transportation of mails and for other purposes.

HOUSE.—The House passed the Senate Bill authorizing the payment of Jacob Dobson for services as a volunteer from California in the Mexican war, he being a colored man, and the law not permitting him to enter the army, a special act is necessary for his relief.

WASHINGTON CITY, April 15.—Mr. Stocskle, the Russian Minister, I am informed, has got himself into a difficulty in engaging the services of eminent Surgeons for the Russian army, and now that peace is about to be declared, informing them that their services are not wanted.

The Clay celebration at the Slash Cottage was attended by Attorney General Cushing, Messrs. Butler, Douglas, Mason; and others of the Senate, etc.

Col. Hughes, special agent of the Post Office Department, this morning arrested D. W. Townsend, who broke jail at New Castle while awaiting sentence for stealing a letter from Wilmington P. O. He had three revolvers on his person loaded; when he escaped jail he liberated seven others. Townsend is about twenty-two years of age.

PHILADELPHIA, April 14.—Accounts from towns in the vicinity of this city give additional information of the ravages of the tornado. A lady was killed at West Chester by a shock of lightning her white she was conversing to close the blinds. An innumerable number of dwellings and barns have been unroofed in every direction.
