MEDICAL.

TO THE PHYSICIANS AND MEMBERS OF THE MEDICAL SOCIETIES,

Mother, Wife and Daughter

IN THE UNITED STATES.—The subscriber respectfully calls your attention to Dr. BARRETT'S GUARDIAN, expressly intended for the preservation of the health of both sexes—whether it arises from Incipient Phthisis, or early consumption, Debility of the Lungs, Bronchial Affections, Asthma, Pleurisy, Deranged and Disordered state of the Liver, Spleen, or Kidneys, Diseased Spine, Cholic, Dyspepsia, Palpitation of the Heart, Loss of Muscular or Nervous Power, &c. &c.

DR. C. B. BARRETT'S GUARDIAN comes to the immediate relief of Females suffering from Irregularities, and all other Uterine difficulties and diseases incidental to woman, whether occasioned by cold, wet feet, or any similar indefinite exposure, and all this without the use of medicine; as the most delicate and sensitive lady can at any moment apply it to herself without the possibility of incurring any risk or danger, or any unpleasant results arising from it, and with the certainty of obtaining immediate relief.

Dr. Barrett's Guardian is no catch-penny, or one of the many humbugs of the day; but it is an instrument made upon strictly scientific principles, in accordance with the laws of Electricity and Galvanism; and for firmness, durability and efficacy, infinitely surpasses everything of the kind ever before offered to the public for relief of disease, and, in the language of one of the most enlightened men of the day, is pronounced to be "the greatest discovery of this age."

A period of no less than four years has been occupied by Dr. Barrett in bringing the Guardian to its present state of perfection—during which time it has been in the hands of some of the most eminent physicians of the North and South, as well as in the dwellings of numerous families, who have used it for all of the above purposes, with the most perfect success, and who have cheerfully given their unqualified approbation of its efficacy and value, as can be seen by referring to the Manual of Instructions accompanying it.

Dr. C. B. Barrett's Guardian is secured from innovations by a patent from the United States Patent Office, and be had either with or without his Medico-Electro Galvanometer.

The Medico-Electro Galvanometer, in point of beauty, workmanship, durability and power, cannot be surpassed or even equalled, and the subscriber feels that he hazards nothing in the assertion that it will be found to possess more power and efficacy in the treatment and removal of diseases, by Galvanism and Electricity, than any other instrument, either in the United States or Europe. The Medico-Electro Galvanometer is warranted in every respect, and with common ordinary care will last a life-time, and is by far the cheapest, because the best, instrument ever offered to the public. A manual accompanies them, giving the most ample instructions, of practical experience, so that it is readily intelligible to the mind of every one, while the order in which it is arranged is such that a child may be entrusted with it.

Any information gratuitously given, and all communications strictly answered when pecuniary fee is in relation to the Electro-Galvanometer or Guardian.

Medical men are invited to call and examine Dr Barrett's Guardian, and test its efficacy.

SALTER'S GINSENG PANACEA!

TO THOSE SUFFERING WITH DISEASED LUNGS—The unprecedented success which has attended the use of the

GINSENG PANACEA

in all the various forms which irritation of the lungs assumes, has induced the proprietor again to call attention to this

WONDERFUL PREPARATION.

The changeable weather which marks our fall and winter months is always a fruitful source of

COLDS AND COUGHS.

These, if neglected, are but the precursors of that fell destroyer,

CONSUMPTION.

The question, then, how shall we nip the destroyer in the bud! how shall we get clear of our coughs and colds! is of vital importance to the public.

THE GREAT AND ONLY REMEDY

will be found in the Ginseng Panacea. In proof of this we have from time to time published the testimony of hundreds of our best known citizens, who have experienced its curative powers. These, with a mass of testimony from all parts of the country,—from

MEDICAL MEN OF THE HIGHEST STANDING,

Ministers of the Gospel, &c., together with copious notices from the

JOURNALS OF THE DAY,

we have embodied in pamphlet form, and may be had gratis of any of our agents throughout the country.

HUNDREDS OF BOTTLES

have been sold in this city,

THOUSANDS AND TENS OF THOUSANDS

throughout the United States and Canada, and we challenge any man to point out a

SINGLE INSTANCE

in which, when taken according to directions, and before the lungs had become fatally disorganized, it has ever failed to

EFFECT A PERFECT CURE.

Why, then, need the afflicted hesitate? Why resort to the miserable nostrums, gotten up by some artful individual, under the assumed name of some celebrated physician, and puffed into notoriety by unrelenting perseverance, and by means of

UNPARALLELED EFFICACY

is to be had, whose vouchers are at home,—our neighbors,—many of whom it has

SNATCHED FROM THE GRAVE.

In order that this invaluable medicine may be placed within the reach of the poor as well the rich, we have put the price of it at

ONLY FIFTY CENTS,

just one half the usual cost of cough medicines. It is for sale by our agents in nearly every town and village over the west, and we subjoin a few of our full recommendations relative to it.

T. SALTER, Proprietor,
Broadway, Cincinnati, Ohio

A MERCHANT OF THIS CITY, who had been afflicted with the asthma for four years, and taken almost every thing. His physicians constantly attended him, and he had expended over two thousand dollars. He never believed in advertised medicines, but considered them all humbugs. At last he tried Taylor's Balsam of Liverwort, from 73 Beekman street, New York, and in six weeks was entirely cured, having taken only four bottles. This is only one of many cases where imaginary objections to a patent medicine have prevented persons from using this medicine, who have expended hundreds of DOLLARS to their physicians in vain—and in the end owe their recovery to the infallible efficacy of this purely vegetable preparation. There is no mistake, that this medicine is superior to any remedy prescribed by medical advisers. This medicine has taken 20 years to mature, and is the surest remedy for diseases ever introduced to the public.

RHEUMATISM PAINS, CORNS, AND SHORTNESS OF BREATH CURED.—Suffering for a long time with these complains, I had given up all hops of being cured. I had consulted the learned and celebrated doctors in vain; had tried many articles advertised, but found no relief. In despair I had given up the use of all medicines. Hearing of the wonderful virtues of Taylor's Balsam of Liverwort, and the great cures it had performed, induced me to try it, and to my great joy and astonishment, I was better daily. I continued its use, and in a short time I was entirely cured. JOHN D. MORGAN, Druggist, No 224 Wood street.

MEDICAL.

DR. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.
Wonder and Blessing of the Age.

The most extraordinary Medicine in the World! *This Extract is yet up in Quart Bottles! 4 to 6 times cheaper, pleasanter, and warranted superior to any cold. It cures without vomiting, purging, sickening or debilitating the Patient.*

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure and rich blood*; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be assuredly restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial.

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Chronic and Strongthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 23, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 63 Catherine-st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for the Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Gestation, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or cause produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Pregnant women take bottle after bottle, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the barrenness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive of the many numerous and horrible diseases to which females are subject at this time of life. *This period may be delayed for several years by using this medicine.* How is it less valuable for those who are approaching childhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and child, prevents pain and the flowing of diseases and enriches the food, those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents diseases from fastening upon childbirth—in Costiveness, Piles, Cramps, Swelling of the Feet, Dependency, Heartburn, Vomiting, Pain in the Back and Loins, Piles, Falls, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully; very few cases require any other medicine, in some a little Castor Oil, or Magnesia, is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkaline matter used in soaps, beautifies its own production in the "human face Divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flasher of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of *powder or soap*. If there is not a free and healthy circulation, there is no beauty. If the skin is fair as driven snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is purity and active, blood, it gives a rich, bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the south who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station, crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a *great Remedy for Fevers, &c., &c.*, and have copied our bills and circular which relates to the complaints of women, *not* for worthless men who put up medicine, have, since the great success of Dr. Townsend's Sarsaparilla in complaints peculiar to females, recommended theirs, although previously they did not. A number of the Bitters, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution. Dr. Townsend's is the only safe and best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the greatest advantages, as it prepares the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in one house is unprecedented.

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Scrofula, and had taken only four bottles; it took them away, for which I feel myself under great obligation.

Yours, respectfully,
ISAAC W. CRAIN, 106 Wooster-st.

Opinions of Physicians.

Dr. Townsend's almost daily receiving orders from Physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles and some of them have stole and copied our advertisements—they are only worthless imitations, and should be avoided.

PEACE! PEACE!!

BUT IN EVERY MOTHER'S HOMESTEAD.

THE undersigned has long been convinced of the necessity for some medicine adapted to the use of children and infants to supercede the use of all those medicines which contain opium; and has at length succeeded in preparing and offering to the mother a medicine fully answering every purpose for all diseases of the bowels, without the use of that deleterious drug, or any other calculated to injure in the least. The Infant Food, soon has been fully tested and tried, the last twelve months, by numerous persons, and found to possess all the extraordinary virtues claimed to produce all the astonishing effects as set forth on the bill of directions. Diarrhœa, Vomiting, Cholic, Griping, Pains, Sickness and Diseases arising from Teething, acting immediately without disturbing any of the functions of the body, producing the happiest and most pleasant transition from violent pain to tranquil and joyous state of feeling to the little sufferer.

To be had wholesale and retail, of the Proprietor, Dr. JOHN SARGANT, Druggist and Apothecary; John Mitchell, Elliott & Beckham, and most other Druggists in Allegheny and Pittsburgh. dec19
