Republican Declaration of Principles.

ADOPTED BY THE PITTSBURGH CONVENTION.

1. We demand and shall attempt to secure the repeal of all laws which allow the introduction of slavery into territories once consecrated to freedom, and will resist by every constitutional means the existence of slavery in any of the territories of the United States.

2. We will support by every lawful means our brethren in Kansas in their constitutional and manly resistance to the usurped authority of their lawless invaders, and will give the full weight of our political power in favor of the immediate admission of Kansas to the Union as a free, self-sustaining, independent State.

3. Believing that the present national administration has shown itself to be weak and faithless, and that its continuance in power is identified with the progress of the slave power to national supremacy, with the extinction of freedom from the territory, and with increasing civil discord, it is a leading purpose of our organization to oppose and overthrow it.

THE EBO-SHIN DEMOCRACY.—The leading object, now, of the Buchanan Democrats of Pennsylvania, is to convince the South that he is willing to descend as low at the feet of Slavery as Pierce and Douglas, in the bid for Southern votes. The *Pennsylvanian* is, *par-excellence*, Mr. Buchanan's organ and mouth-piece in this State, and is understood to be authorised to speak for him. Daily it falls lower and lower in the despicable scramble for Southern votes, and no word of rebuke or objection is heard from any portion of the Ebo-Shin Democracy of the State. The true Democracy no doubt feel disgusted, and will show their disgust at the proper time, but for the present the Ebo-Shins have it all their own way.

The *Pennsylvanian* of last Monday determined that Douglas or Pierce should not get ahead of Buchanan in slaveholding favor, takes ground, contrary to all law, reason or common sense, that Slavery is not the creature of municipal or State law, but has its foundation in the necessities of man and the fitness of things, and thus it will carry any where in the United States, unless prevented by municipal law, and *that it is therefore a National and not a Local Institution!* The Freedom of the whole people is a local and sectional accident, the creation of positive law—Slavery is the natural and the National position, and exists independent of law. It requires no law to convert a Man into a chattel; on the contrary it requires a positive enactment to rescue and save man from this condition!

It seems astonishing that any paper published in the Free States, much less the leading Democratic paper of this State, published in the great city of Philadelphia, should take such untenable and degrading positions; but it is too true, as the reader will discover from the following extracts. Speaking of Villainage in England, and Serfdom in Russia, the *Pennsylvanian* says:

"They found their justification in usage and in the necessity of the case; precisely of the same character is the claims of the Constitutional party in this country, THAT SLAVERY IS A NATIONAL NOT A LOCAL INSTITUTION, AND MAY EXIST EVERYWHERE WITHIN OUR LIMITS, UNLESS PROSCRIBED BY MUNICIPAL LAW.

* * * * * * *

Does the Constitution abolish slavery in the territories? While reserving to themselves the sole power to control the institution within their own limits, do they confer on Congress the power to legislate on the subject in reference to the Public Domain? No such thing. The power is not conceded to the General Government. There is no grant of this nature in the Constitution.

* * * * * * *

THE ENACTMENT OF THE WILMOT PROVISO WOULD BE AS GREAT AN ENCROACHMENT ON THE RIGHTS OF THE SOUTH, AS NEGRO STEALING."

Such is the language of the chief organ of Mr. Buchanan. Slavery according to this doctrine is National, and has a right to go to any of the territories, and no power inherent in the Government can prevent it. It is above the Government, greater than the Government. Nothing but a positive State law can prevent it. Without a law to prevent it, it exists.

We need interpose no other argument to these positions of Mr. Buchanan's organ than the positive declaration of that great charter of our Liberties, the Declaration of Independence, which says that *all* men have an *inalienable* right to liberty—that Governments are instituted to secure this right, and that whenever any government becomes destructive of this right the people have a right to alter or abolish it. According to the *Pennsylvanian, all* men have not an inalienable right to liberty; they have no right to it at all, unless by the provision of municipal law. The government established by the very men who issued our great charter, grants no power to prevent a man being a slave, a chattel, a thing, at the will of another. Slavery is general, Liberty exceptional! Slavery is National, Liberty is local! Slavery is independent of law, and does not ask its aid. Liberty is the creative of statute, and the assertion of the Declaration of Independence that the right to Liberty is inalienable is a mere figure of speech, a figment of the imagination, not true in law, in fact, or in the fitness of things! Such is the doctrine of the Buchanan men of Pennsylvania!

This same paper, Mr. Buchanan's mouthpiece, advocates the passage of a law in this State, permitting a slaveholder to bring his human chattel within the State, and hold him here for six months, thus granting to the citizens of slave States immunities which are forbidden to our own citizens. It would need only another step, and permit the Southern master to hold his slaves here during his pleasure, and slavery would be perpetuated so far as citizens of Virginia or any other slave State are concerned!

When such sentiments as these are unblushingly proclaimed on the free soil of Pennsylvania by the organ of the dominant party, and speaking for the leading candidate for the Presidency, a citizen of our own State, is it not time for the people to look to the tenure of their own liberties? There is but a step between the enslavement of the black man and that of the poor white man. Already the doctrine is coolly urged by leading Southern Democratic papers, that all laborers, whether white or black, should be held as serfs or slaves—that capital should own the laborers!

THE WEATHER.—On Monday evening it set in to snow very fast, until the ground was covered to the depth of several inches. The whole aspect of nature was as wintry as in February. The snow continued through the night, but on Tuesday the clouds dispersed, the sun came out warm, and the snow disappeared, except on the north side of hills.

Vegetation is greatly behind, except grass and wheat, which never looked finer. Trees are remarkably backward. Peach trees look bad, very bad. We fear we shall have to give them up. We incline to the opinion that there are very few bearing peach trees left in this region. Some persons think there is not one.

MR. CASS AND THE LONDON TIMES.—The London Times, after quoting from one of Mr. Cass's late Anglo-phobic speeches, this exhortations to brotherly love, and his own exemplification of that virtue, says:

"The only comment we make, is to ask the American public—which, on our word, we believe to be very like the British public—whether Mr. Cass is a genuine specimen of the American dove, and his speech is a true sprig from the American olive? We have too much respect for the United States to believe that Mr. Cass is anything but Mr. Cass—A VERY INTEMPERATE AND VERY FOUL MOUTHED OLD FELLOW.

NORTH PENNSYLVANIA RAILROAD.—Edward Miller, Esq., has retired from the Presidency of this road, but will still act as Chief Engineer. John Welsh, Esq., is to be the President. The subscription list of one million to the mortgage loan has been filled, and the work will go on without financial embarrasment.

GREAT FLOOD IN THE ALLEGHENY.—The good people of this section of country are just now making the acquaintance of about the TALLEST water ever seen in the valley of the Allegheny. The river is eight or ten feet too high for a good rafting "stage," and the water is still rising.—All the lowlands along the river are under water. The only communication between this village and Portsville is by means of boats. The mail between this place and Smethport has not been through since last Saturday. From present appearances, this will be the greatest flood ever known in this country, even by that remarkable individual, "the oldest inhabitant." The water is now rising at the rate of about an inch an hour, with an indefinite "upward tendency."—*Olean Tour. Ap. 18.*

THE GERMAN VOICE.—The "*Waechter am Erie*," a very respectable German paper, published in Cleveland, in a long and able article on the Presidency, says:

"We Germans cannot stand upon a platform which sanctions, or endorses the Nebraska bill, neither can we stand upon one which requires us to chase and hunt men through field and forest as we did wild bears of yore in Europe. Let us be vigilant and exert our influence to secure the nomination of a man who is known to be an uncompromising friend of liberty. Such a nominee as we desire must not be one whose political acumen is not known: he must not be one of those very prudent and over cautious persons who, when questions of the utmost importance are agitated keep aloof and preserve a profound silence, or speculative non-committalism; he must be a man whose antecedents need not be manufactured to order *after* the nomination, but must be such an one, as shall already be familiar to all; he must have been an earnest, zealous and firm leader in the anti-slavery conflict, and the man who combines within himself all these qualifications in our opinion is Salmon P. Chase.

That we cannot enlist under a more glorious banner than the one borne by him may be inferred from the hatred and fears of the opposition during the recent Gubernatorial campaign. Gov. Chase is one of the few politicians who deserve the name of statesman; a man of vast experience, of profound and varied intellect, liberal views; a man of character; one whose political past is the very best guarantee for his future conduct."

☞ The Louisville Journal says there is one party in the North, the Fillmore and Donelson American party, "from which Slavery has nothing to fear." True enough.

A NEW IMPORTATION.—The schooner Leansville, arrived at New York, from Trinidad, on Saturday, loaded principally with old iron guns, and an anchor, from the remains of Spanish men of war, that were burnt in the gulf of Paris, near the Port of Spain, in 1797, at a time when they were blockaded by the British fleet. There are thirty guns, which were recovered by divers.—During the operations, two six-pounders of brass, in a remarkable state of preservation, were also rescued from the deep. Their surface was covered with pitch, and their bores were filled with the same material. The timber raised from the wrecks presented wonderful specimens of preservation, pieces of pitch pine in almost perfect state, having resisted the action of the saltwater for fifty-nine years, whilst oak and other timber, and the iron thereto attached, were nearly destroyed, copper and pitch pine having resisted the effect of the water almost entirely.

LATEST FROM THE COUNTRY OF THE SIOUX INDIANS.—The latest dates from Fort Laramie, are to the 14th of March. The intelligence is of a very important character. Gen. Harney has concluded peace with all the hostile Indians except about eighty lodges of Sanctonas. That band ranges on the borders of the Scoonters and Mandans. The Pawnees and Sioux are to make peace immediately. The Cheyenes, Arrapahoes and Pawnees are also soon to smoke the pipe of peace. This will insure a general pacification of almost all the tribes east of the mountains, and south of the Missouri. Among the provisions in the treaty concluded by General Harney, is one which stipulates that the Indians shall keep off the road. This is all that is needed to prevent future collisions.

THE OLD LINE WHIG MASS MEETING OF THE STATE OF IOWA.—We learn from the *Hawkeye* that the long talked of Old Line mass meeting of the Whigs of Iowa came off on Saturday last, at Burlington, in due *form*. This grand demonstration numbered twenty-five all told, one of whom only, Wm. Duane Wilson, the President of the Convention, hailed from beyond the limits of Des Moines county, and he voted against the platform!—*St. Louis Intel.*

As Exchange says the line of the Chicago, St. Paul and Fon-du-lac Railroad, from Chicago to Janesville, will be completed during the month of June next, probably by the middle of that month. Only thirty-five miles of rail remain to be laid down for which iron and all other materials are on hand.

MARRIED—On Tuesday morning, 22d inst., by Rev. Dr. Presly, Mr. WILLIAM JACKMAN, of this township, to Miss LIZZIE M. BEEL, of this township.

SPECIAL NOTICES.

McLane's Vermifuge in Texas.—Hear what the proprietor of the "Star Hotel" has to say of the wonderful effects of M'Lane's Vermifuge:

"STAR HOTEL," CENTREVILLE, TEXAS, Aug. 4, 1854.

Messrs. Fleming Bros:—I feel it my duty to make the following statement: several of my children have been unwell for the last twelve or two months; I called in the "Doctor" to see some Oil of Wormseed and other truck to give them for worms. The druggist recommended "Brazee's Vermifuge," prepared by you, but I thought, therefore, tried every vermifuge, in my knowledge, without effecting, I told the Doctor, that Brazee's Vermifuge done appeared proof against them all. He said to take a bottle of yours, it was as good as anything, I called at the store to purchase one, and the effect was so much better than expected that I got another bottle and the result was most astonishing. Every one of my children discharged a great number of the largest worms I ever saw. I am a young man from Mad Dancer, who was stark mad, and poor as a snake, for a month or so. I gave two doses which brought down from him at least a pint of the disease stomach worms. Strange as this may appear, yet it is true *as preaching*. The boy about 12 years of age, he did, with ten thousand "Dots" gnawing at his stomach, is the greatest wonder to me. All these cases are now doing well. No doubt the lives of thousands of children have been saved by the timely use of this extraordinary medicine. D n't fail to give it a trial.

THOS. R. THURMAN.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, and take none else. All other Vermifuges, in comparison, are worthless. Dr M'Lane's Vermifuge, also his celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States, and Canadas.

For sale by the sole proprietors.

"Kennedy's Medical Discovery."—It can now be said with truth that the great remedy has been found for the "healing of the nations," for during the 12 years that this medicine has been before the public, it has cured enough persons to people a good sized state and a healthy one too, for not a particle of humor would be left among the race. The Kennedy remedy cures, too, to use their own words, are "never well" and yet they will not believe that it may be humbug that causes their feelings, because they have not so much as a pimple on their body. All this may be true, and yet the world of humanity be constantly imposed upon. None need remain in ignorance on this account however for a bottle of the Discovery, we can assure them will make it appear if there is a particle of humor about them.

Holloway's Pills have again triumphed over every other. Medicine—Interesting Case—Emily Walton, aged 17, of Walnut st., Cincinnati, entered our office from side hospitals, tottering of the limbs: numbness of the whole body, and other symptoms which very much alarmed her fond parents, the actual name and nature of the complaint puzzled every one, it bore such a variety of aspects, and consequently there were a variety of opinions on the subject. Three months ago, the mother b illy went to work with Holloway's Pills, which quickly performed their part, for in six weeks the young lady was in possession of the most robust health; after every advice and medicine had failed. They are an excellent medicine for young ladies entering into womanhood.

What Hollanders think of Boerhave's *HOLLAND BITTERS:*—J. QUINTUS, Ed. of the Sheboygan *Nieuwbode*, in a letter dated September 6th, 1854, thus remarks:—You will observe that I have published several certificates lately. These are not mere "puffs," but literally true; and should you continue advertising with us, you may expect to secure large orders, from every Holland settlement in the United States."

This is an extract from one of the many letters received from the Holland settlement. Surely when Hollanders recommend the Holland Bitters so warmly, Americans may not hesitate in testing its virtues for themselves.

A Human Life Saved!
DOWAGIAC, Mich., March 11, 1856.
J. A. RHODES, Esq. Dear Sir:—As I took your medicine to all on consignment, "no cure no pay," I take pleasure in stating its effects as reported to me by three brothers living in this place and their testimony is a fair specimen of all I have received:
R. S. Cox told me:—"I had taken nine bottles of Christie's Ague Balsam, and continually run down while taking it until my lungs became so diseased to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live; I threw up my hands and gave up the doctors too did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes's Fever and Ague Cure, which I took at once to relief me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."
H. M. CONKLIN says: "I had been taking medicine of a physician for a long time, and finding it failed, I took a large quantity of quinine and specifics without any good result, in the 25th August to the 17th December, I had racking hot chills it operated on my brother, I got a bottle of RHODES FEVER AND AGUE CURE, which effected a permanent cure by using two thirds of a bottle."
F. M. CONKLIN was out here, but both the other brothers came to see me and testified as H. M. C. did, he made medicine to it, the same day, and the cure was as speedy from the same compound, and I know it to be true.
Yours with respect, A. HUNTINGTON.
The above speaks for itself. Blood proof as it is it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that are continually pouring in to me.
One trying more. Last year I had occasion to Caution the public in these words:—
"*I none one from who have taken one of my general remedies, dissatisfied the name of their money, for my medicine, and then with brazen impudence and liver complaint with the exclamation, 'I do the proprietor of any other medicine say much for sure,' &c.*
Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" that I mention in the above certificate.
There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or distribute my Pamphlets, except the Certificates, and the Certificates of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of the perfectly HARMLESS CHALYBEATE, which I attached to every bottle. Those will always serve to distinguish my medicine from imitations.

Persons wishing to consult, but unable to visit Dr. Fitch, can do so by sending him a written statement of their case, to which a prompt answer will be returned, giving opinion of case and stating expense of treatment. *A Personal Examination always Preferred.*
DR. FITCH'S associate, DR. J. W. SYKES, will be with, to assist him, during the four last weeks of his appointment. It is desirable that persons wishing his treatment should consult him early, that he may have them in charge as long as possible.
DR. CALVIN M. FITCH wishes it expressly understood that he has no longer any business connection with Dr. S. S. FITCH, and would call attention to the card which he forms himself called upon to publish immediately on his return from Europe. mh20:d&w1mT

I have used many Vermifuges and Worm Destroyers, but Dr. McLane's Improved Vermifuge, as prepared by Dr. I. Scott & Co., Bank Place, Morgantown, Va., after testing it thoroughly in my family, I am pleased to state to the public that it is far superior to any Vermifuge I ever used.
Morgantown, Feb. 7, 1856.
Dr M'Lane's Improved Liver Pills and improved Vermifuge, also Dr. I. Scott's Celebrated White Circassian Hair Dye, prepared solely under the supervision of Dr. I. Scott, a Regular Medical Graduate and Physician of extensive practice.

The only Medal Awarded by the New York Exhibition to the English or Foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, for their celebrated
WORCESTERSHIRE SAUCE,
whereby further testimony is afforded of its claims being the best Sauce extant.
The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.
In the United States, and wherever introduced, it is a favorite condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.
On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through the south of Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can with truth say there is nothing in a traveler's baggage so essential to his comfort, at least in these countries, as your Sauce.
In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell L. & Perrins that their sauce is highly approved in India, and that it is, in my opinion, the most palatable as well as the most wholesome sauce made."
This sauce is suitable for every variety of dish, and the universal demand which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be recognized by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

The Satisfactory Remedy.—From all parts of the country, north and south, the proprietors are almost daily in receipt of such flattering testimonials as the following, relative to B. A. Fahnestock's unequaled Vermifuge:
BLUEMNSBURG, Ala., April 15th, 1854.
Messrs. B. A. Fahnestock & Co.—I have been using your Vermifuge in this place for 8 years, and take pleasure in stating, for the information of the trade and of the public, that it has been, so far as I know, one of the most satisfactory remedies in the market, and one of the most reliable medicines we have. I have also from personal knowledge of its good effects in numerous cases under the treatment of our physicians, all of whom use it regularly and always found it to be safe and reliable as a worm specific. I can recommend it as one of the best and most reliable vermifuges.
