LOCUST GROVE
FEMALE SEMINARY.

THE TRUSTEES OF LOCUST GROVE Episcopal Female Seminary, give notice to the friends of the Institution, that the Rev. WILLIAM H. CLARKE, having been compelled by protracted ill health, to resign his charge as Rector of the same, they have been so fortunate as to secure the valuable services of the Rev. GEORGE W. HILDER, of New York, for the same position, and who entered on his duties upon the discharge of his duties. From his very high and flattering commendations which they have had of Mr. Hilder, they have no doubt of his eminent fitness for the work committed to him, and they believe that under his management the Seminary cannot fail to procure a large share of public favor and support.

Persons having daughters or wards to educate are particularly called to acquaint themselves with the advantages which this institution afford, both as respects its beautiful and salubrious position, two and a half miles from the city and also the facilities for the thorough and refined education presented in its efficient corps of instructors.

Circulars may be obtained on application to the Rector or either of the Trustees.

A Human Life Saved!

TRAVERSE, Mich., March 11, 1856.

J. A. RHODES, Esq.: Dear Sir—As I took your medicine to sell on consignment, "no cure no pay," I take pleasure in stating its success as reported to me by three brothers who live in this place and their testimony is a fair specimen of all I have received.

W. S. COOPER told me—"I had taken nine bottles of Christine's Ague Balsam, and continually ran down while using it until my lungs and liver were COOKED to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctor told me that I could not live but twenty hours at the longest. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea, at my worst. And I gain in my bed and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says: "I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result. From 25th August to the 17th December. But seeing how well it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by taking two thirds of a bottle."

H. M. CONKLIN wasn't here, but both the other truth tellers say his case was the same as H. his. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might say *exactly*.

Yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better temper than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. *Last year* I had occasion to Caution the Public in three words:

"I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence put pamphlet with the exclamation, "Lo! the proprietor of any other medicine say as much of his cures!" &c.

Now I take pleasure in saying that the Caution reserved to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are aspiring to their poisonous trade at this, I publish Rhodes' Fever and Ague Cure, or Antidote to Malaria, except the Certificates to Cures, and the Certificate of the celebrated Chemist, Dr. James H. Chilton, of N. Y., in favor of its perfectly HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations.

H. KLEBER & BRO.,
Have Received a small lot of
NUNNS & CLARKS' PIANOS,
PROVIDED WITH THEIR NEW SCALE.

THIS IS THEIR LATEST and undoubtedly the MOST IMPORTANT improvement as yet made to the PIANO FORTE. The POWER of the instrument is almost DOUBLED thereby and in point of sweetness and brilliancy of tone, they surpass anything as yet pronounced the share of a Piano. They possess all the advantages of the GRAND PIANOS without any of its disadvantages. We now challenge comparison with the instruments of any other maker. We feel perfectly confident that every unbiassed judge of the article will at once admit their superiority. The public is respectfully invited to call and examine these superb instruments.
