MEDICAL.

Jaynes' Expectorant.

SALEM, Columbiana co., O., Apr. 24, 1841

DR. D. JAYNES: DEAR SIR—I feel bound to you and the afflicted public, to avail myself of this opportunity of giving publicity to the extraordinary effects of your Expectorant on myself. Having been afflicted for several years with a severe cough, hectic fever and its concomitant diseases, and seemed only doomed to linger out a short but miserable existence, until the fall of 1839, when, being more severely attacked, and having resorted to all my former remedies, and the prescriptions of two of the most respectable physicians in the neighborhood without deriving any benefit, or the consolation of surviving but a few days or weeks at farthest—when the last gleam of hope was about to vanish, I had recommended to me your Expectorant—and blessed by that Being who does all things in the use of the means—and contrary to the expectations of my physicians and friends, I was in a few days raised from my bed, and was enabled by the use of a bottle, to attend to my business, enjoying since better health than I had for ten years previous.

Respectfully yours, &c., JAS. W. ESTILL.

B. A. FAHNESTOCK'S ANTI-BILIOUS PILLS.—This Cathartic compound combines smallness of bulk with efficiency and comparative mildness of purgative action, and having a peculiar tendency to the biliary organs, is extremely valuable in this country, in which bilious fevers and other complaints attended with congestion of the Liver, so much abound. They have now stood the test of 20 years, and experience has proved them to be a safe and valuable remedy in Intermittent, Remittent and Bilious Fever; Jaundice, Bilious colic, Indigestion, Dropsy, Dysentery, Bilious Vomitings, colds, and all complaints of an inflammatory character. The complete and universal satisfaction which has been given by these pills to all who have used them, renders the publishing of the numerous certificates in their favor unnecessary. To prevent counterfeiting they are now put up in a red xylographic wrapper.

Price 25 cents for a box containing 30 pills.

SELLERS' VERMIFUGE—"No family should be without it!"

LOGAN, C. H., VA., Aug. 24, '48.

MR. R. E. SELLERS: I cheerfully certify that I have for some years past used your Vermifuge in my family, and universally with success. I decidedly prefer it to any other preparation I have used—amongst these may be named the celebrated medicine called Headshot, Fahnestock's Vermifuge, and a preparation called Worm Tea. In a recent case a single dose brought from my little boy one hundred and six large worms. No family certainly ought to be without it. Yours &c

A Fine Set of Teeth for 25 Cents.

WHITE TEETH, FOUL BREATH, HEALTHY GUMS.—Yellow and unhealthy teeth, after being once or twice cleaned with Jones' Amber Tooth Paste, have the appearance of the most beautiful ivory, and at the same time it is so perfectly innocent and exquisitely fine, that its constant daily use is highly advantageous, even to those teeth that are in a good condition, giving them a beautiful polish, and preventing a premature decay. Those already decayed it prevents from becoming worse—it also fastens such as are becoming loose, and by perseverance it will render the foulest teeth delicately white, and make the breath deliciously sweet. Sold by WM. JACKSON, 89 Liberty street. mar29

B. A. FAHNESTOCK'S VERMIFUGE.

A FEW weeks since, one of my children, aged about five years, was unwell for several days, and the illness increased so alarmingly that I feared death would be the result. Having heard of the good effects of Fahnestock's Vermifuge when administered to the children of my neighbors, and thinking my child might have worms, from some of the symptoms, I gave it one and a half teaspoonfuls of the Vermifuge, and to my great astonishment it almost immediately discharged between 250 and 300 large worms. Its health was soon restored, and it is now remarkably well. Previous to taking the Vermifuge, the worms would occasionally rise in its throat, and I often feared it would die from strangulation. MANUFACTURERS of Phœnix fire proof safes, south side, second street, between Wood and Smithfield Pittsburgh. J S Strickler having deceased and the surviving partner Mr. Jos Lippencott, having associated himself with Mr. Wm C Barr, the business will hereafter be conducted under the style of Lippencott & Barr.

Trial of a safe in Cincinnati, O.—We, the undersigned were present at the testing of one of J S Strickler & Co's improved Phœnix fire-proof safes. The safe was placed in a furnace on the public landing, and subjected to the intense heat of a stone coal fire for more than three hours. In one hour and a half the safe came to a bright red heat; the door of the furnace was then closed, which caused an increased and steady heat for the balance of the time, until the cast iron wheels were partially melted off; the furnace was then thrown down and the safe cooled and opened. The money, papers and books which it contained were as perfect as when placed there, the binding only of the books being injured by the water in cooling the safe. We have no hesitation in recommending it to the public as a safe superior to any we have ever seen tested, and believe that it will stand any heat which might be produced, except a heat which would melt it to a solid mass.

LADIES ARE CAUTIONED AGAINST USING

COMMON PREPARED CHALK.

THEY are not aware how frightfully injurious it is to the skin—how coarse, how rough, how sallow, yellow and unhealthy the skin appears after using prepared chalk! Besides it is injurious, containing a large quantity of lead.

We have prepared a beautiful vegetable article, which we call JONES' SPANISH LILY WHITE. It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.

Dr. James Anderson, Practical Chemist of Massachusetts, says: "After analyzing Jones' Spanish Lily White, I find it possesses the most beautiful and natural, and at the same time innocent white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying." Price, 25 cents a box. Sold by WM. JACKSON, 89 Liberty st. mar29

FIRE PROOF MINERAL PAINT—Received, per steamer Michigan, 5 bbls Mineral Paint. The article is worthy of the consideration of all painters, for it is of a stone color, and can be added with any other color without changing the shade materially. It is a great saving, and when applied to wood it will turn the paint to a perfect stone surface in the course of some 4 or 5 weeks. Also, it is a complete fire proof—the article has been fully tested for six years by the proprietors before they would offer it for sale. Any person purchasing will not be deceived in the article. A large quantity will be kept on hand at all times, at the India Rubber and Oil cloth Depot. J & H PHILLIPS,

COAD'S

Patent Graduated Galvanic Battery and Patent Insulated Poles for Medical and other purposes.

THIS is the only instrument of the kind that has ever been presented in this country or Europe for medical purposes, and is the only one ever known to man, by which the galvanic fluid can be conveyed to the human eye, the ear, the brain, or to any part of the body, either externally or internally, in a definite gentle stream, without shocks or pain—with perfect safety—and often with the happiest effects.

This important apparatus is now highly approved of by many of the most eminent physicians of this country and Europe, to whom the afflicted and others whom it may concern can be referred. Reference will also be given to many highly respectable citizens, who have been cured by means of this most valuable apparatus of some of the most inveterate nervous disorders which could not be removed by any other known means.

Among various others, it has been proved to be admirably adapted for the cure of the following diseases, viz: nervous headache and other diseases of the brain. It is with this apparatus alone that the operator can convey the magnetic fluid with ease and safety to the eye, to restore sight, or cure amaurosis; to the ear to restore hearing; to the tongue and other organs, to restore speech; and to the various parts of the body, for the cure of chronic rheumatism, asthma, neuralgia, or tic doloureux, paralysis, or palsy, gout, chorea or St. Vitu's dance, epilepsy, weakness from sprains, some diseases peculiar to females, contraction of the limbs, lockjaw, etc. etc.

Rights for surrounding counties of Western Pa., and privileges, with the instrument, may be purchased, and also tested for the cure of diseases.

Full instruction will be given for the various chemicals to be used for various diseases, and the best manner for operating for the cure of those diseases will also be fully explained to the purchaser, and a pamphlet put into his hands expressly for these purposes, carefully prepared by the patentee. NEW MUSICAL INSTRUMENT.

CARHART'S IMPROVED MELODEON

JOHN H. MELLOR, No 81 Wood street, is the sole agent for Carhart's Patent Melodeon, a new and beautiful instrument, exceedingly well adapted for small churches or family worship.

For the benefit of those residing at a distance, and consequently unable to inspect the Melodeon before purchasing, the following description is given:

The cases are made of rosewood, and are as handsomely finished as a Piano Forte. The key-board is precisely the same as the piano or organ, and the tone, (which is very beautiful,) closely resembles that of the flute stop of an organ. The instrument can be immediately made portable without detaching any part, the bellows receding into the body of the instrument, and the legs folding under, leaving the whole in a compact form. Each instrument has a packing case, and the whole when packed weighs only 45 pounds. The volume of tone is equal to that of a small organ, and by means of the swell may be increased or diminished at pleasure; it is sufficiently loud for small churches, and is well calculated for a parlor instrument.

Just received, a supply of the above: price, with case and Instruction Book, $50. oct5

Reversible Filtering Cock,

FOR PURIFYING WATER,

Which renders turbid water pure by removing all substances not soluble in water. The croton water in N. York, although clear and pure to the eye, yet when it passes an hour through this filtering cock, shows a large deposit of impure substances, worms, &c. This is the case more or less with all hydrant water.

The Reversible Filterer is neat and durable, and is not attended with the inconvenience incident to other Filterers, as it is cleansed without being detached from the water pipe, by merely turning the key or handle from one side to the other. By this easy process, the course of water is changed, and all accumulations of impure substances are driven off almost instantly, without unscrewing the Filter. It also possesses the advantage of being a stop cock, and as such in many cases will be very convenient and economical.

It can be attached where there is any pressure high or low to a cusk, tank, tub, &c. with ease. To be had of the sole Agent, W. W. WILSON,
